HARNESSING NIAGARA.

The Cataract Construction Company of Niagara hope to have their mammoth turbine wheels and monster dynamos at work next July for those who may desire to use their power. More than \$2,000,000 and many lives have been sacrificed to this gigantic undertaking...

Nothing has ever before been built to equal the contemplated monsters. The moment the wheels are set and ready for the water the dynamos will be ready to be connected, and electrical power will be produced...

THEY STAND WELL.

Each of the Oregon senators has been placed in the recent reorganization of the senate committees on six committees. Senator Dolph is a member of the following committees: Coast Defenses, Commerce, Foreign Relations, Public Lands, Relations with Canada and the Select Committee on the University of the United States.

FAVORS GRAVEL ROAD.

The Salem Journal jumps into the road question on this wise: "Marion county should not waste another dollar building roads. It is demonstrable to any person having as much intelligence as God gave the American wild goose, that gravel roads can be built that will remain clean, hard and passable under heavy travel throughout our wet seasons."

EXTENSION of electric roads into the productive country surrounding the city promotes business and increases wealth and population. The Chronicle says: "Undoubtedly electric roads through farming districts and centering in cities are the means by which the farmer will reach market in person and with his products."

fare for a ride to town and the light freight tariff, than the expense of maintaining his present outfit for that purpose and the cost of using them. Good highways are acknowledged to save the farmer in this respect far more than they cost for construction. An electric line should do still better, and the farmer would only pay for it as he uses it.

The following from the Pacific Builder contains some good solid sense which should be considered by the council of this city in letting the bids for the Main street improvement. If that can be done in such a way as to build up a vitrified brick plant in the immediate vicinity of this city it will be a good and proper thing to secure.

In speaking of vitrified brick pavements and their utility, City Engineer W. M. Whitten, of South Bend, Indiana, speaks very highly of their merits when they are used as paving material on a foundation of well rolled gravel. He states that the pavements have been put down in that manner in South Bend, and that the surface is as good after a year's traffic as pavements in other cities laid on concrete foundations.

The election of Carter Harrison in Chicago is not a democratic victory but a triumph of the thugs, the gamblers, and the vicious saloon element. It is a blotch upon the fair name of the World's Fair city.

The governor of North Carolina can no more repeat his celebrated remark to the governor of the sister state without being discomfited, inasmuch as South Carolina is going into the saloon business, closing up all shops except those conducted by the state. Switzerland has a similar law, and drunkenness is hardly known in that country.

The several victories gained by republicans in the recent spring elections show that the party still preserves its courage and the confidence of the people, and is quick to recuperate its energies following defeat.

It is seriously hoped that Commissioner Blount who has landed in Honolulu will find no pretext for recommending that the United States flag be hauled down. We want Hawaii.

West Side Notes.

Mr. Young is having a fine residence built in Sunset. Mr. Doolittle has a handsome cottage about enclosed. Dr. Paine is completing a large barn opposite his residence. A little street improvement and additional sidewalks would be of benefit to Sunset. Owring to the inclement weather the motor line is progressing but slowly. We hope for fine weather soon when things are expected to boom. A traveling artist photographed the school and building, and twenty-nine pictures were disposed of in a short time and more called for. Lonnie J. Brooks left Sunday for Wilhoit where he began a term of school on Monday. Mr. Flemming and his friends, Mr. Gilbert of Tacoma, Mrs. Smidley and Miss Fairchild made the public school a pleasant visit Friday. A. Smith was appointed district clerk vice Mr. Wood who failed to qualify. Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cts. Sold by C. G. Huntley.

BOARD OF TRADE. Advertising Contracted For—List of Standing Committees.

The Board of Trade met in regular session on Monday evening with a good attendance and considerable interest was manifested. In the absence of the president, C. O. T. Williams occupied the chair.

The following named persons were unanimously elected members of the Board: J. P. Lovett, P. F. Morey, H. Z. Burkhardt and C. G. Huntley. The bill of the ENTERPRISE for \$9 was audited and ordered paid.

A communication was read from a flour machine manufacturing firm which was referred to the committee on manufactures.

Communications were read relating to a book to be published under the nominal authority of the Portland Chamber of Commerce and having the sanction of the World's Fair commission, said book to relate to Oregon and her resources; 50,000 copies to be distributed free at the Fair. The Board was asked to contribute, about \$600 being suggested as a proper amount. The matter was referred to the committee on advertising.

One page of space was contracted for in a book gotten out to advertise the Hotel Portland, the price to be \$50. An issue of 10000 to be published.

Following is a list of the standing committees appointed by the president for the current year:

All back-ery cent you've paid for it, if it doesn't benefit or cure you. A medicine that promises this is one that promises to help you. But there's only one medicine of its kind that can and does promise it. It's Dr. Parre's Golden Medical Discovery. It's the guaranteed remedy for all Blood, Skin and Scalp Diseases, from a common blotch or eruption to the worst scrofula. It cleanses, purifies, and enriches the blood, invigorates the system, and cures Salt-rheum, Tetter, Eczema, Erysipelas and all manner of blood-taints from whatever cause. Great Eating Ulcers rapidly heal under its benign influence. It's the best blood-purifier, and it's the cheapest, no matter how many dopes are offered for a dollar—for you pay only for the good you get. Can anything else, at any price, be really as cheap? Nothing else is "just as good" as the "Discovery." It may be better—for the dealer. But he wants money and you want help.
