PAYING OFF OLD GRUDGES.—Last Sunday morning as J. M. Lawrence was seated at breakfast in the Portland restaurant, Geo. F. Berger came into the room and began to abuse him for publishing certain things relative to him which appeared in these columns several months since, and finally he gained courage enough from the liquor which he had imbibed and from his own talk to make an assault upon Lawrence which the latter resented and a scuffle ensued in which the table with all the dishes on it were turned upon the floor. At this stage in the game L. C. Knight, the restaurant man, interposed and separated them, and called Chief of Police Furdum who took Berger out but made no arrest. Berger then went into Ackerman's and a few minutes later as Furdum was passing he commenced to use abusive and obscene language and to defy the authority of the officer, whereupon Furdum ordered him to desist and then as he continued, he essayed to arrest him which Berger resisted and a lively tussel ensued for a few moments during which Furdum had Berger by the throat and Berger had Furdum's wrist twisted around so as to prevent him from doing anything till finally Furdum got his club and Berger, deeming discretion the better part of valor, surrendered and was taken to the lockup from which M. Huertel bailed him out later in the day. On Monday morning Chief of Police Furdum preferred a charge of drunk and disorderly and Recorder Porter fined him \$10 which was paid. Lawrence then had him arraigned before Judge Fouts, the complaint alleging assault, for which he was fined \$25, which was also paid, and Berger allowed to depart in peace a poorer if not a wiser man.

YOUNG AMERICA AGREED.—The young America is grounded on the island side of the Willamette about 200 yards below the Clackamas rapids where she will probably have to remain till the June rise as all efforts to float her have proved futile. On Monday the Young America started down the river having in tow two barges which had been used in constructing the Tualatin dock. Upon one of the barges was a pile driver. The trio passed the rapids in safety, but in some way were thrown too far over so that the Young America grounded in about three feet of water, when she listed over on her side. An effort was made to pull her off on Tuesday but the only effort was to turn her so that she listed on the other side. It is the opinion of river men that it will not be possible to float her till June, as the Willamette is now slowly falling.

RUNNING BY ELECTRICITY.—This week's ENTERPRISE was printed with electricity, a small motor having been placed in the office to run the presses with. Although it is very small, scarcely two feet by three, it possesses 10-horse power and with the lowest possible feed of electric current it will run all the presses in the office, including the jobbers and big power press. There is no dirt and no waiting for steam. In half a minute after power is wanted the presses can be printing papers. With this additional piece of machinery the ENTERPRISE has the best equipped office in the state outside of Portland. The securing of the motor is another step in the preparation which the ENTERPRISE is making to issue a daily, which will be done soon.

W. C. T. U. ELECTION.—At the annual meeting of the W. C. T. U. the following officers were elected for the coming year: President, Mrs. C. Johnson; vice president, Mrs. Porter, Mrs. Donaldson, Mrs. Wilkinson, and Mrs. White; secretary, Mrs. Driggs; treasurer, Mrs. Miller; superintendent of juvenile work, Mrs. Gault; of petition, Mrs. Humphreys; of literature, Mrs. Brunner; of prison work, Mrs. Miller, of social parity, Mrs. Driggs; of narcotics, Mrs. Warnock; of evangelistic work, Mrs. Wilkinson; of Sunday school work, Mrs. Gault. Delegates to state convention at Astoria, May 10th, Mrs. Johnson, Mrs. Mars and Mrs. Donaldson.

OREGON CITY'S GROWTH.—It is surprising how rapidly lots in Sunset City have been selling all winter long without any advertising or special effort to push the property. Even during the worst of the snow storm in January eight lots were sold in about as many days. This tract is the best located of any on the market in the vicinity of Oregon City, and is bound to become one of the best residence portions of the city in the near future, as the view is very fine. There are no long steps to climb and it is close to business center. The prices of these lots are reasonable and the terms are made to suit each individual purchaser. We would advise our friends to buy lots in this tract at once before the best are all picked up and before prices advance. The secretary of the Sunset Land company, F. E. Donaldson, will be pleased to explain terms and show the property to all who will call at the Commercial Bank whether they desire to purchase or not.

A FINE IMPROVED.—Last Saturday H. D. McGuire, the State Fish and Game Warden was in the city as complaining witness against H. E. Crass, manager of the Gladstone Saw Mill Co., charging him with throwing sawdust from the company's mill on the Clackamas into that river. The state after examining about ten witnesses before Judge Fouts rested, and the defense without calling any witnesses allowed the court to impose a fine, their object being to contest the case in the circuit court instead of before a justice. A fine of \$100 was imposed and the bonds fixed at \$200. It is expected that the case will come up at the term of court which convenes on Monday next.

THE BELL RUN PIPE-LINE.—Everything is being arranged to have work commenced on the pipe-line to Bull Run as soon as possible. Constructing the telephone line to the headwaters will begin as soon as the weather permits. The first consignment of steel for the pipe will arrive here about the 10th of May. The contractors are getting ready the plant for making the pipe, and when the work is once started on the line it will be pushed with vigor. The large building and dock under construction at the right of Madison street bridge as one enters Portland on the Oregon City car is for pipe construction for the line.

PRINCIPAL RE-ELECTED.—There was a meeting of the school board on Saturday evening at which Mr. R. W. Pringle was re-elected superintendent for the coming year. Mr. Pringle's election was in response to a request from him stating that he wished to know at this time whether or not he is to be retained as he had a desirable opening elsewhere which he must accept at once if at all. Mr. Pringle has proved himself an excellent teacher and we believe that his retention by the board will be generally acceptable to the patrons of the school.

MORE CARS NEEDED.—The East Side Electric Railway has found travel very good so far and anticipate with the advent of warm weather a greatly increased business. To provide for this they are having two more cars made, the intention being to supply a half hour service before the first of June. They are also planning to lessen the running time from an hour and 15 minutes to one hour. It is probable that they will arrange to stop at only part of the streets in this city in order to assist in shortening the running time.

HE WANTED TO SUICIDE.—Last Saturday evening as the overland was pulling out of Oregon City at a rapid rate, it came near running over and killing a man lying on the track a short distance about this city. The name of the party could not be learned, nor could his intentions be ascertained. It is presumed he laid down with suicidal intent, as he had his neck just over the rail. Had it not been for the alertness of the engineer, he would have been instantly killed.

TO THE GRAND ENCAMPMENT.—Oregon City is well represented at the Grand Encampment of the G. A. R. at Pendleton, the delegates from Mead Post being A. Post commander, David McArthur, G. A. Harding, A. S. Lawton, A. W. France, and W. H. Burghardt, all of whom left here on Tuesday.

TOM TOWER'S FIGHT.

A Boy Fights a Panther and Gets Badly Used up.

HOLLEBROOK, Or., April 10, 1893. TO THE EDITOR: I have in my charge a boy who has been with me but a short time—about two weeks. He was working for me and last Sunday we went back in the mountains hunting deer and he got separated from me and in the evening I went to my home and he did not come home, but one of the neighbors found him lying in the road almost dead from loss of blood. He had great scratches on his arms and body and in his pocket was a large knife all covered with blood, and a lot of panther hair all over it and everyone thinks that he has been fighting with a panther. He can't talk he is so weak and the doctor says he does not know whether he will live or not. I have heard him talk a great deal about Oregon City but he never mentioned any names, so I thought I would write you and see if his folks live there so I can send him home. I will take good care of him as long as he is with me. He says his name is Tom Tower.

A Successful Entertainment.

On Tuesday evening the Y. P. S. C. E. of the Presbyterian church gave a very pleasant entertainment and sociable at Shively's hall which was well attended. SIX SPASMS A DAY.

Dr. Miles Medical Co., Elkhart, Ind. GENTLEMEN: I never lose an opportunity to recommend Dr. Miles' Restorative Nerve to any one afflicted with nervous complaints with the assurance that it will not disappoint them. When our boy was eighteen months old he was attacked with violent spasms. Sometimes he would have five or six spasms in a single day. We tried many physicians without benefit; finally our druggist recommended Dr. Miles' Restorative Nerve. We tried a bottle, and he was benefited from the first dose. We used three bottles, and I am happy to say the child was ENTIRELY CURED. We used the other remedy, and his cure is complete. He is now three years old and perfectly healthy. You are at liberty to use my name in SOUNDING THE PRAISE OF THIS WONDERFUL REMEDY. S. C. BEACOX, Agent Pacific Express Co. Hastings, Nebraska, April 6th, 1892.
