#### Crop and Fruit Prospects—Warner Grange to Have a Picnic in July—Wedding in the Catholic Church.

New Era, May 16.—Notwithstanding the lateness of the spring there is yet a good deal of spring grain not sown in this locality and so far but few potatoes planted.

The fruit crop promises to be bountiful and grass and wheat look well.

Those who have hops are working almost night and day for the last few days, trimming their plants, setting poles and hoeing and plowing. In fact there were more teams seen at work last Sunday than ever was seen before on any Sunday.

James Hougham has built a new board fence on the north side of his place, and has just completed breaking ten acres of new land, all of which gives an improved appearance to his place.

Geo. Randall has purchased a top buggy. He already had a hack and road cart. We presume he and Mrs. Randall will occupy the buggy and the family can take the others for their use.

Dr. Casto visited Oswego grange last week. He is one of the liveliest grangers in this county if not in this state.

Married at the Catholic church in New Era, on May 16th, Mr. Roman Ryepczynski and Miss Anna Kollenboffer, Father Rook holzer officiating. The good wishes of the entire community attend the newly married couple.

#### Canby Notes.

CASBY, May 16.—Charles Schmidt had the misfortune to have one of his horses killed last Saturday. Two of his hired men were hauling a load of hay from Barlow and when they had got about half way up the Knight hill leading into Canby from the west, the horses being unable to hold the load of hay on the hill they stopped, and the horses, wagon and hay went down the steep embankment one hundred feet below. One horse was instantly killed; the other went down all right and did not get a scratch. One of the boys barely escaped going over the steep embankment by jumping from the wagon as it went over the steep grade.

Married, in Canby, on the 11th inst., by Rev. S. Mathews, Mr. James Andrews and Miss Mell, Brown, both of Canby. The happy couple took the afternoon train for Portland.

The new druggist has moved in and come to stay at least for awhile. He has rented the residence of Mr. Stogsdill for three years, and the building of Mr. Evans, and is furnishing the latter with new shelves and counters.

The fruit crop is still very promising; both the fruit and trees are looking fine. Strawberries are also looking very nicely, and the yield will be the greatest ever on the prairie.

CHEERYVILLE, May 13.—Weather fine and crops looking well. Farmers are hopeful.

Mrs. L. B. Trullinger and brother returned from a visit to the asylum at Salem, where the physician gave her very little encouragement of her husband's recovery. He was taken violently insane while hold-

ing a protracted meeting last week at Holcomb, this county. Mrs. Trullinger has the sympathy of the entire neighborhood in the sad calamity that has befallen her husband.

C. W. Harris met with a painful accident by cutting his foot with an axe, severing some of the leaders of the toes and making it very difficult for him to get around.

An effective destroy is to put a little strychnine in a raisin, and place it in the burrow on a sharp pine stick.

a large circle of friends to mourn her loss as no one had any but good words to speak of Grandma, as she was called by one and all. She was buried in the Mount Zion graveyard beside her husband. One son, one daughter, six grand children and thirteen great grand children, live here in our midst.

G. W. Prosser is doing some good work on the roads, and has just put up two good spans, one at each end of the Shipley bridge on the Tualatin river, and the road from Oswego to Wilsonville is much better than last year. The people of Oswego and hereabout can see that money will make more road than the old way of leaning all day on a rust shover and telling the supervisor if he did not like his work he need not take any of it.

The citizens of the new town were called to the American hotel to hear the best wishes of B. and G. about incorporation—it might be called a non-taxpayers' meeting—to see if they could not make the taxpayers go down in their pockets and start a hospital for them, as the furnace has been shut down for some time and the grass is getting short around them. There were some taxpayers at the meeting, but they got left when B. and G. came to the front.

Dr. C. P. Sullivan and L. A. Jackson will move to the new town soon. We hear that their old stand will be occupied about the 15th by some person from Portland. It is a good stand for the drug business.

We will have built this summer one six-room school house which will cost about \$6000, and the Methodist society will build a \$3000 church, all in the old town and on the elevated ground between South Oswego and the new town.

Tonight the ladies of the R. R. C. will give their first grand entertainment. We all hope they will have plenty of geese for each of the boys to have a wing to take home after the supper is over.
