

PERSONAL NOTES.

Short was busy on the streets Monday.

Mother of Clackamas was up a few days last Monday.

J. M. Hixon of Seattle is visiting his mother, Mrs. R. L. Holman.

Lake who lives near Pleasant was in the city on Wednesday.

Willborn, of Eagle Creek, was in the city attending to business matters Tuesday.

John Welch was up from Portland Tuesday looking after his new building on Seventh street.

Victoria was 74 years of age on Monday, May 24th. May she live to see many years to come.

Switzer of St. Helens was in the city a few hours last Monday looking after some business interests.

Howland superintendent in charge of the state insane asylum at Salem was in the city on Thursday on business.

W. E. Johnson received word last of the week that her father in law was seriously ill and at once started to see him.

Adie Posey of Stockton, California is visiting her sister Mrs. W. P. Posey of this city and is intending to stay about six weeks.

Judge T. A. McBride came up from Columbia City on Friday intending to stay in town for a week. She was accompanied by her daughter May.

G. W. Giboney has been invited to give the baccalaureate sermon at the Agricultural college on the 25th of May and has accepted the invitation.

Grace Williams has gone to Long where she will remain for a while visiting her aunt, Mrs. O'Brien, who lives on the pleasant hills just north of town.

G. Burnett, manager of the William & Paper company went to San Jose on the overland last Saturday intending to confer with the business of the company's interest.

W. Meldrum was down to Portland Saturday to test his compass against the government standard but was frustrated by the cloudy day. He is going to start out for a summer's vacation his government contracts and he will leave in two weeks to be gone all summer.

E. R. Janney will preach in the Methodist church for Rev. W. L. Roy both morning and evening on Sunday next. All are invited.

Thursday morning Judge Fouts and Miss Allie F. Rose of Clackamas county and Mr. A. R. LaRaut of Multnomah county.

Decoration Day Orders.

COMMITTEE HEADQUARTERS, GRAND ARMY HALL, May 24th, 1893.

The undersigned having been appointed Grand Marshal to act upon the occasion of the observance of Decoration Day, hereby assumes command and promulgates the following order:

First, Headquarters will be established on Main street in front of Grand Army hall.

Second, The following named gentlemen have been appointed to act as aids to the Grand Marshal: C. T. Hickman, W. T. Whitlock, Rolla Woods, C. Meserve, C. O. Albright, Lee Harding and Rae Norris. Members of the staff will report to the Chief of Staff at 8:30 a. m. to receive orders for parade.

Third, Leader of the band taking part will report his presence to the Chief of Staff who will assign him to his place in the parade. The band will report at headquarters at 8:30 a. m. and in charge of an officer will march to the school house to escort the children, who will be assembled under the supervision of Prof. R. W. Pringle at Pope's hall, halting at the Catholic church on Main street for the children of that school, who, under the charge of Father Hillebrand, will form in the rear of the column. On reaching the hall the band will proceed to the firemen's headquarters and escort them to their places in the line. The band in charge of an officer will escort the National Guards to their designated places in line.

Fourth, The column will form at 9:45 and move promptly at 10 o'clock. F. Company of the O. N. G., will act as escort to the Grand Army and will form on Main street, right, resting on Seventh street. Grand Army will form on the left of the National Guards followed by the Sons of Veterans. The Ladies Relief corps in carriages will form on left of the firemen, followed by mayor, city council, and county court in carriages.

Fifth, The several organizations will form promptly in order named, so as to avoid the heat of the noon day sun. The column will move at 10 o'clock. At the close of the services at the cemetery, the column will return by the same line by which it marched out.

C. H. DAUCY, Grand Marshal.

R. L. Holman has concluded to arrange his business in more compact form and at the same time reduce his expenses. Heretofore his undertaking department has been away from his furniture business on the second floor. This has now been moved down to one side of the main room where he has it well arranged for convenience in show-cases and caskets.

Of course you are intending to go on the excursion on the river on Sunday.

Memorial Program.

The following is the program for the Memorial service to be observed in the Congregational church, Sunday, May 28th, 1893 at 10:30 a. m.

Music by the Band.

Praise.

Invocation.

Hymn.

Reading of Scriptures.

Song..... "We Are Gathering Home." Choir.

Prayer..... Rev. G. Sykes.

Anthem..... "Our Country's Flag."

Sermon..... Rev. G. W. Giboney.

Hymn..... "America."

GILMAN PARKER, Committee.

Yesterday noon when the blasts were fired on the west side electric line at the cut near the mills, one of them seemed to possess an extra amount of force or to take a shoot in a new direction for several large rock after going high up in the air, came down at the mills. Two of these did considerable damage. One large rock fell through the roof of the Willamette paper mill and hitting upon the Foundriner part of one of the big paper machines, damaging the wire apron some of the press rolls and other machinery to the extent of about \$1,000. The machine had to be at once shut down and all the men that could work to advantage were placed at work repairing the damage. The big rock which fell through the Crown mill struck in the engine room and just missed hitting one of the men who would have been instantly killed if the rock had fallen a few inches nearer. As it was he escaped as by a scratch. More care will have to be taken in the future to prevent a repetition of the accident as there is a large amount of property about the mills that can be easily damaged.

The Oregon City base ball club has been meeting with very fair success in raising funds to put the club in shape for the season's sport and if the weather will permit they will soon be ready to go into training in preparation for the season's sport. The grounds to be used are up on the hill in the south part of the city. They are to be fenced and if possible a grand stand will be built to accommodate several hundred people. On Tuesday the committee having in charge the raising of money had secured pledges amounting to a little over \$200. This did not include P. F. Morey's subscription which is made conditional upon the club's raising \$400 on the outside. This task is now worrying the boys, as they need the \$500 to put them in good shape.

Grand carnival of children at Pope's hall Thursday evening May 25th. Don't miss it.

On Wednesday of this week Fred and Jacob Byer, neighbors of John Dolan were tried before Judge Fouts for committing an assault upon him. It seems that they got into a dispute concerning a small matter and that this ended in the Byers taking clubs to John, whom they beat severely, dislocating his shoulder in the fracas. At the trial C. H. Dye appeared for the state and Geo. Rinearson for the defense. The result of the trial was that the Byers were found guilty and fined \$45 each. They took an appeal to the next term of the circuit court.

Rev. M. Angelo Dougherty's engagement with the Congregational church having expired on last Sunday a meeting was called Wednesday night to consider the future supply of the church and it was decided to call a permanent pastor at once. Mr. Dougherty's preaching has been unusually acceptable to the church but he was unwilling to accept a permanent call so the church extended a call to Rev. J. A. Cowan of Tabor, Iowa and instructed the committee to secure the services of Mr. Dougherty as supply as long as he remained which will probably be about two months longer.

Thomas Ward the sheriff of Wasco county was in the city last Saturday. While here he made a careful examination of the present owner book and expressed himself as much pleased with it. He says that in his county he is not able to describe a piece of land without looking up the deed and also on account of the faulty descriptions given in making the assessment it is impossible to sell any land for taxes.

For a pleasant day's recreation and some nice scenery you want to take in the excursion by the steamer Altona on Sunday. She will leave her dock at 7:30 o'clock prompt. This includes a pleasure ride through the locks, a swift glide through the whirling waters at Rock Island and a sight of the beautiful scenery along the banks of the Willamette. Don't miss it. The round trip is only one dollar.

One of, if not the prettiest addition to Oregon City, and certainly the most convenient to get to is that of Gladstone which is only a matter of a five minute's ride on the electric line so that any one residing there can come and go at will. If you are looking for a home it will pay you to read the ad for that delightful suburb in this issue.

A. J. Washburn one of the popular Park Place merchants left over the Northern Pacific on Wednesday evening for a business trip to Chicago. He is expected to be gone from two to four weeks according to the length of time required to complete his business. If time will permit he may possibly take a run down to his old home in New York.

Lacey Pointers.

LACEY, May 20 - Mr. Valentine has his mill up and is making lumber when the weather permits. As he has no roof on his mill yet, if it will only quit raining for a few days he will be prepared to run his mill constantly.

Messrs Palmater & Livermore will have their mill running in about ten days if the weather permits, so you see we will have two mills. Competition is the life of trade.

Mrs. Bowditch, who has been on a three year's visit in Michigan, has just returned, accompanied by her brother. She says that she is satisfied to stay in Oregon. Don't want any cyclones or "jimmykane" in here. Spring crops are about all in and fall wheat looking well, and if it will stop raining and give us a few days sunshine the spring crops will be in good condition.

Messrs Jos. Marrs and Sam Warnock think of building new houses this summer in Springwater. There are other improvements in the way of building that will be done if the saw mills get to work making lumber soon which they will do if it don't rain all summer.

-WHEN IN-

Full Stock of Guns & Ammunition.

Repairs on all kinds of small machines promptly made. Duplicate keys to any lock manufactured. Shop on Main Street, next to Noblett's Stables.

GLADSTONE.

A PART OF OREGON CITY. A SUBURB OF PORTLAND.

PROXIMITY TO PORTLAND AND OREGON CITY.

GLADSTONE is a short mile from Oregon City, and is reached by trains on the Southern Pacific and by the East Side (standard gauge) Electric line, running cars every half hour each way. The same fare that carries the local passenger one block in Oregon City, also carries a passenger to Gladstone. As a matter of fact the resident of Gladstone is nearer to the business portion of Oregon City than the resident of the latter place living six blocks from the Court House. Electric cars will make the run to this beautiful suburb in six minutes at a two and one-half cent fare to actual residents. The workman, the business man, the lady who has labored

HITHERTO UP AND DOWN STEEP BLUFFS, AND NARROW AND SLIPPERY WALKS,

Can now step into a luxurious upholstered car at the corner of any block on Main street in Oregon City, and enjoy a truly delightful ride over a splendid road bed, with glimpses of fine scenery and be landed, dry shod, at their very doors in Gladstone.

No Oregon City Suburb Will be so Easily Reached From Main Street.

A boon to shoppers, to those compelled to walk long distances to their labor, to business and professional men compelled to go home late at night through all kinds of weather. The one cent per mile fare from Portland to Gladstone and half hourly trains will attract many residents from Portland who care more for health, pure water and a beautiful landscape than for the nightly dissipations of a great city. Thousands of business men in New York, Chicago, San Francisco, and all great cities, travel from ten to forty miles daily to and from their luxuriant homes hid away on some beautiful river or lake and there rest sweetly from the day's labor. Cars on the Southern Pacific and Electric line reach Gladstone in forty minutes from Portland, the Electric line running until eleven o'clock at night.

STREET IMPROVEMENTS. Every thoughtful buyer, other things being equal, never fails to take into account the future expense for street improvements. In rocky and hilly places it often happens that such expense amounts to more than the property is worth, still street improvements are an absolute necessity. Wagons and carriages do not run well over hills and great mountains of rock. The surface of Gladstone is level, free from rocks, stumps, hills or other obstructions. A carriage can be driven at a sweeping trot over it in any direction. The cost of sidewalks and street improvements will be nominal. The gravelly soil approximates a natural road bed making a street in its natural state, quite satisfactory to all but heavy traffic.

GLADSTONE,

MATCHLESS IN ATTRACTION. A Paradise for HOMES.

The handsomest tract of land in the state of Oregon now for sale on easy installments at from \$125 to \$300 per lot. Acreage property adjoining. **H. E. CROSS, Agt., Oregon City, Or.**
