The way to build up Oregon City is to give Oregon City people your patronage.

FRIDAY, JUNE 2, 1893.  
GLADSTONE.

What do You Think of It?

A party in search of a desirable location for a home, would have to walk one-half hour from the east end of the suspension bridge in Oregon City to find a lot for \$200 and up hill at that. You can walk 30 feet and take passage on a splendidly equipped electric motor car and in six minutes for 25¢ be landed in the handsomest suburb in the world, where you can buy a better lot for \$150, \$20, down \$10 a month.

**SPRAY OF THE FALLS.**  
Arbuckle's Lion or Mokaska coffee 25 cents at The Red Front.  
Hamilton & Washburn are paying the highest price for grain, hay eggs, etc.  
Strings and extras for guitars, violins, mandolins and banjos at Burmeister & Andersen's.  
If you want an abstract of title to your property call on Wade H. Spencer, Oregon City, Oregon.  
The Park Place store leads in prices on doors, windows, shingles and all builders material.  
On Saturday of last week Judge Fouts married at his office in this city, Miss Anna Smathers and W. P. Spencer, both of this city.  
Now that spring has come and you can enjoy a ride on the river do not forget that Capt. Bundy has some of the finest rigged fish out. Prices reasonable.  
Last Wednesday Dicy Alice Pope and Wm. B. Knotts of Canby, visited Judge Fouts at his office in this city and were legally made man and wife after the Judge's most approved form.  
Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cts. Sold by C. G. Huntley.  
Prof. H. A. Webber of Portland will be up on Thursday of this week and each succeeding Thursday for the purpose of giving lessons on mandolin and guitar. For particulars inquire at Burmeister & Andersen's jewelry store.  
The Epworth League of the Methodist church will hold a strawberry and ice cream social, Friday evening, June 2d, at the church parlors. A short literary program will be rendered, beginning at 8 P. M. sharp.  
Now that you are thinking of building and want the very best quality of lumber delivered on short notice it will be to your interest to remember that Gladstone Saw Mill company can supply you with the best and deliver it at once.  
Fifty cents is a small doctor bill, but that is all it will cost you to cure any ordinary case of rheumatism if you use Chamberlain's Pain Balm. Try it and you will be surprised at the prompt relief it affords. The first application will quiet the pain. 50 cent bottles for sale by George A. Harding.  
T. G. Jonsrud of Sandy was in the city Monday transacting business at the court house. He says he found the roads much better than he expected and that instead of making the trip on horseback he might have made it all right with his buggy, there being but three bad holes and those all on the flat east of Clackamas.  
Had you noticed that there had been quite a number of weddings hereabouts of late? It is a fact even though you had not made note of it. The reason of this is that the young couples are taking advantage of Holman's great closing out sale. As he is going out of the business of selling cheap furniture so as to devote his entire time to the higher grades of goods and especially to fine upholstered goods, he is now offering his entire stock of furniture at greatly reduced prices and those lines which he is closing out you can buy at actual cost. In addition to the fine line of upholstered goods which he will carry in stock he will have facilities for repairing all classes of upholstered goods. Don't fail to call at once and examine his stock and get his prices.

# OREGON CITY TO CELEBRATE.

## The Board of Trade Takes the Initiative—Committees Now at Work.

Last Monday afternoon there was a special meeting of the board of trade at which a committee was appointed to act with other committees in arranging for a proper celebration of the Fourth. The president of the board was instructed to appoint two committees, one of ladies and one of gentlemen, and in accordance with his instructions he appointed as follows: Ladies—Mistresses S. A. McCown, G. A. Harding, A. S. Dresser, T. W. Sullivan, D. H. Glass, F. R. Charman, M. M. Charman, T. A. Pope, and Sidney Smyth. Gentlemen—P. F. Morey, J. W. O'Connell, E. M. Rands, W. A. Huntley, H. E. Smith, Dr. W. E. Carril, C. O. Albright, E. E. Charman, and C. O. T. Williams. On motion, G. W. Brownell was added to the committee.

The city council met on Wednesday and appointed J. J. Cooke, C. N. Greenman and T. P. Randall to act with the above named committee.

On Wednesday evening the several committees met as one with J. W. O'Connell in the chair and T. P. Randall as secretary, and proceeded to set on foot the plans for a grand celebration. The first question to be determined was as to the advisability of celebrating, and the committee after brief discussion decided by unanimous vote to celebrate. The question of finance was discussed at some length, after which the following named working committees were appointed: Finance—P. F. Morey, T. P. Randall, C. O. T. Williams, H. E. Smith and J. J. Cooke. Music—W. A. Huntley, Mrs. F. R. Charman and Mrs. D. H. Glass. Decorations—C. O. Albright, Mrs. T. A. Pope and Mrs. F. R. Charman. Speakers—Geo. C. Brownell, Mrs. S. A. McCown and Mrs. T. W. Sullivan. Printing—E. M. Rands, Dr. W. E. Carril and Mrs. S. Smyth. Program and Entertainment—E. E. Charman, C. N. Greenman, Mrs. M. M. Charman, Mrs. G. A. Harding and T. P. Randall.

The committee elected as officers of the day the following: For president of the day, E. M. Rands; for grand marshal, J. W. O'Connell.

The next meeting of the committee will be on Monday afternoon at three o'clock. Meanwhile the several committees will be at work getting things in shape so that at that meeting it will be possible to outline the work that it will be best to attempt for the day. With the experience of last year fresh in their minds the committee of this year will be able to get up the best celebration ever held in this city. Several attractive features are already being solicited with very fair prospects of being successful, among which is the first regiment, O. N. G.

The finance committee began active operations on Thursday morning, and will make a complete canvass at once.

**CELEBRATION NOTES.**  
Among the attractions talked of for the Fourth is that of getting a big ship up here from Portland. As the back water will be well up at that time there will be no trouble in doing this, and it would prove a great attraction.

The board of trade instructed the general committee to endeavor to secure Senator J. H. Mitchell for orator of the day, and if it is possible for them to get him this will be done. With the senator as orator this city would be certain of having the best oration delivered in the state on that day.

While the league game is not booked for this place on the Fourth the committee assure us that they will have a game here on that day and that in all probability it will be a league game. Those who delight in the sport of the diamond may plan on coming to Oregon City on the Fourth with full assurance that they will not be disappointed and that they will have the pleasure of witnessing at least one good game.

It will require not less than \$1200.00 to make the celebration a success but those who contribute may feel assured that it will not be money thrown away but a wise expenditure which will return good interest on the investment. It will bring people here from abroad and keep our own people at home, and the money of both classes will be left in the community to grease the wheels of trade. Let every body take hold and help the eagle to scream.

On Wednesday evening Mrs. F. R. Charman entertained at her pleasant home the young people who participated in the Children's Carnival on Thursday evening. Delicious refreshments were served and all had a merry time.

The big stump puller has been tried on the west side of the river and has proven itself equal to the task set for it except that some of the parts have to be changed and strengthened before it can be used to advantage.

Two parties, May of this city, and Brown of Portland, were booked for a foot race at \$50 per side on Thursday, but after trying in vain to get started the race was declared off.

Frank Kruse who four weeks ago was stricken with a paralytic stroke was in town yesterday so far improved that he is able to get around with a good degree of comfort.

The Salvation Army will open up in the room beneath the Armory on Saturday night for a two week's fight.

Hon. L. T. Barin was up the last of the week taking in the fishing at the falls. Those who know his fishing qualities will not need to inquire as to his success for he always catches fish when he tries.

Hon. Geo. C. Brownell drove over to Pleasant Home on Tuesday and addressed a large audience gathered to observe Decoration day. Mr. Brownell says that he never spoke to a more attentive body of people.

Rev. Gilman Parker accompanied by his wife went over to Forest Grove on Monday and on the following day Mr. Parker had the pleasure of delivering the Decoration day oration to a very attentive and appreciative audience.

C. W. Younger, C. W. Cuthbert and A. H. Morrill who are working for the Southern Pacific company were up on Monday with George Fuchs taking in fishing at the island. They were only here a short time in the evening but had the good fortune to catch some fine fish.

Geo. T. Myers, president of the Oregon World's Fair commission, was in the city Wednesday and brought with him the finest salmon ever caught in the waters of Oregon. This fish is 54 inches long and 40 inches around and weighs just 82 pounds. Mr. Myers brought it up to have it frozen in one of Smyth & Lovett's finest cakes of ice so that he might send it back to be placed with the Oregon exhibit at Chicago. When this kind of fishes is frozen in a cake of clear crystal ice he will present a magnificent appearance and will attract a great deal of attention. Mr. Myers is confident that he can manage not only to ship the specimen back in good shape but that he can preserve it indefinitely after he gets it there. Messrs. Smith & Lovett have tendered to the World's Fair commission the free use of their plant for preparing all the specimens that they may desire for exhibition and Mr. Myers says that they will make liberal use of the plant.

Portland is working to secure the next annual encampment of the National G. A. R. at that city and is said to be in a fair way to be successful. Any help which can be rendered from this city should be forthcoming since it is equally advantageous to this city if Portland can be successful.

Mrs. E. E. Williams will conduct the concert at the Congregational church Tuesday, June 15, 1893. Among the musical instruments to be used will be a fine Kimball piano from the music house of L. V. Moore, Portland, Oregon. A more extended notice will be given next week.

Of course you are intending to go to Independence on Sunday to see the Oregon City and Independence base ball teams play.
