AN EXTRA SESSION.

President Cleveland Calls Congress to Meet August 7th.

ANOTHER REPUBLIC IN EUROPE.

Greece Abandons Monarchical Government—The Papal Ablegate—New Line of Steamers.

WASHINGTON, June 30.—President Cleveland has yielded to the demand of the people of the country and this afternoon called the fifty-third Congress in extraordinary session on the 7th day of August, one month earlier than he had otherwise intended. Then, after sending out the proclamation he boarded a train at 4 o'clock and is now on his way to Buzzards Bay.

The substance of the president's proclamation is as follows:

WHEREAS, The distrust and apprehension concerning the financial situation which has pervaded all business circles has already caused great loss and damage to our people and threatened to cripple our merchants, to stop the wheels of manufacture, to bring distress and privation to our farmers and to withhold from our workmen the wages of labor; and

WHEREAS the present perilous condition is largely the result of the financial policy which the executive branch of the Government has embodied in unwise laws which must be executed until repealed by Congress:

Now, therefore, I, Grover Cleveland, President of the United States, in performance of my constitutional duty, do, by this proclamation, declare that an extraordinary occasion requires the convening of both Houses of the Congress of the United States at the Capitol, in the city of Washington, on the 7th day of August next, at 12 o'clock noon, to the end that the people may be relieved through legislation from present and impending danger and distress.

Portland and Australia Steamers.

PORTLAND, Or. July 1.—This city can enter into commercial relations with Australia, New Zealand, and Hawaii, and secure a portion of the trade long controlled by San Francisco. A new line of steamers has been established between Sydney, Honolulu and Vancouver, B. C., and the promoter of the enterprise, Mr. Huddart, a wealthy ship-builder and capitalist of Sydney and Melbourne, intends to place a steamer on the Portland-Vancouver route to connect with the other vessels.

His agent says: "We will give Portland a connection with our line, and ask nothing whatever in return, except that the merchants do business with us if they can do so profitably. This is Portland's opportunity to capture the Hawaiian trade, as under the treaty stipulations, most of the staples are admitted free, while other countries have to pay a duty. Hawaiian imports last year amounted to \$4,000,000. This sum represents the minimum, as the purchases in 1891 amounted to \$7,000,000. As we are subsidized by two governments, we are in a position to foster this trade by fixing the rates as reasonably low as possible."

A steamer of the new line will probably leave Portland within a month.

Greece is a Republic.

PARIS, July 4.—The startling news has been received here that a revolution has occurred in Greece, that King George has abdicated and that the people of Athens, backed by the soldiery, have proclaimed Greece a republic. The event was so sudden and unexpected that the particulars of it are as yet but mere rumors. No official verification of it can be obtained at this hour, but considering the dissatisfaction prevalent for some time and the impulsive character of the people, it is not regarded as improbable. A cablegram similar to the above was received in this city by a prominent Greek. Several Greeks were seen in regard to it, but they had no information to give. While surprised, they thought it not improbable. Their countrymen, they say, have long been hoping and planning to make their country an independent republic.

The Pope's Representatives.

PORTLAND, Or., July 3.—The advent of Monsignore Satolli and his party of Catholic prelates, was an event celebrated here yesterday in an informal and unceremonious manner.

The party took carriages, which were in waiting, and were driven to the archiepiscopal residence, formerly St. Mary's hall. Then Monsignore Satolli, vested in his archiepiscopal robes, was escorted to the cathedral, and celebrated mass in the presence of a large congregation.

In the forenoon the guests were driven about the city in carriages. St. Patrick's St. Joseph's and St. Lawrence's churches and several points of interest were visited, and the guests were profuse in

their compliments to the city and the energy and enterprise of the citizens. The party returned to Archbishop Gross' residence and took lunch, and at 3 p. m. were given another drive. St. Mary's academy, St. Vincent's hospital and the churches and parochial schools on the East Side were visited. At the hospital the ablegate inspected all the wards, and extended the papal benediction to the afflicted. A trip was made to Portland Heights, and the party was delighted with the magnificent views of the city.

The entire party left for San Francisco over the Southern Pacific at 7 o'clock last evening. They will pass a week or so there and then return East. The trip to California has no especial significance, as the ablegate goes there simply for pleasure and to visit the churches and clergymen.

The Financial Outlook.

NEW YORK, June 30.—The financial situation was reported to be much easier today in consequence of the prompt steps taken by the banks to avert a money panic, and on every hand nothing but praise was heard for the presidents of those banks. The banks which took certificates freely, lent the money thus made available, without decreasing the cash in their vaults, as shown by the debtor balances at the clearing-house this morning, which, of course, were paid on loan certificates, which had to be taken by the banks having credit balances. The rate for call money this afternoon, prior to 2 o'clock, was 35 per cent. Many loans, however, were renewed until next Wednesday at rates varying from 20 to 25 per cent. It is said there is not much commercial paper offering, and it is argued from that fact that merchants are in fairly good shape. Bank officers reported that the demands from the country were much lighter in amount, but that the applicants were very generally distributed. It was noticed that only very short time paper is being received, and that is believed to indicate that the strain is about over. No extraordinary shipments to the country of currency were reported today, and the feeling of confidence here was increased by the quotations from London, where all American securities were higher.

Register of the Land Office.

WASHINGTON, June 30.—At last the labors for the democracy of Colonel Robert A. Miller have been rewarded. He is made register of the Oregon City land office, succeeding John T. Apperson, who was appointed May 27, 1889. Colonel Miller left New York yesterday morning for home, very despondent and almost cast down because his appointment had not come. The place is worth \$3000 a year, and is much less important than minister to Turkey, which Miller became a candidate for when he first arrived in Washington about three years ago.

Chicago Postoffice Unsafe.

CHICAGO, June 30.—Citizens of Chicago were officially warned today to keep out of the United States government building here containing the postoffice, custom house and federal court rooms. The authorities were moved thereto by the agitation in the papers as to the condition of the building in view of the fall of Ford's theatre at Washington and rumors about the insecurity of the structure here.

The President Leaves Washington.

WASHINGTON, July 2.—The president left this afternoon for Buzzard's bay. He will be absent three weeks or more, his stay depending upon circumstances. The president's determination to leave the city was only reached this morning, and his departure so suddenly leaves a number of important appointments agreed upon unsigned. It is understood the president will transact only the most urgent public business while in Buzzard's bay.

Ceremonies at Gettysburg.

GETTYSBURG, Pa., July 3.—The New York day ceremonies on the battlefield of Gettysburg were concluded today by the dedication of the monument erected on Little Roundtop by the Forty-fourth and Twelfth New York Infantry. General Butterfield presided. Captain Nash of the Forty-fourth regiment delivered the dedication address. Governor Flower, General Sickles and Colonel Connor, of the Forty-fourth, also spoke.

These be his Friends.

CHICAGO, July 3.—At today's session of the national socialistic labor party, resolutions were adopted praising Governor Altgeld, of Illinois, for his courage in pardoning the Chicago anarchists—Fielden, Neebe and Schwab—and stating his reasons therefor, and deciding to print a large number of copies of his statement accompanying the pardon as a campaign document.

A Trio Turned Loose.

SALEM, July 3.—Three pardons were today granted by Governor Penoyer. John T. Ireland, who was sentenced from Josephine county in 1889 for 20

years for rape, William Scott, sentenced from Yamhill county in 1890 for 10 years for manslaughter and Fred Saffron, of Multnomah county, was sentenced for two years for passing counterfeit money last January.

Will Wreck Trains No More.

ROSEBURG, Or., July 3.—George E. Richardson, the trainwrecker, was brought into court at 9 o'clock this morning for sentence. He had nothing to say, but his counsel spoke a few words in his behalf. Judge Fallerton then sentenced the prisoner to eight years' imprisonment in the penitentiary. He seems unmoved and indifferent.

No Soldiers' Home for Roseburg.

ALBANY, Or., July 1.—Judge Barnett today granted a permanent injunction restraining the building of the Soldiers' Home at Roseburg. The case will be appealed to the supreme court.

U. B. Annual Conference.

The Oregon Annual Conference of the United Brethren in Christ convened in their church in this city Wednesday at 2 p. m. to hold their fortieth annual session. Bishop Wm. Dillon D. D. of Dayton Ohio presided. He has been newly elected to the episcopacy of the denomination and comes to the coast well known to the church, having served eight years as editor of the church paper. He is an able man, thorough in his education, apt in thought and expression and vast in his experience, and a fine preacher. We understand that the bishop has decided to move to Oregon in the fall. We welcome him to the coast.

Conference will continue over Sunday. A general invitation is extended to the people of Oregon City to attend the sessions, which will be both in the forenoon and afternoon with preaching each evening. It is expected that about thirty-five ministers and nineteen delegates will be present besides a large number of visitors.

Prof. Baldwin of the College of Philomath is present at the Annual Conference. He is a fine musician and a good preacher and in every respect a most promising man.

There are a goodly number of aged ministers present, among whom are A. Bennett and N. W. Allen of Philomath, R. Logan of Woodland, E. M. Marsters of Roseburg and J. G. Mosher of Silverton. The life and experience of some of these men would make interesting reading for the generation which at present imagines they are having hard times in Oregon. These pioneer ministers can duplicate the experience of any for hardships passed through. It is befitting to see them honored and revered by the younger members. The conference bids fair to be an interesting one.

Last fall I was taken with a kind of summer complaint, accompanied with a wonderful diarrhoea. Soon after my wife's sister, who lives with us, was taken in the same way. We used almost everything without benefit. Then I said, let us try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and we did, and that cured us right away. I think much of it, as it did what it was recommended to do. John Hertaler, Belthel, Berks Co., Pa. 25 and 50 cent bottles for sale by George A. Harding.
