

CHAT ABOUT TOWN.

Prices the lowest—The Red Front.

Born, Tuesday, to the wife of E. W. Scott a son.

WANTED.—Wood choppers by E. Parker, contractor, Oregon City.

Genuine Foster Kid gloves at \$1.35, worth \$1.75 to \$2.50 at the Boston Store.

C. A. Holstrom is the proud father of fine boy which he thinks looks like his father.

Just received a big line of childrens shoes at the Boston Store which we will sell at cheap.

A new walk is being laid on the Canal premises on Main street now occupied by E. E. Williams as a residence.

The Lyon & Healy is the best toned and most durable organ made. Sold on easy terms by Burmeister & Andersen, x

W. K. Connor has taken charge of the carriage and wagon work at Winesett's stand. Fine lot of goods on hand at the lowest rates.

Position wanted, by a first class wagon and carriage worker. References given and a trial of my work asked. Address Box 400, Oregon City.

Call and see the lounges at R. L. Holman and you will see some good ones which they are selling almost at manufacturer's prices.

Inflicted with scalp diseases, hair falling out, and premature baldness, do not use grease or alcoholic preparations, but apply Hall's Hair Renewer.

C. P. Winesett, the undertaker, has just received the finest line of caskets and coffins ever brought to Oregon City. Prices to suit these hard, dull times and will not be undersold in prices.

Notice is hereby given that there are funds on hand sufficient to pay all outstanding warrants endorsed to date. Interest cases with date of this notice.

F. J. Louis, City Treasurer, Oregon City June 22, 1893.

"Be sure you get Ayer's" is an important caution to all in search of a thoroughly reliable blood-purifier, Ayer's Sarsaparilla being the one on which there can be no manner of doubt. It has stood nearly half a century, and has long been considered the standard.

The entertainment on Saturday evening given under the auspices of the free reading room was quite a success and about \$10 cleared. The managers of the reading room are pleased to note the renewed interest which is manifested in that enterprise and are gratified by prominent citizens.

The half-hourly service on the East Side railway makes our streets seem like a regular city as it gives the almost constant presence of cars. When the Gladstone car gets to running which will probably not be later than Monday we will have an abundance of street cars for all present traffic.

Don, son of Henry Meldrum, was in swimming the first of the week and had climbed up on the bank for his clothes when he stepped on an old and rusty nail which ran into the ball of his foot and came out on the upper side causing a bad wound which obliges him to walk on crutches.

Hon. L. T. Barin drove in from his farm on the Clackamas last Sunday morning. He reports the prospects for both hay and grain very good. He has been very busy lately superintending the building of a half mile of road on his place leading from the barn on the hill down to his meadow and grain fields on the flat below.

A. W. Cooke has just completed at a cost of but little more than \$100 a fine 10 per cent grade leading from the Rock Creek bridge up the hill on the other side, and it is now almost as good as a level road compared with the old grade which all the people in the north east part of the county had to travel in coming to do business at the county seat.

The funeral of Mrs. M. P. Bradley and infant child, the victims of the accident on the Clackamas on the Fourth were held on Thursday of last week as was the intention as a telegram was received from her mother just as the funeral was entering the cemetery stating that she would be here on Friday morning, so the bodies were taken to Mr. DeGeehan's where they were kept till the next morning when the interment took place, the mother of the deceased woman having arrived on the morning train from Watsburg, Wash.

Parties who have occasion to travel the Highland road beyond Maple Lane state that some good work has been done by the county in removing with powder all the stumps from the road so that it is now free from obstructions its width and in shape for grading. The road has already been improved out as far as the Maple Lane bridge and it is the intention to haul in gravel as far as the spring branch beyond or possibly to the top of the hill. Then if the citizens assisted by the county can pluck woodies more it will help travel for a good piece out into the country when the bads get bad next winter.

ROAD MEETING.

The People of Eagle Creek and Currinsville Will Build a Road.

There was a well attended meeting of the people living along Eagle Creek including the Eagle Creek, Currinsville and Garfield neighborhoods, on Saturday at Wilber's, there being present besides the citizens of the vicinity the county court which had evinced its interest in the Baker Bridge and Eagle Creek road along the Clackamas by letting the contract for the only difficult point along the route thus making it practicable for the people living north of the Clackamas to get an outlet to market without being obliged to climb Deep Creek and other hills.

The meeting organized by the election of J. W. Palmateer as president and Henry Breithaupt as secretary. After considerable discussion relative to the work to be done an opportunity was given for those who wished to subscribe and the list was increased quite a little. It was decided that work should be commenced as soon as possible and Henry Breithaupt was chosen to superintend the work and Geo. Currin to act as treasurer. Work will begin at the Deep Creek bridge and the first thing done will be to cut down the standing trees and blow out the stumps. As soon as the men engaged in this work are well out of the way the graders will be turned loose and the dirt and rock will be made to fly. There is nearly \$1000 which has been raised by subscription and when that amount has been fully made up Supervisor Cooke has signified his intention of allowing \$500 to be used from the road fund of District No. 1. This will give money enough to open up a pretty fair road above Grimm's point and as the contract is already let for a good grade around that point, the distance being 1600 feet the people above that place are in a fair way to have a pretty good road right down by the 13th of September. There will still remain a short piece this side of Grimm's point which should be provided for in some way so as to give a travelable outlet before winter.

The route from the Baker Bridge to the mouth of Deep Creek is most of the way so nearly level that there will be no trouble in pulling a good load either way while the road bed for most of the distance is composed of gravel so that it will be a comparatively good road at all seasons of the year.

A New Departure.

The Midsummer Cosmopolitan, the first at the new price of 12 1/2 cents per copy, though unchanged in size, excels any other issue of that magazine in the number of its distinguished contributors in the interest of its contents and in its overflowing illustrations by famous artists. Francois Coppee, William Dean Howells, Camille Flammarion, Andrew Lang, Frank Dempster Sherman, H. H. Boyesen, Charles DeKay, Thomas A. Janvier, Colonel Tillman, Agnes Rappier and Gilbert Parker are a few of the names which appear on its title page. Three frontispieces, all by famous artists, furnish an unusual feature, and among the artists who contribute to the 119 illustrations adorning its pages, are Laurens, Reinhart, Fenn, Toussaint, Stevens, Sannier, Fittler, Meaulle and Franzen. The midsummer number is intended to set the pace for the magazine at its new price of 12 1/2 cents a copy, or \$1.50 a year. The magazine remains unchanged in size and each issue will be an advance upon its predecessors. Literally, every known country is being ransacked for material in the hope to bring the Cosmopolitan forward as the leading magazine in the world.

Washburn's Circus.

The exhibitions were given yesterday on the old base ball grounds by Washburn's new united shows—one in the afternoon and the tent was filed to repletion in the evening. The riding, aerial, parallel bar, tumbling, and other acting was executed in first class style by first class acrobats. For obtaining an idea of life in the wild west, the exhibition by the cowboys is remarkable, and introduces many exciting scenes. The tricks performed by the animals are clever. A good number of animals are also exhibited in adjoining tents. Order is preserved as there is no time wasted between acts, one act being followed immediately by another. One who spends his money on this circus will never regret it. It is a show well worth the price paid.—Lowell, Mass. Times.

Union Pacific Further Reduces Rates!

Portland to Chicago \$33.60 first class; Omaha, Sioux City and St. Joseph \$30.00 first class. Rates correspondingly reduced to all eastern points. Consult Union Pacific Agent before purchasing and you will be convinced that the old Overland is the cheapest and quickest route to take.

Public Road Meeting.

Notice is hereby given that there will be a meeting of the citizens interested in having good roads on the main road from Oregon City to Highland, are invited to meet at the Beaver Creek school house at 7:30 o'clock on Thursday evening July 20.

ROAD COMMITTEE.

Shiloh's Cure, the Great Cough and Croup Cure, is for sale by us. Pocket size contains twenty-five doses, only 25c. Children love it. C. G. Huntley.

Track laying on the Willamette Falls railway was begun last Friday under the immediate supervision of Mr. Moffit who has a force of about twenty-five men at work under him getting the heavy steel rails in place and he is getting along so well with his work that he will get the track nearly done this week. Grading was completed to the long trestle at Walden's Glade on Monday and most of the rest of the way the work was all done except the smoothing up of the road bed and Engineer Miller who has the supervision of all the work, stated that the graders would be able to keep out of the way of the track layers so that early in the week the track work will be completed.

The new station of the Willamette Falls Ry. has been completed and on Monday the engineering corps began moving into the office at the south end of the building which has been conveniently fitted up for their special use. The office across the hall at the north end of the building is for the use of the land department and was ready for occupancy Tuesday. Adjoining it is the telephone room and between the two offices is the waiting room which is fitted up with all modern appliances for the convenience and comfort of passengers. Altogether the station is fitted up about ten times as fine as the Southern Pacific's excuse for a depot.

"My little boy was very bad off for two months with diarrhoea. We used various medicines, also called in two doctors, but nothing done him any good until we used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave immediate relief and soon cured him. I consider it the best medicine made and can conscientiously recommend it to all who need a diarrhoea or colic medicine. J. E. Hare, Trenton, Tex. 25 ann 50 cent bottles for sale by George A. Harding.

A real treat is being provided for the music loving people of this city by the members of the Congregational society who are arranging an entertainment at the church on Friday evening, July 21, at which Professor Ferrini and wife, assisted by the Mullipor quartette, with Professor Webber and his Mandolin club, will appear. All who attend may rest assured that they will have an evening of rare enjoyment.

The encampment of the First regiment is set to occur on the 12th day of August and it is expected that it will be at Gladstone as the military board have decided to hold it there if satisfactory arrangements can be made with Mr. Cross who owns the site, and who has all along expressed his willingness to comply with the wishes of the officers in these matters. The matter may be considered as good as settled and Gladstone goes.

Last Monday C. S. Dodge was arrested on complaint of his wife who charged him with having assaulted her with a dangerous weapon after breaking into her room on the previous night. After a protracted trial he was acquitted of the charge of assault though he admitted having broken into her room. It seems that they are not living together, having had trouble before this which resulted in their separation.

Geo. F. Horton and S. M. Ramsby were down to see Frank Kruse Tuesday and found him getting on remarkably well. The doctors will not allow him to walk about yet but he is able to sit up and expects to be walking around in a few days, or rather a shadow of his former self will be, if Frank does not conclude that he is light enough to fly instead.

An exchange says: "The fish ladder at Oregon City is awaiting a visit to this coast from U. S. Fish Commissioner McDonald, whose opinion will be had in the matter, before any steps are taken." We haven't seen the ladder lying around loose hereabouts and would also like to inquire whose steps are to be taken and when and by whom?

If the party who took the gray mackintosh from the porch of the house on Washington street near Seventh will call again, the owner will be pleased to give him the cape which belong to it, and the former owner regrets exceedingly that the present owner should have been deprived of said cape for even so short a time.

The lower story which is being added to the St. John's school building is nearly inclosed and is larger than the original structure as it extends back of it 20 feet. It will give considerable additional and convenient room to the school, which it was getting to stand much in need of.

The committee of Falls City lodge A. O. U. W., who have in charge the fitting up of the new hall on Seventh street are pushing on the lines to get it fitted up and ready for occupancy by the date of the first meeting in August when they expect to have a regular house warming.

The Boys' Brigade of the First Presbyterian church of Portland, which is in military camp at Gladstone Park, attended services at the Baptist church in this city last Sunday morning in uniform and looked very neat as they occupied seats in a body.

Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the best medicine I have ever found that would do me any good." Price 50 cts. Sold by C. G. Huntley.

If you have not been over the road along the Clackamas bottom on this side of the Rock Creek bridge since the wet weather in the spring you will hardly recognize the place so great is the change wrought by a force of graders under the immediate supervision of Jim Roots. The road has been straightened and thrown up in the middle with good ditches at the sides to carry off the water and they are now engaged in covering it with a substantial coating of gravel which will convert that piece of road from one of the worst in the county to one of the best. 'Tis well.

The case of the city vs. the county, brought in the name of H. C. Stevens, having been decided in favor of the county, all road taxes which have not yet been paid by parties living in the city are due to the county. The county court is planning to appropriate the money collected from the property in the city so that it may be used in improving the roads leading to the city, and as this tax amounts to quite a sum it ought to make considerable good road. One of the places under consideration for improvement is the hill road leading to New Era.

Wm. Sloman who is in charge of Leon W. Washburn's second advertising car for the "greatest show on earth" was in the city Wednesday. He says that the show will come from Portland here and that it will arrive about one o'clock in the night, but that they will not begin unloading the cars till daylight as that will give them plenty of time to get ready for the parade, which he says will be immense.

Regular mails are now being carried between the offices of Clarkes and Lacey via Springwater, Ellwood and Colton. The carrier leaves Lacey on Wednesdays and Saturdays at 6 o'clock a. m. and reaches Clarkes at 12. Returning he leaves Clarkes at 1 and reaches Lacey at 7 p. m. This route is a great convenience to the numerous settlers along the foothills who can now get their mail within reasonable distance instead of having to go a long way for it.

The way in which taxes left unpaid pile up was illustrated the other day when Sam Engle of Molalla went to settle with the county for the taxes on a piece of property which had been sold to the county in 1868, and which he had since purchased and sold again to Dr. J. J. Leavitt, giving a warrantee deed therefore. The tax was originally only \$1.80, but when Mr. Engle settled, it took just \$18.70 to pay the bill.

A representative of one of the biggest safe manufacturing companies was in the city on Monday and in conversation with one of our leading merchants stated that he had not seen a city on the coast that compared with this in life and activity, and he further said there was not another city on the coast that can come anywhere up to it in the number of mills and employees.

Three bids for the improvement of Main street were received by the committee Wednesday evening but owing to the inability of the mayor to be present at a meeting at that time the bids were not opened till the next evening at a special meeting of the council.

Mrs. Thos. Knowles is having a five room cottage built for her own use at the corner of Tenth and Madison streets. C. Hoberg, assisted by W. W. Marrs, is doing the work and they expect to have it completed in about three weeks.

Mr. Henry McDermott and son Joseph M wish through the ENTERPRISE to thank their friends and neighbors for their many kindnesses during their recent sad bereavement.

R. E. Dyer who recently established a tin shop on Seventh street has got well down to business in his new shop and has an ad in this issue of the paper which may interest you.

David Caulfield is nicely located in his new store and finds it very convenient and much to his advantage in many ways. He has not got into his meat market yet but expects to soon.

The meat market on the hill at the corner of Seventh and High streets has been refitted with some new screens and others appliances of a first-class market.

The spiritualist camp-meeting at New Era has not been largely attended so far, but as next week is to wind up the meetings a large attendance is expected.

C. W. Porter has traded a couple of houses which he owned in the city for Eli Criswell's fine farm out on the Highland road.

Teachers Take Notice.

The regular monthly meeting of the Clackamas county teachers will be held at Wright's Spring July 29th. The committee is making arrangements to entertain the teachers and a grand time is expected. If the teachers lying near Oregon City will notify the county superintendent of their intention to go, he can arrange a way for the teachers to leave Oregon City about 8 o'clock.

H. S. Gimson.
