Oregon City to Ely, Capas, Molalla and Molalla  
leaves at 12 m. and arrives at 12 m. daily.

Oregon City to Ely, Mink, Clark, Meadow Brook,  
Three Mills, Molalla and Colton, leaves at 10 a.  
Tuesday, Thursday and Saturday, and re-  
turns on following days at 2:30 p. m.

FRIDAY, JULY 14, 1905.

THE MONTEREY AT PORTLAND.—The

Monterey, the new coast defense battle-

ship will reach Portland harbor between

the hours of 10 and 12 this Friday morn-

ing. Definite information to that effect

has been received by the chamber

of commerce, in the shape of a tele-

graphic dispatch from Captain Louis

Kemf, asking for a pilot and declaring

his readiness to leave Astoria for Port-

land early Thursday morning, in ac-

cordance with his orders from the naval

department. Accordingly, Captain Pat-

erson, who will have the honor of steer-

ing the big warship safely into Portland,

will leave for Astoria this afternoon and

round the Monterey before midnight.

It is of the opinion, however, that the

vessel will not leave Astoria until to-

morrow at 1 o'clock, when there will be

high tide and the shoalest places can be

passed over in perfect safety. There is

not the slightest danger but that she

could make the passage even if the

water was at a much lower stage than

it is at present, for she draws less than

14 feet, but the river men wish to avoid

every possible danger. The Monterey

will move leisurely up the river until

she reaches Kalama, where she will

anchor for the night, leaving there again

at daylight, so as to reach this city be-

fore noon. Captain Patterson formerly

of this city, had the honor of piloting

the Charleston and Baltimore when they

were here two years ago.

SMALLPOX AT NEEDY.—Sunday after-

noon Capt. King as he is generally

called, of Needy rode into town and

stated that he had come for a coffin for

his boy, a young man about 23 years of

age who had died of smallpox, or as he

called it, varioloid. As near as could

be learned from him the young man had

come in from the vicinity of Sandy or

perhaps the Bull Run pipe line on the

road and complained of feeling sick and

stated that he thought that he was

threatened with some kind of fever, but

he was thought of it till later when as

he grew rapidly worse Dr. J. J. Leavitt

Molalla was called and pronounced it

varioid. The young man died about

1 o'clock Saturday night. As soon as

the authorities found out what the

trouble was they hurried Mr. King out

of town and Col. Bair and Chas. Nob-

let went out to care for the dead and

to establish a quarantine, which they did

early Monday morning. The body was

buried on the Sconce place where the

trouble occurred and the place has been

isolated so that unless the disease has

already been communicated to some one,

there will be no further danger of con-

tagion outside of the immediate family

which consists of Mr. King, his wife and

one child.

OLD RESIDENT DEAD.—Old Molalla, as

has been called for a long time has

MATTERS MILITIA.—Company F held

an important business meeting last Mon-

day evening following muster and in-

spection which was marked by a good

attendance. Capt. J. W. Ganong as-

sisted by Lieutenant L. L. Pickens made

the inspection and found the members

of the company and their equipments in

solidly trim. At the business meet-

ing E. S. Califf was elected to member-

ship and the commissioned officers

authorized to contract with T. W. Clark,

the owner of the armory, for an addition

at the back of about 25 feet, the month-

ly rental therefor not to exceed an addi-

tional \$5 per month. The name commit-

tee was also authorized to provide lock-

ers for the new uniforms if they deem

them necessary and satisfactory prices

can be obtained for their erection, and to

provide company rooms if they deem

it best. Afterwards new by-laws were

read and laid over for one month as

provided in the present by-laws. Those

which the company is contemplating

adopting are similar to those now in

use by all the other members of the reg-

iment.

WILLAMETTE FALLS COMPANY.—This

is the name of a new company recently

formed in this city and which has filed

articles of incorporation. The incorpora-

tors are P. F. Morey, Charles H. Cau-

field and H. Z. Burkhart. The capital

stock is placed at \$100,000. The com-

pany purposes to operate canals, locks,

basins and supply water power at or

near Willamette Falls. It will also gen-

erate and transmit electricity for heating

and lighting purposes and operate a

railway. This is an auxiliary of the

Portland General Electric Company. The

Willamette Falls Company will

have charge of the land and development

department of the Portland General

Electric Company, and will operate the

electric railway built on the company's

land from the suspension bridge to a

point on the Tualatin river. The

officers of the company are: P. F.

Morey, president; H. W. Goode, vice-

president; C. H. Caulfield, secretary;

Charles P. Thore, manager, and H. Z.

Burkhart, assistant manager.

A HANDSOME BARN.—Upon one of

the most conspicuous promontories on

the west side of the river stands a hand-

some structure which from its fine ap-

pearance might easily be taken for a

residence, and indeed to a certain ex-

tent it is, as the upper story is fitted up

as a commodious and convenient resi-

dence for the party in charge of the rest

of the premises which is none other

than Mr. P. F. Morey's fine private barn.

John Noblett is at present in command

of the place and has not only some fine

horses to care for but a good place to

keep them, there being besides the room

for carriages and saddles which is pro-

vided with a brick floor; five ordinary

and two box stalls which are supplied

with all necessary conveniences. Har-

ness and washroom with grain bins and

hay lofts complete the arrangements.

The barn will be connected with Mr.

Morey's residence and offices by tele-

phone.

SCHOOL BONDS SOLD.—On Monday

evening there was a special meeting

of the school board to consider the bid

which the county treasurer had received

for the \$6000 of school bonds which this

district is bidding for the purpose of building

the new school house. There was but

one bid to consider but as that was

deemed a very fair one for these times it

was decided that the treasurer be recom-

mended to accept it, its provisions being

for a 20 year bond with privilege of pay-

ing in 10 years, at six per cent par to be

paid in partial payments covering a

period of four months. The school dis-

trict will be at no inconvenience on ac-

Ladies' Tea.

Is a pleasant drink, which will be borne

by the stomach without nausea or grip-

ing. It acts thoroughly on the liver,

kidneys and reproductive organs. A

gentle physic, efficient diuretic, and is

most useful in scant or painful men-

struation. It aids digestion, and re-

duces corpulency; clears the complex-

ion, rendering it fair, and restoring the

natural tone of the skin, for it removes

the bile, which, by accumulation, pro-

duces the sallow, muddy complexion,

peculiar to the constipated state. Sold

by all druggists.

A Successful Worker.

Work cannot be successfully con-

tinued unless there is an active mental

interest in it. If the mind is not clear,

bright and buoyant, then the work is

drudgery and the worker is a machine.

An occasional dose of Moore's Revealed

Remedy will put the body and mind in

such harmony that the hardest tasks

will seem play.

PROTECT YOURSELF.—Insure your prop-

erty in the Guardian Assurance com-

pany of London. Cash assets \$23,000,000.

F. E. DONALDSON,

Oregon City, Oregon.

If you are wanting a home in the pleas-

ant spot on earth where you have all

the advantages of a city with all the

pleasures of a home in the country you

should not fail to see W. H. Spencer and

West Gladstone.

Shiloh's Vitalizer is what you need for

Dyspepsia, Torpid Liver, Yellow Skin or

Kidney Trouble. It is guaranteed to

give you satisfaction. Price 75c. Sold

by C. G. Huntley.

Lounges, chairs, etc., upholstered at

R. L. Holman. All work guar-

anteed. Repair all your old lounges for

little money and they will be good as

new.

You will lose money unless you ex-

amine the fine assortment of millinery

goods at the Park Place store before

purchasing.

Wedding stationery, the latest styles

and finest assortment ever brought to

Oregon City at the ENTERPRISE office.

Can you read your title clear, if not
