WHAT ABOUT TOWN.

Prices the lowest—The Red Front.

Blank note, receipt and order books at the ENTERPRISE office.

WANTED.—Wood choppers by E. Baker, contractor, Oregon City.

Hamilton & Washburn are paying the highest price for grain, hay eggs, etc.

Clean rags wanted at the ENTERPRISE for sale for wiping presses. High price paid.

If you want an abstract of title to your property call on Wade H. Spencer, Oregon City, Oregon.

The Gladstone car has not got to running yet owing to some of the arrangements about cars not materializing.

The Lyon & Healy is the best toned and most durable organ made. Sold on terms by Burneister & Andersen, x

Position wanted, by a first class wagon and carriage worker. References given and a trial of my work asked. Address 460, Oregon City.

Call and see the lounges at R. L. Holman and you will see some good ones which they are selling almost at manufacturer's prices.

Shiloh's Cure, the Great Cough and Croup Cure, is for sale by us. Pocket size contains twenty-five doses, only 25c. Children love it. C. G. Huntley.

Judge T. A. McBride and Senator G. Hayes have added neat stone walls to the front of their premises which materially to the appearance of the place.

There was a very fair attendance at the Presbyterian Sunday school picnic Tuesday and the little folks for whom was given had a most enjoyable time playing games.

F. P. Winesett, the undertaker, has received the finest line of caskets and coffins ever brought to Oregon City. Prices to suit these hard, dull times and not be underbilled in prices. x

Volume II, No. 3, of the Student, published at Portland by Alice G. Friedlander and O. C. Merrick is at hand and several of its pages shows it to a carefully edited and creditable magazine, pages of which are devoted to school matters.

I was prostrated with severe bilious complaint", writes Erastus Southworth, Bath, Me. "After vainly trying a number of remedies, I was finally induced to take Ayer's Pills. I had merely taken two boxes when I was completely cured."

The Corvallis Times of last week says there are many moans the river boats increase to whistle at Corvallis for the low water period. The channel is so shallow that they make the trip difficult. Those who know say ten days will see the end of this boating season at Corvallis.

On the 17th of the month Letta Miller, daughter of George and Jane Bolton, at the home of her parents in Astoria, aged 1 year and 18 days. The funeral occurred from the residence of Bolton's father, Capt. S. E. Miller, Canemah, Wednesday and included other exercises an address by the Rev. Kelm Smith. The remains were to rest in the Canemah cemetery.

W. Clark has begun building the addition to the armory which when completed will give 25 feet additional at the rear for drill purposes. The space near the door now occupied by the guns and the armory will be partitioned off a room for the company to meet in lockers will be provided for the uniforms so that they can be kept at the armory. These and the partition will be in by the company at its own expense. Captain Ganong is now working on the plans for the lockers.

Wednesday the Ramona made just a round trip, leaving here at the usual time in the morning and Portland at 7 o'clock in the evening. The trouble was in the Madison street draw which was down while closed so that the car could not get back. At evening the draw was opened and it will have to stay open for several days. This will interfere with street car travel on the line, and to obviate this they have agreed with the City & Suburban to defer all passengers, so that those who wish to take the electric cars for Oregon City can take the City & Suburban at Third and Yamhill streets.

HORTICULTURISTS MEET.

Clackamas County Fruit Growers Meet and Discuss Matters.

The second quarterly meeting of the Clackamas County Horticultural Society was held in this city last Saturday, Dr. Joseph Caste, president, and G. W. Robbins, secretary. The attendance was not as large as expected, as many of the members were in the midst of their haying seasons, when time can ill be spared. President Caste, in his opening remarks, emphasized four points as necessary to make the society useful. To encourage planting prunes, apples, pears, and not to be alarmed about over-production; to secure proper legislation to aid in the suppression of pests, and protection of fruit interests; to encourage co-operation in production and marketing; to encourage members of the local society to become members of the state society. These suggestions were discussed at considerable length, and especial emphasis was given to the question of co-operation and the experience of California fruit-growers. A committee of seven was elected to report a plan of organization. W. S. U'Ren, Frank Lee, G. W. Kidder, D. W. Howard, G. W. Robbins, J. S. Risley and Dr. Joseph Caste being the committee. The advantages of organization were generally admitted, and several instances of its usefulness in this county related, one being the combination of Messrs U'Ren, Howard and Hampton to handle their late crops of straw-berries. Owing to the unavoidable absence of most of those down on the program the exercises were more of an informal nature than it was expected that they would be. John M. Bloss, president of the state agricultural college, being present, gave a number of valuable hints upon what he believed was the origin of curled leaf in the peach. He related how he had experimented with 51 varieties and three trees of each variety, and said that in his judgment, if trees were protected from freezing of the sap and the ground well drained where they stood, much of the difficulty would be obviated. He illustrated by a series of photographs the breaking down of sapcells in the trees, occasioned by damp, chilly weather. The question of under-drainage was discussed considerably, and much emphasis given to its necessity. This led to a general discussion relative to peach growing and many valuable thoughts adduced from personal experience were presented. G. I. Sargent, secretary of the State Horticultural Society, being called for, giving a brief outline of the plan proposed relating to the fruit fair the coming fall. After numerous questions and statements by presided Bloss, George H. Himes and other members of the state society present, the idea of the state fruit fair was unanimously approved, and W. S. U'Ren elected as a committee to represent the county, and Charles Meserve to represent the society, to act in conjunction with the executive committee of the state society and all committees appointed by other counties. Prof Bloss talk on drainage was interesting, and listened to with evident appreciation. At 3.30 the association adjourned to the train and escorted the remains of the late A. R. Shipley to the boat and then returned and resumed its session. Among prominent persons form abroad were the following: Dr. John Bloss, G. I. Sargent, Frank Lee, Goe. H. Himes, and H. M. Williamson. It was decided to hold the next meeting at Canby, on Tuesday September 12.

Main Street Again.

The city council held a special meeting last Thursday evening for the purpose of considering street improvement matters, and opened three bids for the improvement of main street with vitrified brick. Those submitted were as follows: Pacific Bridge Company, by George W. Simon, \$42,152.85
Portland Paved Brick Co., \$38,344.83
American Bridge Company \$37,768.20
The lowest bid is \$580.02 below the bid which was submitted the last time, and which the contractor failed to qualify under.

As the bids were so nearly together the council determined to investigate fully the quality of the brick offered by the different companies and to that end appointed the following named councilmen to go to Portland and subject the several brick offered to such a test as they should deem best. These were J. J. Cooke, J. W. O'Connell, J. G. Porter, T. P. Randall and C. O. Albright.

The following day was spent by the committee in testing the brick which were first subjected to hydraulic pressure and afterwards placed in an iron cylinder for polishing castings with a quantity of pig iron and scraps and in this test the Fulton Park brick were only broken at the edges and points while the others were both chipped and broken in several pieces, thus demonstrating the superiority of the Fulton Park brick. The brick were also tested by being placed in water and it was found that the Fulton Park brick absorbed less than one third as much water as the other in the same time. Upon the committee's reporting these facts to the council at the special meeting on Friday night, the mayor and recorder were authorized to contract with the lowest bidder for the improvement of the streets. Up to this time the contract has not been signed by the parties securing the contract.

s pends 8-penny nails 25 cents at The Red Front.

Regimental Encampment.

The following orders have been issued by order of Brigadier-General Compton, O. N. G.:

Under the conditions announced by the military board of the state, the First regiment of infantry, O. N. G., a battalion of the Second infantry composed of companies B, C and H, and Light Battery A will form a brigade camp of instruction at Gladstone, Clackamas county.

The encampment will commence Saturday morning, August 12, and will continue six days, or as much longer period as the respective commanders of the First regiment, battalion of the Second regiment and Light Battery A may determine upon. The troops will arrive at the camp so as to be ready for duty on the morning of the 12th.

Major George C. Yoran, Second regiment, is assigned to the command of the Second regiment, taking part in the encampment.

Col. C. F. Beebe, First regiment, is charged with the location of and arrangements for the camp, and with the preparation and execution of the course of military instruction. The commanders of the battalion of the Second regiment and Light Battery A will report to him upon his arrival at the campground.

Company commanders should be provided with duty rosters, reports of attendance and sick reports. All headquarters should have consolidated reports of attendance, guard reports and reports of the troop. The fatigue uniforms of officers and men will be worn upon all occasions during the encampment.

Gladstone, which has been chosen for the site of the second encampment of the First regiment, is a beautiful spot on the north side of the clear waters of the Clackamas. The spot specially selected is just across the river from the county bridge and to the west and north of the county roads there converging. The ground is nearly level and the camp will be located near the road with the officers tents closest to the river and the parade ground back towards the Gladstone branch of the electric line, and the drill ground over towards the main line of the electric road which will be run so as to afford every opportunity for visitors from both ways to attend.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists, price 75c. per bottle.

Teachers Take Notice.

The regular monthly meeting of the Clackamas county teachers will be held at Wright's Spring July 29th. The committee is making arrangements to entertain the teachers and a grand time is expected. If the teachers living near Oregon City will notify the county superintendent of their intention to go, he can arrange a way for the teachers to leave Oregon City about 8 o'clock.

H. S. Gibson.

Union Pacific Further Reduces Rates.

Portland to Chicago \$33.60 first class; Omaha, Sioux City and St. Joseph \$30.00 first class. Rates correspondingly reduced to all eastern points. Consult Union Pacific Agent before purchasing and you will be convinced that the old Overland is the cheapest and quickest route to take.

Houses for Sale.

We have three houses and seven lots that we will sell at a great sacrifice on account of bad times.

HAMILTON & WASHBURN, Park Place.

Belvidere, Ill., Dec. 3, 1891.

NORMAN LIGHTY, Des Moines, Iowa.

Dear Sir:—Having suffered a great deal from headache for years and being unable to get relief until it would wear away of itself. I saw Krause's Headache Capsules advertised. I tried them and now am never without them, finding it the only remedy that will give me relief. When I now find a headache coming on me I take a capsule and find the relief instantaneous.

Respectfully yours,
G. H. Wright,
Boston, Mass.

For sale by Charman & Co., City Drug Store, Oregon City, Ore.

"My little boy was very bad off for two months with diarrhoea. We used various medicines, also called in two doctors, but nothing done him any good until we used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave immediate relief and soon cured him. I consider it the best medicine made and can conscientiously recommend it to all who need a diarrhoea or colic medicine. J. E. Hare, Trenton, Tex. 25 ann 50 cent bottles for sale by George A. Harding.

Wedding stationery, the latest styles and finest assortment ever brought to Oregon City at the ENTERPRISE office.

A Mount Hood Railway.

The Oregonian notes that the question of the construction of a single track railway from Portland to Mount Hood is being agitated at Sunnyside, Damascus and other points through and near which the road is proposed to run. Public meetings are announced to be held at Sunnyside, (Clackamas county), and at Damascus tomorrow evening by the citizens to consider the matter of subsidy asked for by the projectors of the road.

The company proposing to build this railroad is known as the Construction Company & Center Bearing Railway. This company proposes to "build a standard gauge road bed, with center elevated rail; to engage the bicycle system of locomotive and cars, from Portland to Mount Hood and intervening points; to also haul standard gauge cars; to take and deliver freight without change of cars to and from any part of the country." The company is asking a bonus from the property-owners along the proposed route of the road in land or cash. Five per cent is to be paid as soon as the road is located, 45 per cent when the road shall have been graded to premises of the one making the subscription, and the remaining 50 per cent when the road shall have been completed and trains running.

Card of Thanks.

I desire through the columns of the ENTERPRISE to thank the many persons, many of whom, while utter strangers, did all in their power to aid me in the hour of my great affliction, and I wish especially to thank Rev. G. W. Parker and family who threw their home open and personally cared for the wounded; and also the officers of the East Side Railway company, who at the time of the accident, placed a special car at the disposal of those who were helping to care for my beloved ones.

M. P. BRADLEY.

The Bergamot Tree.

There is but one spot in the world where the bergamot tree can be cultivated with profit—a fact of some importance, since its essence is indispensable in the manufacture of numerous perfumes and medical preparations. The spot referred to is Reggio, in Calabria, that extremity of the Italian peninsula which is familiarly known as "the toe of the boot." Mr. Kerich suggests that there is a good chance here for enterprising capitalists of getting a highly profitable monopoly of the bergamot tree by buying up from the producers all that they extract. At present the Reggio bergamot suffers both in quality and reputation through the frauds of small traders, who, it is said, mix it with ten parts of adulterating matter.—Chicago Tribune.

"Dead Man Claim."

"Dead Man Claim," the name given to a rich mine in Leadville, was discovered by a broken down miner while digging a grave. A miner died when there were several feet of snow on the ground. His comrades laid his body in a snowbank and hired a man for twenty dollars to dig a grave. Forgetting the corpse and his bargain, he thought only of the fact that he had "struck it rich."—Chicago Herald.

A Speaker's Right.

A gentleman while making a speech inadvertently stepping forward fell off the platform in response to the peals of laughter that greeted his untucky fall he claimed that any speaker had "a right to come down to the level of his audience."—Exchange.

\$500 Reward

for any trace of Antipyrine, Morphine, Chloral, or any other injurious compound in KRAUSE'S HEADACHE CAPSULES. 25cts For sale by Charman & Co., City Drug Store, Oregon City, Ore.

Last fall I was taken with a kind of summer complaint, accompanied with a wonderful diarrhoea. Soon after my wife's sister, who lives with us, was taken in the same way. We used almost everything without benefit. Then I said, let us try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and we did, and that cured us right away. I think much of it, as it did what it was recommended to do. John Hertzler, Belthel, Berks Co., Pa. 25 and 50 cent bottles for sale by George A. Harding.

In the line of furniture, carpets, window shades, wall paper, lounges and mattresses you can beat Portland prices by calling in the Oregon City bank block under the ENTERPRISE office. x
Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cts. Sold by C. G. Huntley.

The Monmouth State Normal.

During the past year the State Normal School at Monmouth has reached an enrollment of over 400, the largest in its history. The Professional Course has been much strengthened by the addition of the Model Training Department in which students are given practical experience in the application of methods, under the supervision of special critic teachers. Miss Edith Cassavant, a graduate of the Millersville, Pa., State Normal, has been added to the department for the next year's work.

In the Academic Course, the work in all the departments has been revised and strengthened. The school has a bright prospect for future growth and usefulness.
