SIAM SURRENDERS.

France Gobbles Up a Good Sized Slice of the Eastern Empire.

THE BRITISH PARLIAMENT ROW.

An Astoria Wife Murderer Confesses—Congressional Forecast—San Francisco Merchants.

Bangkok, July 29.—The Siamese government has accepted the full terms of the French ultimatum. The substance of the ultimatum is as follows:

First—Recognition of the rights of France in Annam and Cambodia on the left or eastern bank of the Me Kong river as far north as the 23d parallel of latitude.

Second—Evacuation within a month of the forts held by the Siamese on the east bank of the river.

Third—Full satisfaction for various Siamese aggressions against French ships and French sailors on the Meinam river.

Fourth—Punishment of culprits and provision for pecuniary indemnity to the victims.

Fifth—Indemnity of 200,000 francs for various damages sustained by French subjects.

Sixth—Immediate deposit of 300,000 francs to guarantee the payment of the fourth and fifth clause; or the assignment of taxes in certain districts in lieu of a deposit of 300,000 francs.

Paris, Aug. 1.—Advices received here from Bangkok show that no understanding has been reached in regard to the delimitation of the territory claimed by the French, or at least that no knowledge to that effect has reached the Siamese capital. Neither is it known at Bangkok that the blockade is to be increased. On the contrary, dispatches from Bangkok fully support the reports current last night that much uneasiness as to the final outcome of the trouble is felt in Bangkok and that the anxiety is increasing daily.

It is feared an attack will shortly be made upon Bangkok, unless the French government sends orders to Vice-Admiral Humann not to attack the city. The negotiations made are secret and absolutely nothing can be learned of them.

Row in the British Commons.

London, July 27.—There was a regular riot in the house of commons tonight, the scenes enacted there being unprecedented in parliamentary history. Ten o'clock this evening the hour was set for the closure debate in the committee on the home-rule bill. The early part of the evening was tame enough, being occupied by obscure members. At 9:45 Joseph Chamberlain arose to deliver the final broadside of the opposition. He was still smarting under the lash administered by Gladstone Tuesday evening, and spoke with much bitterness, giving his opinion of the closure as applied by the government. He was frequently interrupted by jeers by the Irish and cheers from his own side. After one period of the interruption he proceeded.

"The prime minister calls black, and his adherents say it is good. He calls white and they say it is better. It is always the voice of a god. Never since the time of Herod has there been such—"

Chamberlain got no further, for with his half finished reference to Herod, there came from the nationalists such a roar of indignation as has not been heard in the commons since the time of Parnell. Chamberlain was plainly startled, but tried to talk on. His voice was inaudible. T. P. O'Connor sprang to his feet and leaning toward Chamberlain, shouted "Judas."

When the clock struck 10, Chairman Mellor tried to put the closure, but his voice could not be heard. Then he gave the customary directions, but several conservatives shouted he must first call O'Connor to order for calling Chamberlain names. Mellor protested he had not heard the epithets in question. Then everybody started for the front bench, the unionists shouting "Gag." Others struggled in the aisles or between benches with radicals, liberals or Irish antagonists.

Blows were struck right and left. The whole space between the front benches was filled with a struggling, cursing mass of members, striking, clawing and upsetting each other. The sergeants-at-arms were powerless. Finally, Gladstone begged Edward Majorbanks, a sturdy liberal, to help stop the affair. Majorbanks dug his way through the belligerents and by dint of repeated appeals in the name of the premier, succeeded in stemming the conflicts.

Killed His Wife.

Astoria, Or., July 27.—Mrs. Caroline Hansen was murdered in a patch of raspberry bushes near her home Wednesday evening. She was found face down, her skull crushed in, and the head rest-

ing in a pool of blood, which was still warm. She was a quiet, good old woman against whom no mortal could be expected to hold either enmity or jealousy; and neither lust nor gain could have incited her slayer to the dreadful deed. The scene of the murder was the family residence on Bear creek 10 miles from this city. There were no traps nor desperate characters about, and the evidence at the coroner's inquest is conclusive that her killing amounted to wanton murder.

Astoria, July 29.—John Hansen confessed this afternoon that he murdered his wife at Beaver creek, six miles from here, last Wednesday. He acknowledged that he killed her in order to secure money which she had under lock and key. He killed the woman with a club and took the keys but did not find the money.

Hansen has been in jail since Thursday, and tonight the sheriff received word from the upper town that a mob of Finns and Scandinavians had gathered and were only waiting a leader to assault the jail and lynch Hansen. Every precaution has been taken to protect the prisoner. The sheriff declares if Hansen is reached by the mob it will be with the sacrifice of many of the rioters' lives and after walking over his body.

Organization of Congress.

Washington, Aug. 1.—There is a general impression in several quarters that a great deal of time will be consumed in the organization of the house. This ought not to be, because it is well known that Mr. Crisp, who expects to be re-elected speaker, is already hard at work upon his committees and will have them ready to announce very soon after his election. For this reason the organization of the house should not occupy nearly as much time as usual and congress ought to get down to work very soon. The principal fight that will be made in organization is the adoption of rules. The democratic leaders have already announced that they intend to adopt what they call modified closure, something not as bad as the Reed rule, but which will be effective.

Senator Mitchell's Views.

Washington, Aug. 1.—Senator Mitchell has declared himself. He thinks the republican press has made a mistake in attributing the present financial distress to the Sherman law, instead of the democratic success and fear of tariff revision, where it more properly belongs. The senator says: "I am a bimetalist. I believe in the use of both metals as money. I believe in the free coinage of both, and believe that the present ratio of 16 to 1 is fair enough. These are my present opinions, and I might be convinced that the present ratio is too low, and that the unconditional repeal of the Sherman law would be a good thing, but I certainly do not think so now, and I certainly will not vote for unconditional repeal."

The President's Plans.

Washington, Aug. 2.—Secretary Carlisle left here this afternoon for Buzard's Bay to discuss with the president the financial situation before the latter completes his message on the silver question. The secretary carries with him much information specially collected at the president's request. It is understood the president's message will deal solely with the financial situation. It is expected the president will leave for Washington Friday evening.

San Francisco Merchants.

Albany, Or., Aug. 1.—The San Francisco merchants' excursion party left here today for a trip to Salem. They will visit Eugene tomorrow and then go as far south as Roseburg, returning here to start home via Yaquina the last of the week. Among the party are a number of influential business men of Frisco who are making a determined effort to secure trade from Willamette valley towns.

Reduced Their Wages.

Spokane, Wash., Aug. 1.—A strike of section hands and surfacers of the Great Northern was precipitated today by the reduction of the wages of the former from the \$1.50 to 1.25 and the latter from \$1.75 to \$1.50. The strike involves 140 men. Seventy-five men were absent out by the officials of the road here to take the places of the strikers, and they announce there will be no difficulty in supplying enough more. The strikers received time checks as fast as they applied for them.

Congressman Gathering Slowly.

Washington, Aug. 1.—The members of the house now in Washington are still in the dark as to the date of the democratic house caucus necessary to perfect a scheme of organization. The lists at the house postoffice show very few new arrivals. For this reason the contest for the house offices lacks vitality. It is impossible for there to be a caucus of a majority of the senate this week.

TEACHERS MEET.

A Busy Week With the Instructors of Youth.

LIST OF INSTITUTE ATTENDANTS.

Meeting of the County Association at Wright's Springs—Good Attendance at the Institute.

The Clackamas County Teachers' Association met at Wright's Springs Saturday, July 29. The secretary being absent Miss Findley was appointed to fill the vacancy. Miss Rowen was elected editor for the following six months. The question "How to teach arithmetic to beginners," was handled by Miss Ross in an able manner. She believed in object lessons. A general discussion followed. The next topic was a debate; the question: "Resolved, That literature is a better aid in the study of history than geography." Mr. Heckman on the affirmative and Miss Ross on the negative. Mr. Hibbard and Mrs. Willet took an active part in the debate. The subject of calisthenics was then presented in a very nice way by Miss Findley. The music for the day was furnished by Mrs. Gibson, Mr. and Miss Knotts. The next meeting of the association will be at Marquam. The programme will be published later on.

COUNTY INSTITUTE.

The institute opened on Monday, July 31, with an enrollment of fifty. Prof. Ackerman gave the teachers a short talk before beginning the regular program. He said he thought that this should be a model school and he expected no teacher to do a thing that would not be allowed in his own school and he then proceeded to the program.

Prof. Ackerman's methods are plain, practical and to the point and may be used in any and every school in the county. The names of the teachers enrolled on Monday are Mrs. Amy Martin, Mrs. Anna Read, Misses Hester Rusk, Maggie Hampton, Jennie Bowen, Erna Lawrence, Jess Waldron, Mary Reilly, Annie Heinboethel, Berta Doering, Minnie Watenpaugh, Mamie Aldrich, Ednetta Chase, Madge Hill, Ada Randall, Myrtle Taylor, Henrietta Holcomb, Cora Martin, Sarah Allen, Ina Thomas, Lottie Ely, Grace Moran, Grace Holmes, Gertrude Findley, Clara Brown, Ora Nelson, Ida Yoder, Emma Griebel, Matilda Reed, Maude Salisbury, Zetta Edmiston, Hattie Willoughby, Libbie Bates, Messrs. Warner, Starkweather, Dnnn, Brooks, Rutherford, Reed, Cole, Barney, Cone, Nelson, Heckman, Yoder, Hankins, Anderson, Elrey and Mullan.

Tuesday the enrollment reached 74. Prof. Campbell discussed the subject of reading thoroughly. He believed that we ought to improve in our methods. He said that all primary teaching should be by objects. The subject of long division was presented to the teachers in such a manner that they could not fail to get some new and excellent ideas.

Prof. Rugg explained compound numbers to the teachers.

Those enrolled on Tuesday are Misses Frances and Ella Curran, Gertie Neffger, Mollie Hankins, Mary Daxies, Ida Starkweather, Effie Young, Winnie Graham, Ana Baird, Katie Feather, Carrie McCabe, Alma Gardner, Georgia Ruth, Mary Talbert, Aletha Phelps, Mattie Noe, Maggie Williams, Messrs. Convention of Silverites.

Chicago, Aug. 1.—The national convention of the American Bimetallic League met at 10 o'clock in the First Methodist church auditorium. It was the largest assembly of a like character in the history of financial agitation. The features of many scarred veterans of the monetary strife were visible in the heterogeneous assembly.

Look at the size of an ordinary pill. Think of all the trouble and disturbance that it causes you. Wouldn't you welcome something easier to take, and easier in its ways, if it did you more good at the same time? That is the case with Dr. Pierce's Pleasant Pellets. They're the smallest in size, the mildest in action, but the most thorough and far-reaching in results. They follow nature's methods, and they give help that lasts. Constipation, indigestion, bilious attacks, Sick and Bilious Headaches, and all derangements of the liver, stomach and bowels, are promptly relieved and permanently cured.

If we can't cure your catarrh, no matter how bad your case or of how long standing, we will pay you \$500 in cash. That is what is promised by the proprietors of Dr. Sage's Catarrh Remedy. Doesn't it prove better than any words could, that this is a remedy that cures catarrh? Costs only 50 cents.
