A Lively Runaway—Man Thrown From His Wagon—Farmers Looking Blue—Playing Hide-and-Seek.

MINK, Aug. 20.—A lively runaway took place here last week. While Mr. Schmitt was hauling lumber his horses got scared and started to run throwing him off the wagon. The horses ran about two miles with the tongue and double trees, leaving the rest of the wagon scattered along the road. Mr. Schmitt was not much hurt.

Martin & Sons have bargained for about one thousand acres of timber which will give them five or six years run with their saw mill.

The grain is about all cut. Threshing machines will start up this week, but it will take a good big crop to pay for twine and threshing, saying nothing about taxes, which will take the rest. Some of the farmers who have certain payments to meet this fall look rather blue on account of the low price of wheat.

Mrs. Grimmer of Albany returned from the East with her son Wm. Lindau who has been gone about four years. They are visiting her daughter, Mrs. E. W. Hornishub. Some are predicting a hard winter as hazel nuts are plenty. The children are gathering them for the long winter evenings.

The crew at Martin's saw mill had quite a scare one night last week. Miss Cora Martin saw a man hide in an old log. She ran to the mill and told her father. The whole crew went in search but failed to find him. Some watched all night. He tried to get into the kitchen during the night but was scared off. The next day they found out that it was one of the neighbor's sons who left home several days ago and who thinks the world owes him a living. Monk.

FROM ANOTHER CORRESPONDENT.

MINK, Aug. 22.—The rain we are having was much needed, though some of the farmers who have lots of grain cut and much more ready to cut, don't think so.

C. Moebke shut down his saw mill at the Tualatin last week and started out with his threshing machine yesterday.

Rev. J. Staub and wife, of Portland, spent a few days out here with his father last week.

Willie Hetman, age 15 years, son of C. Hetman, left his home Monday the 14th, and has not been seen or heard of since. He didn't give any reasons when he left.

Masters J. and C. Kelly of Oregon City are spending a few days out here with their many friends.

STAFFORD.

STAFFORD, Aug. 15.—Harvesting is in full blast with a prospect of a good yield. Nearly all the farmers have self-binders, so that harvesting does not bring the hard work either in the house or out as it used to do in old times when harvesting was done entirely by hand.

The community were shocked on Sunday by news of the sudden death on Saturday night of Mrs. Frederick after an illness of only two days. She leaves two small children besides her young step-children. She was only 21 years old and beloved by her family and friends.

Henry Oidenstadt, brother of our townsman, F. Oidenstadt, arrived with a band of horses from eastern Washington a short time ago.

Hazelnuts have been quite plentiful this year and boys and girls have improved the time like the squirrels to lay in a winter store.

Has the Herald really gone up the spout? A case of trying to sit upon two stools. I reckon.

T. Turner is doing the first threshing of the season, by starting in to day.

John Schalts, the father of all, is building a nice new house in the Stafford lane. He has two feet of water in his new well.

Men frequently come along looking for work among the farmers, but while farmers are blessed with plenty to eat they have not much money to hire help as produce is very low.

Highland Happenings.

HIGHLAND, Aug. 21.—Harvesting is in full blast. Grain is being cut with the newly improved self-binder, with the old reaper, and even with the old-fashioned cradle which is being rocked and brings down the grain at every stroke. Grain is well headed out but is very thin.

The threshers are preparing their separators and Highland will soon be flailed out. Potatoes and garden stuff are suffering for the want of rain.

Hop picking will soon be in order at Minkville near Highland.

Our esteemed friend Dave Miller has located in Highland with his better half, and is playing sad havoc in the forest on his ranch near by.

Horse traders and horse sellers, or people attempting to sell, are somewhat numerous in Highland just at present. But very few sales are effected.

Miss Minnie Harrington and her brother

George are making preparations to attend the Normal school at Mountmouth.

Our friend Joseph D. Myers is occupying the Newbill mansion at the foothills and is enjoying himself fishing, hunting, picking blackberries, milking his cows and making butter. He lost some of his calves.

A pest known as the potato bug has made its appearance in Highland and is having a nice time among the potato vines. It is black in color, shaped very nearly like a large black ant, just like the black potato bug in Kansas. Whether they are going to be destructive to our potatoes remains to be seen. CORRESPONDENT.

CHERRYVILLE, Aug. 19.—Wild blackberries, or correctly speaking dewberries, were seldom more plenty than this year. But the cool weather delayed the ripening. Some of the pickers came too soon. Moreover the rank of fern conceals the berries in many places.

Claude Baty is still in East Portland recovering slowly under the care of his mother and his brother Bert.

Ollie, infant daughter of Mr. and Mrs. G. Thomas Beebe, died last Sunday morning of whooping cough and was buried at Cherryville on Monday. Elder Rich conducted the services preaching an excellent discourse. The bereaved parents have the earnest sympathy of our entire community.

Salmon shots.

SALMON, Aug. 19.—Among the late arrivals at McIntyre's camp are Mrs. Ora Baird of Portland, and Mrs. Will Harris of Powell's Valley, sisters of Mrs. McIntyre. They are accompanied by Mrs. Heitschmidt and Mrs. McCormick of Portland. Doc. Reed is also in the camp. Miss Silvia Hamilton of Powell's Valley, is staying at present with her sister Mrs. J. T. McIntyre.

SANDY.

Soldiers' Reunion at Pleasant Home—Wedding at Alms—Mountain Travel.

SANDY, Aug. 20.—The reunion of the old soldiers which was held at Pleasant Home the 19th instant was a grand success and was attended by a large and interested crowd. Hon. G. C. Brownell, Hon. Henry E. McGinn, and Gen. Cooper, the speakers who promised to be present failed to come. The parade was formed at the store. From there the march was made to the park headed by the band, the veterans, sons of veterans following in order. At the park Mr. Stevens, president of the day, introduced Mr. Merry, of Mt. Tabor, who made an excellent speech. Other old veterans made a few remarks. Clarence Stevens also made a nice speech. Vocal music was furnished by the glee club. In the afternoon the young people indulged in dancing on the platform, while the old veterans gathered about in groups and talked over old times. All had a real good time.

The travel is quite lively now up to the mountain. People are coming by the wagon load every day.

Lents Items.

LENTS, Aug. 16.—I want to tell you that we are still on deck here on Mt. Scott, and although rain would be highly appreciated crops are still looking well and growing.

Our soil holds moisture well if it is well cultivated. J. G. Zinser, living on the slope of Mt. Scott, harvested two tons of good timothy hay from 63 rods of land, by actual weight and measurement. He had a lot of 2 1/2 acres of the same kind, but only weighed that much of it. The yield was some better than five tons to the acre. Who can beat that?

Fruit is dropping off a good deal, especially prunes. Grapes are looking well.

J. G. Zinser left over the N. P. road for Chicago yesterday, August 15, to visit his mother and friends and the great fair at that place. He expects to be gone two or three months.

The Free Methodist camp meeting now in progress at Fremont is well attended and encouraging results are expected. C. F. G.

Be Your Own Master.

Few people appreciate how much their impressions, their whims and impulses, and in fact all their mental energy depends on the harmonious action of all the vital organs. A poorly digested dinner may make one quarrel with a friend. A contested liver may bring imaginary gloom and trouble into the sunniest day. A rheumatic pain may keep you from business or work and entirely change some marked out policy. A few doses of Moore's Revealed Remedy will give tone to every function and make you enjoy your friends and your work.
