The way to build up Oregon City is to give Oregon City people your patronage.

FRIDAY, AUGUST 23, 1893.

Hop Tickets.

Made from best quality of tough check. By purchasing the stock in large quantities at wholesale prices and with electric power and fast running presses the ENTERPRISE is able to give prices on hop tickets lower than ever before offered. Send for sample and prices.

SPRAY OF THE FALLS.

Washburn mandolins, guitars and banjos at Burmeister & Andersen's. x
 Strings and extras for guitars, violins, mandolins and banjos at Burmeister & Andersen's. x

Have you seen the school shoes sold at the Park Place store for \$1. Sizes from 5 to 12.

You will need a new suit for your boy. Buy it at the Park Place store. We will sell a good suit for your boy for \$1.60.

Watches, clocks and jewelry repaired promptly at Burmeister & Andersen's. Prices reasonable and work guaranteed.

They are certainly giving better goods for the money at the Park Place store than can be bought elsewhere in the county.

Lieut. F. S. Kelly was selected by Colonel Beebe to act as one of the pallbearers at the funeral of Lieut. Nelson on Wednesday.

Lamps, crockery and glassware of factory prices. New invoice just received from the east. Will not be undersold. See Bellomy & Bosch. x

Mr. W. F. Norcross a very pleasant journalist representing several San Francisco papers was in the city on Wednesday and called at this office.

The sound of the wood saw is heard in the land, one of the reminders that the "melancholy days" of the year are at hand and must be prepared for.

Call in at the Park Place store and see the new prints just received from the East. They are pretty, cheap and warranted fast colors. Come and see them.

The armory of Co. F in this city has been appropriately draped in mourning in recognition of the death of Lieut. Nelson while participating in the battle on Saturday.

For some time past it has been the wish of Wm. Boyer to take his family to Indiana where he has relatives and on Tuesday he was able to get away with all of his belongings.

Wm. Davis the painter finds plenty to do right along and is not troubled in hunting for work. This is because he does good work and executes all orders promptly and according to agreement.

The Portland General Electric Company has made a cut in wages of 10 per cent, with all of its employees from the president of the incorporation down to the office boy and poorest paid laborer.

The Salem Statesman notes that Mrs. James Athey of this city, who was very ill from asthma a short time ago, is now at the home of her daughter, Mrs. H. B. Holland of Summer street. She is rapidly recovering and is getting along very well considering her advanced age.

An attachment of over \$1200 has been placed upon the property of the B. L. & A. Reduction works which have been operating in the old cement mill during the past few months. As their operations have been mainly of an experimental nature and they were Tacoma operators nothing is known of the business here.

Does your wife know that the best graham flour obtainable comes from C. T. Howard's mill at Mulino? The reason for this is that he makes this branch of his work a specialty and as he uses the old-fashioned stones for grinding it he can give you better flour than the other mills. If you enjoy gems or graham mush try that made by Howard once and you will use no other.

Commercial travelers are proverbially good feeders and if a good square meal is to be obtained in a city they know where to go for it, and all you have to do when alighting from a train is to follow their lead and you will find good beds and tables. It is well known all along the road that since W. C. Faulkner assumed control of the Livermore hotel restaurant it is the only place in the city to go for first class meals, and that is why all commercial travelers stop there.

COUNTY COURT.

Business Transacted at Special Term, Tuesday, August 23, 1893.

In the matter of rebuilding the bridge across Johnson creek near Milwaukie, bids were received as follows: C. F. Royal, for Howe truss, \$1300; strain beam, \$1200; bridge covered at \$2 per lineal foot. Pacific Bridge Co., for combination Pratt truss with iron cylinder piers, \$1500; same, with piling piers, \$1200. Contract awarded to the Pacific Bridge Co., for the construction of combination Pratt truss bridge with iron cylinder piers at the price bid, and the county judge authorized to enter into the necessary contract with said bridge company on their filing the requisite bonds. R. Scott was appointed to superintend the construction of said bridge.

Report of J. W. Meldrum, county judge, in the matter of caring for D. Boyer and family. County charges approved.

Ordered, that a warrant be drawn in favor of R. Scott for \$92 to reimburse him for money advanced in the purchase of tickets for D. Boyer and family and cash for necessary traveling expenses while on their way to Indiana.

It appearing from a delinquent tax roll for the year 1891, prepared and certified to by the sheriff, that there are certain mortgage taxes due and unpaid for that year, it was ordered that a warrant be issued authorizing the sheriff to proceed at once to the collection of said taxes. The sheriff was also authorized to make a certified list of the delinquent taxes on land for the year 1891, and determine as far as possible how much of said tax is a valid levy.

Milage and per diem allowed H. Bair, \$5.80; R. Scott, \$4.80.

Work at the new power station on the west side of the river is progressing in a very satisfactory manner at present and it is being pushed in two directions, viz. upon the cofferdam at the sight of the station and upon the canal walls. The sight of the station is now receiving a large part of the energy being devoted to the work there as it has been kept back by the high water, and hereafter men will be kept busy there day and night. Six large arc lights have been placed which will be used while the cofferdam is being placed and as soon as that is done six more lights will be supplied and a much larger force of men put to work for the season is getting well advanced and it is desirable to get the walls of the building up and the roof on before winter.

Street work is the order of the day in this city at present and is being prosecuted with vigor all along the line. At the head of Main street the contractors have about fifty men at work under the supervision of Moody. They are removing the old stones which have constituted the sole road bed for these many years and are hauling them with all dirt above the grade to the low places at the head of the street or out upon the river front. This takes in most cases about a foot off of the street's surface. As soon as the gravel bed at Moss Hill is open they will begin hauling gravel, and as it will require about 7500 yards this will give a good many day's work to men and teams.

The new A. O. U. W. hall at the corner of Seventh and High streets is completed and furnished ready for occupancy and will be used by Falls City lodge for the first time on Friday evening of this week. The hall itself is large and well proportioned and the acoustic qualities are most excellent while the arrangement is as good as the best. Something like \$400 has been spent in fitting the room up and in providing furniture suited to the needs of one of the strongest orders in the city, and the hall will appear very handsome when the electric lights shine upon the congregated members on Friday night, it being the purpose of the lodge to have all members present at that time.

At the lower end of Main street the trestle beyond Fourteenth street on the east side of the street is nearing completion and the piles are nearly all set and sawed off for the west side. The planking is being pushed on both sides of the street and but for the railroad work which requires considerable more time than the road work it would be completed in another week. The holes for the piles at the trestle below Moss street are nearly all dug on the east side of the railroad track, but those on the west side will have to be left till the road can be laid on the east side so that the present road may be torn out.

Dan Lyons who secured the contract for improving and graveling Fifth street from Van Buren to High street began his job the first of the week with enough men and teams to indicate that he intends to push the work and not be caught by the wet weather with an unfinished job on his hands if he can help himself. He began work at the upper end of the street near the point of hill leading down from Falls View and will work this way. The street presents a much more lively appearance than Main street on account of so many teams being at work.

Under the direction of the county court the road leading out to Mt. Pleasant is being improved and will be planked so as to make it a good road and easy grade out of town to the south.

Volunteer Firemen Tournament.

The firemen of this city have for some time been making preparations to go and take part in the State Tournament of Volunteer Firemen which is to be held at The Dalles on the 4th and 5th of September, but their plans were not perfected until recently. The several companies of the city will join in giving Oregon City a good representation and the committee has arranged for a good delegation which will leave here on Sunday morning, September 3d by boat to be transferred to another boat at Portland. The trip will take most of the day and will be a delightful ride by river through some of the most picturesque scenery on the Pacific coast. The fare for the round trip from Oregon City to The Dalles will only be \$1.00 which is very low indeed. Hotel rates have also been reduced to \$1.00 per day so as to attract as many as possible to the tournament. Those who are looking after the interests of Oregon City say that they expect to have not less than forty who will go from here.

Wallace Cole was appointed at a meeting of the fire companies to select a team to go to the tournament and he has chosen the following, making eleven besides himself. They are Wallace Cole, E. Taylor, Geo. Brown, Frank Brown, E. F. Reckner, Geo. Fenimore, Chas. Paterson, H. W. Trembath, Bert Greenman, W. S. Rhodes, Chas. Moore and E. J. McCausland.

It is also the intention of the managers to take along a base ball nine to compete for the prize and arrangements are pending for the companies here and in Portland to join in taking along a band, and it may be that the Oregon City band will be chosen.

The ENTERPRISE has received word from The Dalles that every preparation is being made there for a big time and that no pains will be spared to make the occasion a most enjoyable one to all present, special low rates having been made on every hand. A big parade will be one of the attractions and numerous cash prizes will be competed for.

On the last pay day instead of paying the cash as usual the Oregon City Manufacturing Company issued pay checks for the wages due their employees, on one half of the amount being due and payable in 30 days and the balance in 60 days. As this is practically a return to the old style of retaining two months' wages and against which the employees formerly strenuously objected it does not meet with general favor now either with employes or the merchants who in many cases have to carry them on this account. It is stated that the carding room took the horse by the bit and refused to work upon that basis and that their demands were acceded to and they received the pay due them.

In response to a number of inquiries relative to the amounts of the several bids made to the county court for medical attendance upon the county poor and which was not given in the county court proceeding last week they are here given and are as follows: Dr. J. W. Powell, \$792; Dr. O. W. Yeargain, 700; Dr. D. L. Paine, \$660; Dr. E. Schubert, \$298; and Dr. W. E. Carl not to exceed \$250.

Assessor John Bradley and his deputies have practically finished up their work and are now ready to submit the books of the office to the board of equalization which is to meet next Monday and continue in session during the week. If there is any doubt in the mind of any one relative to the assessment standing against him then is the time to fix it or to forever after hold their peace.

The Bank of Oregon City has greatly improved the appearance of the interior of the bank by the addition of a new railing over the bank counter and a rearrangement of the windows for the transaction of business. Besides being much more convenient for the bank officers it affords better protection to the funds should any one be disposed to make a raid on the bank in the day time.

Last Saturday Charles Surfus found a purse containing something over \$17.00 at the encampment at Gladstone and he caused a notice to be sent to the Oregonian and posted at the camp. On Monday a Portland man came up and described the purse sufficient to identify it as his property. He gave Charles a dollar for finding the purse.

Mr. J. C. Boswell, one of the best known and most respected citizens of Brownwood, Texas, suffered with diarrhoea for a long time and tried many different remedies without benefit, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was used; that relieved him at once. For sale by Geo. A. Harding.

Humphrey Trembath has gone to Grays Harbor where he is engaged in fishing for a Portland firm. Mrs. Trembath will leave for Westport and Astoria in a few days where she will remain most of the time during his absence.

Albertina Huffman and Adelbert Achenbrenner have the permission of the county clerk to unite themselves in the holy bonds of matrimony.

The sheriff has posted notices of sale of The Herald plant upon the 2d of September. The notice read A. W. Sefton vs. Ross.

Prof. H. A. Shorey will occupy the pulpit of the Congregational church again next Sunday morning.

County Warrant Notice.

Notice is hereby given that if the county warrants, hereinafter named, which were issued more than seven years from the first day of July, 1893, are not presented for payment before the September term of the county court, viz. September 6th, 1893, they will be cancelled and payment thereof refused. Number of warrant 668, amount \$170, issued to Fred Wise, date of issue January 6, 1886; number of warrant 1121, amount \$1.00, issued to J. H. Darling, date of issue April 9, 1886; number of warrant 1330, amount \$3.30, issued Isaac Farr, date of issue June 10, 1886. Geo. H. Horton, County Clerk.

Confections and Cigars.

Dealing in home made of fine domestic Havana Cigars, choice grades of Tobacco, Pear, Orange and Champagne Cider and Soda of different kinds. Cigars wholesale and retail. Please give us a call. REDDAWAY & BACHLER.

H. T. Sladen and wife moved to their very neat cottage at Gladstone where they will be at home in future. The shop where Mrs. Sladen has lived so long will still be conducted by Mrs. Sladen but at such hours as she cannot be there the Misses Winona Williams and Edith Wishart will look after her interests. Both are familiar with the work and duties and are well qualified to take charge of the store in Mrs. Sladen's absence.

The success of Mrs. Annie M. Beam, of McKeesport, Pennsylvania, in the treatment of diarrhoea in her children will undoubtedly be of interest to many mothers. She says: "I spent several weeks in Johnstown, Pa., after the great flood, on account of my husband being employed there. We had several children with us, two of whom took the Diarrhoea very badly. I got some of Chamberlain's Colic, Cholera and Diarrhoea Remedy from Rev. Mr. Chapman. It cured both of them. I knew of several other cases where it was equally successful. I think it cannot be excelled and cheerfully recommend it." 25 and 50 cent bottles for sale by GEO. A. HARDING.

Green Goods.

Don't be tempted to invest in them. You will get into trouble every time and in the end poverty and disgrace. The genuine Uncle Sam's green goods are the only ones of value. They make you rich; especially when used to purchase Simmon's Liver Regulator to cure your indigestion, dyspepsia, Constipation or Biliousness, or drive away Malaria. Don't be tempted to take anything else in place of the Regulator.

The People's Verdict.

Besides curing the worst case of rheumatism in Clackamas county, the following cases speak:
 Mrs. Charles, of Seventh street says: "My boy's right leg was paralyzed from his hip down, so that he was unable to put his foot to the ground for over twelve months. After using three bottles of Mr. Hargrave's famous Seaweed Remedy. He can now run around without his sticks."
 Mr. Michael Quinn of Oregon City, says "I was laid up with a severe attack of inflammatory rheumatism in a most acute form. Three applications of the famous Seaweed Remedy entirely cured me."
 Mrs. Geo. Reddaway says, "It is worth its weight in gold for rheumatism."
 Sold by Geo. E. HARGRAVE, South Madison Street, or at Thayer & Alden's office, Oregon City.
