SPECIAL MESSAGE.

The President Will Present a Message Relative to Finance

SURPLUS SILVER TO BE COINED.

A Money Scheme Proposed—Electric Car Accident—Dr. Graves Suicides—The Dalles Tournament.

NEW YORK, Sept. 4.—A special from Washington says the president has decided to send another special message to congress. He has called his cabinet to meet tomorrow to discuss the proposed message. The president will ask congress to authorize the coining of the silver bullion in the treasury. This amounts to \$52,000,000, and is the profit that the government has made on the purchases of silver. The coining of this would be sufficient to make up the deficit that now threatens the treasury. This will also have the effect of satisfying the silver democrats that the administration is not the enemy of silver that it is painted. The president had a long talk with the speaker this morning on this subject, and Mr. Crisp is in full accord with the president. He thinks such a message will do much to allay the fears and disappointment among the Southern and Western democrats, who have occasionally been led to believe that unconditional repeal was a death blow to silver and consequently detrimental to their prosperity.

Want Lots of Money.

WASHINGTON, Sept. 2.—Pfeffer's sub-treasury bill introduced yesterday is in the nature of an amendment to the constitution. The first amendment, known as No. 16 directs the secretary of the treasury to print and issue to state governments \$5,000,000 for each hundred thousand inhabitants, or at the rate of \$50 per capita.

This money is to be distributed in small denomination legal tender bills delivered to states free of cost or interest. States are prohibited from lending it in excess of interest charge, 3 per cent.

Money is to be let on landed security double the amount borrowed. No person shall borrow more than \$2000. Corporations are not allowed to lend money. All other money other than metal now outstanding shall be called into the treasury and destroyed.

The secretary of the treasury is required to print 5,000,000 fifty cents bills and the same number of 25 cent bills to be sold by postmasters.

Amendment No. 17 prohibits the deposit of any public money in private or incorporated banks other than the national treasury or sub-treasury.

Amendment No 18 provides for the free coining of both silver and gold.

Amendment No. 19 prohibits sub-treasuries from buying gold or silver, or receiving gold or silver for deposit, and issuing substitute money therefore.

Amendment No. 20 divides the national treasury into two separate departments: one to receive all revenue due the government and disburse the same, and one to issue money and distribute money to states and renew mutilated bills.

Disastrous Street Accident.

CINCINNATI, O., Sept. 3.—What will prove perhaps the most disastrous street-car accident ever recorded took place in this city this evening at 7 o'clock. An electric car dashed down a hill at frightful speed, left the track, broke a telegraph pole and shot into a saloon, wrecking both itself and the structure it struck. As a result of the collision, two people are dead, six are injured beyond recovery and nearly forty more are hurt, many of them dangerously. The car was smashed to splinters. So was the front of the saloon and the bar, and from the debris at once rose agonizing cries and moans that told those within hearing that a terrible accident had occurred. Six patrol wagons were upon the scene within a few minutes, and the dead and dying were quickly transferred to the city hospital, where the entire medical corps was soon busily engaged in rendering such assistance as was in their power.

Fireman's Tournament at The Dalles.

THE DALLES, Or., Sept. 4.—The first day of the Oregon firemen's tournament has passed off very satisfactorily. The morning's parade was witnessed by every man, woman and child in the city and was admired by all. The banquet served at noon was the finest the markets afforded and was evidently appreciated. At 2 p. m. the baseball contingent of Goldendale met the Oregon City club and were vanquished by score of a 19 to 13. The game was practically a walk-over for Oregon City. The principal event of the day was the straightaway hose contest, for which Vancouver, Oregon City and the Dalles was entered. Pools sold yesterday and today showed the Vancouver team a strong favorite,

with Oregon City second choice. The Dalles team was overlooked entirely, as it had no racing cart and was obliged to pull about 500 pounds more than either of the other teams. The result, however, showed that the continuous practice of the past was not without its reward, for the team won the race by 1 1/2 seconds; time. The Dalles, 34 3/4; Vancouver, 36 1/4; Oregon City's men did well, but a bungle in coupling brought the water several seconds after the nozzle was in place.

Dr. Graves Commits Suicide.

DENVER, Sept. 3.—Dr. Thatcher Graves, formerly of Providence, R. I. was found dead in his cell at the county jail about 9 this morning, where he was awaiting re-hearing on the charge of poisoning Mrs. Barnaby, a wealthy widow, also of Providence. The poisoning is said to have been done to cover up Dr. Graves' alleged defalcations as manager of Mrs. Barnaby's estate. The doctor took his own life, using morphine.

Bankers in Trouble.

CORVALLIS, Or., Sept. 4.—Zephin and Benj. R. Job, partners in the private bank of Hamilton, Job & Company, which suspended on June 9th, were arraigned today in the justices court for having failed to pay on demand county funds to the amount of \$11,000 on deposit when the bank suspended. They waived examination and were released on bonds of \$4,000 to await the action of the grand jury.

The Senate Will Vote Soon.

WASHINGTON, Sept. 3.—The senate shows no disposition to shirk the responsibility placed upon it by the house to pass the bill to repeal the Sherman silver law. Mr. Voorhees has given frequent notice that he will press the repeal bill at all times, until it is disposed of. It is expected that Mr. Hale's proposition that the senate meet at 11 o'clock daily will be accepted.

Hurricanes on the Atlantic.

CHARLESTON, S. C., Sept. 2.—The News and Courier has made a full investigation of the condition of affairs on the coast of Carolina and finds its reports not exaggerated. The loss of life will aggregate 800 in Beaufort county between Charleston and Savannah. The storm swept away most of the homes as well as the growing crops and left the people in a destitute state.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

DROVE THEM OUT.

Chinese Driven Out of Butteville by White Hop Pickers.

THE EVICTING QUIETLY DONE.

The Whites Are Determined not to Permit the Mongolians to Pick the Crop This Season.

PORTLAND, Sept. 4.—Early yesterday morning fifty-six Chinese hop-pickers in the hopfields about Butteville were evicted from their houses by twenty-five white men, escorted to the nearest dock and shipped to Portland on the steamer Toledo, arriving here late in the afternoon. The eviction was made by unemployed white men, who had been sent to the fields by employment agents with the assurance that they would easily obtain work, and who arrived there only to find that all the hopyards had been supplied by the growers. Many of the whites had families to support, and being without funds and no prospect of work, they drove the Chinamen from the town in the hope of securing their places.

"The eviction was conducted in a very orderly manner, and was all over by 1 o'clock. There was no sign of violence until preparations were made to put the Chinamen on the boat. When the Toledo arrived at the dock, the crowd, which then numbered about 400, ordered the captain to take the celestials to Portland or anywhere else out of the city. He refused, and was then told that there would be bloodshed if they remained in Butteville. The captain was determined not to take them on board, and when someone shoved a Chinaman off the dock. He fell to the boat but was not hurt. Another one was pushed off and also fell to the deck. Some one in the crowd shoved a third one off the dock, but he was not so lucky as his companions, for he fell into the river and got a drenching. Then the captain saw that if he did not take the Chinamen on board there would be bloodshed, and accordingly brought them to Portland.

An eye witness says that the evicting force consisted of seventy-five resolute men. After visiting Mr. Eilers place and notifying them to discharge the Chinese which demand was agreed to the party moved on to Beck's hopfields, a half miles west of Butteville. The same demand was made, and was refused by Mr. Beck on the ground that he had written contracts with the celestials and could not discharge them without losing a large sum of money. "If you cannot, we can," was the firm reply of the leader. Mr. Beck was politely told to step aside, and then the men began searching for the Chinese.

THE MONGOLIANS HAD HID.

Rumors of a riot had been floating about Butteville for a day or two, and on the first appearance of the men the Chinese had scampered away to places of safety. Some sought refuge in the fields, some under hog pens, some in hay stacks, but all were rounded up in the middle of the road. They were greatly frightened, but when given to understand that they would not be harmed, overcame their fears of their captors, and chattered pleasantly with them in broken English. There were forty in the gang and they were marched back to Eilers', where the other six were taken into custody. Then all were taken to the dock and placed under a guard. The whites then returned to Beck's neighborhood and visited a hopfield and notified the twenty Chinamen employed there to pack up and prepare to leave. This they did quietly, and they were escorted to the dock and placed with their countrymen.

THE ENTERPRISE SPECIAL CORRESPONDENT.

BUTTEVILLE, Sept. 5.—There was forty-five of the mob in number and thirty-seven Chinese in the camp, but they marched to Butteville with the American flag floating over them in their victory. That evening the sheriff of Marion Co. was notified and he came down this morning intending to disperse the mob. This affair was conducted by a young man who seemed to be bright and a good talker. There are men of most every profession in this affair. Two good bookkeepers who have been thrown out of employment by this crisis and must have work or beg their living are among the number.

From the few facts that I have collected I understand that the growers agreed to engage white labor, but it seems that these few growers who are having the trouble did not stand by this arrangement of the association. Last Sunday evening some one placed a bomb of some unknown description under the house of two chinamen while asleep and damaged the building to some extent but did not injure the men therein.
