FULL STOCK OF FLOORING, CEILING, RUSTIC AND FINISHING LUMBER, DIMENSION STUFF AND LATH.

Special Bills Cut to Order

Mill and Yard on the River, Foot of Main Street, OREGON CITY, OR.

## THE COMPROMISE.

The Silver Discussion Dragging Along in the Senate.

BORN IN THE WHITE HOUSE.

Emin Pasha—The Special Tariff Committee Holds Meetings—The Ohio Campaign.

WASHINGTON, Sept. 8.—The last extremity, closure, is not to be invoked by the American senate. A heavy majority of members is in favor of unconditional repeal, but this majority has been carefully polled, and it is declared the conditions are not such as to warrant a radical departure from the time-honored traditions of the senate that would be necessary to secure a closure of debate and force the repeal bill to a final vote. A conference, daily held between the president and the leading senators, and participated in almost invariably by Secretary Carlisle, has been full of promise, not of the passage of the bill unconditionally repealing the purchasing clause of the Sherman act, but of this bill amended by such additions as to give it the undeniable garb of a compromise.

### THE PROPOSED COMPROMISE.

The proposition of compromise now under discussion and meeting with great favor, provides that, coupled with the bill repealing the purchasing clause of the Sherman act, there shall be a law directing the secretary of the treasury to buy monthly a considerably reduced amount of silver bullion, and to actually coin this bullion into money. The secretary of the treasury is also to be given ample power to protect all gold and currency and money of the United States, and to make it interchangeable. In addition to this the national banks of the United States are to be permitted to issue national notes to an aggregate equal to the face value of United States bonds on deposit. Concessions to state banks have also been discussed.

### Born in the White House.

WASHINGTON, Sept. 9.—Mrs. Grover Cleveland was safely delivered of a little daughter at the White House today. The baby was born at exactly high noon just as the ball on the flag staff of the state, war and navy building, opposite the White House, dropped from the top of the staff. From time to time during the morning the president was quietly advised as to the condition of affairs in the sick room, and at 12 o'clock Dr. Bryant summoned him from the reception room and made the important announcement. The smile on the doctor's face and the reassuring pressure of the hand told him that his wife had safely passed the ordeal, and without pausing the president asked:

"Is it a boy or a girl?"

Something like a shadow of disappointment swept across Cleveland's face as the physician told him the new-born babe was a girl. The fact of the birth was not made public until 2 o'clock. The news was bulletined at the telegraph office, the capitol, the departments and prominent hotels, and was almost the sole theme of conversation during the remainder of the afternoon. Everywhere disappointment was manifested that the baby was not a boy. Before 4 o'clock a stream of messenger boys began carrying congratulatory telegrams to the White House. This is the first time in the history of the republic that the wall of a new-born infant of a president of the United States has been heard within the walls of the White House.

WASHINGTON, Sept. 12.—The interesting ceremony of weighing the White House baby took place with all the eclat attending such an event. The scale showed just 9 1/4 pounds. It is stated at the White House today that both mother and child continue to do well. It is reported that Mrs. Cleveland has decided to name the new baby Naomi.

### Seattle's Treasurer Missing.

SEATTLE, Sept. 12.—A statement was made by the Post Intelligencer in an editorial that it would give \$500 to any worthy charity if City Treasurer Krug could produce the \$309,000 which the city controller showed should be in the treasury. This statement caused the finance committee of the council to make an investigation. It resulted in finding but \$73,000 in the city vaults. Treasurer Krug could not be found, and late this evening the mayor formally removed him from office, appointing Edward O. Graves, president of the Washington National bank, acting treasurer. It is believed Krug has gone to British Columbia, as he has not been seen since early this morning, although the chief of police, mayor, his bondsmen and others have searched for him. A warrant for his arrest has been sworn out. The defalcation has created a great sensation, as Krug was esteemed an honest man, and had amassed quite a fortune by close business methods. It is said that

he gave large sums of city money to speedily buy up city scrip at a large discount.

BLAISE, Wash., Sept. 12.—City Treasurer Krug, Seattle's defaulting treasurer, boarded a Great Northern train at Ballard this morning and crossed the line into British Columbia. An officer left here tonight in pursuit of him.

### The Campaign is Ohio.

AKRON, O., Sept. 12.—Governor McKinley opened the republican campaign here today with a big meeting. Delegations were present from Cleveland, Canton, Youngstown, Massillon and other cities in eastern Ohio. A street parade occurred this afternoon, marching to Grace Park, where the meeting was held. Speaking on silver, McKinley said:

"A great majority of the republicans of the senate will vote for repeal. If repeal is not carried, the democrats will have to bear the blame. We do not want to strike down either gold or silver; we want to use both metals, but insist one shall go at a parity with the other, and both be equal in intrinsic value."

He declared the trouble was not lack of money, but taking of money out of circulation through distrust. Confidence would come back and the trouble end if the declared policy to introduce a revenue tariff policy in the county is abandoned.

### Before the Tariff Committee.

WASHINGTON, Sept. 12.—A large delegation of woolmen appeared before the ways and means committee today. Charles H. Clark, of Philadelphia, representing the Manufacturers' Club, said he believed the depression affecting manufacturing to be due in part to the apprehension entertained by manufacturers that there would be a fulfillment of the threat of radical changes in the duties on imported materials. Manufacturers were afraid to operate their mills, and merchants were afraid to buy. Many mills had ceased operations completely and a much greater number were running upon short time, and many had already been compelled to reduce wages. He expressed the opinion that relief may be afforded instantly by the assurance that the committee would not assail the tariff law in such a manner as to expose the manufacturers to unequal competition from Europeans working with a lower wage scale.

### They Languish in Jail.

SALEM, Oregon, Sept. 9.—Sam Harris, and Italian Jew having no settled abiding place and who is alleged to have been the prime leader in the anti-Chinese agitation in the hop district, was arrested and brought to the county jail yesterday morning. J. L. McKinney of McKinney brothers came to Salem and made complaint before Justice Batchelor, charging the parties under arrest with the crime of rioting. The eighteen prisoners in jail here were arraigned late in the day and a plea of not guilty was entered. The hearing was set for 1 o'clock this afternoon. The trial resulted in the binding over of the prisoners who as yet have not procured bail and it is thought that they will have to remain in jail till the October term of court.

### Emin Pasha is Dead.

LONDON, Sept. 4.—All doubt as to the truth of the report that Emin Pasha, the noted African explorer, is dead, are set at rest by a story told the Associated Press by A. J. Swan, missionary from Ujiji. He says he has it from undoubted authority and from several sources, that Emin Pasha was making his way to the coast, he and his band were surrounded by the natives set on by Arabs.

One of the native chiefs coming up behind Emin, with the stroke of a large, curved knife, beheaded him. Emin's native followers were then slain, and the bodies of the whole party, including Emin's, devoured by the savages.

### Can Publish the News.

SAN FRANCISCO, Sept. 12.—The supreme court today decided the case of Charles M. Shortridge, editor of the San Jose Mercury, who was fined for contempt of court for publishing proceedings of a divorce case contrary to the order of the judge. The decision was, in effect, that the principle that the people have the right to know what is done in the courts is essential to public welfare and the judgement of the superior court was overruled.

### Bismarck's Condition Improving.

KISSINGEN, Sept. 12.—Notwithstanding the alarmist reports in regard to Prince Bismarck's condition that have been circulated, it can be said that the ex-chancellor is recovering from his recent attack of sickness. His condition is improving daily, slowly of course, but still improving.

### Wood Sawing.

The Babcock woodsaw. Work quickly and cheaply done. Leave orders at Grout & Conner's office or address me at Ely. ELMER DIXON.

Blank note, receipt and order books at the ENTERPRISE office.

## THE GEARY LAW.

Official Announcement Made by the Attorney General Olney.

A GREAT SCRAMBLE FOR LAND.

Chinese to be Deported Only After the Law Has Wound Its Slow Course.

WASHINGTON, Sept. 12.—The first authoritative statement issued by the officials of the government regarding the Geary Chinese-exclusion act and the recent agitation concerning its enforcement or non-enforcement was made by Attorney-General Olney today. It is as follows:

"The statement that any action has recently been taken by the president or secretary of state relative to the non-enforcement of the sixth section of the so-called Geary act is without foundation. All that has been done since the original instructions were given concurrently to revenue officers and to marshals and their deputies by the secretary of the treasury and the department of justice has been done by this department. It having been held by Judge Ross, of California, that warrants could issue for the violation of the said sixth section on complaint of private individuals, and complaints having been in fact made and warrants issued in various instances, marshals and their deputies have been instructed that a warrant issued by the court must be served, and any orders for deportation, subsequently made in such cases, must be put into execution to the extent of any funds available for that purpose.

"Deportations have not actually been made, however, for this reason: that in all cases of warrants issued, as above stated, writs of habeas corpus have been applied for, and being denied appeals have been taken from such denial. In that state of things rule 32 of the United States supreme court, expressly authorized by statute, forbids any change of custody pending trial. The language is: Pending an appeal from the final decision of any court or judge declining to grant a writ of habeas corpus, the custody of a prisoner shall not be disturbed." The result is that in all cases of the kind referred to, the parties in custody of the marshal or his deputies at the time when appeals were taken from orders refusing writs of habeas corpus must continue in custody pending such appeal, and can be deported, if at all, only after judgements upon such appeals are in favor of the government."

### Opening of the Cherokee Strip.

ARKANSAS CITY, Kan., Sept. 12.—When the Cherokee strip registering booths were opened this morning there was a terrible crush. Those in the rear seemed to think that pushing from behind would expedite business at the front. On the contrary, it only impeded work. Four more clerks were added to the working force, and more certificates were issued than yesterday. The total today reached 3500. Many home-seekers despairing of obtaining certificates here, have departed for Orlando, just over the southern boundary of the strip. Yesterday 2752 certificates were issued there. The line in front of the booths held its place all last night. Men, women and children, negroes and Indians, were packed in a common mass. Today the system of numbering persons in line was adopted, and those having numbers were allowed to go and come at will. This proved a great convenience. At Stillwater, 20 miles east of Orlando, 2000 certificates were issued yesterday and about the same number today. Many more people are waiting at both places. The scarcity of water and intense heat have caused the death of several children. Trains of wagons a mile in length and in squads of 40 and 50 passed through Guthrie today bound for the strip and hundreds arrived on the trains.

### The People's Verdict.

Besides curing the worst case of rheumatism in Clackamas county, the following cases speak:

Mrs. Charles, of Seventh street says: "My boy's right leg was paralyzed from his hip down, so that he was unable to put his foot to the ground for over twelve months. After using three bottles of Mr. Hargrave's famous Seaweed Remedy. He can now run around without his sticks."

Mr. Michael Quinn of Oregon City, says "I was laid up with a severe attack of inflammatory rheumatism in a most acute form. Three applications of the famous Seaweed Remedy entirely cured me."

Mrs. Geo. Reddaway says, "It is worth its weight in gold for rheumatism." Sold by Geo. E. HARGRAVE, South Madison Street, or at Thayer & Alden's office, Oregon City. P. O. Box 288.
