

CLACKAMAS COUNTY

THE ENTERPRISE CORRESPONDENTS SWEEP THE FIELD.

A Coming Fruit District—Many New Orchards Being Planted and Old Ones Enlarged—Other News Notes.

CANBY, Sept. 17.—Threshing in this part of the county is about completed. Winter wheat was a very good yield, also winter oats. Spring oats most too late and somewhat injured by early rains. Apple crop fair, plums and prunes good.

There will be a large planting of prunes this fall. Alfred Smith will add some eight or ten acres to his already thriving orchard. William Davis will put out 1500 trees. Mr. Emmett and Mr. Fenton will also put out several acres. This is as it should be. This red hill land has proved to be the very best prune land, and when all the farmers shall have five acres or upward it will establish a market. I hear people complaining of the want of a fruit market. There will be no trouble about a market when we have the fruit in sufficient quantities to call the attention of buyers. The old saying holds good in fruit as well as every thing produced on the farm: "There are none so far from market as those who have nothing to sell." It is said by some that the prune business will be overdone. While the dried product costs the consumer from 10 to 15 cents per pound there is no danger of over production. Prunes can be profitably prepared for market at 5 cents per pound (the dried article), and a hundred per cent more realized than for wheat at 50 cents per bushel. Farmers plant prunes, and then plant prunes, and keep on planting until you have at least ten acres on every farm.

Misses Lottie, Kate and Gussie Casto have all been visiting the Alpine farm. Miss Lottie has just returned from a visit to the world's fair and a trip through the eastern states and provinces. Miss Kate who graduated with honor in the State Normal school at its last session in Monmouth has gone to Corvallis to enter upon her duties as a teacher in the public schools of that city. Miss Gussie has returned to the State Agricultural College to enter again upon her studies. PRINCE.

SANDY.

A Good Grain Crop but Low Prices for Farm Products—Extensive Damage by Fires.

SANDY, Sept. 10.—Harvest is all done here and threshing is the order of the day. The grain turns out well and all the farmers have their granaries well filled, but they are much discouraged at the low price of farm products. No better prices can be expected until we get a republican administration. The gentle rain which began to fall the 6th was hailed with joy by many, especially by those in the fire region. This rain has saved a great amount of property which would have been destroyed by fire if it had not come. Reports come from various quarters where new settlers have lost all their property by the forest fires. Many houses, barns and other buildings have been destroyed, also horses, cattle, pigs and sheep. Several settlers have barely escaped with their lives, and the roads in many places are blocked with fallen trees.

Campers and sporting men are coming down the mountains by the dozens now and going home. The Vancouver soldiers will come down from Salmon the 10th and will camp in town over night. Sandy people are now supplied with a strong odor from a dead horse. Strangers coming in town think that Sandy people are awful dirty in leaving dead horses to rot in their midst. Nobody claims the animal since it is dead and of course no one wants to bury it.

Charley Bebee is very sick and was taken to a doctor in Washington for treatment. When last heard from he was improving.

Prof. Lockwood, principal of the Albina school, made a flying visit with his wife to Mr. and Mrs. H. Bruns.

Mrs. Boschlin and Mrs. John of Portland spent the past week with Mr. and Mrs. Bruns. They left for Portland Saturday, accompanied by Miss Minnie Bruns.

The "grand picnic" which was to have been held the 8th of September was a failure on account of the rain which began to pour down early in the morning and continued the whole day more or less except at noon when the sun looked out from behind the clouds, and then the people came flocking into the park. By three o'clock about 500 people were gathered, and just as everything was ready on the platform for dancing a big shower came and the people had to run to seek shelter. The band went to the hall where the rest of the day was spent in dancing. A large crowd gathered in the hall in the evening to dance. The music which was the finest ever heard in Sandy was furnished by the Metropolitan band.

Marks Prairie.

MARKS PRAIRIE, Sept. 18.—The farmers of this prairie have been very busy during the past week taking care of their harvest but have made very slow progress owing to the rains and cloudy weather of the past few days.

The hop growers are almost through picking their hops, but at this writing we cannot tell whether the yield will be larger than that of last year or not.

George Sutherland spent a few days at the state fair last week taking in the sights.

M. J. John will soon move to the farm of Mr. Kennedy near Woodburn where Mr. Moody is now holding forth. Mr. Moody will soon leave for the East.

Rev. C. Alderson, wife and daughter, of Salem, passed through this prairie one day last week en route for Oswego and Clackamas station.

Miss Winnie Bailey, a sister of Mrs. M. J. John, who left Joplin, Jasper county, Missouri, last Saturday Sept. 9 at 11:45 p. m. over the Union Pacific arrived at Barlow on the following Thursday at 10 a. m. Miss Bailey seems to be well pleased with the fine climate of Oregon.

Canby.

CANBY, Sept. 18.—The picking of the hop crop was completed last Wednesday with a very good yield.

George Parker, living near Canby, was

kicked by a horse and severely hurt internally. At last accounts he was getting along very well.

S. Mathew is building a new fruit dryer to dry his crop of Italian prunes which are nearly ripe. When completed it will cost about \$300.

R. D. Ball sold 1600 pounds of hops last week for 16 cents per pound, they being a lot that was left over from last season and did not bring the top price.

Miss Jennie E. Rowen recently from Kansas arrived in Canby Saturday to take charge of the intermediate department of the Canby school which will begin next Monday.

Wesley Riggs and family arrived home from the Butteville hop fields last Saturday. Mrs. Kendall and family also came home from the hop fields the same day.

J. Henry, who has been working for D. W. Howard the past summer, left for his home in Kansas Monday.

Jed McDonald is back again on a visit to friends after an absence of a few months.

Frank McCormick of Central Point was in town Sunday visiting friends.

The Canby school will begin Monday morning with C. Y. Draper as principal, Miss Jennie E. Rowen at the head of the intermediate department and Miss Nora Nelson teacher of the primary department. Miss Della Friarera, of Macksburg, will begin a school in Canby Monday.

NEW ERA.

Potato Crop is Light—Hops Good—Grain Yield Averages Well.

NEW ERA, Or., Sept. 18, 1883.—Threshing is pretty nearly completed in this locality though there are some late sown oats which are not yet harvested. The general yield has been reasonably good.

Potato harvesting is pretty nearly at hand. The potato crop in New Era precinct is fully as large as usual but the average yield will be the lightest of any ten years.

The hops in this locality are all gathered and are a good deal better in both quantity and quality than last year.

Mr. and Mrs. Geo. Randall attended the state fair.

John Larch is just eleven feet tall every since the 9th of this month. He says it's a boy. Good for John.

Wm. McCauslan is digging a new well on the Alpine farm for Dr. J. Casto.

Jacob Rauch and his son William were in our locality on business last Monday.

Mrs. John Rauch of Pendleton came down to Oregon City and this locality to visit relatives and friends arriving here September 11 and visited the state fair for two days and returned to her home in Pendleton on Wednesday the 20.

Mink Mutterings.

MINK, Sept. 19.—Hop picking is about over. The Moehne brothers finished picking theirs last week.

The German Reformed church will hold their harvest festival next Sunday, the 24th. Services at 11 a. m. and 3 p. m. Good music and singing will be furnished by the Mink choir. All are cordially invited to attend.

Mrs. J. A. Kelly, accompanied by her daughter Itha, from Oregon City, are the guests of Mrs. C. Fisher for a few days.

Mrs. J. T. Moehne was called to Portland on account of the illness of her sister Minnie who is quite sick with lung fever at St. Vincent hospital.

T. H. Warford, of Oakland, California, spent a few days with friends here.

Mrs. Katie Moehne and daughter Eva, and Mrs. C. Blum of Oregon City, were guests of Miss M. F. Moehne last Sunday.

J. Jones and wife of Park Place are spending a few days with friends here.

Mrs. Fritz Blum is on the sick list; also her son John has been quite sick but is recovering slowly.

Boring.

BORING, Sept. 16.—Nice weather now. Threshing machines which had to stop on account of the rain are running again.

Miss Marlan Fernley of Cherryville is the guest of Mrs. W. H. Boring. She intends to attend the quarterly meeting at Gresham.

Rev. J. H. Wood will conduct the quarterly meeting at Gresham. Rev. M. C. Wire is expected to be there.

Plums and prunes have yielded pretty well this year and are now getting ripe, but the apple crop has fallen short of all expectations.

J. A. Sutton has got tired of boarding and gone to "batching." Wish him good success, but when his stove burns the bread let him call on the girls. They will always be willing to help the bachelor because they'd rather Mr. Sutton would take a help-mate and not remain single.

From the condition of the roads after our misty spell we may know what they will be when it commences to rain.

Two weeks of our fall term of school have passed away and the pupils are doing well under the instruction of Miss Forbes.

Charles Richey's team ran away and threw out all on board.

Redland.

REDLAND, Sept. 18.—All is quiet at Redland at present. Quite a number have gone to the mountains to gather huckleberries.

Threshing will be finished up this week; then farmers can count their bushels and estimate their income for the first year of "tariff reform."

H. D. Johnson, our storekeeper, has leased a lot of ground of A. Boylan and moved his store on it and will be ready to accommodate his old friends from his new station.

All Free.

Those who have used Dr. King's Discovery know its value, and those who have not, have now the opportunity to try it free. Call on the advertised druggist and get a Trial Bottle Free. BALD HEADS!

What is the condition of yours? Is your hair dry, harsh, brittle? Does it split at the ends? Has it a lifeless appearance? Does it fall out when combed or brushed? Is it full of dandruff? Does your scalp itch? Is it dry or in a heated condition? If these are some of your symptoms be warned in time or you will become bald.

Skookum Root Hair Grower

Is what you need. Its production is not an accident, but the result of scientific research. Knowledge of the disease of the hair and scalp led to the discovery of how to treat them. "Skookum" contains neither mercury nor arsenic. It is not a dye, but a delightfully cooling and refreshing Tonic. By stimulating the follicles, it stops falling hair, cures dandruff and grows hair on bald heads. Keep the scalp clean, healthy, and free from irritating eruptions by the use of Skookum Root Soap. It destroys parasitic insects, which feed on and destroy the hair. If your druggist cannot supply you send direct to us, and we will forward prepaid, on receipt of price. Grower, \$1.00 per bottle, 4 for \$3.00. Soap, 50c. per jar, 4 for \$2.00.

THE SKOOKUM ROOT HAIR GROWER CO., 57 South Fifth Avenue, New York, N. Y.
