The contractors upon Main street are getting along well with their work in spite of the wet and disagreeable weather and they are now at work graveling the third block from the upper end of the street. Verdict of jury, not guilty. Costs amounting to \$107, were taxed to prosecuting witness.

State of Oregon vs E. D. Cass and Mrs. Laura Cass and J. B. Stroup, charged by A. B. Stroup with larceny from dwelling house, breaking open a trunk and taking \$130, on September 2d 1893. After a full and complete preliminary examination, the court decided that these three defendants were not guilty and taxed the cost of prosecution to the prosecuting witness, thereby saving the expense to the county to the amount of \$94.20. C. H. Dye, deputy district attorney, for state and George C. Brownell appeared for the defense.

A buoy scene is presented across the river where four engines and one water wheel are busy day and night pumping water out from behind the cofferdam to give the men an opportunity to clear away the loose rock down to bedrock so as to have a solid foundation for the walls of the power house. With all the pumps at work the water can just be kept out of the way of the men, and when as was the case on Thursday the cable to one of the big pumps broke the water rapidly rose in the pit. On Wednesday there were 11 men engaged in getting wood to the several engines and it kept them busy. It is thought that it may be necessary to put in another pump much bigger than those in use to help out.

The great exposition and industrial fair will begin in Portland on the 27th, which will be on Wednesday of next week. Cordray's Theater.

The Daily Oregonian says the engagement of the Nippon Royal Japanese troupe, in conjunction with the All-Star Novelty company, continues the balance of the week, with a matinee on Saturday at Cordray's theater. The Japs perform some wonderful feats in ladder climbing and balancing, juggling and legerdemain. Some of their tricks have never been equaled by any Japanese companies that have visited this country.

In addition to the Japs there are given numerous specialty acts by white artists. The banjo playing and dancing of Miss Birdie Brightling are of a very entertaining character, and she is enthusiastically received at every performance.

Morris and Mullen, song and dance artists, and several other artists, make up a most pleasing performance in company with the Japs.
