A passenger who made the rest of the trip by the boat told them that they were fortunate in leaving the steamer as the ocean was very rough and disagreeable from Newport up. The reports of the opening of the exposition on Wednesday evening are extremely gratifying and indicate that the present year will not be a whit behind its predecessors in the quality of exhibits and in attractions. So decided the immense crowd which was present at the opening on Wednesday evening. That opening was a success in every way. The return of Liberator with his fine band was loudly applauded and seemed to be more than pleasing to all concerned.

Did you ever notice a man who is going to get on a street car while it is in motion? He comes down off the sidewalk and stands along the side of the track quietly till the car almost reaches him. Then he walks ahead a few feet and prances about like a string haltered horse, awkward as a Shanghai rooster that wants to fight. Just as the car reaches him he takes two or three steps sideways, and at last, confused as a schoolboy, grasps the hand rail and clings on like a man who is drowning.—Colorado Sun. Strawberries. A new bed, which will bear a fair crop next season, may be started from the first runners. These may be potted in small pots sunk in the ground and allowed to root in them or on small pieces of sod—say 4 inches square—placed grass side down. When well rooted, separate them from the parent plant and transplant to a well prepared and enriched bed during cloudy or rainy weather or just before a rain. To Good Templars. Do you know that Moore's Revealed Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit \$1,000 for any case of dyspepsia it will not cure?
