Mails close going South, 9 a. m., 7:30 p. m.

FRIDAY, NOVEMBER 3, 1893.

SHIPPING SALMON EGGS-Commissioner W. F. Hubbard who has charge of the government fish hatchery on the Clackamas was in town Monday and told a reporter that he had just heard from the eggs shipped to the world's fair and that they reached their destination with a loss but of ninety-two out of the entire shipment of 40,000 which is a remarkably good showing.

A SALMON CHASE IN THE LOCKS.-Talk about the sport of the fox hunt, it is nowhere beside a chase for king salmon in his own domain. Sunday morning the water was turned off at the head of the locks to permit certain repairs to be made in the canal and when the water was pretty well out of the canal one of the workmen discovered a large salmon and immediately gave chase. One and another joined in the race till nearly all of the men at work were trying to catch fish for dinner, but the wily salmon eluded them at every turn, and the race furnished lots of sport as many of the pursuers would strike at the fish with spade or other convenient weapon only to miss him and fall in the mud and water.

ON LOWER MAIN STREET.-Sunday a force of men were clearing the surface mud from lower Main street near Fourteenth and the following day they began digging up the street on the west side of the car track and getting it ready for the teams which began hauling on Tuesday. It is the intention of the contractors to improve the two blocks yet remaining in the lower part of the city with gravel if the weather will but permit, and in order to do this with the least inconvenience to the public they will haul the gravel in as fast as the grade is made ready, keeping upon one side of the railroad track till that side is done and fit for travel than taking the other side.

LOGS FROM THE LOWER RIVER.-The Willamette Pulp & Paper company of this city has contracted with the Washington Land and Logging company for 1,000,000 feet of hemlock logs which will be gotten out this winter and towed up on the backwater next June. The Willamette company has experimented with several different kinds of timber and find that both hemlock and spruce are well adapted to the manufacture of pulp and paper, and the business of bringing logs from the lower river to the mill here is likely to be an important one in the near future.

SUBJECT TO ENTRY.-Col. Robert A. Miller register of the land office in this city has given notice that township 4 north, range 9 west will be subject to entry on the 14th of this month and that sections 5 and 6 in township 2 north of range 5 west will be subject to entry on the 16th of the month. From the number of inquiries which are pouring into the land office relative to the first named township it must be valuable and indications are that there will be a scramble on the part of land and timber seekers.

PROTECT YOURSELF.-Insure you properly in the Guardian Assurance company of London. Cash assets \$25,000,000. F. E. DONALDSON, Agent, Oregon City, Oregon.

JUST A FEW ONIONS.-W. M. Johnson of Clackamas was in the city Monday looking up the onion market. Mr. Johnson is the onion king of Clackamas county and has made such a careful study of the business that he always succeeds in raising a good crop. He says that this season he has already gathered and stored 3500 bushels and that he has over 600 bushels yet to gather. He has during the past season built a new warehouse with capacity for more than his full crop. His planting the last season was eight acres which will yield something over 500 bushels per acre.

THE BEST PLASTER.-Dampen a piece of flannel with Chamberlain's Pain Balm and bind it on over the seat of pain. It is better than any plaster. When the lungs are sore such an application on the chest, and another on the back, between the shoulder blades, will often prevent pneumonia. There is nothing so good for a lame back or a pain in the side. A sore throat can nearly always be cured in one night by applying a flannel bandage dampened with Pain Balm. 50 cent bottles for sale by G. A. Harding.

WHAT'S IN A NAME?-One that inspires confidence and is known to all residents of Clackamas county as a synonym of integrity and fair dealing is that of Bellomy & Busch. This firm from a comparatively small beginning has from year to year increased its stock, and now can justly claim to have the largest assortment of goods in the county.

For Government Telegraph Lines.
WASHINGTON, Oct. 30.-Senator Butler this morning introduced a bill, which had for its object the establishment of a government system of telegraph lines. The bill directs the organization of a board to consist of the secretary of state, the secretary of war and the postmaster-general, who are directed to arrange a system of trunk-line telegraph connecting the various sections of the country with Washington, with connections along these lines at such cities as shall best serve the public good. The system is to be carried on as a part of the postal system of the country, and discrimination in rates is prohibited, except that a less rate is allowed for press messages than for current business. The carrying on of the telegraph business by individual or corporation is not prohibited. The bill is voluminous and deals largely with the details of how the lines shall be constructed. An appropriation of \$5,000,000 is made to begin the work.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.
Address, F. J. CUREY & Co., Toledo, Ohio.

Miss Daisy Garland Suicides.
WASHINGTON, Oct. 27.-Miss Daisy Garland, daughter of ex-United States Attorney-General Garland, committed suicide at her home in this city this morning. She is 34 years old, and is thought to have been insane. Miss Garland spent last evening very pleasantly with her father and brothers and retired in good spirits. After breakfast this morning she retired to her room, where her brother Will went shortly after to talk with her concerning a theater party. He found the door locked, and not receiving any response to his call burst into the room and found his sister lying on the floor dead. A bullet had passed through her heart. Near her lay an old revolver which had been in the family thirty years.

What is This World Coming to.
NEW YORK, Oct. 30.-An excited workman rushed from the new building of the Postal Telegraph company, at Broadway and Murray streets, at 4:10 o'clock this afternoon, and called out that a murderous crank was at large on the ground floor of the building, who had already shot the clerk of the works and threatened murder by the wholesale.

Fish, Fish.
Oregon City Fish Market opposite corner from Pope's hardware store, carries full stock of fish, poultry, and game in season. Oysters and salt-water fish received fresh from the coast. Orders promptly filled. R. T. HUMPHREYS.

Altogether Worthington's for October is a royal number. As the season draws near when the large army of magazine readers will decide the question, "What Magazines shall we take another year," it is well for them to keep an eye on Worthington's, and whatever else may be taken, add it to the list. It is second to none in choice, high quality of matter and attractive illustrations, and it is very much more entertaining than many of its rivals. Its low price brings it within the reach of all.

EDUCATIONAL NOTES

All notes for this column should be sent to Miss Jennie Rowen, editor, Canby, Oregon.

Shipley district No. 37 for the month ending October 20, 1893. Number enrolled 30, average 25, per cent in attendance 96. Is Your Laundry Well Done?
Nothing exasperates a person so much as to have a fine white garment returned from the laundry yellow and musy, buttons half off, and in a condition not fit to wear. The Troy Steam Laundry sends out none but first class work-a trial order will convince you. Office with F. A. Waddock, post office building. Bundles left Tuesday evening will be returned Saturday morning.

A Cheap Home.
One-half mile from Mullino postoffice, school house, public hall, grist mill, store ect., 61 acres all under fence, half slashed, 15 acres, under cultivation, orchard, house barn etc. Land perfectly level, on bench and Molalla bottom, no rocky waste land. Is a rare bargain. Address C. T. HOWARD, Mullino, Or.

E. E. WILLIAMS,
GROCER,
OREGON CITY.
Masonic Building.
