LILUOKALANI O!

Secretary Favors Restoring An Effete Monarch to Power.

ALTGELD AND THE ANARCHISTS.
Red Handed Anarchists Celebrate in Chicago—Honolulu Apologizes to the United States.

WASHINGTON, Nov. 12.—Whatever recourse the administration may have determined upon to secure the restoration of Queen Liliuokalani, it is very evident Secretary Gresham does not expect extreme measures will have to be resorted to. The course proposed to be pursued seems to be to request the present government, in the name of the United States, to give way quietly to restoration of the queen. Hawaiians in this city are very firm in the conviction that the government will refuse to yield to any such gentle persuasion. They assert, and it is their earnest belief, that it will require at least a show of force to induce them to resign the reins of authority. But this opinion is not unanimous among those familiar with affairs in the islands. It is pointed out how long and severe the strain there has been on the members of the provisional government in the uncertainty that has beset their position. The manner and purpose of their creation, it is pointed out, shows how dependent they feel upon the United States. The absolute disapproval of them by this government will be announced to them by Minister Willis. Whatever the outcry that public sentiment there is in sympathy with them and against their deposition, they will be absolutely cut off from all they have vitally depended upon—good order and the maintenance of law in the country. Any sort of assurance from Minister Willis that the moral influence of the United States government would be exerted to maintain a stable government by the queen, and restrain it from such vagaries and excesses as the constitution she sought to have adopted in January last, might tempt the members of the provisional government to step aside and trust to the United States to preserve their interests in its own way. This is what Cleveland and Gresham hope for, though what assurance they have authorized our minister to give as to the future influence by this government in the islands is not known.

A rumor flew about the navy department this afternoon that Queen Liliuokalani had been re-established upon her throne last Friday, but it is difficult to guess how it can have any basis of fact in view of the sailing of the steamer China the 11th inst., unless someone who arrived on the China this morning was acquainted with Minister Willis' program and had telegraphed his information to Washington.

Anarchists Celebrating in Chicago.
CHICAGO, Nov. 12.—Altgeld and anarchy were named together at the graves of Spies, Parsons, Lingg, Engle and Fischer, in Waldheim cemetery today. A peculiar interest was given to the memorial demonstration by the participation of Michael Schwab, Samuel Fielden, and Oscar Neebe, who were sentenced with their comrades, the first to be hanged, and Neebe to 15 years imprisonment. The governor of Illinois was praised for his exercise of the pardoning power, and Judge Gary was condemned, but Fielden and Schwab had no kind words to say for Governor Oglesby, who saved their necks from the hangman's noose. Anarchy was not flaunted with fiery speeches and in the face of the law-abiding citizens or sympathizers in the "sacred house," but there was in the street parade and in the speeches of Fielden and Schwab an undercurrent of deathless hostility to society, to the "capitalistic class," to the institutions of the country and to law and order in any form. Compared with a previous commemoration of November 11, 1887 today's demonstration of sympathy and tribute to the memory of the dead men was tame.

Brazilian Revolution Means Monarchy.
LONDON, Nov. 12.—The Times publishes the following paragraph: "We learn through a private channel that Tuesday the leaders of the Brazilian revolution had a conference, at which it was decided to hoist the imperial flag and direct efforts toward the restoration of the monarchy. This decision was announced by Admiral Mello to the other revolutionist leaders, by whom it was well received."

Acceptable Apology Rendered.
WASHINGTON, Nov. 12.—The state department this evening gave out this statement: "Upon receiving authentic information of the firing upon the Costa Rica, an American mail steamer, Ampala on the 6th inst., because her captain refused to deliver up Bonilla, a passenger,

General Young, our minister to Honduras, under instructions sent by Secretary Gresham direction of the president, protested against the act as wanton and illegal and demanded an apology. The government of Honduras promptly disavowed the conduct of its officers, and expressed sincere regret for the occurrence."

Senator Mitchell's Views.
SAN FRANCISCO, Nov. 13.—Senator John H. Mitchell, of Oregon, arrived in the city this morning. Senator Mitchell has positive views on the Hawaiian question. In an interview he said he thought the government might be better employed than trying to reconstitute the defunct monarchy in Hawaii. The news of President Cleveland's intentions has astounded him, and in his opinion the recognition of the effete monarchy is a decided mistake. On general American principles, he said, the purpose was a weak one and represented a backing down on the part of the United States government. The senator also expressed himself as disgusted with the attitude of the government in regard to the anti-Chinese legislation. Senator Mitchell only came here on a flying visit and has been busily engaged since his arrival. He leaves tomorrow for Washington, to remain until after senate convenes, having been summoned thither by the necessity of arguing next Monday before the supreme court in Washington a case involving large real estate interests in Oregon.

And Now It Is Cuba.
NEW YORK, Nov. 14.—The steamer Yumuri, arrived here from Havana, brings a large number of Havana papers. They give lengthy accounts of what appears to be a spontaneous outbreak of revolutionists all over the island. According to El Pazo of November 9, the uprising started November 5. Twenty men in La Jps entered the store of a dealer in firearms and demanded the surrender of the place. He refused and was shot and the place looted. The men being thus armed, took 30 horses and were reinforced by more revolutionists. In another small town 30 men were in arms and an engagement followed with government troops, in which five men were taken prisoners and the rebels dispersed. General Marti, who is now in New York, said this morning: "The present movement was started by the best youth of Las la Jos. All neighboring towns immediately joined it."

Tariff Committee Not On a Bed of Roses.
WASHINGTON, Nov. 12.—It appears that the chief embarrassment to the ways and means committee is to come, not from the articles upon which the specified ad valorem duties are to be reduced, but from the articles that are to be put on the free list. Altogether the lot of Wilson and his colleagues on the ways and means committee is not a happy one. With a score or more of influential gentlemen demanding a caucus for consideration of the tariff bill, and various others declaring they will not vote for the measure if it makes drastic reductions on articles in which their constituents are interested, the difficulty of securing democratic harmony on the measures, now being soiled by the ways and means committee, is every day becoming more apparent.

Will Not Submit to Monarchy.
SAN FRANCISCO, Nov. 12.—In an interview with Hawaiian Consul-General Wilder last night, he said: "Uncle Sam may restore Liliuokalani by force, but that is the only way she can reach the throne again. If this is done the United States government will have to maintain control of the islands unless the United States should interfere. Of course it could not fight the United States, but if this government should interfere to restore the deposed queen she would be deposed again so soon as the force should be withdrawn."

Fighting in Brazil.
NEW YORK, Nov. 14.—The Herald's Montevideo dispatch says: Word was received from Rio that the revolutionists intend to strike a decisive blow tomorrow. Mello's fleet is in the harbor and the rebels' friends in the city have combined, it is believed, to make a concerted attack on Peixoto's land forces.

The Treasury Statement.
WASHINGTON, Nov. 14.—The treasury statement issued today showed a loss of \$1,280,000 in the currency balance from that of yesterday. The total available balance stands at \$98,876,170. The receipts of the government for the month have been \$12,164,000; expenditures, \$15,934,000.

Cleveland Has a Body Guard.
CHICAGO, Nov. 14.—A special from Washington declares Cleveland never goes without a body guard. The name of the man is given as Samuel Brickman. He is of a powerful physique and determined man, with revolver in his hip pocket, and never allows the president out of his sight when out of doors.

VICTORY CHEERS.

Enthusiastic Republicans Celebrate the Victory in the East.

PROTECTION AND RECIPROCITY.
Local Speakers Wax Enthusiastic Over McKinley and Republican Principles.

On last Thursday evening the republicans gathered at Shively's hall and in a dignified yet enthusiastic manner celebrated the victory of the ballots in the eastern state where the republican candidates and republican principles were endorsed to the tune of a larger majority than since just at the close of the civil war. It was expected that United States Senator John H. Mitchell would grace the meeting by his presence and interest those present with his oratory, but late in the day a telegram was received stating that it was impossible for him to be present at the meeting and expressing his regrets that he could not be with the republicans of Clackamas county in celebrating the great victory won in favor of American protection and American laborers. But while all present would have been more than pleased to have listened to the stirring speech which Senator Mitchell would not have failed to address to the audience had he been present, the meeting was without an interesting and agreeable one—to republicans.

To the time of music furnished by the band the citizens including a goodly sprinkling of the fair sex marched to the hall where brief speeches interspersed with lively music served to pass the time rapidly away. All the speakers were eloquent with the fire of intense feeling and inspiration, the result of the cheering news from the field of the battle of the ballots. While the audience was at no time at a loss for a pretext to applaud when the name of McKinley was coupled with 1896 the cheering was longest and loudest and it was evident from the first that McKinley the exponent of the policy of protection to American labor and industries and who stands for an honest dollar was the favorite for president in 1896.

The meeting was called to order by Hon. Geo. C. Brownell, chairman of the county committee who introduced Capt. J. T. Apperson as the president of the evening. After felicitating republicans over the result Capt. Apperson introduced Hon. W. N. Barrett who made a short but eloquent address which repeatedly called for applause. He was followed by Senator G. E. Hayes, John M. Sliker, of Currinsville, C. F. Clarke, of Clackamas, Geo. C. Brownell, Wm. Barlow, of Barlows, H. S. Strange and Hon. W. C. Johnson.

The feeling of all the speakers seemed to be that the fight had in most instances been made along national lines and that it argued most favorably for the result at the congressional elections of next year and the presidential contest of 1896.

On Trial.
That's a good way to buy a medicine, but it's a pretty hard condition under which to sell it. Perhaps you've noticed that the ordinary hit or miss medicine doesn't attempt it. The only remedy of its kind so remarkable in its effects that it can be sold on this plan is Dr. Pierce's Golden Medical Discovery. As a blood-cleanser, flesh-builder, and strength-restorer, there's nothing like it known to medical science. In every disease where the fault is in the liver or the blood, as Dyspepsia, Indigestion, Biliousness, and the most stubborn Skin, Scalp, and Scrofulous affections, it is guaranteed in every case to benefit or cure, or you have your money back.

To every sufferer from Catarrh, no matter how bad the case or of how long standing, the proprietors of Dr. Sage's Catarrh Remedy say this: "If we can't cure it, perfectly and permanently, we'll pay you \$500 in cash." Sold by all druggists.

The Monarchists Are Jubilant.
DENVER, Nov. 12.—F. M. English, ex-secretary to Queen Liliuokalani, of Hawaii, who, since she was deposed has been living in Denver, is jubilant over the position of Secretary Gresham.

You may bridle the appetite but you cannot bridle the liver to do its work well. You must be honest with it, help it along a little now and then with a dose of Simmon's Liver Regulator. The liver becomes sluggish some times and needs some stimulation to keep off those attacks of Indigestion and Biliousness. A good active liver promotes digestion and prevents Malaria.
