It will be remembered that about a year ago the Chinamen's shanty on Mr. Grabam's place caught fire and burned up everything they had. With pituful faces they came to C. T. Tooze, and like the good Samaritan of old he resolved to help them. He loaned them all the money they needed, and went security for everything they bought, in consideration of which they gave him a mortgage on their hops. They owed him in all about \$900. Last Thursday they very suddenly and mysteriously disappeared, hops and all. They had sold their interest in the yard a few days before to some neighboring Chinamen, and it was not till Saturday that Mr. Tooze discovered that they had skipped to Portland, presumably on their way to their native country. He immediately gave chase and aothing more has been heard of them since.
