FRIDAY, NOVEMBER 17, 1903.

SHOT IN THE FOOT.—Last Saturday evening two boys from Portland named Day and Waite came up from Portland to stop over night with Sheriff Ganong for the purpose of hunting in the woods above town on the following day. In the morning they started out for their hunt, but returned early in the day having met with but indifferent success in finding birds. After going to the house they concluded to go down to the river and try shooting at chips thrown in the air and were accompanied by Belden Tall, the adopted son of Sheriff Ganong. The boys told Belden to keep back out of the way and he did remain behind them, but while Waite was in front waiting for Day to throw up a chip for him to shoot at, and as the chip did not come up when Waite expected it he turned around to ascertain the cause when the gun was accidentally discharged, the shot entering Belden's foot near the ankle and coming out below the instep. At the time of the accident he was on an embankment above Waite or the result might have been more serious. Dr. W. E. Carl was summoned and dressed the wound, cutting away several pieces of cartilage in doing so. At last accounts Belden who is about 10 years of age was getting along nicely and it was expected that the foot could be saved but that he would probably be lame. Mr. Ganong states that he is satisfied that it was purely accidental.

COMPANY F.—The annual meeting occurred on Monday evening and was largely attended, much interest being manifested on the part of the members present. The reports of the several officers showed that while the company is still in debt it is in better condition than ever before. Following the reports of officers J. W. O'Connell was unanimously elected secretary and Sargeant O. W. Yeargan unanimously chosen treasurer for the ensuing year. The choice of a council of administration of four members being next in order W. A. Huntley received twenty-seven votes, H. K. Jones 22, W. B. Wiggins 19, A. Matheson 18 and Jacob Austin 17. The first four having received the highest number were declared duly elected. Captain Ganong then appointed as armory committee Corporal Fred Metzner, J. W. O'Connell and G. B. Fancher, recruiting committee Sargeant Wm. Sheehan, W. A. White and E. McDonald.

EAST SIDE RAILWAY SUICIDE.—The first suit resulting from the Madison street bridge accident was filed in the state circuit court yesterday. Charles F. Albee is the plaintiff and the East Side Railway company is the defendant. Albee is the father of Charles S. Albee, the 14-year-old boy, who was unable to escape from the car and was drowned. For his death his father asks \$10,000. The principal allegations of the complaint are the car was being run at a dangerous rate of speed, viz., twelve miles, and not kept under proper control as it should have been on such a cold and frosty morning as that on which the accident occurred. The plaintiff asserts that his son was earning \$182 a year; would have received \$624 a year on his 18th birthday and \$936 when he reached his majority, a total of \$4386. The remaining \$5604 he thinks is due him for mental anguish and physical suffering.

BRIGADE INSTALLATION OF OFFICERS.—The Boys Brigade installation service will be held in Shively's hall on Sunday evening November 19th at which time the officers and non-commissioned officers will be installed with the Boys Brigade regulation service. Judge T. A. McBride will deliver an address to young men and boys followed by Hon. Geo. C. Brownell who will speak a word in season to boys. All are invited to this service, which will be a rare treat as it is not often that the people of this community are given the opportunity to listen to two such distinguished gifted speakers.

READING ROOM MEETING.—There was a special meeting of the free reading room subscribers on Tuesday evening for the purpose of electing a treasurer and to consult relative to the needs of the association and to devise plans for making it more efficient. The attendance was good and much interest was manifested in the work. The verbal report of Secretary Huntley showed that the finances of the association were in better shape than at any other previous time, there being no outstanding debts and nearly \$20 in the treasury. The resignation of J. P. Shaw as treasurer was accepted and C. Hoberg elected in his place. The report of Mr. Wall the assistant librarian showed that the room is supplied with all the leading papers of the state and many from outside of the state. Many persons about town have contributed books and magazines and the room could be made more attractive if others would do the same. The salary of Mr. Wall was increased to \$25 per month and he was authorized to canvass the town for more subscribers. Chas. Meserve, W. A. Huntley and C. Hoberg were appointed a committee to wait upon the owners of the building and secure a reduction of rent for the winter months. J. H. Black in behalf of the young people's society of the Presbyterian church offered to loan the room quite a supply of good books.

BALLASTING THE ROAD.—A person standing on Main street on the east side of the river at the intersection of the cross streets may at almost any hour of the day see the red electric car which has been placed on the Willamette Falls Electric line running to and fro drawing several flat cars which are loaded with gravel to be used in ballasting the road, and the sight as the car glides in and out among the trees is an interesting and pretty one which cannot fail to suggest volumes of unwritten history to the thinking person. The gravel for ballast is obtained from a deposit left by the high water of 1890 above the Second street warehouse and in being hauled across the river by teams. With a few days more of good weather this part of the work will be done.

TROUBLESOME BOYS.—Anyone who attends the Salvation army meetings knows full well that they are frequently a disgrace to the community and that conduct is there witnessed which ought not to be permitted in any public meeting. Several times cases have been taken into court on account of the way in which the meetings were conducted and the rowdiness of the boys who frequent the place. Two more suits were tried before Judge Fouts the past week. On Saturday Edward Boyles was tried for disturbing a religious meeting and found guilty. His fine was fixed at \$20 which has not been paid as it is understood that he is intending to appeal to the circuit court. On Monday Elmer Albee was arraigned and plead guilty to the same charge. His fine was fixed at \$12 and costs which he paid.

THE BLOCKADE RAISED.—Owing to the execrable weather of the past few weeks and the improvement going on along Fifth street it has been almost impossible to come into town over the Apperson road which enters the city by way of Fifth street, but that road has now been made passable and Jackson street has been corduroyed so that teams can pass from the head of Fifth street to Seventh street and so get down to the business portion of the city without going out of their way to do so. The sidewalk across from Seventh street to Falls View has also been replaced and is again usable.

THE BEST PLASTER.—Dampen a piece of flannel with Chamberlain's Pain Balm and bind it on over the seat of pain. It is better than any plaster. When the lungs are sore such an application on the chest, and another on the back, between the shoulder blades, will often prevent pneumonia. There is nothing so good for a lame back or a pain in the side. A sore throat can nearly always be cured in one night by applying a flannel bandage dampened with Pain Balm. 50 cent bottles for sale by G. A. Harding.

WHAT'S IN A NAME?—One that inspires confidence and is known to all residents of Clackamas county as a synonym of integrity and fair dealing is that of Bellomy & Busch. This firm from a comparatively small beginning has from year to year increased its stock, and now can justly claim to have the largest assortment of goods in the county.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address, F. J. CHENEY & Co., Toledo, Ohio. Sold by all Druggists, 75c.

THE MADISON STREET BRIDGE.—After the completion of the Madison street bridge across the gulch on 14th street, a water main was laid upon it to supply the people beyond with city water. It was soon found that the fast driving practiced upon this bridge, on account of its great height, caused it to shake when crossed, which made the water main leak. To prevent this in future, the main is being encased in a box one foot square and packed in sawdust. It has also been deemed necessary to post notices forbidding fast driving and in future any one driving faster than a walk may expect to be pulled.

WILL LOOSE A NAIL.—Wm. T. Whitlock is back from his hunting trip in the mountains of eastern Marion county having been successful in capturing a couple of deer, but he is suffering with a game hand caused by a fall while in the woods. He slipped and fell striking his hand between the gun and a log burising it severely. Besides a very sore hand he will have to part with the nail on the finger.

ANOTHER ADDITION.—Messrs. Johnson & Kincaid have been engaged by J. S. Cochran to survey and plat the 40 acres which he owns upon the west side of the river above the falls adjoining Windoor. The work will be done at an early date and the lots will probably be placed on the market in the early spring.

As a general thing investors are pleased to receive only two dividends a year, and if they are paid with regularity are fully satisfied. When one, however, can receive fifty-two dividends in a year upon an investment of only three dollars, the matter deserves very serious attention.

The Independent of New York for forty-five years has held the first position among the great religious and literary weeklies of the land. It presents features for the coming year far in advance of any heretofore offered. It has the leading contributors of the world, it has the best poetry, it has twenty-one departments, edited by specialists, devoted to Fine Arts, Science, Insurance, Finance, Biblical Research, Sunday School, Missions, Health, etc. The Independent is particularly fitted for intelligent people, whether professional men, farmers, and for their families. It costs little and gives a great deal. A subscriber receives fifty-two dividends a year. The subscription price of the Independent is only three dollars a year or at that rate for any part of a year, and a sample copy will be sent to any person free by addressing The Independent, New York City.

Do You Want An Abstract?

When in want of an absolutely correct abstract—one that you can depend upon you should call on H. J. Thorne over Huntley's drug store near the court house.

Are your children subject to croup? If so, you should never be without a bottle of Chamberlain's Cough Remedy. It is a certain cure for croup, and has never been known to fail. If given freely as soon as the croupy cough appears it will prevent the attack. It is the sole reliance with thousands of mothers who have croupy children, and never disappoints them. There is no danger in giving this remedy in large and frequent doses, as it contains nothing injurious. 50 cent bottles for sale by Geo. A. Harding.

PROTECT YOURSELF.—Insure your property in the Guardian Assurance company of London. Cash assets \$23,000,000. F. E. DONALDSON, Agent, Oregon City, Oregon

Shiloh's Cure, the Great Cough and Croup Cure, is for sale by us. Pocket size contains twenty-five doses, only 25c. Children love it. C. G. Huntley.

Having decided to Retire from Business, We now offer our entire stock of

Clothing, Hats and Furnishing Goods AT COST!

And we would also state that we have the finest line Clothing, Hats and Furnishing Goods ever seen in Oregon City. Among other lines is a Five Thousand Dollar stock of

BROWNSVILLE CLOTHING,

Which will be sold at factory prices.

Our lines are too numerous and large to mention each one separately. Just call and we will show you that we mean business.

O'CONNELL & GLASS, THE ONE PRICED

Clothiers, Hatters and Furnishers, OREGON CITY, OREGON.

Speaking of Sickness:

When it is serious, of course you call a physician. He prescribes and you are satisfied. But stop a minute. That prescription wants filling, and if the patient is dangerously ill, you want it promptly prepared. In any case you want it carefully compounded and compounded from pure drugs. Again, you don't want to pay more than the medicine and service are worth; now all these considerations will probably compel you to ask the doctor, "Where shall I go to get this quickly, properly and economically prepared?" His answer is sure to be, at— HUNTLEY'S Prescription Drug Store Near the Court House, OREGON CITY, OREGON.

We have just opened a large shipment direct from the manufacturers and will guarantee both workmanship and prices. They range in size from pocket memorandums to 800 page Demy's, with patent "flat opening" back. But the cheaper ones open so flat that they are often sold as "flat opening." We would like to quote you prices on all office supplies at HUNTLEY'S BOOK STORE, No. 5, Commercial Bank Block, OREGON CITY, OREGON.
