A Bad Runaway—Carl Richter Severely Injured—A Grand Party at Milwaukee—Interesting Notes.

MILWAUKEE, Nov. 23.—While returning from Portland last Thursday evening with a load of furniture, crockery and a stove, J. H. Botenmiller's team, driven by his son Henry, and accompanied by Carl Richter, became lightened at the rattling of the furniture and started to run away. In spite of the efforts of the two men they ran against a stump, upsetting the wagon and throwing them out. Carl Richter received serious injuries about the hip and thigh which will confine him to his bed. Botenmiller escaped with a few scratches. The horses tore loose from the wagon and ran one mile beyond Botenmiller's to their old home where Henry Kuehl succeeded in catching them. The damage will reach the sum of fifty or sixty dollars. Carl Richter was carried to Beneky's boarding house and Dr. Ray of Sellwood summoned. After his injuries were attended to he was put to bed, and Friday evening removed to his home near Botenmiller's ranch two miles up the river.

Mr. and Mrs. M. Outfield gave a delightful dance last Friday evening in honor of their son. Games and dancing were indulged in by all until 12 o'clock, when a magnificent supper was served. Mr. and Mrs. T. L. Charman, of Oregon City, who returned last Thursday from Chicago where they had been visiting relatives and the world's fair, were the guests of Mr. and Mrs. J. G. Bonnet last Sunday. They visited several of the principal cities east. In reference to paved streets Mr. Charman said Indianapolis, Indiana, has several streets paved with brick and show but little wear after being in use several years. We hope Oregon City will be successful in getting such a pavement after her years of struggle.

EAGLE CREEK POINTS.

Child Falls From a Wagon and Instantly Killed—The Telegraph Line.

EAGLE CREEK, Nov. 20.—Mrs. John Bradley will be buried today in the Foster graveyard. The funeral services will be preached at 11 o'clock, by Rev. George Riche of Pleasant Home.

The four-year old and only child of Mr. and Mrs. Herring, living near Eagle Creek Falls, was accidentally killed on Thursday by being thrown from a wagon while going up Deep Creek hill, her neck being broken. As she fell she exclaimed, "save me, mama!" She only gasped twice after being picked up.

Mr. Judd, who was injured recently by a fall from a log, is now able to be out at work as usual.

Henry Wilbern, our prosperous merchant, was on the sick list last week.

Ed. Clements, a former resident of this place, now of Park Place, is out attending to business on the farm this week.

Mr. and Mrs. Kempe, from near Portland, are the guests of Mrs. Kempe's parents, Mr. and Mrs. H. H. Brackett.

Mr. Eder has traded his farm here for one in Arkansas and will move there early next spring.

Jim Bailey is putting up a fine woodshed. Cas. Simpson, who has been up at Salem for the past few months, has just returned. Saturday night's show was a complete failure. The glove contest was a very tame affair. Two of Eagle Creek's athletes made a more interesting match after the show.

The new telegraph line works admirably. All we lack now to insure rapid growth and a greater interest in farming is a railroad.

Garfield Items.

GARFIELD, Nov. 18.—J. P. Irvan has his new residence well under way. James Surface's new residence is nearing completion, and Mr. Cullek's residence is nearly ready for occupation. All of which adds to the improved looks of our settlement.

Born, October 29, to the wife of Fred Covey, a son. To the wife of Doc Palmateer, October 29, a son.

Wm. Outfield has added a new sill and banisters to his front porch.

"Democratic administration," "hard times," "low prices for all farm produce," are the topics of conversation whenever two persons meet.

Mr. M. J. Palmateer of Eagle Creek spent Friday of this week visiting her relatives of Garfield.

A WANDERER'S LETTER.

CAMERON, Mo., November 6th, 1888.
TO THE EDITOR:—Upon leaving Kentucky we went to Cincinnati, Ohio. Found it to be much of a hill city, with a suspension bridge over the Ohio river, erected in 1863. It is long enough to span the space at Oregon City from bluff to bluff. Taking the train for Indianapolis via Richmond, Indiana, we saw some splendid country indeed, quite different from other parts of the state. Our objective point in the Hoosier state being Greenwood, we stayed but a day in the capital. The location here is about all one could desire, unless that one was an Oregonian; then Mount Hood would be brought in view, with more evergreen, as a relief from the monotony of autumn leaves. Here we met a great aunt, 71 years of age, in reasonably good health, while her sister, who is 85 years old, drove several miles to town to see us on hearing of our arrival.

While at Greenwood we visited the Polk cannery establishment, which is said to be the largest concern of the kind in the United States if not in the world. Tomatoes receive the larger part of attention. Producers contract with the company to place them on the premises for the stipulated price of 21 cents per bushel. This same Polk company has a dairy of 100 cows, 52 being registered Jerseys. The cows are kept up all the time and fed on ensilage. The animals being dehorned their hooking propensities are reduced to a minimum. On being turned into the milking barn each cow takes her stall according to her name.

October 31 we were in Chicago again. Every thing at the fair had a winding up appearance. The Oregon exhibit at the horticultural building was being rapidly packed. The little crowing rooster still had his stand displaying the card: "Come down, Arkansas!" "Come down, British Columbia!" "Come down, World!" "There are no flies on Oregon Fruit!" etc.

November 1 was a general funeral procession, and to say it was the grandest thing of the kind we ever witnessed surely will not be surprising to your readers. But as is usually the case, many things happened in that grand parade not made mention of by the many city dailies.

November 21 we found the windy Chicago No. 2 in the shape of Kansas City. It's every where you go—on the hill and dale—a one story brick; two blocks off an eleven story building, and next block every other kind of a story. We here blocked a run on a savings bank. The crowd had doubtful faces as they gazed toward that elided door awaiting its opening for the promised adjustment of their accounts.

The same day we reached this place, the future home of our father. Have seen many of the kindred here.

Missouri has splendid soil, and thrifty farmers as far as corn raising is concerned. Roads are very dusty. Coldest nights so far 12 degrees above zero.

Very respectfully, J. W. THOMAS.

Sunnyside Notes.

SUNNYSIDE, Nov. 20.—A pleasurable entertainment was given by A. Hunter and wife the 11th of November, it being the 30th anniversary of their wedding. Guests began to assemble at 2 o'clock p. m., and by evening hosts of friends and neighbors were gathered. At the commencement music was given by Mrs. L. M. Hunter and daughter, followed by a brief sketch of their married life, which was followed by a song entitled, "Moonlight Vigils." At 6 p. m. a banquet was served which all enjoyed. Afterward a poem was read in honor of the occasion, and then a song was rendered by the family, entitled, "We are all, all here." The many elaborate presents were then uncovered in the parlor on the center table, after which dancing was indulged in by the company; music given by S. E. Johnson and sons. After a parting song all dispersed at 12 o'clock, having thoroughly enjoyed themselves. The guests were, Mr. and Mrs. S. E. Johnson, Mrs. L. M. Hunter and daughter, Mrs. Mary Reed, J. H. He and his carpenter working at his house hearing the dogs barking at a terrible rate in a brush thicket, mention was made that the dogs a few months ago captured a wild cat at the same place; hence they all concluded to take a gun and try to capture the intruder, whatever it was. Arriving at the spot it was soon discovered that the game was a large black bear. A shot fired by Mr. Davis wounded the animal only. It made a rush for the men and before Mr. Davis had time to shoot again the animal had inflicted a terrible gash in Mr. Irvin's arm. The second shot fired by Davis brought the bear to the ground. Its weight after being dressed was 151 pounds.
