Mails close going South, 9 a. m.; 7:20 p. m.

FRIDAY, NOVEMBER 24, 1893.

A LIBRARY PARTY.—Numerous invitations issued the first of last week by Mr. and Mrs. F. E. Morey for a "library party" at their residence on Monday evening of this week caused quite a wave of interest in social circles and set those favored with invitations to studying authors and titles for appropriate characters in which to appear at the party and the unique costumes witnessed at the gathering showed that they had not stood in vain. Those present speak in highest praise of the party, as its arrangements were such as to promote sociability thus insuring a pleasant evening. Upon the guests' arrival each was presented with a number and with a book and pencil in which to note by number the character assumed by each of the other guests and after sufficient time had elapsed for all to inspect those present and to note the characters the books were collected and note made of the number guessed correctly by each person. Miss Edith Wishart among the ladies guessed the most and Mr. C. G. Huntley among the gentlemen. Each received an elegant prize for their success and Mrs. T. W. Clark and Capt. J. W. Ganong were voted the prizes for the best sustained characters.

SUICIDE NEAR SALEM.—G. B. Henshaw living near the state reform school, came to Salem about 12 o'clock last Sunday morning and notified the justice that he had discovered a man with his throat cut near the reform school and Sheriff Knight accompanied by the justice went out to the place and found the body of a man apparently about forty years old, with the jugular vein nearly severed. About twelve feet distant was a razor with a white handle, bespattered with blood, and a few feet in another direction quite a pool of blood. A jury was summoned and a verdict was rendered that the man came to his death by his own hand. On the body was a silver watch, \$16.10, a knife and other materials; also had on four shirts, three pairs of drawers, overalls. On the case of the razor were the words "L. D. Jones, Monmouth, Polk county, new edge." When the acting coroner arrived, at about 2 P. M. the body was still warm, indicating that the deed was done during the forenoon, and it was in plain view of the reformatory. It is thought that the victim was once janitor of the normal school at Monmouth.

PORTLAND'S WATER PIPE.—Work has been resumed on the Bull Run pipe line and Mr. Hoffman, the contractor, expects to get a mile and a half or two miles more laid this year. The fine weather of the past week has had a good effect on the roads and Mr. Cook has 12 teams at work and is delivering 24 lengths of pipe per day. The trench is dug down the bluff of the Sandy and a tramway is being built to move the heavy 34-inch pipe up the hill to their positions in the trench. It is necessary that more pipes shall be laid this year if possible, in order that the whole line can be finished next season.

THEYING MONGOLIANS WANTED.—A short time since C. T. Tooz had the misfortune to lose abt \$600 through the dishonesty of two Chinamen who had been working a hop yard for him on shares. Since they skipped out with his share of the money he has followed them, being upon their track several times. He has now sent notices all over the state describing them and offering a reward of \$50 for their apprehension and delivery to Constable E. T. Fields in this city. As both are peculiar looking Mongolians and can be readily distinguished even from their countrymen he expects to get them back.

AN INTERESTING MODEL.—Captain Farenholt, inspector of this lighthouse district, has in his office a model of Tillamook rock and lighthouse, carved in pine, by an old man-of-war sailor named Score, who is one of the hands employed at the light. The model gives one a much better idea of the rock than can be derived from a picture. It shows the crane and basket by which people are swung ashore on the rock, the stairway leading to the top, the small level area around the lighthouse, where the employees must do their walking, etc. The "rock" part of the model is hollow and opens on hinges, showing a small box inside covered with specimens of all the shells found on the rock, consisting principally of limpets, periwinkles and mussels. Life on the lone rock in the sea must be very monotonous, and the men have to try every expedient to pass the time away pleasantly and so prevent them from falling out with each other, a common thing among lighthouse crews.

SCHOOL-BAND ENTERTAINMENT.—Shively's hall was well filled last Friday evening the attraction being the entertainment given by the school children and the Willamette Falls Silver band to procure funds to pay for an organ for the new school building. Mr. Kelly as president of the board of directors stated the object of the entertainment and thanked those present for their ready support of so worthy an object. The entertainment was first-class and much enjoyed by all present. It consisted of band music, vocal solos recitations and a flag drill by the young misses of the school. This feature of the evening's program was heartily enjoyed and proved a most interesting attraction. To the school children who took in hand the matter of selling tickets is due much of the credit for the large house in attendance.

AN INDECENT PAPER.—For years the Sunday Mercury has continued to pour broadcast upon the people of this state a mass of putrid and indecent matter which was only endured because no one wished to mix up with the matter, and so it continued its corrupting and abusive course till it attacked Col. C. E. S. Wood who refused to stand its attacks and at once began libel proceedings and succeeded in having the editors convicted. Last Saturday evening at the hour of publication Prosecuting Attorney Hume had the entire plant and force including the editors and fifty-six newsboys taken in and on Tuesday they were bound over to await the action of the grand jury. Meanwhile the grand jury had found another indictment for libel and the editors have again been arrested for libeling Col. Wood in a second article. This will probably end the publishing of that paper.

MULTNOMAH'S COUNTY OFFICERS.—Clerk Powell, Sheriff Kelly and Treasurer Mallarkey of Multnomah county have been indicted by the grand jury of that county for not making their semi-annual reports as required by law. The trouble seems to be that the officers having the moneys of the county in charge have deposited them in banks and find it impossible to draw them out to turn over to the county and without the money to balance their reports the making of a report would subject them to unpleasant criticism and demands with which they could not comply. Under these circumstances they preferred to take a risk of not making a report, the fine for which if convicted is only \$25, while the unpleasantness of being short in cash to balance the report might be much greater. It seems to be a case where they chose the lesser of two evils.

THE BEST PLASTER.—Dampen a piece of flannel with Chamberlain's Pain Balm and bind it on over the seat of pain. It is better than any plaster. When the lungs are sore such an application on the chest, and another on the back, between the shoulder blades, will often prevent pneumonia. There is nothing so good for a lame back or a pain in the side. A sore throat can nearly always be cured in one night by applying a flannel bandage dampened with Pain Balm. 50 cent bottles for sale by G. A. Harding.

WHAT'S IN A NAME?—One that inspires confidence and is known to all residents of Clackamas county as a synonym of integrity and fair dealing is that of Bellomy & Busch. This firm from a comparatively small beginning has from year to year increased its stock, and now can justly claim to have the largest assortment of goods in the county.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have, that they faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

Address, F. J. CHERRY & Co., Toledo, Ohio.

Sold by all Druggists, 75c.

THE SCHOOL FLAG.—While many it not most of the schools of the country districts throughout the county have been supplied with flags and flag poles, the district in this city has heretofore had no flag, but through recent efforts of the teachers and pupils who contributed to its purchase, a flag has been procured which is eighteen feet long and is valued at that many dollars, though through the kindness of Judge Fouts it was obtained for less money thereby enabling the children to get a larger flag for their money. It was first raised on Monday and the opening exercises upon that day were appropriate to the occasion.

BOYS BRIGADE OFFICERS INSTALLED.—Last Sunday evening Shively's hall was filled to overflowing to listen to the exercises incident to and to witness the installation of officers of the Boys' Brigade of the First Baptist church of this city. Rev. Gilman Parker as pastor installed the officers. Besides the usual exercises incident to installation, Ella Hoberg sang a solo and Judge T. A. McBride and Geo. C. Brownell made appropriate addresses. The officers of the brigade are, E. A. Smith captain, Edward Beach first lieutenant, Samuel Roake second lieutenant.

GREAT NORTHERN TO PORTLAND.—The Tacoma Ledger quotes a gentleman as saying that the great Northern has decided to build its long-projected Portland Tacoma line, and that work would commence as soon as the market would permit the floating of the necessary bonds. Judge Thomas Burke, the Western counsel of the road, when questioned about the matter said: "I do not know what the purpose is, but I should not be surprised if work on the line to Portland should be resumed in the spring, but I do not pretend to speak by authority."

FOR THE REFUGE HOME.—On Friday Nov. 24th the W. C. T. U. invite all ladies, whether members of the union or not to bring their lunch and meet at the Baptist church at 10 o'clock A. M. to finish a comfortable for the Refuge Home. Any worsted pieces will be thankfully received, also second hand clothing or fruit or provisions. The Home now provides for some twenty inmates. Any supplies will be forwarded. The ladies would like to donate a Thanksgiving box, to which all who are charitably inclined may contribute.

ANOTHER LANDMARK GONE.—Time works many changes and the early settlers who are yet living can see but few of the old, and at one time frequently referred too landmarks by which they were wont to mark their distance or direct travelers upon the road. In 1843 there was erected on the Damascus road by Dr. John Welch a house which soon became familiar as a landmark and was frequently referred to. This has just been torn down having served its day and purpose.

BIDS SENT IN.—On the first of December the postal department at Washington will open bids for the carrying of mails on the star routes in Oregon and Washington and among those which they will be called upon to consider are a goodly number sent in from here. These include besides the routes leading out from Oregon City, several long routes in other parts of the state and Washington.

Hazelia School Report.

Report of Hazelia District No. 37, for the month ending Nov. 17, 1893. A hop yard of 80 acres adjoining the town of Aurora will be leased on favorable terms. Dwelling house and other buildings. Tools etc. sold cheap.

Address, J. D. HURST & Son, Aurora, Oregon.

Are your children subject to croup? If so, you should never be without a bottle of Chamberlain's Cough Remedy. It is a certain cure for croup, and has never been known to fail. If given freely as soon as the croupy cough appears it will prevent the attack. It is the sole reliance with thousands of mothers who have croupy children, and never disappoints them. There is no danger in giving this remedy in large and frequent doses, as it contains nothing injurious. 50 cent bottles for sale by Geo. A. Harding.

PROTECT YOURSELF.—Insure you properly in the Guardian Assurance company of London. Cash assets \$23,000,000.

F. E. DONALDSON, Agent, Oregon City, Oregon.

O'CONNELL & GLASS, THE ONE PRICED

Clothiers, Hatters and Furnishers, OREGON CITY, OREGON.

Speaking of Sickness:

When it is serious, of course you call a physician. He prescribes and you are satisfied. But stop a minute. That prescription wants filling, and if the patient is dangerously ill, you want it promptly prepared. In any case you want it carefully compounded and compounded from pure drugs. Again, you don't want to pay more than the medicine and service are worth; now all these considerations will probably compel you to ask the doctor, "Where shall I go to get this quickly, properly and economically prepared?" His answer is sure to be, at— HUNTLEY'S Prescription Drug Store Near the Court House, OREGON CITY, OREGON.

We have just opened a large shipment direct from the manufacturers and will guarantee both workmanship and prices. They range in size from pocket memorandums to 800 page Demy's, with patent "flat opening" back. But the cheaper ones open so flat that they are often sold as "flat opening."

We would like to quote you prices on all office supplies at

HUNTLEY'S BOOK STORE, No. 5, Commercial Bank Block, OREGON CITY, OREGON.
