First among the seed producing houses of the world stands the old establishment of D. M. Ferry & Co., Detroit, Mich. Established in 1856, this firm has been for years the largest and best-known seed house in the world. In 1893 over one hundred thousand dealers handled Ferry's Seeds, and the number of people who planted them runs far into the millions. For 1894 this firm has made preparations to supply 50,000 bushels of garden beans alone. Something more than shrewd business methods is required to place and keep such a busi-
