To Meet the Times.

The subscription price for the ENTERPRISE has been reduced to \$1.50 per year; 75 cents for six months. Cash in advance. Subscribers paying at the end of the year will not be entitled to this reduction. The low price is made to get the list on a cash basis and induce all subscribers to pay up, and especially to prevent dead beats from taking the paper and not paying for it by reason of their being law proof. Reduced price will only commence with date of renewal.

This makes the ENTERPRISE the cheapest paper in Clackamas county—eight pages all home print and full of live local news.

OREGON CITY'S SENATE.

A Lively Session—Utah Admitted—Ladies Made Members.

The session of the mock senate last Friday evening was an unusually interesting one.

After the senate had been called to order by President Miller and the minutes of the previous meeting read and some routine business transacted, the members turned loose a flood of oratory on the Utah bill, which had been set for that evening in a manner that would have done credit to the United States senate when it talked the silver bill to death. The bill which was introduced and championed by Senator Story, of Idaho, provided for the admission of Utah as state without any restrictions. Senator Campbell, of Nevada, moved as a substitute a bill prepared by himself providing for its annexation to his state. After some 10 minutes in which Nevada was accused of being actuated by mercenary motives in trying to absorb their more prosperous neighbor, instead of irrigating their own lands and making them blossom as those of Utah had been made to do the substitute was voted down. After a lengthy discussion led by Senator Story in favor of admission in all its details by Senators Ferrin, Powell, Strange, of Tennessee; Meserve, Hankins and President Miller who spoke for the bill and Senators Campbell, Dye, Hyde, Hammond and Meldrum who opposed the bill a vote being taken eight were for admission and six against.

A bill to restore confidence, relieve the financial stringency and promote prosperity was introduced by Senator Hankins of Kansas. Referred to committee on coinage. Senator Hyde of Oregon introduced the following bills and resolutions which were referred to proper committees: a bill to repeal the national banking act, a bill to regulate the coinage of silver, a resolution calling on the president to take steps towards calling a monetary conference of the great nations.

The bill of Senator Gibson of Illinois, providing for a restriction on foreign immigration and of the elective franchise was made a special order of business for Friday evening, January 5.

On motion the Oregon City Chautauqua Circle was invited to attend the next regular session of the senate. The president appointed Senator Powell as a committee to extend the invitation.

In view of the fact that Colorado and Wyoming now admit women to the full elective franchise, a motion was carried inviting the Oregon City Chautauqua Circle to name two ladies to become members of the senate and who will be given seats from those states.

A motion was carried allowing the numbers to bring their wives, sisters or some other fellow's sister, or a friend to the next meeting.

The senate adjourned to meet Friday evening, January 5th. The meeting will take place as usual in the A. O. U. W. hall.

Physical Culture Class.

Mrs. Helen Stafford, the lecturer on and teacher of curative physical culture, at the urgent request of her pupils, has consented to remain another week so another class will be formed. These exercises furnish relief for every part of the body from the crown of the head to the sole of the foot. In fact a headache or backache is unknown in Mrs. Stafford's class after the third day, and she has a never failing "cure" for all female weakness, being an exercise applied to the muscles which control that part of the body. Mrs. Stafford says, "did men know what this would do for women they would not have time to eat or sleep." Try then and take a new hold on life.

Mrs. Stafford has never had one dissatisfied pupil during the four years she has been teaching these exercises. Mrs. Stafford's class meets promptly at 2:30 P. M. in room 24, Electric hotel. (Satisfaction guaranteed.)

The community was saddened on Saturday morning by the announcement of the death of Mrs. Jane E. Buck. She had been sick for a short time previous to her death, with a severe attack of the grip, but it was not thought till a day or two previous to the end that it was likely to result fatally. About 12 o'clock Friday night it became evident to those who were with her that the end was drawing near and at four o'clock in the morning she quietly passed to the other shore. Mrs. Buck was one of the pioneers of this section and with her husband performed no small part in the early work of development in the state. Her husband, Mr. W. W. Buck died about five years ago and on Monday she was laid to rest by his side, a large concourse of friends being present to participate in the last sad ceremonies. Her daughter, Mrs. S. D. Pope, of Victoria was with her mother at the end. Besides Mrs. Pope one son is left to mourn their loss.

A couple of weeks since the ENTERPRISE made mention of the fact that some party had been insulting ladies as they passed along the street in the early evening. Last Saturday a young man by the name of Younger was arrested by Officer Sheppard and taken before Chief of Police Purdon who taxed him with being the party making these assaults. At first he denied it but subsequently admitted his guilt. After a severe reprimand and a promise to do so no more and being admonished to keep off of the streets at night, he was, on account of his youth, permitted to go free.

Judge Fouts was called to Clackamas on Sunday evening to the residence of Capt. Jas. Wilson, where a small company of the relatives of the family were gathered for the purpose of witnessing the marriage of Miss Talitha J. Wilson and Albert E. Holcomb. The judge tied the knot in his happiest style, after which congratulations and a sumptuous wedding supper followed.

Snow fell on Wednesday night and was still lying on the ground in small quantities on Thursday morning. The hills round about and especially those back of Portland continued white all day but along Main street the warm atmosphere and the sun soon dissipated the "beautiful."

For real comfort C. G. Huntley doubtless has as choice a Christmas present as any one. It was from his mother, brother and sister and every time he seats himself in its comfortable confines he appreciates the gift and blesses the donors. He thinks for solid comfort his chair cannot be beat.

C. S. Emerson and Chas. Gable, two well-known farmers living near St. Helens who are serving on the United States trial jury in Portland were in this city on Thursday taking in the sights.

A petition is said to be in circulation asking the city council to modify the ordinance passed last Saturday night by making the license on street railways carrying freight \$100 instead of \$300.

Judge Huelat was able to be on the streets Thursday, having partially recovered from a severe attack of the grip. He is looking much the worse for his recent sickness.

Coroner Holman received word about noon on Thursday that a party by the name of French living in the country had died.

No trace of Joseph Rechner has been found and Chas. Athey and J. W. Cole have offered a reward of \$100 for his recovery.

Mrs. Homer Holland of Salem was down to see her mother, Mrs. Jas. Athey the first of the week.

County court is in session this week with plenty of business to engage its attention.

Circuit court will convene on the 6th of this month for an adjourned term.
