The conventions to nominate candidates for State officers to be voted for by the people of Oregon on the 4th of next June will be held as follows: The populists will meet on March 14, at Oregon City, republicans on April 11, at Portland, democrats on April 17 at Astoria.

On Thursday evening the firemen are to give a masquerade ball at the armory which promises to be a popular one. The companies are deserving of the best support that the community can give, since, at considerable loss to themselves they attend meetings and drills and ever stand ready to protect property from fire. Give the fire boys a lift.

Last Saturday the Oregon City Iron Works which has just completed a new blast furnace put in the first fire with iron for the blast and made several castings. The furnace worked most satisfactorily and will prove a great convenience to the mills and the community in general. Another blast will be put in on Saturday of this week.

The annual meeting of the Clackamas County Sunday School convention is in session at Canby, and from the number of persons that went up from here, it is probable that the attendance is good and the meeting interesting. Those who went from Oregon City Thursday morning were, Rev's. Giboney, Molloy and Sykes, Mrs. Geo. C. Brownell, Mrs. E. M. Rands and Miss Junia Wade. Mrs. C. F. Clark of Clackamas and T. J. REPUBLICAN CLUB MEETING.

Good Representation and an Enthusiastic Meeting on Wednesday.

The members of the old republican club and many others filled Pope's hall Wednesday evening at the annual meeting of the Young Men's Republican club and evinced much interest in the proceedings. The meeting was called to order by the president, C. O. Albright and after preliminary proceedings a recess was declared for the purpose of giving all who desired an opportunity to sign the roll.

The election of officers being declared in order a ballot was taken resulting in Chas. Meserve being chosen president by a majority of twenty-two over his competitor, H. S. Stango. For vice-president H. S. Strango, Henry Meldrum, and J. L. Swafford were duly elected. T. P. Randall was then chosen secretary and E. E. Williams treasurer.

The following executive committee was appointed by the president: J. N. Harrington, H. E. Smith, W. T. Whitlock T. W. Sullivan, and Henry Gilbert.

As this filled the offices and there was no further special business before the club, the officers elect were escorted to their places and called upon for speeches to which they responded in a happy vein. Short speeches were made by Hon. Geo. C. Brownell, Hon. Gordon E. Hayes and Geo. Rinearson.

After transacting some routine business the club adjourned to meet upon call of the president.

City Officers' Salaries.

The mayor and some others have criticised the actions of the city council in allowing to the city recorder a salary of \$25 per month when the ordinance fixes his salary at \$10 per month. The explanation of this action on the part of the last two councils is that a resolution was passed something like two years ago fixing the compensation of the several officers. At the time of its adoption the question was raised as to the legality of taking action by resolution concerning a matter that had been fixed by ordinance. It was held by a good attorney in the council that it was proper to take action by resolution. Certain it is that the council at that time voted to pay the city recorder \$25 per month, and also in the same resolution fixed the compensation to be paid several other city officers, so that the question involved is only technical. Neither Mr. Porter nor any city officers have drawn one cent more pay than was allowed by said resolution.

The Woodmen Entertain.

On Tuesday evening Willamette Falls Camp of Woodmen of this city gave a literary entertainment in K. of P. hall which was well filled with an intelligent audience which after the conclusion of the exercises expressed itself as well pleased with the program. The address of welcome by Dr. W. E. Carl was felicitous and well received as was also the address of the evening delivered by G. F. Johnson, counsel commander of Multnomah camp, Portland. The glee club, C. A. Miller and R. R. Byram were loudly cheered and had to appear the second time. The recitation by Miss Grace Green and the solos by Mrs. J. W. Gray and Erastus Smith were excellent. F. J. Louis had consented to entertain the audience with some of his imitations and he found an appreciative greeting to which he had to respond by a second appearance.

An Oregon City Girl.

Miss Blanche Beatrice McCord, the violinist, is an Oregon City girl who, at great expense has taken a course at the conservatory at Leipzig, Germany, the greatest school of music in the world. With true grit this young girl journeyed alone from Oregon to Germany and without friends, a stranger in a strange land, she entered the conservatory. But the little American girl made her way to the front, became the pupil of Hans Sitt, the celebrated composer, and the famous Dr. Klengel. Here for two years she enjoyed the best possible instruction and again alone wended her way back to the Willamette Valley. Next Friday evening Miss Blanche Beatrice will make her debut at the Congregational church of her native village. Let all accord her welcome.

New Time Card.

Beginning with Wednesday of this week the East Side Electric company began operating their cars so as to give much better service than they have been giving the public of late. Hereafter cars will run during the day with only forty minutes between cars and the evening service while not equal to that of the day is all that is required to accommodate the travel. For exact time see the card in another column.

A mistake was made in the paper last week in giving the voting place in Ely precinct. The boundaries of this precinct are not changed from last year except as that part of Ely which was taken into the city now becomes a part of Oregon City No. 3 with the polling place at the school house basement, and Ely polling place is moved to the Maple Lane school house.

HO FOR CALIFORNIA.

An Interesting Letter From Rev. Gilman Parker.

SAN FRANCISCO, Feb. 17. To THE EDITOR: I left Oregon City on time last Thursday night on the overland for San Francisco, arriving here today (Saturday) about noon. Nothing out of the ordinary occurred en route. The usual spoiled small boy was on board, one of those you must let severely alone unless you want him to crawl all over you. Also we had the newly married couple along. They were also of ordinary interest, they were very fond of each other and very, very loving. They seemed to enjoy each other hugely and at the same time furnish very much amusement to the spectators. A couple of old ladies who sat near them, however, seemed to be sickishly disturbed. The patent-right man was on, going to the Midwinter Fair to sell the state of California. The eastern tourist was of course with us seeking a climate where the blizzard cometh not. There were some many other nice people on the train, all going somewhere and were from some place. Did it ever occur to you that a great many of the people that travel on the great overland trains are nice people?

We found plenty of snow in the Siskiyou mountains, and it was still snowing. Mt. Shasta was covered with clouds so that we could see only its base. The mountain scenery is the finest I have ever seen. Many high mountains and deep canyons, especially in the foot hills of Mt. Shasta. The train ran along almost over a very deep canyon for several miles, then curving sharp to the left ran down the canyon, many places nearly under where we had previously traversed only several hundred feet below. In this canyon is the famous Mt. Shasta soda springs and summer resort. The train stopped five minutes for the passengers to get out and drink. As usual some were delighted with the water and some were disgusted with it. It is not as sharp and good as our Wilhoit and much more brackish, yet it is very good. Some very nice hotels are here. The whole side of the mountain seems to be lovely combined with springs. Some are fountain like and some spray the water up fifteen or twenty feet into the air. A beautiful mountain stream runs down this canyon and here we see the most beautiful scenery.

I am now quartered at the Hotel Brooklyn in the heart of the city for a few days until I find a more permanent home. I feel very much at home here as it is raining today, a very Oregon mist. The streets are wet and muddy and in that respect it seems like Portland and Oregon city. San Francisco is a very large city and reminds me more of Chicago than any I have ever visited. Its buildings are not, however, so large, not so many people crowd its streets and it is very much dirtier. I am not impressed with California so much as I expected to be. So far I prefer Oregon and the Willamette.

Next week I will write about the church I am supplying and the Mid Winter Fair that I shall visit and perhaps some other things. GILMAN PARKER.

MR. STARKWEATHER EXPLAINS.

To THE EDITOR: In the last week's issue of your paper, you say my name is favorably mentioned as a prospective republican candidate for the state legislature, together with the statement that I am not tainted with populist idiosyncrasies. I wish the space in your columns to say that were that position within the gift of the republican party and they were disposed to confer the honor upon me, I would certainly decline it. As for the quasi compliment that I am not tainted with populist idiosyncrasies, suffice it to say, that in the last presidential election I voted for Gen. Weaver, and am a member of the Milwaukee people's party club. Thanking you again for the compliment, I am yours truly. H. G. STARKWEATHER.

ALL FOR LILL. BY W. C. W. Written for the Enterprise. That old black Lill Proved a bitter pill For Grover and Gresham to swallow; They tried hard to control And bulldoze the man Doie, But he beat their man Willis all hollow. They'd better own up the corn And acknowledge they're wrong, And admit old Blount's a big liar, And concede Mr. Doie Has a much better soul Than any man Grover can hire. They are now in a hole. Both body and soul— They know they have made a big blunder; They'd give all they have got Out of Uncle Sam's pot If they could decently crawl from under. Cleveland's henchman are strong— They know they did wrong When they voted to uphold Grover; They will sure get their pay At no far distant day. When these demerol times are over. Grover is sure in the soup, It sounds like the croup— Perhaps scarlet or bilious fever; If the people think best To give him a rest, They will have to appoint a receiver.

Something Unusual, as a medicine, is Dr. Pierce's Golden Medical Discovery. And, because of that, there's something unusual in the way of selling it. Where every other medicine of its kind only promises, this is guaranteed. If it ever fails to benefit or cure, you have your money back. It's the only guaranteed remedy for every disease, caused by a disordered liver & impure blood. Dyspepsia, Biliousness, the most stubborn Skin, Scalp and Scrofulous affections, even Consumption (or Lung-scrofula) in its earlier stages, are all cured by it. It purifies and enriches the blood, rouses every organ into healthful action, and restores strength and vigor. In building up both flesh and strength of pale, puny, Scrofulous children, or to invigorate and brace up the system after "Grippe," pneumonia, fevers, and other prostrating acute diseases, nothing can equal the "Discovery." Calarrh is positively cured by Dr. Sage's Remedy.

IT GIVES YOU HEALTH. Moore's Revealed Remedy. Astounding in its Effects in the cure of Rheumatism, Asthma, Malaria, Biliousness or any other disease arising from deranged Liver, Stomach or Kidneys—It drives all impurities from the Blood. Mrs. Chas. A. Russell, who is favorably known throughout the Northwest says: "For fifteen years I was a constant sufferer with asthma without any relief, except that obtained by constant change of locality. Two years ago I tried Moore's Revealed Remedy and the benefits received from it were the most gratifying. It gave me relief from the first and prevented the terrible distress peculiar to the disease that made life almost unbearable. Any one who has ever had asthma can understand the gratitude I feel toward this remedy. Believing it has added pleasant years to my life I have not hesitated to recommend it to all like sufferers, and always with the same happy results."
