THE ENTERPRISE CORRESPONDENTS SWEEP THE FIELD.

Successful Revival Meetings at Carus—Social Notes of Interest—A Market Pointer for Oregon City.

CARUS, March 6.—Farm work progresses despite the odd freaks of the weather. Last Sabbath nine persons were taken into the Methodist church on probation. Next Sabbath Rev. Ernst will receive applicants for membership to the Evangelical class.

School meeting was held Monday evening according to notice. John Jones was elected a member of the school board in place of Edwin Howard, retiring.

The sisters of F. M. Davis returned to their home in Minnesota last week. After a stay of four months and a half in Oregon, they still pine for their native blizzard.

John Lewis was recently called to make a trip to Wales to settle the affairs and estate of his mother, lately deceased. Mr. Lewis expects to be absent three months.

Mr. Lewis and other parties went to Canby last Friday to do some trading. R. M. Cooper sent down a sack of dried apples which he could not give away in Oregon City, and received two dollars for the same. What's the matter with the Oregon City market?

Henry Hornshuh lost a good mare yesterday. She had been ailing a long time and examination after death showed the trouble to be lung fever.

Widow Griffith, who left Carus a short time ago, is stopping with a brother-in-law near Forest Grove. She expects to go to California soon.

M. E. London has been badly afflicted for some weeks with boils on his hand.

Walter Emmot has been laid up from work two weeks with a sore hand.

Severe colds with gripe symptoms have lately prevailed in the neighborhood.

CALLA.

SANDY SQUIBS.

Signally Weather—Some Building Notes—Killed a Big Bear.

SANDY, March 4.—The mild weather and warm rains of the past week caused the snow to disappear about as fast as it came and the people are glad to see it gone as feed for cattle is getting rather scarce in this vicinity.

John Doyan has the foundation laid for his dancing hall on which work will be pushed to a finish as quick as possible. When the hall is ready they will have a dance in it every week.

Mr. Strouse has let a contract for clearing several acres to F. Brunner.

Mr. Ridderbusch's horses were had under suspicion of having the glanders and some one notified the stock inspector who came and examined said horses and found them affected with the pest and both horses were ordered killed at once.

John Callet has been engaged to teach school on Sandy Ridge.

Charley Beebe moved Mr. Elder and family down to Portland. Mr. Elder is going to Kansas to make that state his future home. This will make the second time Mr. Elder left Oregon and came back each time and it is hoped he will soon be back again.

Joe Willig left for The Dalles about two months ago on some business and promised to be back in a week or two, but so far has not been heard of since and his neighbors are anxious to know what has happened to him.

Xavier Decker, last week, discovered a big bear in his den. After firing several shots at him he succeeded in killing old Bruin. He weighed three hundred pounds.

Mr. Doyan's little child, which has been very sick the last two weeks, will now recover and is slowly improving.

A. Katzer started last week for San Francisco to visit friends and the Mid Winter fair.

Mr. Meinig and his daughter Clara will soon start for California to attend the fair.

The Sunday school which is held in the Sandy Ridge school house is progressing nicely under the superintendence of Miss Mary Foster and Mrs. Stone.

The people party held their caucus in the hall Saturday to send their delegates to the county convention. About one dozen populists were there.

The most lively meeting of the Sandy debating club was held last Wednesday. An immense crowd gathered at the house. Quite a number of people of Eagle Creek and Currinsville were present among whom were H. Gibson, D. Gibson, Henry Eperson, Eli Sutter and others. After the house was called to order by Geo. Eperson, president, came the debate on the question "Resolved, That horses are more useful than cattle," which was a very easy question and everybody had lots to say. After a lively discussion it was decided in favor of the affirmative which was led by Herman Brunner and the negative by Oswald Brunner. After the debate came the literary program consisting of singing, recitations, reading, etc. Next came the choosing of a question and the following question was selected, "Resolved, That the railroad is more beneficial than the steam boat." Charles Wilson the affirmative and J. Doyan the negative.

Park Place News.

PARK PLACE, March 5.—There was a crowded house at the debate last Saturday night at this place. The subject discussed was, Resolved, That fire is more destructive than water. The young ladies being the speakers of the evening carried the debate in an interesting manner. The judges rendered their decision in favor of the negative. A part of the audience was composed of young ladies and gentlemen from Clackamas. After the debate the Clackamas boys favored us with a song which received loud applause from the audience. The usual number of recitations and readings wound up the evening's entertainment.

William Smith has the lumber on hand for the erection of a new residence. He proposes to start the work as soon as the weather will permit.

M. Frogen and wife, who have been visiting friends in Portland for the past week, have returned home.

The work of clearing the land slide from

the road a short distance above here on the south side of the river, is progressing as fast as the inclement weather will permit. It is slow and muddy work owing to the continued fall of "Oregon mist."

GLADSTONE NEWS.

E. J. Garrow, who has been laid up for the past two weeks with a severe attack of the grip, is now in a fair way to recover.

G. Gotling has the frame of his new house up and the shingles on. It will be a desirable residence when completed, just the kind we like to see going up in Gladstone.

All the underbrush is being cleared out of the park and the lower limbs cut from the trees, which will make it the most inviting place in the country for picnickers the coming summer.

R. L. Cheshire will soon have his new house ready for occupation.

MILWAUKEE MUSINGS.

Amputated a Toe—Annual School Meeting—New School Building.

MILWAUKEE, March 6.—Little Johnny Lundy the boy who so severely cut the great toe on his left foot last Monday, suffered great pain all last week and Monday Dr. Kent, of Portland, found it necessary to amputate the member. It had not started to heal and was in a somewhat mortified state. Dr. Kent gave the little sufferer chloroform, he being too weak from the loss of blood to undergo the operation, which was successfully performed. It is hoped that little Johnny will speedily recover.

The annual school meeting of district No. 1 was held in the old school house, Monday evening with R. Scott in the chair. The clerk's report was read and submitted to a committee for examination. R. Scott was re-elected to serve three years as director and Oscar Wissinger as clerk to serve one year. There being no other business of importance the meeting adjourned to meet Monday evening March 19th.

Our schools are taking a week's vacation during which time the new school building will be fitted for occupancy. The spring term will begin in the new building Monday, the 12th inst. A program of exercises has been prepared by the teachers and pupils. Hon. Geo. C. Brownell will be present and address the patrons and pupils of the school. Exercises to begin at 2 o'clock P. M. All friends are respectfully invited to attend.

New Era Notes.

NEW ERA, March 6.—Mrs. Enos Cahill has been suffering of late with a severe attack of rheumatism.

Geo. T. McArthur is now teaching the New Era School in place of his sister Aggie who just closed a successful term.

New Era is destined to come to the front and will doubtless be recognized in the near future by an appointment from the president as we have an important personage here who claims to be related to the one and only Queen Lill. He says that the Queen's aunt's cousin is a relative of his mother's aunt and this makes him related to the queen, but in just what degree of consanguinity he stands he has not yet determined.

Joseph Hairas had the misfortune to lose a horse last week. As he was driving along the road the animal fell dead in the harness.

The basket social at Union Hall was well attended and resulted in placing the sum of \$14 in the treasury. H. S. C. Phelps was the joker of the evening and D. F. May acted as auctioneer.

The school meeting in the Brown school house on Monday afternoon passed off very quietly. Wm. McDonald was elected director to succeed David McArthur and H. A. Waldron was re-elected clerk for the ensuing year. The meeting decided to have a new floor laid in the school house and to advertise for bids for the same and for a new porch. The directors will meet at the school house to receive bids on the evening of the 10th of March at 7:30 o'clock.

Reuben Fanton says that he has taken a contract from Jos. Casto to grub twelve acres of hazel brush and fir land with his new grabbing machine.

Oswego Omelet.

OSWEGO, March 7.—The Oswego Republican Club had a lively meeting Saturday evening. Chairman Mintie introduced Hon. J. T. Apperson and Judge Meldrum, both of whom addressed the audience on the issues of the day. The following officers were elected: D. B. Reese vice president, L. A. Jackson treasurer, and Jos. Layman assistant secretary. The club is in a flourishing condition and new members are constantly joining.

School district No. 47 elected Henry Gans director and J. C. Haines clerk.

Capt. A. Evans, Jr., is confined to his bed suffering from a relapse of la grippe.

In the defamation of character case of James McFarland, plaintiff, vs. John Lealand, defendant, damages were allowed the plaintiff to the amount of \$250.

Mrs. Wm. Denber is seriously ill.

Oswego is assuming metropolitan airs. We had an attempted "hold up" Saturday night last.

Mrs. Mary Zimmerman gave a select party on Tuesday evening, the 6th inst., it being the 43rd anniversary of her birthday. Members of the family only were invited.

We had a fall of two inches of snow Monday morning, followed by a light rain.

Arrangements for a grand mask ball are afoot.

L. Winther spent Sunday in Portland visiting friends.

E. J. Russell has recovered from the grip and is around attending to business again.

Pres. Theo. B. Wilcox of the Oregon Iron and Steel Co. has gone east to arrange the lease of the furnace plant.

Thos. Nielson, Thos. McMillan, and Robt. L. Pollock are contemplating a prospecting trip to the Nehalem.

Contractor W. H. Welsh is building a new core oven at the pipe foundry.

E. S. Phillips and L. Winther attended the Acme social club ball in Portland Tuesday evening.

It is rumored that the Oswego Iron Worker has changed hands.

Call and see the lounges at R. L. Holman and you will see some good ones which they are selling almost at manufacturer's prices.

FOR A POOR FARM.

TO THE EDITOR: This is another rainy day, so I sit down and write you a line. There is no important news here worth writing about, so I must find something else. I heard some complaint about our poor (paupers) in this county and that our county court spends too much money out of our county funds to maintain such poor. I do not know whether it is true or not. Would it not be a good plan to have a poor farm in this county, say a piece of land of forty acres? After it is cleared off to be good for cultivation, what a good thing it would be. They could raise all their vegetables, small fruit, and plant out an orchard and in time they could raise all they need and sell some besides. There are some poor men who can do some work but can not do a days work for others. Now I do not mean that the county shall buy a forty acre tract. Is there not a philanthropist in this county who is willing to give such a piece of land? For my part I would be glad to give twenty acres of my homestead for that purpose, but it is not suitable. But I will give one dollar in cash—where are our ex-officers of this county? can't they give a few dollars of their hard earned money for that purpose? Let us hear what you have to say to this. If you have no land suitable for this subscribe a few dollars. It don't cost so many million dollars to buy a forty acre tract of land. Send in your name to the ENTERPRISE all who are willing to give a few dollars towards it. Now, Mr. Editor, if you do not agree with me all right, I will say no more. I know there are always two sides to a question.

Yours respectfully,
JOHN C. SCHMIDT.

Burings Budget.

BORING, March 6.—Very stormy yesterday.

School meeting went off all right. J. A. Richey was re-elected as clerk and David Hederman was re-elected as director. It is a shame that the people of this district take no more interest than they do about the election of clerks and directors, always keeping the same ones in office. Perhaps they think it is best to have no change. Miss M. L. Fernley was chosen out of the many applicants as teacher, if she accepts.

DREAM'S PROMPTINGS.

There is a constant flow of unconscious thought while we sleep.

The physiologists of the first half of the century and some more modern writers expressed the belief that dreaming only occurred at the moment when consciousness began to resume its sway.

But in The North American Review, Dr. Louis Robinson says that modern investigators accept the theory of the metaphysicians and believe that there is a certain amount of cerebral action during the whole period of sleep, and that the vast majority of our dreams never come to our knowledge. He thinks that there is an unbroken current of ideas which passes through the sleeping brain, and which only recalls itself to the conscious eye when some disturbing element intervenes. "We may compare it to an invisible and silent river, flowing by without betraying its presence, save where there is a splash of a fish or a falling stone, or some foaming eddy where a rock breaks the smooth surface."

Dr. Robinson's article is long and interesting. The conclusions at which he arrives are as follows: Owing to the unceasing unconscious cerebration which is a necessary concomitant of our power of intellect, the brain is always in shifting memorized matter. The cerebral centers connected with the sense organs are continually and independently employed in stimulating impressions from without. Certain of the senses, especially that of hearing, remain open to external influences during sleep and convey actual vibrations to the brain. There is an active and purely involuntary predisposition on the part of the mental apparatus to compare and collate all the messages which come, or seem to come, from without, through the sense channels, and to collate these again with what is brought to the consciousness by involuntary recollection. Associated with this is a tendency to combine the evidence so collected into a coherent whole, and to make the result of either explain the more emphatic thoughts or impressions, or else answer some questions which occupied the attention before sleep began. No voluntary power exists during sleep to pick out from the jumble handed in that which is relevant to the problem to be solved, and just as there is no power to discriminate real from false impressions at the outset, so, throughout a dream, we are completely oblivious to the most glaring fallacies and inconsistencies."—Rochester Post-Express.

A Man Sleeping in the Street.

A well dressed man leaning against a lamp post and apparently sleeping the sleep of the just created a great deal of interest in a busy London street the other day. He sat on a box which he had been carrying.

Evidently, being suddenly overcome with drowsiness, he had placed the box on the curbstone, and sitting down upon it had fallen asleep. To those who succeeded in getting close enough to the man his gentle, restful snore dispelled the fear that he might be dead. The side of his face was exposed and betrayed no sign of intoxication. It was the judgment of every one that he was sober, in good health and simply taking a quiet snooze.

When the crowd became so deep as to threaten a blockade, the supposed sleeper suddenly jumped to his feet, mounted his box, and flourishing a couple of bottles over his head exclaimed:

"Now, gents, seein that you are all here, I rise to a question of privilege, and after thankin you for this most cordial reception, which I assure you will long remain upon the tablets of my memory, I wish to call your attention to my world renowned corn and bunions radiator."—Exchange.

GREAT REDUCTION IN CLOTHING AND DRY GOODS

Boys' \$1.50 and \$2.00 Suits for 90c. and \$1.00.

Good heavy Suits from \$1.75 to \$3.90.
