

Oregon City Enterprise.

FRIDAY, MARCH 23, 1894.

OREGON CITY OFFICERS

Mayor - Hiram Straight
Recorder - L. L. Porter
Chief of Police - Chas. Noblitt
Assessor - E. S. Callif
Treasurer - R. L. Holman
City Attorney - E. F. Driggs
Street Commissioner - C. Babcock, Jr.
Supt. of Water Works - W. H. Howell
City Engineer - B. Kinard
Councilmen - C. O. Albright, Jr., H. L. Kelly, C. N. Greenman, J. J. Cooke, B. F. Jaggar, H. C. Stevens, Geo. Broughton, M. Howell.

Council meets first Wednesday of each month in city hall.

The way to build up Oregon City is to give Oregon City people your patronage.

Cheapest and Best.

That is what the ENTERPRISE offers you for the campaign. You want to be informed relative to all that is going on in the county and to do that you will want the ENTERPRISE. In order to place it within the reach of every one in the county even in these hard times, it will be sent from now until after the June election for 25 cents. This is an unparalleled offer as you can get all the news of the county at a time when you want to keep posted for only a quarter of a dollar. Send in your campaign clubs at once.

SPRAY OF THE FALLS.

Prices the lowest—Red Front Stores. What do you think! Shaving 15 cents at Farnsworth's barber shop.

First class loans placed without delay at usual rates. W. H. BURGHARDT.

Get the political news by sending 25 cents for the ENTERPRISE for three months.

Monday evening at 8 o'clock at the Baptist church Roland D. Grant will lecture on "Life and Art."

If you want an attractive sign see Davis the painter. Portland prices. Shop back of Pope & Co.'s hardware store.

Steelman's Soothing Powders claim to be a preventative as well as curative. The claim has been recognized for over fifty years.

Since Parker the barber has shaved off his mustache they say he looks like Bill Nye. Clean towel with every shave. N. B. come early and avoid the rush.

A stimulant is often needed to nourish and strengthen the roots and to keep the hair a natural color. Hall's Hair Renewer is the best tonic for the hair.

Jas. Gault has moved from Canemah into the Mathies house near the river bank on Twelfth street, and may hereafter be found at the sash and door factory running the planer.

C. O. T. Williams has money now to loan at low rates on good residence security, small monthly payments of interest and principal. A few good farm loans might be considered.

School Directors Lawrence and Noble have been visiting the city schools the past week and report them in good condition with the teachers striving earnestly to maintain a high grade of work.

C. J. Stopp, who formerly lived here is back for a short visit having just closed a successful term of school at Skipanon. He will return to Clatsop county in a short time to teach this spring at Olney.

The several mills of this place were obliged to close down last Friday for the third time this winter on account of high water. They were able to start the wheels turning on Wednesday again.

The trouble with most cough medicines is that they spoil the appetite, weaken digestion, and create bile. Ayer's Cherry Pectoral, on the contrary, while it gives immediate relief, assists rather than impairs the assimilative process.

A neatly printed announcement from Sattle conveys the information that our old friend Corwin Shank of the firm of Shank & Smith has moved, and we judge from the announcement that they are doing a fine business, making insurance and commercial business a specialty.

Revival meetings were begun on last Monday evening at the German church of this city. Meeting every evening this week and next to begin at 7:45 P. M., everybody invited. Preaching also on Good Friday at 10:30 A. M.

A. ERNER, Pastor.

The Dayton Herald states that Joel P. Geer owner of the steamer Toledo has bonded the whitehouse at that place, owned by Timothy Goodrich of Monmouth. Mr. Geer and Mr. Goodrich were there on Tuesday when they made the deal which gives Mr. Geer control of the property.

Several of the wood cars which are being built to haul wood down from the Tualatin are nearly ready for the trucks which are expected in a few days. The canopied car which stands near the station is to have motors placed under it and is to haul the other cars loaded with wood.

Realizing the importance of the fruit industry to this section, Messrs. Charman & Son have secured a number of the reports of the horticultural board which treats very fully upon fruit raising in all its branches. Farmers and others who wish one of these valuable books can obtain them by calling at the store of Charman & Son in this city.

POLITICAL POINTERS.

Some of the Things Being Done and Said Among the Boys.

C. M. Idleman, who is personally known to many here, but who is better known as the Portland representative of the firm of Johnson & Idleman, is most favorably spoken of in connection with the office of attorney general. In point of ability Mr. Idleman ranks high, his firm having a large and flattering practice in the metropolis. Should he be nominated he would bring to the office the active, energetic and careful consideration of the state's affairs which would insure good counsel.

Chairman Brownell of the republican county committee has just sent out notices with blanks to be filled in to suit the several precincts, giving notice of the republican primaries which are to be held on the 31st day of March. Committeemen receiving them should fill them in at once with the proper precinct name and hour, sign and post in conspicuous places so that all may get out to the primaries and assist in selecting delegates to the convention, to be held on the 4th of April.

Many of the republicans from various sections of the state have been free to express their approval of Captain Apperson's candidacy for the governorship. They state that they are fully satisfied that he would give a good, safe and economical administration in accordance with the well established principles of the republican party.

Wm. Barlow is being mentioned as a suitable person to succeed Commissioner Bair and his friends are urging his nomination on the grounds that he is an old and well known resident and a good business man.

Among the young candidates mentioned in connection with the office of representative is that of G. W. Swope who recently graduated as an attorney.

Willis S. Duniway who was born at Needy in this county is prominently mentioned in connection with the office of state printer which he is thoroughly competent to conduct. Mr. Duniway is at present at work on the Oregonian. As a Clackamas county boy we wish him success.

W. H. Welch of Oswego was in town Tuesday looking after his political fences in connection with the sheriff's office which he aspires to fill. He says in speaking of the candidacy of both himself and Geo. Prosser from the same community that they have agreed to fight for the delagation from that precinct up to the time of the closing of the polls and whichever secures the delagation is to have the hearty support of the other. Good enough.

Last Saturday evening at a meeting of the Canby populist club Dr. White, who has long been a leading light in that party and who was prominently mentioned for representative at the late county convention, tendered his resignation, stating that he could no longer cooperate with that party in the policy which they were pursuing. The doctor to please his former compatriots should meekly have bowed his head and obeyed their dictation.

Sidney Smyth who went up to Canyon City to bid on a wagon bridge returned the last of the week and reported a very disagreeable trip over mountainous roads which occasioned several break-downs and runaways. From his contact with people in that section he finds that they want another change which will revive business and they believe that the republican party is the one to bring that about. Inquiry concerning Pierce's strength showed that he does not stand as well as when he ran before.

For some time past it has been evident to those who met him that Mr. Rizenstein's mind was weakening. A week since it seemed to fail entirely and those under whom he had been working at the woolen mill thought that perhaps rest might help him, so an opportunity was given him, to remain at home, but it soon became evident that he was not getting any better so the first of the week he was tried and committed to the insane asylum.

On Wednesday evening there was a very pleasant party at the home of Mrs. S. A. McCown, the occasion being the birthday anniversary of Miss Cornelia McCown. At 6 o'clock the guests sat down to an elegant dinner after which music, games and social converse employed the time till a late hour when her guests left wishing their young hostess many happy returns of the day.

Mr. W. P. Johnson after a couple of weeks spent here in going over the business and plans of the Willamette Pulp and Paper company of which he is manager, returned to San Francisco Saturday night. Upon his arrival in California he will be able to determine whether or not it will be best for the company to build their new mill the coming season.

Chief of Police Burns has concluded that the best way to restrain stock from running at large will be to arrest the owners of stock who permit their animals to be upon the streets. Boys are therefore requested not to bring any more cows to him for impounding.

Read the campaign offer, then send in your 25 cents for the ENTERPRISE from now till after election.

The greater part of Tuesday was a perfect day, almost the first that we have had this season, or for many months for that matter. While we have not had a severe winter, since the beginning of the fall rains it has been almost continually damp and unpleasant, so that the sun of Tuesday was like a Godsend. Enjoy it? Well rather, didn't you?

"What's in a name?" Well, that depends. For instance, the name of "Ayer" is sufficient guarantee that Ayer's Sarsaparilla is a genuine, scientific blood-purifier, and not a sham, like so much that goes by the name of "sarsaparilla." Ayer's Sarsaparilla is the standard.

The Nehalem Journal of Columbia county reports a school district in which the women seem to be strictly in it since at the annual school meeting held at the Beaver creek school house. Mrs. Wilson was elected director for the term of three years. Mrs. Walters for the term of two years, and Mrs. Denslow was elected clerk.

Dr. W. E. Carril and L. L. Porter were invited to attend a Mystic banquet at the Hotel Portland on Thursday evening given by Ainsworth chapter Rose Croix No 1 of the A. and A. S. Rite. It will be the finest banquet given in Portland for years.

Probate orders were entered for the sale of personal property to pay funeral and other expenses in the case of the estate of Frederick Dean, David Zimmerman, administrator and in the case of the estate of John H. Lias, Mrs. Susana Laas administrator.

L. H. Andrews brought a fine sample of seedling pears to this office this week which were well preserved and fine eating. Mr. Andrews says that they usually keep till May, but that they are not keeping so well this year.

George Light a resident of Park Place died of pneumonia after a short illness on Thursday morning leaving a wife and two children in destitute circumstances. The funeral will occur on Friday.

Capt. W. H. Smith was about town on Thursday taking up a subscription to defray the burial expenses of Mr. Light so as to obviate calling upon the county.

Chauncey Barney, who taught very successfully in this county the past winter, intends leaving this week to teach school at Lewisville, Polk county.

If Mr. Brownell speaks as well on Saturday evening before the club in this city as he did at McMinnville last Saturday he will wake the boys up.

Miss Nora Conyers of the ENTERPRISE force went down to Clatskanie last Friday to spend a couple of weeks with relatives.

Chas. Wilson, after whom Wilsonville was named, who is an old settler of that section was in town the first of the week.

It is reported that the Oswego Iron plant has been leased to the Colorado company and that soon the furnace will be fired.

C. P. Merrill has taken the job of looking after Geo. Broughton's engine in place of Thos. Gault who is going onto a ranch.

It has been decided definitely to hold a republican meeting at Eagle Creek on Saturday for the purpose of organizing a club.

Among the well-to-do farmers of this county in the city the past week was L. Feltheimer from up the Clackamas.

Republican club-Pope's hall-Williamette Silver band-Saturday evening of this week.

A license to wed has been issued to Miss Amelia Ernst and Mr. August Weinert.

Keep Your Eyes and Ears Open. and you will see and hear many things to your advantage. With open eyes you cannot fail to see the advertisement of Simmons Liver Regulator, and with ears open you will constantly hear of the relief it gives millions who suffer with Indigestion, Dyspepsia, Constipation or Biliousness. A dose now and then and you'll not know anything about Malaria, that miserable, tired-out feeling.

Annual Meeting.

The annual meeting of the stockholders of the Gladstone Real Estate Association will take place at the office of the company, in Oregon City, Oregon, on the 2d day of April, 1894 at 1 o'clock p. m. at which time a board of directors will be elected for the ensuing year and such other business transacted as may properly come before the meeting.

SPECIAL COUNCIL MEETING.

The Mayor Throws a Bomb Which May Prove a Boomerang.

On Tuesday evening there was a special meeting of the city council at which but a small amount of business was transacted, nevertheless the proceedings of the evening furnished material for much of the street and office conversation since. The contest between the mayor and the council relative to the salary of and the appointment of the chief of police had only just cleared from the horizon when a new war cloud burst without warning. There was silence on Tuesday evening among the council when the mayor announced that some of the committees did not suit him and that he found upon consultation with an able attorney that he had a right to reorganize his committees and that therefore all committees might consider themselves dissolved. Without waiting for any action of approval or rejection he named his new committees. This is about the extent of the business transacted except that the ordinance fixing the salary of the city attorney at \$5 per month was defeated on account of the absence of Councilman Albright.

If the council received the mayor's dismissal calmly at the time, it is not to be thought that they acquiesced in his arbitrary and novel mode of parliamentary procedure and government. On the contrary it aroused their animosity to a marked degree and the following day there was a caucus of the councilmen known to be opposed to the mayor's high-handed method of procedure and a plan of warfare was blocked out which includes the non-acceptance of the mayor's order of dismissal from the committees and some other business about which none of those present were anxious to talk but which will undoubtedly come to the surface at the special meeting of the council called for Thursday evening. It is evident that there is blood on the face of the moon, razors in the air and a rough and stormy voyage before the mayor and common council of this city which bodes no good for the fair name and prosperity of the town.

Oscar Wissinger of the firm of Gary & Wissinger of Milwaukee was in the city the first of the week.

George Prosser reports three bridges washed out on the west side of the river by the recent floods.

Geo. C. Brownell will speak at the club meeting in this city on Saturday evening.

Walter Noblitt, postmaster at Needy, was in town one day this week.

Republicans Win in New Jersey.

TRENTON, N. J., March 21.—The supreme court in the contested senatorship case of Rogers against Adrian has rendered a decision, giving a victory to the republicans. It finds the republican senate a lawful body, and Rogers is its president. The democrats have almost entirely capitulated. Governor Wertz State-Controller-elect Hancock and State Treasurer-elect received Swain their commissions as soon as the decision of the supreme court was rendered. They are already in possession of their offices. The democratic members of the senate will probably join their republican colleagues tomorrow morning. The governor has filed all bills passed by the legislature, and they are now laws.

Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all, eight bottles; it has cured me and thank God I am now a well and hearty woman." Trial bottles free at G. A. Harding's drugstore, regular size 50c. and \$1.00.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required.
