

**TEACHERS' COLUMN**

Arbor day was observed by the pupils of Prof. Thompson's school in district No. 9, near Clackamas, in an appropriate manner. Prof. Thompson and his pupils exerted themselves to make the afternoon as pleasant and profitable as possible.

Arbor day should be observed by every school in the county. The programme furnished by the state board of Education, for distribution among the schools, was both entertaining and instructive. Children should be taught to observe the beautiful and grand in nature. Surely no other state presents more beautiful views than are to be seen in certain portions of Oregon. I am told that the famous valley of the Willamette is equaled by the mighty canon near the headwaters of the Clackamas.

A communication has been received from A. B. Hibbard, suggesting that a county school picnic be held at Wright's Springs on the ninth of June. It is desired that every teacher bring their pupils and be prepared to give two or three recitations or songs. Such a gathering of the class may be made both enjoyable and beneficial to teachers, pupils and patrons.

Recreations are a positive necessity. All work and no play should not be desired by any one. Life is a mighty serious affair at best, and those an authority should endeavor to provide innocent amusement for the young. Trouble comes soon enough and often enough to every one and the springtime of life ought to be made as happy as possible.

The next meeting of the Teacher's Association will be held at Milwaukie Saturday, April 28th. The people of Milwaukie take a deep interest in the cause of education, and have always made the associations held there so enjoyable that an unusual pleasant time is anticipated. An excellent program was prepared at the last meeting. Teachers who desire to improve in methods and ideas of teaching should not be absent from educational meetings when absence is unavoidable. Some of the best and most progressive teachers in the county have been most constant in attendance up to the present time. The world moves on and no teacher can remain at a standstill and achieve success. We must either advance or go backward. Eternal vigilance is the price of success.

Miss Birdie Galentine will begin a term of school at McIntyre's next Monday. She will enjoy eating mountain trout and blackberries this summer. Miss Henrietta Holcomb began teaching a term of school at Deep Creek last Monday.

**CLACKAMAS ABSTRACT & TRUST CO.**

**Multnomah District Grange.**  
Multnomah district grange met in Prosser's hall, Oswego, on the 18th inst. The twenty-five or more granges in Clackamas, Washington and Multnomah counties were well represented. It was the largest and most interesting meeting of the kind ever held in the district. The fifth degree was conferred on a class of eighteen. The Oswego subordinate grange entertained the large crowd in royal style. The next meeting will be held with the Harding grange July 14, 1894.

**LIVE STOCK**

**LINCOLN AND DORSET MERINO SHEEP.**

These Are Good Sheep For Eastern Breed-ers to Raise.

The ewe in our first illustration is a good specimen of the Lincoln sheep, which is the heaviest bodied and heaviest woolled breed known to civilized man. The Lincoln belongs to the long woolled family. The wool is often nine inches long and very lustrous and valuable.

The Lincolns thrive best on rich low-land soil protected from extremes of weather. In Canada more attention has been paid to their rearing than in the United States, consequently Canada car-

LINCOLN EWES.

ried off the prize for Lincolns at the World's fair. These animals are so large that 2-year-old rams weigh over 400 pounds. One of those at the Columbia exposition weighed 415 pounds. This breed fattens for market somewhat slowly, but one 14-month-old lamb has been known to yield 264 pounds of wool. Here is the sheep for the small land owner who follows intensive farming. The Lincoln is white faced and hornless, having a broad, square, low built body.

A writer in the Rural New Yorker has been making the experiment of crossing grade Merino ewes with Dorset rams. He believes the thing will be a great go. He says the problem that now confronts Merino growers is that of grading their

DORSET MERINO LAMB.

Merino ewes into something better for mutton. He considers the Merino and Horned Dorset as kindred breeds originally and therefore they will blend successfully and profitably.

Mr. Wing advises in the Dorset Quarterly breeding Merino ewes to Dorset rams and having the lambs come as early as possible. Save the best of the ewe lambs resulting and breed them when a year old to a pure bred Dorset sire. The lambs thus produced will be about three-quarters Dorset. Mr. Wing weighed one of these three-quarter lambs when it was 4 months old and it tipped the beam at 80 pounds. He says the Dorset-Merino cross produces "most remarkable fleeces," and that the Dorset wool itself commands the top market price.

**Horse Talk.**

Don't ask me to "back" with blinds on. I am afraid to.  
Don't lend me to some blockhead that has less sense than I have.  
Don't think because I am a horse that iron weeds and briars won't hurt my hay.  
Don't be so careless of my harness as to find a great sore on me before you attend to it.  
Don't run me down a steep hill, for if anything should give way I might break your neck.  
Don't whip me when I get frightened along the road, or I will expect it next time and maybe make trouble.  
Don't think because I go free under the whip I don't get tired. You would move no if under the whin.  
Receipt, note and order books at the ENTERPRISE OFFICE.

**AYER'S SARSAPARILLA**

**CURES OTHERS WILL CURE YOU.**

PURE BLOOD, CLEAR SKIN, HEALTH, MENTAL ENERGY, PERFECT DIGESTION, SOUND SLEEP, LONG LIFE, VITALITY, STRONG NERVES.

M. Hamnerly, a well-known business man of Hillsboro, Va., sends this testimony to the merits of Ayer's Sarsaparilla: "Several years ago, I hurt my leg, the injury leaving a sore which led to erysipelas. My sufferings were extreme, my leg from the knee to the ankle, being a solid sore, which began to extend to other parts of the body. After trying various remedies, I began taking Ayer's Sarsaparilla, and, before I had finished the first bottle, I experienced great relief; the second bottle effected a complete cure."

**Ayer's Sarsaparilla**  
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.  
**Cures others, will cure you**

**A RETIRED BUSINESS WOMAN.**

**A Page From Her History.**

The important experiences of others are interesting. The following is no exception: "I had been troubled with heart disease 23 years, much of that time very acutely. For five years I was treated by one physician continuously. I was in business, but obliged to retire on account of my health. A physician told my friends that I could not live a month. My feet and limbs were badly swollen, and I was indeed in a serious condition when a gentleman directed my attention to Dr. Miles' New Heart Cure, and said that his sister, who had been afflicted with heart disease, had been cured by the remedy, and was again a strong, healthy woman. I purchased a bottle of the Heart Cure, and in less than an hour after taking the first dose I could feel a decided improvement in the circulation of my blood. When I had taken three doses I could move my ankles, something I had not done for months, and my limbs had been swollen so long that they seemed almost putrid. Before I had taken one bottle of the New Heart Cure the swelling had all gone down, and I was so much better that I did my own work. On my recommendation six others are taking this valuable remedy." Mrs. Morgan, 259 W. Harrison St., Chicago, Ill.

Dr. Miles' New Heart Cure, a discovery of an eminent specialist in heart disease, is sold by all druggists on a positive guarantee, or sent by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price. 50¢ per bottle. Six bottles for \$3.00, express prepaid. It is positively free from all opiates or dangerous drugs.

**YOUR FUTURE**

**IS IN YOUR OWN HAND.**

Palmitry assumes to tell what the lines in your hand indicate. It will amuse you, if nothing more. The above diagram, however, explains itself. The length of the **LINE OF LIFE** indicates probable age to which you will live. Each **BRACELET** gives you thirty years. Well-marked **LINE OF FORTUNE**, fame or riches. Both combined mean success in life; but you must keep up with modern ideas to win it. You will find plenty of these in Demorest's Family Magazine, so attractively presented that every member of the family is interested. It is a dozen magazines in one. A **CLEAR LINE OF HEART** bespeaks tenderness; a straight **LINE OF FATE**, powerful life; the reverse if crooked. A well-defined **LINE OF HEALTH** spurs you doctors' bills; so will the health lines in Demorest's. No other magazine publishes so many stories to interest the home circle. You will be subject to extremes of high spirits or despondency if you have the **GIRDLE OF VENUS** well marked; keep up your spirits by having Demorest's Magazine to read. By subscribing to it for 1894 you will receive a gallery of exquisite works of art of great value, besides the superb premium picture, "Twin a Daisy," which is almost a real baby, and equal to the original oil painting which cost \$300; and you will have a magazine that cannot be equaled by any in the world for its beautiful illustrations and subject matter, that will keep you posted on all the topics of the day, and all the fads and different lines of interest about the household, besides furnishing interesting reading matter, both grave and gay, for the whole family; and while Demorest's is not a fashion magazine, its fashion pages are perfect, and you get with it, free of cost, the pattern you wish to use during the year, and in any size you choose. Send in your subscription at once, only \$2.00, and you will really get over \$20.00 in value. Address the publisher, W. Jennings Demorest, 5 East 14th St., New York. If you are unacquainted with the Magazine, send for a specimen copy. A large **QUADRANGLE** means honesty; a large **TRIANGLE**, generosity; long **FIRST VISION OF THUMB**, strong will; **LONG SECOND DIVISION**, reasoning faculty. The **MOUNT OF JUPITER** betokens ambition; that of **SATURN**, prudence; the **SCIN**, love of order; **MARS**, courage; **MOON**, imagination; **VENUS**, love of pleasure; and **MERCURY**, intelligence. Take our advice as above and you will be sure to possess the last and most valuable quality.
