Sam Oglesby of Barlow precinct was in the city one day this week looking for the scalp of the man who said that he is not a republican. Sam's republicanism is too well grounded to be driven out of him by a false report. The friends of E. R. Charman will be pleased to learn that he took advantage of the warm sunshine on Wednesday and got down upon Main street. He is however still feeling very weak and has a chill every other day. T. W. Clarke returned from Bandon the first of the week and will remain in town for a few days. He is making a tour of the coast and expressed himself much pleased with the outlook for Oregon City. Speaking of our street, he said that it was the best that he had found on the coast.

DAMASCUS DOINGS.

Fruit Prospects and Potato Planting—Several Serious Accidents. DAMASCUS, May 7.—Farmers are improving the few good days planting potatoes. Mr. Bohna and his son, Albert, will put in about twenty-one acres between them. Messrs. Bates, Morton, Embree and others, we understand, are going to plant a number of acres each. The farmers in this section of the country market most of their produce in Portland. Most of the earlier fruit trees are in bloom and the farmers are expecting a good fruit crop. The spring is so late that there is no great danger of the fruit being killed by heavy frosts. Ed. Seivers and family moved into John Hillery's house last Friday. Mr. Seivers is intending to build a house near Mr. Derry's. Will Skirvin left here Thursday for Alaska, where he is going to work in a cannery. He does not expect to return before October at the earliest. He sails on the Chilchalt. Billy Cooke cut his foot badly last week, nearly cutting off his second toe and cutting all the way across the foot. He and another boy were trying to cut a calf loose that was fastened in a log. As Billy was barefooted, when the ax slipped he got the full force of the blow. Dan Grimm came very near having a serious accident last week. He was going down the new road along the Clackamas when his horses mired and commenced floundering and struggling, until they were badly tangled up. When Mr. Grimm undertook to cut them loose one of the horses kicked him over, hurting him considerably. The horses then rolled and tumbled down a bank, but were extricated without any particular damage to them, only being bruised up temporarily. Last Sunday the friends of Mr. Grimm were invited to a dinner at his place in honor of his first birthday. Greg Stringley's friends received word from his wife, of her husband's death about two weeks ago in southern Oregon. The deceased had consumption and went to southern Oregon for his health this spring. Shortly after his arrival there he died. Elmer Osman while out with his father sawing logs on a claim that he had just taken up, had a lever that was between two logs fly up and strike his arm, breaking it in two places. He is in the hospital at Vancouver at present, but expects to return to his home as soon as he is able to travel. A gentlemen direct from Portland, formerly from Chicago was in the vicinity this week looking for land. Pearl Lovelace is quite sick with erysipelas. We hope she will be around shortly. Mr. Leers and wife from Ross seminary at Seattle, paid J. C. McMurray and wife a flying visit the first of the week. They are on their way to California. FROM ANOTHER CORRESPONDENT. DAMASCUS, May 8.—A sawmill will be erected by Douglas Bros., of Eagle Creek on the old Cooke claim in the near future, which will be a great benefit to the community. Will Bookman went to Portland Thursday and purchased a bicycle which he brought out the following day. There will be a grand ball at Mr. Paulson's barn on the evening of the 12th of this month. Dr. Hickman of Clackamas was out this way Monday evening. Mr. Howlett of Eagle Creek passed through Damascus Thursday evening. Canby cuttings. Mr. Miller, populist candidate for congress, addressed a small audience Monday afternoon in Knight's hall. He spoke on the money question, two per cent. money, national banks, etc., ignoring the tariff—the main question at issue—altogether. The ladies of the Christian church gave an entertainment in Evans' hall Monday evening. The hall was well filled and it was a success financially. The contract to furnish material and build the city jail, which was let to the lowest bidder last Monday evening, was awarded to John Hydman, of this place. His bid was seventy-five dollars. The council bought a lot from H. A. Lee, in Lee's addition to Canby, on which the jail is to be built. On the 2d we had a heavy frost, which killed nearly all of the early strawberries, peaches, pears and potatoes, but did not hurt the apples, pines and cherries much. On the 9th we had another heavy frost from which the extent of damage done to fruit is not known yet, but expect it to be heavy. Mr. and Mrs. Alba Shank attended the Sunday school convention held at Salem last week. Mr. Shank went as a delegate from this place. Our old friend, S. A. D. Gurley, who formerly resided here, but now lives at Arlington, was seen on our streets this week. Eastern Oregon seems to agree with him as he looks well and he says he expects to be admitted to the bar soon. We wish him prosperity in his new field. Letter List. The following is the list of letters remaining in the post office at Oregon City, Oregon, May 10, 1894: Jerome Coeckelreus, W. E. Fricke, Harry Jones, Wm. O'Connor, Thos. Kistler, W. T. Smith, R. L. Thompson, W. A. Work, Sadie Cox, Mrs. Mary Miller, Mrs. June Parker. If called for please state when advertised. E. M. HANDS, P. M. School Order Notice Dist. No. 34. Gladstone Campmeeting.

An old time interdenominational camp meeting will be held in Gladstone Park near Oregon City, Clackamas county, Oregon, beginning June 8th, to last from two to four weeks, as God may indicate. The great object of these meetings is the conversion of sinners, and the sanctification of believers. It does appear certainly that we are in the last days of this age, a time surely when God's people should be in earnest. We therefore cordially invite all, far and near, to come out and join with us in this "feast of tabernacles" in this beautiful grove. Persons wishing tents for the meeting should at once write to Wm. Patterson 165, N. 16th, street, Portland Oregon. Meals furnished on the ground for 12 1/2 cents, good pasturage for horses for \$2.00 per month. Grounds may be reached by motor from Portland and Oregon City, getting off at Gladstone Station, or by S. P. R. R., stopping at Paper Mill Station. A number of ministers will be on the ground and take part in the meeting, among whom are G. W. Ketchum, and Chas. Haffenden, of Portland; T. H. Organ, Mt. Taber; Wm. Kelloway, Salem; J. T. Anderson, Hillsboro; W. H. Snyder, Linn county; A. G. Dix, Multnomah county; and others. Straw will be furnished on the ground, but be sure and bring plenty of bedding. COMMITTEE. Jack Kuffe Whittings. EAGLE CREEK, Or., May 8, 1894.—The cold weather and light frosts of the past week caused some little anxiety for the fruit crop here among the farmers and fruit growers. They think all is safe now. John Douglas met with quite a serious accident last week while going in from the field at noon with his two little boys riding the horses. The horses became frightened and tried to run away. One line broke and by pulling on the other he turned the team around. As he tried to catch them he became entangled in the harness and was thrown with the result of a sprained wrist and a very badly sprained ankle. Under the auspices of the Eagle Creek republican club the people of this place will be addressed by Hon. H. E. McGinn of Portland Saturday afternoon, May 12th at 1:30. All are invited. WHITTIER. Main Street Assessment. Notice is hereby given that the balance of the assessment for the improvement of Main street has been ordered paid by the city council of Oregon City and that if the same is not paid by June 15, 1894, a warrant will be issued for the collection of the same. L. L. PORTER, Recorder of Oregon City, Or. May 2, 1894. PROTECT YOURSELF.—Insure your property in the Guardian Assurance company of London. Cash assets \$23,000,000. F. E. DONALDSON, Agent, Oregon City, Oregon Garfield Grillings. GARFIELD, May 8.—We had a heavy frost Monday night, which was something unusual for this time of the year. Hon. J. W. Palmateer is on the sick list, but is not considered dangerously ill. Trout fishing in the Clackamas is very good this spring. The pupils of the Garfield school, assisted by their teacher, H. S. Switzer, gave a very enjoyable entertainment at the school house last Saturday evening. The attendance was unusually large, over 200 being present, including a number from a distance. John Johnson, Emerson Surface and Jack Higbaum left to lay for Oregon City to attend the teachers' examination. They are young men of ability and will make excellent teachers. MARKET REPORT. Gladstone Cleanings.

GLADSTONE, May 7, 1894.—The Misses Liebker and Utter have purchased seven lots upon which they intend to erect a hospital. One only has to know the ladies who are at the head of this enterprise to be assured of its success. H. T. Sladen has improved the looks of his place very much by placing a neat picket fence around his grounds. The park presents a very beautiful appearance now with its multitude of wild flowers and as it is only a fifteen minute run on the electric car which makes hourly trips from Oregon City. It is a place easy of access and a lovely place for a day's outing. REPUBLICAN STATE PLATFORM. The following platform was unanimously adopted at the Republican State Convention, held in Portland, April 11, 1894: The representatives of the republicans of the State of Oregon, in convention assembled, call attention to conditions of industry and business in the country as proof of the necessity of returning to the policy of the republican party under which there was prosperity during thirty years. We reaffirm the principles of the republican national platform of 1860, as stated in its national platform of 1892, particularly as follows: "The American people, from tradition and interests, favor bimetallicism, and the republican party demands the use of both gold and silver as standard money, with such restrictions as will insure parity of value between gold and silver throughout the world, and call upon it to renew and continue such efforts." We demand the enactment of rigid restriction on foreign immigration both for protection of our country against illiterate and vicious classes from foreign lands, and for protection of our labor and preservation for our own people of the means of their own domestic industry; and to these ends we call for a suitable capitation tax upon all immigrants. In our state affairs we demand closest scrutiny and economy in expenditures. We condemn the profligacy and excess of past legislatures, and call upon the next legislative assembly to keep all appropriations within limits of the most economical administration consistent with efficiency. The officers of the administrative departments of the state have become too expensive, and their expenses must be reduced. When the constitution fixes the salary, only the constitutional salary should be paid, without additional emoluments. The practice of employing unnecessary clerks and of paying fees in excess of just payment for services needed or rendered, has become an abuse that must be cut off, and we pledge the republican party to prosecution and accomplishment of this reform. District attorneys and other officers should be paid fixed salaries, since payment of fees encourages litigation and entails upon the taxpayers heavy and needless expense. We commend the policy of the republican party in relation to the internal improvements and in particular in opening our waterways to commerce, and we denounce the liberality of the democratic party in these important matters. Experiments in our fisheries has shown that to prevent wholesale destruction of fish, all fish-traps, fish-wheel and fish- seines; and all other devices now in use except the gill net should be abolished.
