SHE TOOK LAUDANUM.—Monday's
Telegram notes that Mrs. Milton A.
Wagner, wife of a conductor on the East
Side Railway company, residing at Mil-
waukee, between 12 and 1 o'clock Sun-
day morning took the contents of a half-
ounce bottle of laudanum, with suicidal
intent. It seems that Saturday evening
Mrs. Wagner, wishing to attend a dance
asked her husband to accompany her and
that he refused. A quarrel ensued, in
the course of which Mrs. Wagner threat-
ened, if her husband did not accompany
her, she would find some other fellow
who would go with her and she did.
Milton said he did not care, but after
thinking it over while it seems he de-
cided to follow his wife, and so he went
to the dance. When Mrs. Wagner re-
turned, her husband was not yet home,
and she took the contents of the laudanum
bottle. Her husband reached home
shortly after 1 o'clock, and Mrs.
Wagner showing him the bottle told
him what she had done. Wagner at
once summoned several neighbors, and
they took her to Sellwood, where Dr.
Ray attended her, and by the adminis-
tering of emetics saved her life.

SIDNEY GOT CAUGHT.—Sidney Smyth
is well known hereabouts as a most suc-
cessful fisherman, but his experience
last Saturday shows that the tables are
sometimes turned in such a way as to
hook the hooker. He was fishing in
company with the Perham boys at the
falls and had succeeded in landing four
fair sized chinook, when he hooked a
big fellow which had to be played for
over an hour before he could be taken
into the boat. At last he was ready and
with the gaff in his right hand, he jerked
his fish into the boat, but as he did so
one of the disentangled hooks on the
spoon caught in Sidney's index finger
near the hand, going through and graz-
ing the bone. He found himself in the
uncomfortable position of being caught
on the same spoon with a thirty-five
pound salmon, which was to say the
least, far from pleasant. As soon as
possible his companions grabbed the fish,
cut the hook free from his mouth and
severed the line. Smyth then went to
Dr. Carl and had his finger dissected
and the hook removed.

A CONNECTION.—The type made us say
last week that it was the intention of
Warner grange to give a dance and
supper at New Era on the 13th, when it
should have read the 18th. Now it is
very easy to mistake a 3 for an 8 in the
proof, but the wicked part of the local
was in the advertising of a dance to be
given by the grange on Sunday, for that
is the day of the week that the 13th
comes on this year. Warner grange is
not contemplating giving a dance on
Sunday, but on Friday evening of this
week they will give the finest party and
nicest supper that you ever enjoyed.
Go then and enjoy both.

WHAT HE WANTED.—The superintendent
of a construction company employ-
ing a lot of men recently received from
one of his foremen a note which at first
puzzled him. He could make out that
his foreman wanted a man but it
took him some time to tell what else
was required. What was it? Here is
the note: "Mr. M.—Send me a man. I
discharged my man. Send me gud
man. I want a man, yours trooley,
MIKE KEELEY and a pick."

NEXT TEACHER'S MEETING.—The inter-
esting meetings of the county associa-
tion which under the efficient supervision
of Professor H. S. Gibson have become
most interesting and instructive and are
held in the different sections of the county
so far as they can be, but there is one dif-
ficulty constantly confronting the teachers
in arranging for these meetings and that
is that the summer season is not long
enough when the roads are good to per-
mit the teachers to reach these parts of
the county away from the railroad.
The consequence is that some of the
neighborhoods that would like to have
the association meet with them often
have to be content with infrequent
visits. The next meeting will be held at
Eagle Creek on Saturday the 26th and the
good people of the locality are planning
to secure Whithorn's hall for the occasion
and also expect to provide a fine dinner
for ye pedagogues.

WANT IT COMPLETED.—About the first
of the year the telegraph line from Port-
land around by Sandy and Eagle Creek
reached Meadow Brook and Mullino.
Chas. Holman and wife and C. T. How-
ard and wife learned to operate and
since the completion of the line they
have had almost constant use of it which
has proven a great convenience. Mes-
sages of business are frequently sent to
Portland and along the line. Both gen-
tlemen named were in the city the last
of the week and expressed the hope that
enough encouragement in the way of
financial aid could be secured to com-
plete the line to Oregon City. In the near
future. It would be handy on election
night to have the returns come in from
all the eastern part of the county by
wire, and it would not require very much
of an effort to secure the line by that
time.

A SWEET VOICE.—All who had the
pleasure of listening to Mrs. W. P. Haw-
ley last Thursday evening on the occa-
sion of her debut as a singer were more
than pleased with her effort. She has a
full, rich soprano voice, well trained,
very sweet and of great compass so that
it is as clear and expressive when utter-
ing the high notes as when singing the
simplest ditty. She was repeatedly re-
called by the appreciative audience.
The Verdi Operatic company which
assisted her in the entertainment were
well liked and their renderings met with
frequent and hearty applause. John W.
Myers, a son of Hon. John Myers, and
formerly a resident of this place, was one
of the members of the company and sang
a full, deep bass. His voice has a
wide range and he can drop low down on
the scale with ease.

YOUNG MAN AHOY.—Complaints have
reached the ENTERPRISE office from
some of the best citizens of this com-
munity to the effect that some of the
young men and boys who would be
ashamed to be classed among roun-
dies and rowdies, are accustomed to gather
about the steps and in front of Shively's
hall when entertainments are held there,
and conduct themselves in a rough and
boisterous manner, much to the annoy-
ance of those in the hall who can not
hear well on account of the noise made
on the outside and to the disgust of those
who have to crowd their way past.
Somebody will be entering complaint
some of these days and then somebody
will feel aggrieved. The young man who
is not there stands no danger of being
caught in that fix.

HURT AT THE WILLAMETTE.—Last
Thursday as Luther Newman was in the
wood room at the Willamette Pulp mill
wheeling the heavy blocks of wood away
from the saw, he had the misfortune
to have one of them which weighed
about 500 pounds fall on his foot with
such force as to bruise it severely, break-
ing the skin and flesh and perhaps the
smaller bones. He was taken to his
home on the west side of the river,
where Dr. Sommer dressed the wound
and made him as comfortable as possi-
ble. He will be laid up for some time
at least.

FINE MILLINERY.—Ladies can save
their round trip fare from Oregon City
by boat or car if they purchase three or
more dollars worth of millinery at the
La Mode Millinery Parlors, 106 Union
Ave. (old 4th street, East Side) Portland.
New store, new goods and latest styles.

\$100 Reward \$100.

The readers of this paper will be pleased
to learn that there is at least one
dreaded disease that science has been
able to cure in all its stages, that is Cat-
arrh. Hall's Catarrh Cure is the only
positive cure known to the medical frater-
nity. Catarrh being a constitutional
disease, requires a constitutional treat-
ment. Hall's Catarrh Cure is taken in-
ternally, acting directly upon the blood
and mucous surfaces of the system, there-
by destroying the foundation of the dis-
ease, and giving the patient strength by
building up the constitution and assisting
nature in doing its work. The proprie-
tors have so much faith in its curative
powers, that they offer One Hundred
Dollars for any case that it fails to cure.

MAIN STREET WORK.—The improve-
ment of Main street goes on apace in
spite of the occasional rains and back-
ward spring. Sunday another scow
load of brick was taken from the dock
and hauled up on the street between
Seventh and Eighth streets and the
work of laying the brick in place be-
tween these streets was pushed on
Monday. Another block is practically
added to the improved streets of the
city and the work of grading the block
in front of the court house is well under
way. The gravel improvement at the
lower end of the street is now almost
completed, the wash gravel from the
island below the falls having been spread
over the surface about four inches deep.

A STORE WANTED.—Oak Grove and
vicinity on the East Side electric line
is building up quite a thriving settlement
and while the people share many of the
advantages of a city they are yet in the
country. They can get in and out of
town quite conveniently but feel that it
would add greatly to their convenience
if they had a store in the neighborhood.
As it is they have to go to Oregon City,
Portland, Oswego or Milwaukee to trade
or for their mail and they frequently
find that it puts them out a little. If
some one would start a store the people
in the neighborhood would patronize it
and assist to get a postoffice established.

HE DON'T HAVE TO GO.—Last week
the ENTERPRISE noted that Capt. J. W.
Ganong had been drawn upon the
United States trial jury, and no doubt
many were wondering how Capt. would
like leaving a good job to sit around on
a jury for two dollars a day, but the
captain of Company F is on to some-
thing that fixes him all right. Being a
member of the militia he is exempt from
duty on the jury. Now as the militia
in this state is entirely safe from duty
other than defending useless old cannons
for a crank governor, Captain Ganong
is in no present danger of spilling his
blood or time for his state or country.

OUT OF VANCOUVER.—The Yakima
Herald says: "It is definitely announced
that the Vancouver, Klickitat & Yakima
railroad has been sold to New York
Capitalists, and that the work of ex-
tending the road across the Cascades
will be commenced as early this year as
the perfecting of the surveys will admit.
The Vancouver, Klickitat & Yakima
railroad has twelve miles of track run-
ning out of Vancouver to the timber in
the mountains, and this property, with
the right-of-way deeds and franchise
were sold for \$111,000. The name will be
changed to the Portland, Vancouver &
Northern railroad."

DROWNED IN THE COLUMBIA.—Word
was received at Maple Lane Monday
that Lon Whiteman was drowned in the
Columbia river while putting out nets.
His horse becoming unmanageable while
in deep water, threw him and before as-
sistance reached him he was seized with
cramps and perished. The body has
not been found. He was twenty-six
years old and a brother of Mrs. D. Kim-
ball of Maple Lane.

PINCHED BY ROLLERS.—Last Saturday
Wm. Rowen who works about the paper
machine at the Crown mills got his hand
caught in some way between the rollers
and before he could extricate it it was
badly pinched. He had it dressed but
found no broken bones. He will have to
carry his hand in a sling for awhile and
finds it quite a painful companion.

COULD NOT PASS.—The Salem States-
man in speaking of the recent examina-
tion for teacher's certificates in Marion
county has to report a poor showing, as
much over half of those who applied
failed to pass. It says that out of fifty-
two applicants thirty-one failed to come
up to the required per cent. and twenty-
one only passed.
