

PENNOYER PREACHES POPULISM.

Slings the old Song—too Mean to Pay Hall Rent.

Pennoyer exhibited his Cleveland badge when he refused to hire a hall in this city on Monday so that "the poor laboring man and the farmer" whose friend and advocate he passes as, might have a chance to rest while listening to his political tirade against the old parties and in favor of his candidacy for the United States senate. Instead of hiring a hall where his hearers might be comfortable he took them up on the hill to a pile of stones where they could either find the soft side of a rock, squat upon their haunches or stand around and shiver in the cold wind and rain while he preached Populism a Pennoyerism. A crowd of not to exceed 700, about half of whom were populists and the other half republicans and democrats about equally divided, were gathered about the speaker and listened to his speech for an hour and a half with but little enthusiasm. A few of his most ardent admirers had their large magnifying goggles on and thought the crowd an immense one. Stripped of the stories of doubtful application and his self laudatory remarks there was very little to the speech that would influence a republican or democrat to change his vote in favor of populism.

The Boys' Brigade.

On Saturday of this week Company A of the Boys' Brigade will give a picnic to the other companies in this city at Gladstone Park. The brigade has now become an established factor in the Christian work of the city. Co. A of the Baptist church, A. E. Smith, captain, L. Case, First Lieutenant and Sam Roake, Second Lieutenant, numbering 62 members, Co. B of the Presbyterian church, Angus Matheson, captain and John Pritchard, First Lieutenant, 35 members and Company C of the Congregational church, Geo. Fancher, captain, Will Roake, First Lieutenant and S. Neliger, Second Lieutenant, 27 members. It is the intention to have a battalion drill in the morning at Gladstone after marching down, under the command of Captain Ganong and Lieut. L. L. Pickens after which the companies will be disbanded and a good time enjoyed.

On Monday evening the members of Co. A will have a competitive drill at the armory under the supervision of some of the officers of Co. F. O. N. G. The boy drilling the best will be awarded a medal which he will be permitted to carry three months when it will be again contested for. It is expected that it will be a very interesting drill.

The Molalla saloon, Brady & McDonough proprietors, was entered Tuesday night, the safe opened and \$100 extracted. The thief entered by breaking a pane of glass in a rear window, when he reached in and loosened the catch and raised the sash, after which he coolly entered and opened the safe by turning the combination. As it was changed some six weeks ago, he must have been an expert at safe cracking. No clue is had to the burglar.

On Thursday morning the old Bartlett house on the west side of the river in the bend below town was discovered to be on fire and in a short time it was in ruins. Mr. Catta, the milkman, lived there at the time. No particulars as to cause or losses are known.

D. H. Close, the popular bridleman at the Clackamas entertained a number of his railroad friends on a fishing excursion last Sunday.

There was a pleasant dance at the Seventh street hall on Saturday evening.

Redland Ravellings.

REDLAND, May 16.—The long talked of, much needed road work has at last commenced. A large force of men is at work just below Wm. Stone's farm, blasting out stumps, widening the road, etc. We understand that the work is to be of a substantial character and to be planned and graded in many places. Rev. Sylvanus of Springwater will preach at the Strickland school house next Sunday. Rev. Gillett of Woodburn will hold a series of meetings at the same school house next week, beginning Monday, the 21st. There will be revival meetings at the Bethel church commencing June 5th, conducted by Rev. Forbes of Portland.

Miss Cora Swains of Portland has come out to stay with her mother, Mrs. Zurcher, for a couple of weeks.

Miss Anna Funk arrived from Wisconsin last week to visit her parents whom she had not seen since they left Wisconsin over three years ago.

S. E. Sprague's whole family, excepting himself, are having a siege with the grip, the baby especially having been very sick.

Mrs. Molloy spent several days in Portland recently.

B. E. Cartwright is improving his place in fine style, the neat picket fences around his house and fields making the premises look very attractive.

The frost damaged all the strawberries that were in bloom and bud. Currants that were on exposed branches are also gone. Plums and cherries were considerably damaged too.

Masquerade balls are all the rage here now. The one at Linn's last Saturday night was a great success, there being twenty-seven numbers sold, and all enjoyed themselves.

OSWEGO ORACLE.

Election Class Entertainment—Festival of Nations—Warning to K's of P.

The democratic candidates held their campaign meeting at Prosser's hall Tuesday evening. A fair crowd was in attendance. The election class will give a free entertainment Thursday evening, May 17th. It will be a treat to any one. It will consist of drills, concert recitations, dialogues, etc. The evening glory of the evening will be the recitation by Miss Evans, the teacher. It will be to the interest of Knights of Pythias to attend.

Miss Etta Mack is visiting her cousins, Miss Jessie Hedrick and Miss Minnie Coon. They are having a fine new boat made by T. R. Clinefelter. It is a beauty.

The Reading Room club will give a May festival in Prosser's hall, Tuesday evening, May 22d. It will be an entertainment entirely new to Oswego. No admission fee will be charged, but booths, representing different nations and presided over by ladies and gentlemen in costume of the nationalities, will dispense wares of the country they represent, among which will be a Japanese booth where tea, crackers and Japanese curios will be sold. The Turkish booth will serve coffee, sandwiches and satrapo rotato; Holland, chocolate in every variety; Iceland, ice cream, lemonade and cake; Switzerland, confections. A number of other booths equally as attractive will serve many other dainties. To these will be added a curio hall where a number of valuable curiosities will be displayed. Quits are to be called off, for this time, and a general good time is promised.

Richard McGrath and Chas. Gaslinne will give a dance at Prosser's hall Wednesday May 23d. All are invited to attend.

Canby Cuttings.

CANBY, May 15.—Governor Pennoyer addressed the people of Canby, on Monday evening, at Knight's hall. There was a large crowd of people, many of whom could not find standing room in the hall. They came from Aurora, Barlow, New Era, Molalla, Macksburg, and the surrounding country, until the town was alive with people.

The populist say, Pennoyer made the best speech they ever heard. The republicans and democrats think it was no good, full of state stories, calamity and abuse of the old parties, the only remedy according to the governor, to make good times again is to put the populists in power.

The good temples will give an entertainment in Knight's hall, Saturday evening, consisting of music, singing, recitations, a drama, etc.

Mr. and Mrs. C. Y. Draper were made happy last Thursday, the 10th, by the arrival of a new comer, a girl baby. All are well.

Mrs. Draper of Oregon City visited her daughter, Mrs. C. Y. Draper of this place last week to see the new granddaughter.

Geo. Knight has secured the agency for the Walter A. Wood farming implements. Samples of their mowers, etc., can be seen at his warehouse.

Miss Vanilla Riggs of this place visited her friend, Miss Fryrear at Macksburg last week.

James Hodges has bought him a new buggy.

Clackamas Clinchers.

CLACKAMAS, May 15.—About 1 o'clock Friday, May 11, the people began to come into Clackamas from all directions and wend their way to the brick building where later the brass band played some stirring pieces. Addresses were made by some of the able republican candidates, and all pronounced it a splendid meeting.

It is reported that the democrats had a "glorious old speaking" Monday afternoon; but it was kept so quiet that but few knew it.

The populists had a political speaking in their hall Monday night and the report is that they had to place guards at the door to keep the boys from fastening them in as was done at their other speaking.

The republicans were addressed the 10th by some of their most able speakers. It seems as if Clackamas is the center of the political fight and it is thought that she will decide the result in the county in June.

The White brothers are clearing thirty acres of land for C. F. Clarke.

W. A. Mills and wife have returned from their visit in Goldendale, Washington, and report this state far ahead of that, as it is very cold and the wind blows a gale there all the time.

Mrs. W. L. Chapman, who has been visiting friends here, has returned to her home in Salem.

Mrs. Storis, of Woodburn, a former resident and teacher of this place, is here visiting friends.

Without Whispers.

WILHOIT, May 14.—The frosts of last week killed strawberries that were in bloom and slightly injured some other fruits.

Levi Davis has torn down his old house and is replacing it with a new one.

Mrs. J. M. Boyles was thrown from a horse while going to Sunday school and had her collar bone broken. We are glad to say she is recovering rapidly.

Mrs. Sarah Boyles, of Portland, is visiting relatives at this place.

Mrs. Geo. C. Ely, of Oregon City, is the guest of E. P. Carter and family this week.

Frank Sherran is enjoying a visit with his mother and niece from San Francisco.

Stafford Snacks.

STAFFORD, May 16, 1894.—The weather is cool but growing crops are coming on well. Fruit except strawberries does not appear to have been injured by the frost of the 9th.

The minister's wife, Mrs. Cleaver is slowly recovering from her sickness. Her father, a wealthy farmer of Glenco, presented her with a fine horse and carriage.

Miss L. Schrader from Portland is stopping with Mrs. Cleaver.

The event of the past week or so most talked was the trial of Melcher vs grubbers, in which party grubbers got their pay and the other party paid the costs.

It is thought that the parties who have been borrowing chickens and hogs for the past winter are being run to ground, and it will soon be "root hog or die".

R. Beihle is fast clearing up the remainder of his farm. The Larson boys have been grubbing another piece. Mr. B. Athey is also grubbing. Thus Stafford is slowly being made to blossom as the rose.

Mr. Rowton, the Stafford teacher is

REPUBLICAN STATE PLATFORM.

The following platform was unanimously adopted at the Republican State Convention, held in Portland, April 11, 1894:

The representatives of the republicans of the State of Oregon, in convention assembled, call attention to the conditions of industry and business throughout the country as proof of the necessity of returning to the policy of the republican party under which there was prosperity during thirty years.

We reaffirm the principles of the republican national platform of 1862, and assert that the results that have followed the fierce battle elect in course of the year have justified our protest against the national policy announced by the democratic party.

We reaffirm that a policy of consistent protection is necessary for advancement and conservation of our industrial interests, for assurance to labor of steady employment and adequate wages, for promotion and maintenance of property, and for the preservation of the home and the contract furnished by the present, to support of this, and we censure and condemn the democratic program, as developed in coalitions with the republican party, which have injured the productive and industrial interests of the country, and in particular as harmful to those of our own state.

We denounce the action of the democratic party in discriminating against producers in our fields, forests and mines and in favor of particular classes of manufacturers chiefly of the East, and of special interest in this month.

We reaffirm the doctrine of the republican party in relation to money, as stated in its national platform of 1862, particularly as follows: "The American people demand that silver and gold be put on an equal basis, and the republican party demands the use of both gold and silver as standard money, with such restrictions and under such provisions, to be determined by legislation as will secure the maintenance of the parity of value of the two metals, so that the purchasing and debt-paying power of the dollar, whether it be silver, gold, or paper, shall be at all times equal. The interests of the producers of the country, its farmers and its workmen demand that every dollar, paper or coin, issued by the government, shall be as good as any other." We demand the efforts made by the government hitherto to secure an international conference to adopt such measures as will insure the parity of value between gold and silver throughout the world, and call upon it to renew and continue such efforts.

The construction of the Nicaragua canal is of the highest importance to the American people, both as a measure of national defense and to build up and maintain American commerce. It is moreover of special importance to the Pacific states, and we favor its construction as speedily as possible by the government of the United States.

We demand the enactment of rigid restriction on foreign immigration, both for protection of our country against illiterate and vicious classes from foreign lands, and for protection of our labor and preservation for our own people of the remunerative and profitable work, and to these ends we call for a suitable capitation tax upon all immigrants.

In our state affairs we demand closest scrutiny and economy in expenditures. We condemn the prodigality and excess of past legislatures, and call upon the next legislative assembly to keep all appropriations within limits of the most economical administration consistent with efficiency. The officers of the administrative departments of the state have become too expensive, and their expenses must be reduced. When the constitution fixes the salary, only the constitutional salary should be paid, without additional emoluments. The practice of employing unnecessary clerks and of paying fees in excess of just payment for services rendered, or making, has become an abuse that must be cut off, and we pledge the republican party to prosecution and accomplishment of this reform. District attorneys should be paid only the fixed salaries, since payment of fees encourages litigation and entails upon the taxpayers heavy and needless expense.

We commend the policy of the republican party in relation to the internal improvements and in particular in opening our waters to commerce, and we denounce the liberality of the democratic party in these important matters.

Experiments in our fisheries has shown that to prevent wholesale destruction of fish, all fish-traps, fish-wheel and fish-seines, and all other gear now in use except the gill net should be abolished.

A few doses of **Moore's Revealed Remedy.**

Will brace you up, put the bloom in your cheek and the sparkle in your eye. Strictly non-alcoholic, its effect upon persons suffering from liquor habit is wonderful.

Wm. Rosen, of Portland, Ore., writes: "Moore's Revealed Remedy cured me of drunkenness and made a new man of me. All who are cured with the liquor habit should take it."

R. Case, of Monterey, Cal., says: "It entirely destroyed my taste for spirituous liquors. Try it once. Sold by all druggists, or Stewart Holmes Drug Co., Seattle, Wash."

COUNTY TREASURER'S NOTICE.
