CARAS, May 21.—Twenty-six visitors were present at the closing exercises of our school last Friday afternoon. Quite a lengthy program was presented, to which all listened with unwearied interest.

REPUBLICAN TIDAL WAVE.

TO THE EDITOR: There seems now to be a tidal wave in favor of the entire republican ticket. For a while the populists were claiming everything in the county, and to hear them tell it, were gaining in every precinct. But the writer has been looking up the matter very carefully, and in his travels finds that these claims are groundless; in fact he finds that there are a number in almost every precinct who have been counted by the populists who will go to the polls and vote a straight republican ticket. I tell you, Mr. Editor, the republican ticket is going to run to win this year. There is not a day but we hear of prodigals returning to the republican ranks, and the only question now is, how large will be the number of each one on the ticket, for I firmly believe that every republican, from the top to the bottom of the entire ticket will be elected. But let us keep to work and make the vote just as large as possible.

But before closing I wish to refer to the question of county judge. While it is generally conceded that the candidate on the populist ticket, Mr. Everhart, is a good citizen, he is a man of very limited education, and a man who even doubts his own ability to fill the office, and has so stated at various times during the campaign. But then as he did not get the nomination for sheriff he was like all the rest—"give me anything just so it is an office." You know that in the eye of the populist the great curse of the republican ticket is "lawyers," but then Mr. Everhart assures his hearers that as soon as he is elected he will apply himself during all his spare moments to the study of law. How consistent! But then he will never be called upon to study law, for the people, regardless of party, are going to elect a man of good education and unquestioned ability to the office of county judge in the person of Gordon E. Hayes.

Logan Locals.

LOGAN, May 19.—Miss Hampton, accompanied by her brother and sister left Logan on Tuesday for a tour through Benton and Linn counties. They will explore a part of Uncle Sam's domain and camp out.

Mr. Moore had the misfortune to have one of his horses badly cut in the breast. It is supposed the accident was caused by an attempt jump a fence while wearing a neck-yoke.

The Logan nine have been putting their ground in order, anticipating a visit from the Clackamas boys.

There will be a republican rally held tonight at Tracy's hall, at which Mr. Hayes and other candidates will speak.

Be Your Own Master.

Few people appreciate how much their impressions, their whims and impulses, and in fact all their mental energy depends on the harmonious action of all the vital organs. A poorly digested dinner may make one quarrel with a friend. A contested liver may bring imaginary gloom and trouble into the sunniest day. A rheumatic pain may keep you from business or work and entirely change some marked out policy. A few doses of Moore's Revealed Remedy will give tone to every function and make you enjoy your friends and your work.
