Of all things the average housekeeper is particular about, it is the quality of bread for her table. Good home made bread is not equaled by the ordinary bakery and to meet this requirement, Mr. J. This bread is made from the same kind of flour that is ground for export and none of the processes are used in its manufacture that, while giving the bread a fine appearance, ruin its quality. The utmost cleanliness is observed in all departments and the patrons of the bakery are invited to inspect it at any time, that they may see for themselves how their bread is prepared and handled.
