Calla Believes in the Triumph of Just Principles—Caught in a Thunder Storm—Neighborhood Notes.

CARLS, June 4.—Election day! Unusual electric displays of the past week, in the shape of heavy thunder and sharp lightning, have cleared the air. Majestic Sol is driving back the clouds which so frequently of late dissolved in showers of mist or rain. The day that dawned in tears may end in smiles and prove a symbol of the victory which Right will win at the polls. Calla believes in the ultimate triumph of sound policy and just principles, and that these are embodied in the principles of the republican party. At this early hour, men and teams—though horses like women can't vote—pass by on their way to the polls. Many are the hearts that anxiously beat, Hoping a place to win; Many the sad ones to suffer defeat When the returns are in.

W. W. May drove home from Oregon City during the thunder storm Saturday afternoon. He states that the lightning played around the steel rims on the wheels of his back in a very alarming manner, and this with the loud frequent thunder rendered his team almost unmanageable. It was a very uncomfortable situation for himself and companion—a lady; and they were thankful, though completely drenched, to reach home in safety. We have always understood that the blame for the disturbed condition of the country, both physical and political, could be laid to the democratic administration; but now we learn from a scientific clipping from a noted paper, that Mother Earth is wabbling to and from her proper axis, changing the climatic conditions of each latitude! So, when arctic explorers finally succeed in reaching the north pole, they may find it at Washington, D. C. Curious, but interesting is the matter of scientific speculation.

Henry May and family, of Latourelle Falls, have been visiting at the home of his father, W. W. May. Will Hornshub has been obliged to repair to the M. E. hospital for further treatment. It seems doubtful whether he will ever obtain a permanent cure. Willie has many warm friends in this community who sympathize with him in this affliction. Eugene Hayward went down to Portland on Saturday last for a short visit to his friend, Richard Jones. John Lewis, who went on a visit to Wales early in the spring, has reached New York on his return trip, and will soon beat home. Henry Hornshub expects to complete his new barn this week. Some ten or twelve men were employed in raising the frame. It is in Octagon shape, dimensions not learned.

Mrs. H. T. Evans has been enjoying a short visit with her sisters, the Misses Rogers, of Portland. SANDY SIFTINGS. SANDY, June 3.—The weather lately has been generally good, especially for crops. Saturday a heavy thunder shower passed over here which we consider was excellent for grass and grain. The frost has damaged the fruit somewhat. Decoration day was observed in grand style at Pleasant Home. A large crowd came regardless of wet weather. After decorating the graves the people and Sons of Veterans fell in line and marched to the church where the people were highly entertained by Rev. Skidmore of Fairview, Hon. J. M. Long, of Portland, and Clarence Stephens. Instrumental music, singing and recitations were the order of the day. Everything seemed to be a grand success.

Work is progressing rapidly on the Bull Run water works. About two hundred men are employed between Sandy and Pleasant Home, digging the trench and laying the pipe, and about twenty teams are at work hauling the iron for the new bridge across the Sandy. This bridge, which is to hold the pipes, will be about one hundred yards further up the stream than the wagon bridge. Ole Mickleson, foreman, has a large force of men working on the Bull Run road who have done some good work. Lewis Verity will build a big new barn as soon as he has the lumber. Rev. Fruth, of Damascus, preached at the Sandy school house last Sunday to a large audience. After the close of the exercises a special meeting was held to consider the question of building a church. The money toward building is at hand, but there is some difficulty in getting property to build on. An effort will be made to build it on the Sandy cemetery lot if the right can be got from the trustees. Mr. Calvin has the contract for sawing fifteen hundred cords of wood for the Union Meat Company at Troutdale. He is making it on the Sandy river about four miles below town. He has something like twenty-five men sawing wood and will raft it down the Sandy. H. Bruns has built a new picket fence around his new residence which greatly beautifies the appearance of the place. Mrs. Charles Bailey is very sick with lung fever, and it is said there is but little hope for her recovery. Mrs. R. Hatch, of McMinnville, was visiting relations and friends on the Sandy the past week. A petition is being circulated asking the county court to make a special appropriation of one hundred dollars to improve the old Portland road which is in a bad condition at present. A special school meeting will be held the 9th of June to elect one director to succeed H. B. Chase, deceased. READER.

MULINO MENTIONING. Two Birthday Events—Picnic at Oak Grove—An Egg-Spoon Ball. MULINO, June 3.—Last Thursday was the 20th birthday of C. E. Knotts. The day was celebrated by a brush slashing, followed by a dinner. Many friends participated in the work and ate of the roast mutton that had been nicely prepared for the occasion. The following day was the 27th birthday of C. T. Penbroke, and on Friday night a social dance was given in honor of the two boys' birthdays. Twenty-six gentlemen and fifteen ladies were present and all report having a good time. At the midnight supper two birthday cakes were placed one at each end of the table, bearing the initials C. T. P. and C. E. K. Yesterday quite a number of people attended the singing school picnic at Oak Grove. The singing class from Macksburgh was invited with the Oak Grove class and all together made some fine vocal music. Nellie Bouque, a little girl, gained the ladies' thirty yard foot race at Oak Grove yesterday. The ladies carried an egg in a spoon and the one reaching the destination first got the prize of fifty cents. The people are making calculations on having a celebration July 4th at Wright's Springs. Yesterday evening as Cal Ball, Bruce and Elsie Darnell were returning home during the thunder storm and torrent of rain, the lightning struck a large tree near them shocking them all considerably, but doing no serious harm. The Mulino and Molalla base ball teams will play a game here on June 17th. The little son of Mr. and Mrs. Ed. Trullinger died last Thursday and was buried Friday in the family grave yard. Logan Locals. LOGAN, June 5.—Fischer Brothers are slashing down fifteen or twenty acres of heavily timbered land on their place. They have made some excellent improvements on the place since they moved there. Lewis Kirchem is having twenty-five or thirty acres of bottom land grubbed up. He has some excellent meadow land and he thinks that it is not a very paying investment to pay taxes on land that is bringing in no profit, so thought he would get it into cultivation. Mr. Hawley has out several acres of hops that look very nice. A Mr. Brown, from Eastern Oregon, has a band of about twenty-five horses down that he is selling cheap.

awarded to Henry Osterholtz, he being the lowest bidder for the work.

The Young People's Entertainment Society of Needy, which was organized a few weeks ago, introduced themselves to the people last Saturday evening by giving a grand free entertainment at the school house. The following program was carried through in an able manner: Opening address—by the president. Recitation—Schneider's Tomatoes, by F. J. Osterholtz. Dialogue—Hospitality, by Katie Thompson, Bertha Hesse, Tena Stuwe, Fred Stuwe and Andy Thompson. Darkie Play—Shooting Stars, by F. J. Osterholtz and Will Stuwe. Recitation—Gracie's Lament, by May Haley. Dialogue—Miss Dexter's Personal, by Emma Ackerson, Will Stuwe, Asa Thompson, Andy Thompson, Albert Stuwe and May Haley. Recitation—Der Spider and der Fly, by Andy Thompson. Darkie Play—Ducks for Dinner, by F. J. Osterholtz and Will Stuwe. Wrenth Drill, by Bertha Hess, Katie Thompson, Mertie Thompson, Emma Ackerson and Nannie Haley. Music was furnished between scenes on the organ, violin and guitar, by Gilbert Noe, Laton Resland and J. D. Ritter. About 200 people composed the audience. The house was not large enough to accommodate them, many having to stand up and many crowding around the windows on the outside to see and hear, thus repeating the often shown necessity of a good sized hall at Needy. Our school house is much too small to accommodate all the people of our own vicinity on any public occasion. The entertainment proved a success and the society has received invitations from other villages to visit them and reproduce the program. Mrs. Coffinberry, of Hubbard, is visiting her daughter, Mrs. B. F. Smith of this place. Mr. and Mrs. Parrish, who have been visiting with Mr. and Mrs. Thompson, have returned to their home in Portland. MILWAUKEE Mustags. MILWAUKEE, June 5.—Last Monday morning about 9:30 o'clock, Mr. T. E. Baldwin's house caught fire from a defective flue and in a very few minutes burned to the ground. The property was insured, but it will not cover half the loss. Mr. Baldwin will rebuild sometime this summer. Sam Phiester is a proud father of a ten pound boy, born at eight o'clock Wednesday morning. Mother and baby doing nicely. During the heavy thunder storm last Saturday a gentleman from Clackamas left his horse standing without hitching while he found shelter in the butcher shop, the horse became frightened from the loud claps of thunder and ran away smashing the wagon into kindling wood. The horse was caught two and one-half miles south on the road near the Southern Pacific railway track. The election passed off very quietly in this precinct. The total number of votes cast exceeded all expectations, being 236 an increase of thirty-four over the last election. Pat Byrns, who bought a part of the Jake Miller property, is having the old house torn down and in its place will erect two four room cottages. Chas. Mullan has the contract. Hurrah for enterprising Pat. Miss Rosa Scott returned home Tuesday after six week's visit among relatives and friends in San Francisco.

CLARKE'S DOTS. About Road Matters—A Bad Mud Hole—Freaks of Lightning. DAMASCUS, June 5.—Messrs. Cooke, Morton and several hands went to put a new pier in a bridge on Upper Eagle creek. They finished their work and came home Friday. There is a good deal of work being done on the road between J. M. Tracey's and Springwater, leveling up the road bed and filling in holes; also between Mr. Swale's and Hutchinson's in Logan. There has been very good work done grading, leveling up, blasting out stumps, cutting down trees and widening the roads. Between Baker's Ferry bridge and Burkhart's mill there is quite a level road and very good with one exception, and that is a very innocent looking mud hole, but when you once get in don't expect to continue on your journey in a hurry because you won't. There have been three horses down in that hole that we know of and how many more we do not know. Such places should be fixed. They are dangerous. The lightning played around here lively last Friday. It struck several trees and set some of them afire. One of L. Deardorff's horses was struck and killed. This is pretty hard on Mr. Deardorff as it breaks up his team. Rev. Sellwood preached at the Christian church here last Sunday at 11 A. M. There were dances at Mr. Sutton's and Mr. Hester's last Saturday night. Thursday evening a number of the young folks called on Mrs. Mulligan and Ed. Boring at their father's, Mr. Boring's, and spent the evening talking, singing songs, eating pop corn and pulling taffy. Mrs. Mulligan and Mr. Boring are down from Molalla on a short visit to their parents. The saw mill commenced work last Thursday for the first time. There was a mistake made in announcing the granger's picnic at Gresham. It will be the third Saturday in June.

MAPLE LANE. MAPLE LANE, June 5.—School closes next Friday. Miss Ona Surfus, who lately had the misfortune to fall out of a wagon, the wheel running over her leg, is doing nicely. M. P. Bradley and Millard Rogers of this place are working in Portland and probably will be for some time. Mrs. O. Dickerson has been appointed assistant superintendent of the Sunday school in the absence of the superintendent, Mr. Bradley. Rev. Chas. Cross, of Ely, preached at our school house last Sunday morning and left an appointment for every two weeks. Rev. McLain of the United Brethren church preached Sunday evening at our school house to a good-sized audience. F. M. Taylor has traded a part of his farm for property in town and moved his family down there last week. MULBERRY. BEAVER CREEK BREEZES. BEAVER CREEK, June 5.—The recent rains were quite refreshing. Crops look well in this part of the county. Beaver Creek school will close on Friday of this week. Mr. Strange has given good satisfaction. Miss Jennie Rowen took a trip to Portland last Saturday to see the high water. Mrs. Owens died at her home at this place on Sunday, June 3d, after an illness of one week. She leaves a husband and one daughter to mourn her loss. The remains were taken to Portland for interment. OBSERVER. WILHOLT WAIFS. WILHOLT, June 1.—Sunshine and summer showers are making crops and gardens look very nice. A. J. Gill of Portland has come out to spend a week on his farm at this place. NEEDY Will Ratify. NEEDY, June 7.—Hurrah for Eli and the county ticket! The election at this place, passed off very quietly notwithstanding you could see on the faces of the republicans a strong determination to win, and the count showed the result of their work was very satisfactory, there being fully 29 per cent. gain over two years ago. We will have a jolly ratification some day next week. The republican club will meet Saturday evening to make the necessary arrangements. The republicans were never more jubilant and it undoubtedly will be the grandest meeting ever held here. The demo-pops have got it where the chicken got the axe. Listen to their tale of woe! They'll never bring up their straw-pile money in the future, you know. The cloud of populism that has hung over our state for the past year has passed away, and with the passing away of free tradeism prosperity will return. ONE OF THE JOLLY REPUBLICANS. CLARKE'S CLIPPINGS. CLARKE, June 4.—Today is a busy time for the men to work for their own interest. Get there, republicans! Harry Gard will close a five month school on Mill Creek the 8th of this month. The band boys are progressing nicely under the instructions of Mr. Miller, of Viola, and expect to be able to furnish the music on the Fourth of July at the celebration at Highland. Coyotes are quite plentiful in this vicinity. The lightning struck a tree near James Parrish's during the thunder storm of last week. ALMA. Notice of Application for Saloon License. Notice is hereby given, that the undersigned will apply to the city council of Oregon City, Oregon, at the regular meeting in July, for the continuation of the license for a saloon at the corner of Main and Fourth streets in said city. JOHN R. TREMBATH. Oregon City, Or., June 8, 1894.
