#### Resolutions of Condolence by the Lincoln Republican Club—Other Interesting Notes from Orville.

ORVILLE, June 11.—Politics are quieting down in this part of the county. I wonder if the democrats can tell us the reason why. Some of the democrats got very indignant just before election because we told them their party would come out behind in the race. How is it, boys—didn't we tell it about right? It always pays to stop and figure; no matter whether in politics or in any other business the same rule can be applied.

Lincoln republican club met last Friday evening to rejoice over the success of the republican victory in this state and county. The following resolutions of condolence were adopted:

Whereas, It has pleased the Supreme Ruler of the Universe to open the eyes and ears of the people of Oregon, we hail with profound glee the fact that we are called upon to record the defeat and death of the democratic party and its co-operatives, the pops; and,

Whereas, In the demise of these parties the republicans have achieved a victory greater than was ever known before in Oregon; therefore, be it

Resolved, That we, the victors, will shout the glad tidings of our Lord's elevation as we would the second coming of Christ.

Resolved, That each member of this large fraternity of ours shall publicly acknowledge to his neighbors and friends that a great plague has been removed and stricken from this grand state of ours, and we again have prosperity staring us in the face.

Resolved, That we extend to the families of the bereaved our heartfelt sympathy and condolence; and may our Lord in his wisdom and mercy so shape their paths that they may find relief from their ignorant and corrupt teachings.

Resolved, That we will smother our true feelings during the sad rites of the burial services, but we will shout a terrible shout when we see the last of our enemies interred. We will shoot crackers, send up rockets, and perform sundry well-nigh impossibilities in token of our glad joy. We will drape the walls of our houses with the Red, White and Blue in further token of our sincerity.

Resolved, That we present the widows and orphans with a copy of these resolutions, and that they be published in the leading papers of the county, signed by the committee.

The people of Elliott Prairie and vicinity listened to two very able sermons last Sabbath, delivered by Rev. Evan P. Hughes of Portland. Mr. Hughes is just lately from Minnesota to Oregon. He has come with the intention of remaining here provided he can find a suitable location. He will preach at Smyrna next Sabbath, June 17, at 11 o'clock a. m. All who can should attend.

Butte Creek and Boise granges are going to give a grange picnic Saturday, the 23d of June. They are making quite extensive arrangements and a good time is expected. Come one and all, and enjoy the occasion.

There is getting to be a great deal of murmuring about the present rainy weather. Well, it is rather disagreeable to have winter all summer, but as the "Lord" is on our side we look for a change.

#### SANDY SMILES.

Republicans Will Ratify—Preparing to Celebrate the Fourth.

SANDY, June 9.—Our election passed off quietly here regardless of the heavy rain. In this precinct 189 votes were cast, although a vote of 250 was expected and no doubt but that number would have been cast, but in the afternoon the rain began to pour down in torrents which compelled many to stay away.

Hurray for the republicans, the winning party; hurray for Brownell, Hayes and Maddock, is what the people of Sandy have to say. Never before were the republicans so rejoiced over the good result of our election especially to see Hayes as judge. Our populist friends are getting rather sore and when one is seen he has somewhat of a forlorn expression on his face. The republicans of Sandy are now satisfied that the populists have been wiped out of existence. The republicans will hold a grand ratification next Saturday, June 16th.

Mrs. Martha Poe will build a barn on her place as soon as the weather permits.

F. A. Meinig has several men at work cutting down a big slash.

Mr. Riddertusch's horses jumped out of his field and left for parts unknown. He has been all over the country looking for them, but as yet has not found them.

The past week two merry weddings took place here. Casper Arluser and Miss Emma Peterson were married at the Sandy hotel, on the third of June. The happy couple will probably make this their future home. Their many friends wish them a very happy married life. Mr. Bruns, Justice of the peace, tied the knot. Also Miss Myer and Mr. Nudernaber were united in marriage June 7th, by Justice Bruns. They will make Salmon their future home.

Sandy is contemplating celebrating the Fourth at Meinig's park.

Mr. Eiling, of Portland, has moved out to his place, his home there being under water at this time of writing.

Died, June 5, 1894, Mrs. Bailey, the wife of Charles Bailey. She was buried in the Cliff Side cemetery.

#### STAFFORD SPRAY.

Child Impaled on a Pitchfork Which Pierced the Arm—A Narrow Escape.

STAFFORD, June 11.—Now that the long agony is over and the defeated candidates have gone up to Hood river to eat strawberries and cream at their own expense, perhaps there will be time and relish for local news.

To go back a little—on Decoration Day Mr. Rowton of Stafford school and Miss Deering of the Meridian or Frog Pond school, combined their schools to celebrate

the day by appropriate recitations, songs, etc. As will be remembered it rained all the forenoon, but shortly afternoon quite a large number assembled who were given the use of the church. After the exercises the schools marched to the various graves, scattering their flowers, trying not to miss any.

Mrs. Sauer has sold her place of twenty acres to a Mr. Weissenborn from Kansas—consideration \$3000. Mrs. Sauer will return shortly to New Jersey.

Wm. Schantz lost a valuable farm horse in a peculiar manner a few days ago. He was harrowing a new piece of ground when the horse stepped upon a stick which flew up and pierced his side. It required some effort to pull it out. It made a small hole, but Mr. Schantz continued at work till noon and then put the horse in the stable. When he went out after dinner the poor beast was down with its entrails trailing around where he had trampled upon them. So they had to shoot him.

Excursions to Portland to see the high water are all the go now. I don't see why, as there is always water in Oregon, and it makes one sad to see the destruction of property.

Agnes Sweek, Mr. Gage's little grand daughter who is staying with her grand parents this summer, met with what might have been a bad accident Saturday. She, with other children, was at play in the barn when she slid off the hay and impaled herself on a pitchfork. One tine went completely through the flesh part of the right arm just below the arm pit and she hung a foot from the barn floor. Her little brother pushed her upward while Don Gage, another little boy, loosed the fork and pulled it out. At this writing she is doing well; the arm is not much swollen but lame and sore to the finger tips.

Some are complaining of affections of the chest and kindred diseases, and one or two of affections of the heart, the latter not serious, however. The cause is attributed to the continuous rainy weather.

Mr. Gage had about two tons of hay down for the past week.

#### Salmon Sayings.

SALMON, June 9.—Election day passed off very quietly at Cherryville where the Salmon people go to vote. J. T. McIntyre did some good work for the republican party by gathering up voters who did not care to go on account of walking seven miles, and taking them down in his wagon.

Messrs. Little and Brochie, of Portland came up this far Monday intending to go up to Government Camp, but had to turn back from here on account of Mr. Brochie's becoming ill.

Mrs. Jennie Walkley returned home last Saturday from Eagle Creek, where she has been visiting relatives and friends and reports having had a good time.

There is a family waiting at the toll gate with wagon to cross the mountains. As the snow is quite deep yet they are likely to have to wait some time, though footmen and horses can cross on top of the snow.

Silas Hedges has gone to Portland on business.

Our school clerk, Thomas Beachill, having removed from the district, J. T. McIntyre has been appointed to take his place.

Married, at Sandy, June 8th, Joseph Unternahrer and Christina Meyer of this place.

#### Clarks Chatterings.

CLARKES, June 11.—The republicans are jubilant over the result of the election, while the populists complain of feeling sick and some have expressed themselves that as there is no use to expect relief through the ballot; the only remedy is to resort to fire arms.

Crops look good here in general. Hay will not be so plentiful on account of the backward spring and consequently slow growth.

Wm. Battenneer, while walking backwards ran against a cross-cut saw and caused a painful wound in his ankle, but not so bad but what he can get around.

The surprise party at Mr. Stouts was a grand success. A large crowd was in attendance and a complete surprise to both Mr. and Mrs. Stout.

Rorn, to the wife of Wm. Bottenmiller on Wednesday, June 6th, a boy. Mr. Bottenmiller says the boy is a republican.

Highland will celebrate the fourth of July at the little butte a little east of the old picnic ground. They have commenced to clear off the ground.

Mr. Grey of Albina is the guest of Messrs Robert and Jackson Ringo.

#### Central Point.

CENTRAL POINT, June 11.—The crops look well and wheat promises a good yield. Late sown oats are growing very fast on account of being moistened with the plentiful showers.

Potatoes promise a good crop. Strawberries are almost a failure having been killed by the frost. Apples and pears are almost a failure on the low lands. We need more sunshine to dry up the hay that is down.

George Blanchard is about to get himself into trouble for fencing up the highway on the hill by Brown's school house. All the neighbors east of there are on the war path about the obstruction.

George Randall's piece of swale land that he had drained looks well and will raise fine crops now the surplus water is taken off. Everybody here is satisfied with the election except the pops, and they have all crawled into their holes.

There will be a bouquet social at Brown's school house on Friday evening, June 22, beginning at 7:30 p. m. There will be an interesting program before the selling of the bouquets. Each purchaser of one will be entitled to supper for two.

#### Highland Happenings.

HIGHLAND, June 9.—The election passed off quietly and more republican votes cast than was expected. Therefore, the people in this part are waking up to what is good for themselves and their country.

The past week the weather has been sunshine and showers which is good on oats and clover and all kinds of farm produce. Clover promises a good crop in this section. Fruit has been injured by the frost; prunes and plums will be almost a total failure while apples and pears will be a good yield. Caterpillars are very plentiful on apple trees. Preparations are being made for an en-

tertainment in the school. The school will continue one month longer.

Orland Fellows is building a barn, also Steve Hutchinson will build a large barn this summer.

The Highland ball nine has challenged the Redland nine for a match game of ball next Sunday.

Highland will celebrate the Fourth of July near the hall. The music will be furnished by the Highland brass band. All are invited.

#### CANBY CROPPINGS.

Children's Day Observed—Dog Poisoner Abroad—Jail Completed.

CANBY, June 13.—The election is over and everybody is pleased with the results except a few populists.

Children's Day was observed here in the M. E. church last Sunday. The house was full, there being hardly seating room for all. The church was nicely decorated, the program was a splendid one, the singing was very good, the children all spoke their pieces in fine style, and the recitations and dialogues were all carried out well. It all showed a great deal of study and painstaking to get up such a good program and carry it out so well. It was a very pleasant entertainment and the people all went away well pleased.

Elder McKeaver, of Portland, has been holding a series of meetings in the Christian church. The results have been several additions to the church.

The young men of Canby have commenced to make a bicycle race track on A. H. Lee's ground adjoining town. The track will be one-third of a mile in circumference, and when completed will be one of the finest tracks in the state.

The dog-killer is not dead yet. Carlton's fine pup was the last victim, poisoned by some unknown person. This makes about twelve dogs that have been poisoned here within a short time. The guilty party would better look out; suspicion points his way.

The jail is completed and ready for occupation.

Dave Morris has been pardoned by the governor.

Go to Carlton & Rosenkrans for your millinery goods.

Buy your farming implements of George Knight.

DAMASCUS, June 12.—The crops have been plentifully watered in the last ten days or two weeks. There now seems some promise of the rain abating, for awhile at least.

The republicans are rejoicing since the election, and are glad that the majority are willing to stand by the old party. Populists are hard to find—getting scarce, we presume.

#### Milwaukee Mites.

MILWAUKEE, June 12.—The Milwaukee ferry has been removed to Sellwood where it will run this summer and possibly be located there permanently.

Theo. Hagenberger was presented with a fine girl baby by his wife on Sunday. All doing nicely.

Milwaukeeans are glad to see the high water receding. It checked travel to Portland as both bridges spanning Johnson Creek were covered, causing those who were compelled to go to the city to drive two miles out of the way. A great many fine gardens have been damaged by the water, and it is thought the roadways and small bridges are considerably damaged along the river fronting Milwaukee.

Invitations are out for the marriage of Miss Dorothea C., daughter of Mr. and Mrs. J. G. Bonnet, to Victor P. Conklin, Thursday, June 21.

state has taken for common sense, thrift and self-reliance.

The stormy weather last Saturday interfered with the picnic, but the exercises in the church were well attended considering the weather. The program was pleasing and well rendered, while the delicious and beautiful lunch which was served on long tables, was an enjoyable feature of the "social" which followed. Rev. Sylvanus, of Springfield, and his daughter, Miss Anna, were among those present.

Rev. Forbes, of Portland, preached at Bethel church last night. He will conduct a series of revival meetings here this week. Mr. Forbes is said to be an eloquent and interesting speaker, and the meetings will doubtless be successful and largely attended. Mr. Forbes is accompanied by his wife and two daughters who are the guests of Mr. and Mrs. G. C. Armstrong.

William Morgan has been very long with asthma and a complication of lung troubles, but he is much better at this writing.

Work on Louis Funk's new barn is progressing rapidly. It will be raised today and a crowd of neighbors is assembling to assist.

J. B. Frost is building a new house.

Crops are looking very well notwithstanding the long continued rains. In spite of the late frosts strawberries and other small fruits will yield heavily. Orchards appear to have been damaged in spots only.

A dead tree standing in Elias Mosher's pasture was struck by lightning during the thunder storm last week.

A number of the unemployed hearing that good wages were being paid in Portland for help in moving goods went down there only to find hundreds of men ahead of them, waiting for a chance to get a few hours work, so they came home sadder but wiser.

#### Sunnyside Slapjacks.

SUNNYSIDE, June 13.—We hope, now that the election is over, and republicans soon to be installed in office, that the hard times will soon be over, as we always have had good times in republican administrations. The pops take it very patiently around here.

The very bad weather has retarded work on the road at present, but it will be continued as soon as possible.

Everything seems to be growing fast. Potatoes are growing, fall grain is heading and gardens are growing; also weeds which cannot be removed when the ground is so wet.

Mr. Johnson has put a stock of groceries and some dry goods in his new store. As we have two stores we should be well supplied with edibles; but, alas, where is the cash to come from with which to buy them? Have any of the correspondents seen any lately?
