A Brilliant Wedding—Arrival and Departure of Mails at Milwaukee—Return of Missionaries.

MILWAUKEE, June 26.—On Thursday, June 21st, at the residence of the bride, the marriage of Miss Dorothea C., daughter of Mr. and Mrs. J. G. Bonnet, and Victor P. Conklin was solemnized by Rev. J. W. Cowan of Oregon City. The house was decorated with roses of every hue and shade, smilax, pinks, margerites and other flowers in great profusion, the air being heavy with their delicate fragrance. The large bay window in the parlor, where the ceremony was performed, was turned into a veritable bower, while pending from above was a marriage bell of white carnations and La France roses. After the ceremony and congratulations, the guests repaired to the dining room where a sumptuous wedding repast was served. After the grand feast the bride left through a shower of rice and old shoes for Portland, where they boarded the train for a tour of the eastern cities, visiting Mr. Conklin's home, Indianapolis, Indiana. On their return they will reside at 545 East Davis street, Portland. Those present were Mr. and Mrs. J. G. Bonnet, Miss Hattie Bonnet, Robert Bonnet, Oscar and George Wissinger, Milwaukee; Mr. and Mrs. T. L. Charman, Mrs. M. M. Charman, Mr. and Mrs. T. W. Fouts, Miss Betta Fouts, Mrs. Fuchs, Mrs. W. H. Howell, of Oregon City; Mrs. Diller, Mr. and Mrs. L. G. Pfunder, Misses Rose, Lillie and Lillie Pfunder, Mr. and Mrs. George Fuchs, Mr. and Mrs. H. Fuchs, Mrs. C. Pallet, Mrs. E. Miller, Mrs. E. Richards, Portland; Mrs. A. Vegelies, Victoria, B. C.; Miss Hazel Whitcomb, Pomeroy, Washington. Miss Bonnet having been very active in Christian Endeavor and Sunday school work will be greatly missed by her many friends and associates. The bride and groom were the recipients of many rich and costly presents. They start on their new life's journey with the best wishes of their many friends. Mr. Conklin is stenographer in the general freight and passenger office of the Southern Pacific Railroad Co.

The Christian Endeavor Society have changed their meeting place to the Evangelical church, beginning Tuesday evening, July 3. A full attendance is earnestly requested.

Hurray for the glorious Fourth! Gary & Wissinger have laid in their usual supply of fire works which can be had at Portland prices.

Dr. and Mrs. William McClure, missionaries to China, returned last week after ten years successful work in that country. They visited Mr. and Mrs. J. G. Wilson, Mrs. McClure being a niece of Mrs. Wilson. They left last Wednesday for a visit to the eastern states after which they will return to their work in China.

Those nasty, creeping, hairy caterpillars are devastating many fruit orchards in this vicinity. It is surprising to note the short time in which they strip a tree of its foliage. A great many are using axle grease to spread around the trunks of the trees, and find it works to perfection. The caterpillar will retreat the instant he comes in contact with the grease. Those that do not use it get the benefit of the flood of emigration from orchards that do.

Mr. John Outfield is erecting a large warehouse in which to store his hay and grain. Cut out the following and paste it in your hat.

NEW ERA NOTES.

School Entertainment and Boquet Social—Thieves Flying Their Trade.

NEW ERA, June 24.—Miss Ada Randall closed a successful term of school at Browns school house last Friday. An entertainment and boquet social was given in the evening for the purpose of raising money enough to buy a bell for the district. The receipts of the evening were \$4.80. After the presentation of a long and well prepared program, the boquets were put up and sold at auction to the highest bidder, George Randall acting as auctioneer.

Fred Miller has just returned from Portland where he has been to purchase some needed furniture for his house.

Thieves are numerous about New Era. J. G. Foster returned from Portland with a new cultivator and it was stolen before he took it out of his wagon, but luckily it was found where the thief had hid it in the woods.

Enos Cahill is busy sawing plank for the road leading into Fifth street, Oregon City. Every farmer traveling that road should donate a day's hauling.

Stafford Smiles.

STAFFORD, June 25.—Cloudy weather the most of the past week. Temperature from fifty-four to seventy-eight degrees in the shade.

A good many fields of clover have been cut and raked.

Strawberry shortcakes and cherry pies form the principal menu of the days.

Miss Grace Peters and August Gephardt were united in the holy bonds of matrimony by Rev. Baumann, Thursday last. The invited riff-raff went with their music as is usually the case on such occasions, to spend the evening, but owing to the sickness of

one of the Peters children, were cordially invited to partake of pies and cakes and such like to plug up their howling throats, which invitation they quickly accepted.

Wm. Schatz raised his large barn by the aid of screws and put under new foundation and now feels a little more secure.

Public services were held at the Frog Pond German church on Sunday. The resident minister, Mr. Baumann, was aided by a number of ministers from abroad in the forenoon and after dinner which was served in an arbor near the church, short talks and music were the order of the day. The house was well filled and very orderly.

The Frog Pond church bell has a splendid tone and the steeple which has just been completed is one that the people may well be proud of.

Army worms are very numerous.

Harmony Hits.

HARMONY, June 26.—Clyde Phillips, of Canby, was visiting here Monday.

Both early and late crops are looking fine. Wm. Rosenau and R. Daniels are building large barns on their respective farms to hold their hay crops provided the rain will permit their being harvested.

Strawberries are giving a fair yield in this vicinity. John Davis, Edward Hall and George Otty have the largest fields.

Bruil Biar and Joseph Knight are cutting brush off a twenty acre tract which they are engaged to clear for W. McKenzie of Fremont.

Several acres of land have been cleared here during the past winter, Louis LaGrand continues it on a two acre lot for R. Daniels.

CLARKES, June 26.—John L. Gard, while returning home from Highland last Saturday, was thrown from his horse and sustained some painful bruises, and also broke his brass horn which he had with him at the time. The horse ran home at full speed dragging the saddle after it, the halter being tied fast to the saddle. The saddle girth was broken.

The people are making earnest preparations for celebrating the Fourth at Highland.

Miss Grace Moran from Elyville was out here visiting friends, also her sister Maud.

ALMA.

Jack Knife Whittlings.

EAGLE CREEK, June 26.—School closed here Tuesday of last week. The ones receiving a place on the roll of honor were Nellie Stafford and Walter Jaques. The ones receiving high standing in their studies were Homer Glover, Bessie Longnecker and Lizale Huffmeister.

The much talked of road across Mrs. Glover's field has been settled, the appraisers placing the damage at one hundred dollars, which Mrs. Glover has accepted. The road from Deep Creep to Eagle Creek has been widened and straightened, and graded a greater distance of the way, and the work still progresses. Could it be graded this summer it would be as good a road as is in the county if not the best.

A number of the people from here attended the teachers' meeting at Damascus last Saturday and report having had a profitable and enjoyable time.

Prof. A. F. Freeman, who recently came from Illinois, will teach the Pleasant Home school in Multnomah county this winter.

Mulino Musings.

MULINO, June 25.—The celebration at Wright's springs on the Fourth promises to be a grand success, as the committees are arranging to have a speaker from Portland.

C. T. Howard is slowly recovering from the crushed foot he received some time ago by a log's rolling against him while working on the road. A great deal has been said against our telegraph line, but I notice it came very handy in calling Dr. Paine from Oregon City to see Mr. Howard.

The Mulino boys were not in it Sunday playing ball with the Logan nine, as the score stood 17 to 1 in favor of Logan.

BULL RUN BREEZES.

Location of this New Town—What it Has and Needs—To Raft Wood.

BULL RUN, June 26.—Bull Run is a small village in Clackamas county situated about one mile south-east of the intersection of the Sandy and Bull Run rivers, and is located on the Bull Run pipe line about 24 miles south-east of Portland, and about five miles west of the head works, and has one store, one saloon, one hotel, one feed stable, and is a good location for a blacksmith. It is centrally located in a good farming country where crops of all descriptions do well.

Mr. Calvin, who conceived the idea of running cord wood down the Sandy river, has secured a contract from the Union Meat Company of Troutdale for 2000 cords of wood. He has a considerable force of men cutting the wood, and will make the trial run down the river some time next month.

Trout have commenced to bite in Bull Run. Good fishing in Bull Run after the 4th, boys.

Messrs. Hoffman & Bates have again resumed work laying pipe on the Bull Run pipe line. The work was suspended some time ago on account of so much rainy weather.

Work on the reservoir and canal at the headworks of the Bull Run pipe line is completed and it is a fine piece of masonry well worth any one's time to go and see.

Redland Ravelings.

REDLAND, June 27.—Is it going to rain all summer? A week of sunny weather would be an acceptable change. Corn is beginning to turn yellow and hay is delayed.

The meetings of Rev. Forbes at Bethel church, which closed last week, were attended by large audiences, and were exceedingly interesting. There were several accessions to the church.

J. D. Wood closed a very successful six months term of school last Friday. There were a number of visitors to witness the closing exercises which wound up with a grand spelling match. Among the visitors were Mrs. Evans, Mrs. Wm. Stone, Mrs. Heinbotheim, and others. Mr. Wood left yesterday for his home in Philomath. He made many friends during his stay among us.

VOX HUMANA.

Mink Mites.

MINK, June 28.—The people in this neighborhood are most of them busy making hay though some are waiting for finer weather. It seems quite inconvenient since the Mink post office has been sent to Washington, as the nearest post office is Beaver Creek, and it is almost three miles to go for mail.

Some one has had cheek enough to help himself to Fritz Buhm's cherries on the farm he has rented of G. Jones. Fritz says if the one who took them thought he had a right to the cherries he might have picked them without ruining the trees as bad as he did.

John Moehake has returned home from Tualatin after working there three weeks. He will now make ready to cut his hay.
