### MARTIAL LAW WAS DECLARED.

Outlook Brightening in the East—Situation Critical in California—Trains Moving Again.

SAN FRANCISCO, July 9.—The twelfth day of the great strike on the Southern Pacific closes with not a wheel turning in Northern California. At Sacramento, Oakland, San Jose and this point the situation is unchanged. The Southern Pacific managers are utterly helpless and appear to be making no effort to resume traffic. Tonight there is an added excitement, however, caused by the news that the United States marines from Mare Island and regular troops have been ordered to Oakland to begin the fight that the Southern Pacific managers have so long been waiting for the government to make. The leaders of the strikers in Oakland say there will be no organized resistance of troops, but they openly declare that the strikers have resolved to conduct a guerilla war.

About the Delayed Mails.

PORTLAND July 10.—The steamer Truckee, bearing eight pouches of Eastern and California letter mail, arrived at Astoria yesterday morning and at 11:30 proceeded on her way to Portland. She bears several day's accumulation of mail, but the dates cannot be announced until it is opened. The mail will be distributed this morning.

The steamer Columbia, which left San Francisco Sunday morning with another lot of mail, is due here this afternoon.

The steamer Walla Walla, from San Francisco to Seattle, arrived at that point yesterday afternoon. She bore paper mail for Portland and Oregon points, which was brought to this city on Northern Pacific passenger No. 5, arriving here at 11 o'clock last night, nearly six hours late. The same train brought six pouches of registered mail from San Francisco, one from St. Paul, two from Chicago and one from New York.

Chief Clerk Collier, of the railway mail service, yesterday received a dispatch that the first full lot of Eastern mail over the Great Northern was at Kallispel, and was due to arrive at Seattle at 11 o'clock last night. It consists of one car of mails. If there are no hitches, Oregon's share of this mail will arrive in Portland tonight, over the Northern Pacific. Mr. Collier has also been advised that the regular Great Northern is destined for California points and will be sent down by steamer. Though mails are now arriving from the East there is piled up at various points much Eastern mail for Portland and the Northwest that will not be received until all trains are running again. It is likely that in future during the strike California mails will arrive at and leave this point on an average of every 2½ days. Both the Sound and Portland steamers for San Francisco will carry mail.

BITTER FEELING AT ASHLAND.

Passengers from Ashland report that the feeling amongst the strikers there is very bitter, and that they are likely at any time to make a formidable force. Nothing but the presence of deputies last Friday enabled the railroad authorities to start the delayed overland from that point, and it is declared to be the avowed intention of the strikers to "cut the air" or remove brake rods or in other ways disable a train if they can possibly do it and escape arrest. Five deputies are still at Ashland, and so far have prevented any overt act. A deputy violently shoved a striker off a train the other night and a riot was narrowly averted. The strikers are bitter against a particular fireman on one of the overland trains, and whenever he appears they surround him or follow him, and yell and jeer and howl "scab!"

The railroad authorities make it difficult for the strikers to uncouple a Pullman, without interfering with the mail by pulling the train out of Ashland backwards, that is, by switching the locomotive to the rear and attaching to the Pullman, leaving the mail car in the rear. The proper switching is done at a station ten miles this side of Ashland. The Ashland strikers are said to feel especially offended at the non-activity of the Portland men, and to denounce them with the most opprobrious epithets. They think the local striking trainmen have shown conspicuous lack of nerve. Just give them half a chance, they say, and they will show the railroad company that as strikers, they are able to make themselves felt.

Rioting Over in Washington SPRAGUE, Wash., July 9.—Rioting

broke out here at 1 o'clock this morning. The train bringing home the militia companies from the encampment at Olympia was assailed by a mob which threw sticks and stones. The train dashed through the mob, ran into some ditched cars, buttering the engine and derailed the baggage car. About the same time the long trestle about a mile east of the town was fired. Fifteen deputies went out on an engine and extinguished the flames after considerable damage had been done. Still another mob pushed a car loaded with kerosene upon a culvert a mile west of town and fired it. The car and culvert were completely destroyed. Thus the train could neither advance or return. The train is still tied up at Sprague.

### Martial Law Proclaimed.

WASHINGTON, July 9.—The president tonight issued a proclamation commanding all persons who offered obstructions to the operations of railroads and the carrying of mails in the states of North Dakota, Montana, Idaho, Washington, Wyoming, Colorado and California and the territories of Utah and New Mexico to disperse and retire peaceably to their respective abodes on or before 4 o'clock on the tenth day of July. Illinois had previously been declared under martial law.

### Knights of Labor Called Out.

CHICAGO, July 10.—The Knights of Labor throughout the country, numbering nearly 1,000,000, have been called upon to strike for the cause of organized labor. General Master Workman Sovereign issued an order late this evening to all the members of the organization to cease work until the conflict originating in a strike of the Pullman employes shall have been settled.

### Illinois Militia All at Work.

SPRINGFIELD, Ill., July 9.—Upon the request of Mayor Hopkins, of Chicago, Gov. Altgeld this afternoon ordered out all the remaining regiments of the militia in the state, ordering Gen. Bakley commanding the Second brigade to proceed at once to Chicago with all his brigade, excepting five companies on duty at interior points.

### As the English View it

LONDON, July 10.—The Globe this afternoon says: "The democratic government that exists in the United States is now on trial. It has already been proved wanting in our eyes. The strikers are neither more or less than armed rebels, who have plenty of sympathy from the people and among the soldiers from the Atlantic to the Pacific."

### Prendergast's End Approaching.

CHICAGO, July 10.—Judge Bailey of the Illinois supreme court announced today that he would refuse to issue a supersedeas in the Prendergast case. This apparently makes certain the hanging of Prendergast on Friday July 13th. About the only hope for Prendergast is interference by Gov. Altgeld.

### The Tariff Trust Conference.

WASHINGTON, July 9.—The first day of the conference of the democratic conferees of the two houses on the tariff bill was without practical result or progress so far as can be learned.

### Debs and Howard Arrested.

CHICAGO, July 10.—President Debs and Vice-President Howard of the A. R. U have been arrested under indictment of the federated grand jury.
