Mill and Yard on the River, Foot of Main Street, OREGON CITY, OR.

USING DYNAMITE.

Strikers Wrecking Trains and Burning Cars.

NORMAL CONDITIONS IN CHICAGO.

California Strikers Defiant—Terrorizing Non-Union Men—Judge Cooley on the Strike.

CHICAGO, July 17.—The railway strike was not in evidence today except at the headquarters of the American Railway Union. There the committee declared the strike was on "red-hot," but the railroads showed no signs of trouble. The packing houses were all at work, and business was apparently assuming its normal condition.

E. V. Debs, George Howard, T. W. Rogers and Sylvester Kelher, the officials of the American Railway Union, were committed to jail today by Judge Seaman, in the United States court for alleged violation of the injunction issued by Judge Grosscup. Their bail was fixed at \$3000 each, but the men refused to give it. Debs and his companions were taken to jail by Marshal Arnold. This morning District Attorney Milebrist filed an information in court charging the officials of the union, with violation of the injunction, and asked for a writ of attachment for a contempt. The petition asked that the defendants be punished for contempt for violating the order appointing the receivers and for violating the general injunction. A number of acts of violence were alleged, and also interference with trains. A telegram was produced in court, sent by Debs July 2 to North Butte, Mont. It read: General Managers are weakening. If the strike is not settled in forty-eight hours, complete anarchy will follow. Potatoes and ice are out of sight. Save your money and buy a gun."

Debs Claim on Monday.

CHICAGO, July 16.—President Debs still claims to be certain of coming out ahead in his fight with the railroads. Directors Goodwin and Hogan, of the Union, left today to begin the work of organizing men in the Northwest and the country west of the Mississippi. There are now eight organizers out.

Our policy is to keep these organizers with the men so that the strikers will not weaken. We have everything solid west of the Mississippi. That is our strong point. I claim that so long as we have traffic stopped at any point we have not yet lost the fight."

"But everything seems to be running on the different roads does it not?"

"Oh, well the passenger business, in and out, is being transacted fairly well, but there are no freights moving at all, and there is where we have the best of them. That is where we expect to cripple the enemy."

At the depots Mr. Debs' statement that freight traffic is paralyzed is not by any means borne out. Most of the roads are moving freight trains without the slightest trouble. When shown a dispatch stating that Mr. Heathcote, leader of the Pullman strikers, had asked him to call off the strike, Debs denied it flatly.

Trains Resuming in California.

SAN FRANCISCO, July 16.—The Southern Pacific Railroad Company, backed by the combined military forces of the federal and state governments, continues to maintain a fairly satisfactory passenger service in Northern California. But notwithstanding this formidable military array, the railroad officials have been unable to retrieve the lost management of their freight business. The passenger service, too, is by no means restored for trains are still being side-tracked at night time as a precautionary measure against trainwreckers. In Oakland this morning the strikers formed into several riotous mobs of 200 or 300 men each. Incoming and outgoing passenger trains were so strongly guarded that they were not interfered with, but the fury of the mobs fell upon such luckless non-union railroad men as the strikers were able to waylay going to and from their work. Several times the troops were called out to disperse the rioters and rescue non-union men. Soon after noon a freight train was started from the yards on the mole.

Eminent Jurist's Opinion.

ANN ARBOR, Mich., July 17.—Thos. M. Cooley, one of the most eminent jurists of this country has written President Cleveland a letter, endorsing the course of the administration in relation to the strike. In the course of his letter he says: Now that the great strike in which your official intervention became so necessary, has been clearly shown to be a failure, I beg to be allowed to express my unqualified satisfaction with every step you have taken in vindication of national authority and with the restoration of law and order which has

been followed or is now in progress. The caution and deliberation with which you have proceeded are, I think, worthy, like their accompanying firmness, of the highest praise, and I am especially gratified that the great and valuable lesson in constitutional construction has been settled for all time with remarkably little bloodshed. You and Attorney General Olney, also, have won the gratitude of the country, not for this generation only, but for all time, and may God bless you for it.

Harry Katz in Court.

WOODLAND, Cal., July 16.—Strikers Knox and Worden appeared in the police court today for arraignment on the charge of murder. They were represented by ex-District Attorney E. E. Gaddis, of this county, while District Attorney Head, assisted by A. J. Bruns, of Sacramento, conducted the prosecution. The preliminary examination was fixed for Wednesday at 1 P. M. Counsel for the defense introduced a complaint charging W. E. Hickey, the railroad detective, with perjury. Hickey is the man who swore to the charge of murder against the defendants.

Strikers Using Dynamite.

MISSOULA, Mont. July 17.—The east-bound Northern Pacific train, was wrecked today at a point about two miles east of here by a dynamite cartridge concealed on the track. The engine had barely struck the spot when a terrific explosion was heard, the shock shattering the pilot and the right cylinder and piston rod. It also broke the windows of the cab and the mail car. A trestle 100 feet long three miles west of here and one 150 feet long on the Coeur d'Alene branch, were burned last night.

More Respectable Striking Methods.

BATTLE CREEK, Mich., July 16.—Number 6, on the Grand Trunk, was wrecked here at 3 o'clock this morning. The fireman was killed outright. The wreck was caused by the removal of fishplates from the rails on a grade west of this city. The train was running fast, and when it struck the misplaced rail the engine, tender and baggage car were ditched and the day coach and one Pullman turned across the track.

Pullman Strikers May Work.

CHICAGO, July 16.—Vice-President Wickes, of the Pullman Company, says the company is willing to take back its striking employees. He says the manager at the works has been under instructions for several weeks to start up the works as soon as enough men are ready to go to work to make the running of all the departments possible or about 1000.

Strikers Had a Cannon.

SACRAMENTO, July 17.—A loaded cannon which has been in the possession of strikers was captured by soldiers this morning, being found in a box-car. It was taken to the depot.

Strikers Barring Cars.

CINCINNATI, July 14.—Two freight trains were burned by incendiaries today.

Be Your Own Master.

Few people appreciate how much their impressions, their whims and impulses, and in fact all their mental energy depends on the harmonious action of all the vital organs. A poorly digested dinner may make one quarrel with a friend. A contested liver may bring imaginary gloom and trouble into the sunniest day. A rheumatic pain may keep you from business or work and entirely change some marked out policy. A few doses of Moore's Revealed Remedy will give tone to every function and make you enjoy your friends and your work.

Meat Post Attention.

Members of Meat Post G. A. R., and all old soldiers, are requested to meet at Grand Army Hall at 9 o'clock a. m., July 25th, to attend patriotic day at Williamette Chatauqua Assembly at Cladstone Park. The Post will take street cars at Sixth street and Main.

W. H. BURGHARDT, P. C.

Hard times Prices.

S. F. Scripture has reduced the price a horse shoeing to \$1.50 per horse until further notice. All work at bottom prices. Many years experience insure first class work.

Notice of Removal.

Mrs. Sladen (nee Miss Watts) is now doing business in her new building opposite the old stand on Main street where she intends keeping the latest and best assortment of millinery at reasonable prices. Summer goods will be sold at cost for the next 30 days.

\$500 Reward.

For any trace of Antipyrine, Morphine, Chloral or any other injurious compound in KRAUSE'S HEADACHE CAPSULES. 25 ct s. For sale by Charman & Co's, drug store.

If you want an attractive sign see Davis the painter. Portland prices. Shop back of Pope & Co's hardware store.

NO COMPROMISE.

Democrats can not Agree on the Tariff Measure.

WILL REPORT NO AGREEMENT.

Fire in San Francisco—Utah Admitted to Statehood—Congress Endorses Cleveland.

WASHINGTON, July 16.—The democratic members of the tariff conference committee adjourned earlier than usual today, and the situation at the time of adjournment, from the best information, was that the conferees were far from an agreement, and that within a short time a disagreement will be reported to the senate and house. The question which has been agitating the members seems to be just what kind of a report to make, but an impression seems to be prevalent that it would be of a general disagreement, with, perhaps some of the main points specified. It had not been decided to call in the republican members of the conference when adjournment was taken, but it is possible a full conference may meet tomorrow or next day. It was evident from what could be learned that the meeting showed a tendency to get further apart than before, and the discussion of the main question showed there will have to be instructions from the respective houses before the conferees will feel warranted in yielding the positions they have taken from the first. When the conference adjourned, one of the conferees summed up the situation as follows:

"We have accomplished nothing today. We have not advanced an inch, and, after being together all day, we are exactly where we were last Saturday."

WASHINGTON, July 15.—The tariff conferees decided after a 15 minutes' session this afternoon to report a disagreement on the entire bill. The program for handling the disagreement when it is reported to the house tomorrow was also substantially agreed on. Wilson will make a verbal report as soon as the house convenes. Catchings, from the committee on rules, will present a special rule allowing two hours for debate, at the end of which time a vote will be taken on again sending the bill to conference. It is expected there will be no objection to the rule. Wilson and Reed will each control one hour. Wilson informed Senator Jones this afternoon that the house would instruct its conferees to insist on the house tariff bill and that it would be sent back in two hours after the report thereon was made to the house tomorrow. It is believed the bill will be in conference again by Saturday.

The Forty-Fifth State.

WASHINGTON, July 6.—The final touch to the act for the admission of Utah, so far as congress is concerned, was applied by the vice-president today when he announced that he had signed the act. It was immediately afterwards sent to the president for approval.

Wants a Federal Office.

WASHINGTON, July 16.—Jas. Thorne, of Clackamas, who is here trying to be appointed surveyor general, had a long conference with Senator Vilas, of Wisconsin, and is trying to secure his influence with the president.

Base Ball in Portland.

PORTLAND, July 14.—Fifteen thousand people saw Stanford university baseball team defeat the Multnomah Athletic club today by a score of six to five. The game, while exciting throughout, was full of error.

Congress Endorses Cleveland.

WASHINGTON, July 16.—The house today adopted strong resolutions approving the president's course in the strike. The minority was not strong enough to get an aye and no vote.

Small Fire in San Francisco.

SAN FRANCISCO, July 14.—Twenty small dwellings and two human lives were destroyed in a fire that broke out on North Beach shortly after noon today.

Bread, Bread.

Of all things the average housekeeper is particular about, it is the quality of bread for her table. Good home made bread is not equaled by the ordinary bakery and to meet this requirement, Mr. J. Egle of the Shively bakery has put on the market his celebrated home made bread. This bread is made from the same kind of flour that is ground for export and none of the processes are used in its manufacture that, while giving the bread a fine appearance, ruin its quality. The utmost cleanliness is observed in all departments and the patrons of the bakery are invited to inspect it at any time, that they may see for themselves how their bread is prepared and handled.

Receipt, note and order books at the ENTERPRISE office.
