CHINA AND JAPAN.
Preparing for a Contest at Arms Over Corea.
WAR MAY BECOME GENERAL.
Union Men Blowing up Houses—Train Stoppers Sentenced—Abolition Insurance Premiums.

SHANGHAI, July 23.—The reports that China has declared war on Japan are premature, but hostilities are inevitable. Twelve thousand troops were sent from Taku Friday, with a fleet of gunboats. It is supposed their destination is Seoul, with orders to fight the Japanese, if the latter oppose Chinese occupancy at any point in Corea. If war is declared, China will make a levy of 20,000 men from each province and send a fleet to attack Japanese ports. China has notified foreign consuls that she is preparing to blockade the Woo Sung bar.

It is generally believed here that the Japanese do not desire a pacific settlement of the Korean dispute. Asevidence of this, attention is called to the fact that as soon as one difficulty is overcome Japan immediately raises another. The last attitude of the king of Corea in the crisis is supposed to be due to China's decided measure to insist upon her claims to sovereignty over the Korean peninsula. The rumors that France and Russia will support Japan against China are pronounced to be absolutely groundless.

LONDON, July 23.—Dispatches were received at the Chinese legation from Tien Tsin today showing that war between China and Japan has not yet been declared, but it is admitted that the situation is most grave. The opinion expressed in official circles here is that war is inevitable. The Chinese and Japanese ministers today had a long and separate conference at the foreign offices with the officials of the government. Apparently war can be avoided only by the interference of the European powers to protect the commerce and the lives of their subjects from the injury which Japan's action will cause them.

GROVER'S LETTER.
He Writes Chairman Wilson and Creates a Sensation.
GORMAN SCORES CLEVELAND.
He Wants Free Coal, Iron and Wool and Taxed Sugar—Will Defend the President.

WASHINGTON, July 19.—Grover Cleveland has dispatched from the custom of presidents and for the purpose of influencing legislation has addressed a letter to Chairman Wilson which was made public in the house today. Among the most important utterances are the following: "The certainty that a conference will be ordered between the houses of congress for the purpose of adjusting the differences on the subject of tariff legislation makes it also certain that you will be called upon again to do hard service in the cause of tariff reform. My public life has been so closely related to the subject, I have so often promised its accomplishment, to my fellow-countrymen as a result of their trust and confidence in the democratic party, that I hope no excuse is necessary for my earnest appeal to you that, in this crisis, you strenuously insist upon party honesty and good faith and a sturdy adherence to democratic principles. I believe these are absolutely necessary conditions to the continuation of democratic existence.

"There is no excuse for mistaking or misapprehending the feelings or the temper of the rank and file of democracy. They are downcast under the assertion that their party has failed in its ability to manage the government, and they are much more downcast and apprehensive in their fears that democratic principles may be surrendered. Under these necessary circumstances, they do wisely to look with confidence to you and those who with you have patriotically and sincerely championed the cause of tariff reform within democratic lines and guided by those principles. This confidence is vastly augmented by the action, under your leadership, of the house of representatives upon the bill now pending.

"Every true democrat and every sincere tariff reformer knows that this bill in its present form and as it will be submitted to the conference, falls far short of the consummation for which we have suffered defeat without discouragement; which, in its anticipation, gives us a rallying cry in our day of triumph and which is so interwoven with democratic pledges and democratic successes that our abandonment of the cause and of the principles upon which it rests means party perjury and party dishonor.

"One topic will be submitted to the conference which embodies democratic principles so that it cannot be compromised. We have in our platform and in every way possible declared in favor of the free importation of raw materials. We have again and again promised that this should be accorded to our people and our manufacturers if the democratic party was invested with the power to determine the tariff policy of the country. The party has now that power. We are as certain as we have ever been of the benefit that would accrue to the country from the inauguration of this policy, and nothing has occurred to release us from our obligation to secure this advantage to our people.

"It must be admitted no tariff measure can accord with democratic principles and promises or bear the genuine democratic badge that does not provide for free raw materials. In these circumstances it may well excite our wonder that democrats are willing to depart from this most democratic of all tariff principles and that the inconsistent absurdity of such a proposed departure should be emphasized by the suggestion that the wool of the farmer be put on the free list, and the protection of tariff taxation be placed around the iron ore and coal of the corporations and capitalists. How can we face the people after indulging in such outrageous discriminations and violations of principles? It is quite apparent this question of free raw material does not admit of adjustment on any middle grounds, since their subjection to any rate of tariff taxation, great or small, is alike a violation of democratic principle and democratic good faith.

Notice of Removal.

CHINA AND JAPAN.
Preparing for a Contest at Arms Over Corea.
WAR MAY BECOME GENERAL.
Union Men Blowing up Houses—Train Stoppers Sentenced—Abolition Insurance Premiums.

SHANGHAI, July 23.—The reports that China has declared war on Japan are premature, but hostilities are inevitable. Twelve thousand troops were sent from Taku Friday, with a fleet of gunboats. It is supposed their destination is Seoul, with orders to fight the Japanese, if the latter oppose Chinese occupancy at any point in Corea. If war is declared, China will make a levy of 20,000 men from each province and send a fleet to attack Japanese ports. China has notified foreign consuls that she is preparing to blockade the Woo Sung bar.

It is generally believed here that the Japanese do not desire a pacific settlement of the Korean dispute. Asevidence of this, attention is called to the fact that as soon as one difficulty is overcome Japan immediately raises another. The last attitude of the king of Corea in the crisis is supposed to be due to China's decided measure to insist upon her claims to sovereignty over the Korean peninsula. The rumors that France and Russia will support Japan against China are pronounced to be absolutely groundless.

LONDON, July 23.—Dispatches were received at the Chinese legation from Tien Tsin today showing that war between China and Japan has not yet been declared, but it is admitted that the situation is most grave. The opinion expressed in official circles here is that war is inevitable. The Chinese and Japanese ministers today had a long and separate conference at the foreign offices with the officials of the government. Apparently war can be avoided only by the interference of the European powers to protect the commerce and the lives of their subjects from the injury which Japan's action will cause them.

Bullet Proof Shield.
New York, July 22.—W. A. F. Lenard of Brooklyn, who has invented a bullet proof shield, went over to Governor's Island yesterday to submit his invention to a test conducted by army officers. The officers did not have the same faith in the shield that the inventor had and although the latter urged that he be made a target of, the officers would not consent to it, and the shield was fastened on the face of some heavy oak plank. The shield measured 17x 13 inches and is 1 1/2 inches in thickness. A shot from a 45 caliber rifle was first fired into the plank from a 40 foot range. The bullet penetrated 2 1/2 inches. Another fired its projectile 2 1/2 inches into the solid wood. Then the aim was directed at the shield. The first shot penetrated 1 1/2 inches and the impulse of the second was checked after a penetration of 1 1/2 inches. Five shots were fired in all and none succeeded in piercing the shield. One of the missiles struck on the edge of the shield and chipping off a piece, buried itself in the wood.

Union Men Using Dynamite.
Uniontown, Pa., July 23.—At 1 o'clock this morning a bomb was exploded under the house of a non-union workman named Dunbar. The building was blown to pieces. The family escaped uninjured. Windows were broken all over town and chimneys thrown down. A short time later a bomb was found under the house of William Bodena, another nonunionist. From early in the evening considerable shooting was done, the object being to attract attention to other points than that at which the dynamiters were going to make the attack. Many people remained on the streets all night. Nearly 2000 strikers have gathered here today for a meeting, and many are armed.

A Town of Train Wreckers.
WICHITA, Kan., July 23.—A special from Pond Creek states that nearly 200 of its citizens have been arrested for train wrecking. Sheriff Hage was the first man taken and Mayor Frank the second. The arrests were made by seven deputy marshals backed by a carload of federal soldiers. At first the Pond Creek lookouts, stationed on the tops of buildings, saw twenty soldiers marching from Pond Creek station and so reported. The citizens took their winchesters in high glee to give them battle, but while they were waiting, drawn up in line for the soldiers to demand their surrender, two unexpected companies of soldiers rolled off the train that had just come from another direction in great haste. The citizens then grounded arms and surrendered.

About U. S. Senators.
The legislatures of the following states will elect U. S. senators to take their seats next March: Alabama, Arkansas, Colorado, Delaware, Georgia, Idaho,

ILLINOIS, IOWA, KENTUCKY, LOUISIANA, MAINE, MASSACHUSETTS, MICHIGAN, MINNESOTA, MISSISSIPPI, MONTANA, NEBRASKA, NEW HAMPSHIRE, NEW JERSEY, NORTH CAROLINA, OREGON, RHODE ISLAND, SOUTH CAROLINA, SOUTH DAKOTA, TENNESSEE, TEXAS, VIRGINIA, WEST VIRGINIA AND WYOMING—twenty-nine in all. Of these thirteen may be counted on as republicans, fourteen as democratic and two populist. In such states as Delaware, New Jersey, Colorado and Montana, close contests may be expected, and if the republican tidal wave still holds out, the next senate will have a majority of four to five republicans.

Gas's Stomach Populistic Anarchy.
SPOKANE, July 20.—Ex-United States Attorney Patrick H. Winston, who last May withdrew from the republican party and joined the people's party, in an open letter to the Spokesman-Review declines an invitation to represent the people's party in a joint debate in Whitman county. He puts his refusal upon the ground that he will not affiliate with a party that officially allies itself with an organized attempt to precipitate civil war. He reiterates his adherence to the principles contained in an address to the people of Washington on the 7th of May last, and declares his belief that the masses of the republican party are in sympathy with these principles. He says that the republican party alone has the confidence of the country.

An Eastern Scorch.
NEW YORK, July 20.—The heat today was a record-breaker. On the streets 98 degrees was registered. Several persons succumbed to the heat in the city during the day, and a number of cases of prostration were reported in Brooklyn.

LITTLE FALLS, N. Y., July 20.—This was the hottest day experienced here in years, the mercury at 3 o'clock registering 114 degrees in the shade.

BOSTON, July 20.—The full effect of the heat was felt here today, and many cases of prostration are reported. The thermometer did not register above 95, but the humidity was more to blame than the high temperature.

LEWISTON, Me., July 20.—This has been the hottest day for years. The thermometer registered from 100 to 105 in the shade.

BANGOR, Me., July 20.—This was the hottest day in 20 years. The thermometer was quoted at from 99 to 100.

About Insurance Premiums.
SAN FRANCISCO, July 20.—The Pacific Insurance Union proposes to make a radical change in the system of collecting premiums on its policies, in view of the abuse of the credit system. It is probable that a general order will be made making all premiums payable in cash, or by note at 7 per cent interest for the period of accommodation. No policy is to be delivered or risk covered unless the assured complies with this arrangement. A further change in connection with policies contemplates the limitation of a payment to three-fourths of the loss. Both changes are ascribed to the existence of industrial disturbances.

An Important Decision.
WASHINGTON, July 23.—Secretary Smith today affirmed the action of the general land office rejecting the applications in the cases of Ferdinand Garbarro, Theodore Barlan, Isaac L. Williams, Serafin Wunderle, Lou Wark, James Brown, John Anderson and Timothy Healey to enter lands near Oregon City, on the that ground a previous patent was given to the Oregon & California railway.

Our Candid Advice.
It is seldom that we appear in the roll of spiritual adviser or family physician, but there are times when we feel justified in calling the attention of our many subscribers to an article of true merit. We feel justified in saying that Moore's Revealed Remedy contains more actual merit than any medicine it has ever been our good fortune to test. One trial will make you as enthusiastic as the writer.

More Dynamite Being Used.
OAKLAND, Cal., July 22.—Three sticks of dynamite were discovered under a freight caboose, which was just ready to leave the yards. It was tied so that the motion of the train would cause it strike the axle and explode. The conductor was one particularly, obnoxious to the strikers.

The One and Only Tom Reed.
BIDDEFORD, Me., July 24.—Representative Tom Reed was renominated by the republican convention of the first district today.

ANOTHER PIONEER GONE.—Mrs. Ruth E. Campbell, for many years a nurse at the Good Samaritan hospital, died Sunday night at the hospital, after a lingering illness of over two years duration. Ruth E. Campbell, wife of the late John G. Campbell, and daughter of the late Hon. W. W. Buck, all pioneer residents of Oregon City was born in Cleveland, O., in 1827, and came with her father to Oregon territory in 1845. Sprightly and very attractive, she was not allowed to remain long under her father's roof. Mr. John G. Campbell, a son of one of Philadelphia's finest old families, wooed and won her, and they were married in June, 1846. Their home soon became one of the landmarks of the capital city. She was laid to rest at the cemetery in this city on Tuesday morning.
