#### Petition for a New Bridge Over the Molalla—A Canby Bicyclist Beats the World's Record.

Fred Hampton will build him a dwelling house this summer.

J. Sims has Wilson, the carpenter, engaged to build him another house here this fall.

We notice a petition is being circulated and signed by many men for a bridge across the Molalla river between Canby and Barlow.

Dr. Power, of Latourelle, intends to locate here. He will move with his family into one of Jos. Hodge's houses.

Mrs. Crowley has rented Mr. Weed's house and intends to move into it.

G. W. Knight, Millard Lee, Roscoe Mack and Lee Rogers came back from Long Beach. They say that they had a splendid time. Millard Lee beat the world's record on a ten mile bicycle race on the beach; time 26:40. Good for Canby.

Mr. and Mrs. Carlton went to Clatsop for a week's outing.

Mrs. J. H. Irvine and her children went to Ilwaco for a short stay.

Wm. Barlow was in town today. Mr. Barlow is quite an active man for his age, being now about 72 years old.

Mr. and Mrs. A. Kocher were in Canby today.

#### Viola Visions.

VIOLA, Aug. 6.—Harvesting has already commenced here, and it will not be long before we can hear the hum of the steam thrasher.

A good deal of work has been done this summer on the road toward Oregon City, but it will require much more before the road will be in good condition to stand the rainy season. The plank road is good as far as laid, and the people of Viola deserve great credit for doing so much hard work in order to have a good road.

George Hayden was thrown from a horse last Monday. The horse kicked him in the face, knocked out some of his teeth, and bruised his face quite severely. He was getting along nicely when last heard from.

Mrs. Hayden has returned from Portland where she has been visiting her daughter, Mrs. Emma Dobyns.

Miss Eva Mattoon invited some of her young friends to spend last Saturday afternoon with her, it being her eighth birthday.

Will Miller from Portland, spent last Sunday with his parents.

Grip & Son are sawing and selling a good deal of lumber of which they are making a first class quality. Any one wishing to build would do well in purchasing lumber from them.

It is rumored that Mr. Tenney from Nebraska has bought one of the best farms in Viola.

#### Damascus Dots.

DAMASCUS, Aug. 7.—The farmers are all very busy cutting grain.

The Derby machine will begin threshing this week. The grange met last Saturday. Very few were in attendance as it is a very busy time.

A. Lovelace has returned home from Missouri where he has been spending the winter with his father.

Miss Mattie Bowman and Helen Blanchard, of Portland, are visiting relatives and friends in this vicinity.

Rev. Frute's team ran away last Saturday throwing him and his little boy out. The boy was quite badly bruised and the buggy smashed in places.

#### PICNIC AT MT. SCOTT.

LENTS, OREGON, Aug. 4th.

TO THE EDITOR: On the 3d inst. we had a grand Sunday school picnic on Mt. Scott held by the Mt. Scott German Sunday school and Portland (east side) German Emanuel church. It was a grand success, being children's day and picnic combined. About two hundred people participated. An excellent program was rendered by the Sunday schools. Games of various kinds were played by the young people, and a good dinner was enjoyed by all. Mt. Scott is becoming quite noted for this purpose and is the scene of many an outing.

Respectfully,  
H. I. BITTNER.  
Pastor.  
C. F. ZINER, ALBERT BITTNER, Sup'ts.

#### Eagle Creek Chips.

EAGLE CREEK, Aug. 7.—C. A. Plummer, of the firm of W. P. Fuller & Co., is visiting H. Wilburn of this place.

W. A. Mack of Condon, has a herd of nice horses at Stafford's ranch.

There will be a dance at Wilburn's hall next Saturday.

Clas Ballou recently cut his knee and a stiff leg is the result.

Some of the farmers are cutting their fall wheat.

## WANTS TO KNOW.

TO THE EDITOR: The people of Dover would like to ask a question through your valuable paper in regard to collecting delinquent taxes, and as some parties are as much interested in the collection as we are in the payment, they will probably give us a satisfactory answer. On June 16th S. E. New called at the sheriff's office to pay his tax which had become delinquent. He was accompanied by myself. Mr. Hackett, deputy in the office, looking over the books told Mr. New that his taxes, school and all included, were \$9.10, mileage \$5.50, and cost of advertising \$2.00, making \$16.60. As Mr. New had only \$14.50, he came back home carrying that amount with him. Then, he understanding that the order for sale had been postponed until July 14th, came to me on July 8th or 9th to get me to write to the present sheriff to see what would be his taxes at that time, thinking that there might be more costs added. What was his surprise on receiving a letter on the very day his place was sold, stating that his taxes, including costs and all is \$11.40, but of course after sale it will be more, and signed E. C. Maddock by his deputy. Now you see, Mr. New, who is a poor man could have paid all at first if things had been properly stated. As it is his place was sold and the people would like to know where the \$5.40 would have gone to? CASSIDY.

#### Molalla Musings.

MOLALLA, Aug. 4.—Grain has ripened very fast this week owing to the favorable weather. Ninety-four in the shade with a good breeze from the north last Thursday.

Today the smoke that has been settling in the valley is somewhat cleared away. Our smoky weather is about two weeks late this season.

Still they come and go for Willhoit and the mountains by the wagon load. Pure and undisturbed air and water are appreciated just now.

Uncle Jake Harless returned from Indiana last week and reports Oregon still in the lead for climate.

J. V. Harless & Co. have their threshing outfit hauled out and are overhauling it and making necessary repairs preparatory to handling with care what the aphids has left.

The late grain has quite as many of those "sap-suckers" as the fall grain had, if not more. Their enemy has not been altogether equal to the emergency. The amount of damage done will no doubt be more than has been generally apprehended because it is already noticeable.

James Moss, of Portland, but formerly a resident of this vicinity, is visiting old time friends in the neighborhood.

#### Orville Odds and Ends.

ORVILLE, August 6.—We have not had any rain for several days.

Mr. Truman has his hop house completed and is now ready for drying.

J. Woodcock's hops are the best we have seen this year. They are not all vines and no hops, for the vines are well filled. Those who are looking for jobs as hop pickers cannot find a better yard in which to pick.

Wild deer are again making themselves quite conspicuous in this neighborhood. Last Saturday one came almost into John Perdue's door yard. Now that the game law is not in effect, and some of the Perdue boys are noted as deer slayers, the deer had better not repeat their visits too often, or some one will get a taste of venison once more.

Rev. Evan P. Hughes has accepted the pastorate of the Hubbard, Smyrna and Elliott Prairie Congregational churches. We will have preaching at Elliott Prairie now every second and fourth Sunday of each month at 3 o'clock p. m., beginning with next Sunday, the 12th of August.

Some of the people of Orville are talking of going to the coast, and others to the mountains for huckleberries. Either trip would not be bad to take as either would furnish plenty of pleasure.

#### Clarks Chatter.

CLARKES, Aug. 6.—The picnic at Highland last Saturday was a grand success, the forenoon being very agreeably spent in listening to both instrumental and vocal music. The Highland band also played a number of nice pieces of music. In the afternoon there was ball playing and dancing.

Wood, Mrs. Toon, Grace Fernley, Orville Boring, Edward Toon and Mary Wood. Mr. Wood and bride moved to his place in Powell's Valley and started to keeping house.

Quite an amount of wood is being hauled now from here to Portland.

Mr. Cliff's daughter, Mrs. Vivian, is staying with him now for awhile.
