## VICTORY IN MAINE.

Largest Majority in the History of the Party.

## THE SENATE A REPUBLICAN UNIT.

Out of One Hundred and Fifty-One in the House the Opposition Has Twelve.

Augusta, Me., Sept. 10.—It has been a good day for republicans, and a correspondingly bad one for democrats, but the result was not altogether unforeseen. To the rain and general apathy is due the light vote, and though the democrats admit defeat, they do not show a symptom of discouragement. A heavy rain put a quietus upon the telegraph and telephone wires this evening, but the returns have been received from 100 cities and towns and indicate that the state has re-elected Governor Cleves, republican, over Charles J. Johnson, Democrat, by a majority which will exceed 27,000, the largest in the history of the party. The republicans have carried every county in the state, and at 11 o'clock it was predicted that the legislature will have a working republican majority of 125, which insures the re-election of Senator Frye. Thomas B. Reed is re-elected to congress by a plurality estimated at 10,000. Nelson Dingley, Seth L. Milliken and H. Bontelle are also re-elected to congress by majorities ranging from 6000 to 9000. The returns so far received show the republican majority to be 27,315, and the plurality 28,235. The following is the analysis of the vote of the towns heard from:

	1894	1890
Republican vote.....	42,736	33,362
Democratic vote.....	19,380	19,311

The senate is a republican unit and the house stands as follows:

Republicans.....	139
Democrats.....	9
Populists.....	3

Augusta, Sept. 10.—Chairman Manley sent the following telegram to Governor Cleves tonight:

"The republican party came into power in Maine in 1856 by giving Hannibal Hamlin 25,000 majority. Twice in the history of the party since that day it has given its candidate a majority exceeding 20,000. In 1865 it gave Samuel Cony 23,700 majority over his democratic competitor, and in 1890 it gave General Chamberlain a majority of 27,000 over his democratic opponent. Today it has given you a majority exceeding 27,000 over Mr. Johnson, your democratic opponent, being the largest majority ever given. We have carried every county in the state, and will have at least 127 of the 151 members of the house of representatives, which insures the re-election of the Hon. William P. Frye to the United States senate, he having no competitor. We have elected the Hon. Thomas B. Reed, the Hon. Nelson Dingley, the Hon. Seth L. Milliken and the Hon. C. A. Bontelle to congress by majorities ranging from 8000 to 9500. The total vote will reach 111,000. Your vote will exceed 72,000. The people of Maine have thus in a most emphatic manner entered their protest against the deadly blight of a policy that would destroy the industrial system built up in this country by the policy of protection."

## The National Encampment.

Pittsburg, Sept. 11.—Forty thousand men, who fought to save the Union, marched through the cities of Pittsburg and Allegheny today. Old familiar war tunes filled the air. While they stepped out boldly and bravely, the veterans could not straighten their bent forms, nor conceal their gray hairs and furrowed cheeks. They carried no heavy rifles with glittering bayonets, but aided their aged limbs with walking-canes while here and there in the line of blue came a comrade on crutches. On every corner and vacant lot rose tier after tier of human faces, and as the veterans passed, cheer after cheer greeted them. At 10:30 the parade started from the historic Monongahela house, on the banks of the river. The second battalion naval reserve, National Guard of Pennsylvania acted as a guard of honor to Commander-in-Chief Adams, then followed departments of the G. A. R.

It was stated by men who attended many previous encampments that while individually the displays may have been excellent in other cities, they had never seen decorations on such a generous and general scale. This is probably the last time the veterans will turn out in such form, as it is seriously contemplated by the G. A. R. officials, in view of the advancing age and infirmities of the members, to abandon this most attractive feature of the national encampment. Governor Pattison with his staff and notable men and women from all parts of the country, occupied the reviewing stand at Allegheny park, and saluted each division.

Every available inch along the route

was packed, every side street being jammed full of people for 100 yards back, and house tops for blocks away were hidden by masses of enthusiastic spectators. A rough estimate is that between 500,000 and 600,000 people saw the parade. Of this number, 300,000 to 350,000 came over the railroads, 100,000 arriving this morning. The weather was perfect.

At three o'clock the end of the column passed the Associated Press office, the parade having been four hours passing down Sixth avenue. The Kentucky delegation in recognition of his courtesy to them, have made a handsomely designed gold mounted gavel which they presented to Gen. Adams in behalf of the delegation. The gavel is one piece and was cut from a large tree on the Lincoln homestead in Larue county, Kentucky. Engraved upon a plate of gold affixed upon the face of the gavel is a portrait of Lincoln. Upon the other side is a fac simile of a badge of the G. A. R. The handle is also covered with beautiful designs in gold.

## IN LITTLE HAWAII.

Bar First Legislature to be Elected Next Month.

Victoria, B. C., Sept. 8.—Honolulu advices, under date of September 1, by the steamer Warrimoo, state: The president and cabinet have ordered the election of the legislature to take place October 29. Registration is actively in progress. In some districts the natives have registered in large numbers, but in a majority of districts not more than 10 per cent of the native voters have come forward. They are waiting to know whether the queen is to be restored. Two months remain for registering. The government will use all possible means to make the natives understand that the queen can have no hope for help from Washington. Notwithstanding President Cleveland's recognition of the republic of Hawaii, the disreputable native papers continue to assure the people that the queen will certainly be restored. Her commissioners returned from Washington August 30. They are very reticent, but permit the idea to go forth that they will soon make known the fact that their mission has proved that there is no hope of her restoration to the throne. The British warship Hyacinth remains in port, and is the only one here. President Dole has returned from his outing on Molokai.

## Chinese Meet Reverses.

LONDON, Sept. 10.—A Shanghai dispatch says the Chinese transport Chean while proceeding to Formosa which 1400 troops were wrecked at Chetang. The soldiers and crew were saved. Chinese officials attempted to board a French mail steamer at the wharf at Shanghai to search for Japanese passengers, but the captain threatened to call a French warship and they desisted.

Three powerful China warships have gone to the Gulf of Pe-Chi-Li, to join the Northern squadron.

Another Shanghai dispatch says the Chinese forces in the northern part of Corea were hemmed in by Japanese and compelled to kill their horses for food.

The Japanese have discharged all the foreigners employed at the dock yards, it is said to conceal the damage to the ships in the recent engagements with China. A large force of Japanese are about to embark at Hiroshima for the seat of war.

## No War News to be Had.

YOKOHAMA, Sept. 11.—The mikado and several of his ministers will go Thursday night to Hirshama, the embarking place of the Japanese troops sent to Corea. The headquarters of the mikado will be transferred to Hirshama after that date. Authentic news of the war cannot be obtained. The native press is subject to vigorous censorship and reporters of foreign newspapers are not allowed to approach the seat of war. It is almost impossible to transmit private advices in regard to warlike operations, as the telegraph lines and mail routes are controlled by the government.

## THE AMERICAN VESSELS.

WASHINGTON, Sept. 11.—Dispatches have been received at the navy department from the Asiatic squadron announcing the movement of vessels sent to the regions of the Chinese-Japanese war. The Petrol arrived at Yokohama from Behring sea. The Concord will arrive at Yokohama on the 4th inst., having sailed from Chemulpo, Corea. The Monacacy has arrived at Tien Tsin.

## Li Hung Chang in Danger.

LONDON, Sept. 11.—Li Hung Chang is reported to be in danger of losing his power through intrigues and discontent in Peking at his conduct of the war.

## Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
