FRIDAY, SEPTEMBER 28, 1894.

SCHOOL BOOK CHANGE.—Considerable uneasiness is manifested by many parents least they are forced to buy a new set of books for their children at once by reason of the proposed change in school books. For their information, Supt. Gibson, through the ENTERPRISE, desires it understood that under the law there cannot be no change for another year. By the provisions of the law the state superintendent will send out during October of this year a printed list containing all the books that have been entered by the various publishers bidding together, with the selling and exchange price, to all the county superintendents. The superintendents will then make their selections, checking off those rejected, and return the list to the state superintendent not later than the first of January. The superintendent will then call a meeting of the state board of education, consisting of himself, the governor and the secretary of state, when they will canvass the vote and declare the list selected. The change of books, if any, is not to take place until the following October. It will thus be seen that if there is a change there will be ample time in which to prepare for it.

THE DEAF MUTE SCHOOL.—The state school for deaf mutes of Salem opened last week with thirty-nine pupils enrolled. In the list of pupils published in The Sign, a newspaper gotten out by the scholars of the school, two are given as coming from Clackamas county, Frank Johnson, Clackamas, and John Reichle of Stafford. This school is established and maintained for the free education of deaf children of the state. Pupils must be of proper age and sound in body and mind. Parents are required to pay traveling expenses of pupils to and from school, and to provide them with clothing. According to law, if it appear to the satisfaction of the county commissioners that the parents of any deaf child within their county are unable to bear the traveling expenses of sending him or her to school or to furnish necessary clothing, it shall be the duty of such commissioners to furnish the clothing and send him or her to such school at the expense of the county, the parent or guardian of such child consenting thereto.

THE NEXT SCHOOL APPOINTMENT.—Directors of districts employing teachers for the year should make due allowance for another apportionment of the school moneys. The financial condition of schools so far as the public funds are concerned is as good as that of any previous year providing the balance of the state fund is sent out. Before the year closes, the superintendent will make another apportionment of about 50 per cent capita out of the county fund. The county levy for 1893 was \$28280.12; for 1894 is \$20410.00. Of this levy nearly \$28,000 has been collected. Clerks on receiving warrants for school moneys should immediately present them for payment.

THE SLETS RESERVATION.—Through the kindness of Senator Dolph the ENTERPRISE is enabled to give the first authentic information in regard to the terms under which land can be secured on the Slets Indian Reservation soon to be thrown open to settlement. The bill as finally got through by Senator Dolph provides that any mineral lands, if any

there be, shall be disposed of as other like lands, the balance of the lands to be disposed of under the townsite or homestead laws. Homesteaders will pay at the time of filing in addition to the regular fees, fifty cents per acre on the land entered and on making final proof another payment of one dollar per acre. Final proof is to be made within five years from date of entry and not less than three years of actual residence on the land shall be established by such evidence as is now required in homestead proofs to perfect title. The bill provides that the president shall by proclamation declare the lands open to settlement, such date of opening to be sixty days from the time of the issuance of the proclamation. As no proclamation has yet been issued by the president relative to these lands, Senator Dolph in order to hurry up the matter has written the secretary of the interior asking him to call the attention of the president to the matter, that no further delay may be had in the opening of the reservation.

A PLEASANT SURPRISE.—A surprise party was given on Thursday evening at the home of Mrs. J. C. Edmunds at Canemah, in honor of Mr. C. W. Deaver. The evening was passed very pleasantly in social games after which refreshments were served. It was after the hours had well sped with the night that the guests returned to their respective homes. Among those present were: Mr. and Mrs. J. C. Edmunds, Mr. and Mrs. Grant Olds, Mr. and Mrs. W. J. Wilson, the Misses Hattie Bowers, Nora Calif, Grace Roberts, Gertrude Shaw, Jessie Bowers, Sarah Roberts, Emily Holden, Martha Marra, Emma Roberts, Nellie Younger, Minnie Holden, Lizzie Bankey, Mary Younger, Ella Alderman, Ivy Padget, and Messrs. Charlie Deavers, Ed Roberts, Fay Marra, Fred Meyer, Ed Farnsworth, Frank Deaver, Clark Seroggin, George Marshall, Chester Muir, John Williams, Arthur Holden, Will Muir, Tom Carrico, Richard Pugh and A. Robertson.

THE INTER-STATE FAIR.—Interest in the Inter-State fair is growing rather than abating. The attendance is up to Tacoma's most sanguine expectation. As an additional attraction the management has secured Cassassa's famous band which has just closed an engagement at the California Mid-Winter fair. This band numbers thirty-six pieces and is one of the great bands of the United States. The special days are proving great drawing cards and each one has brought crowds to the fair. The exhibits are far better than was to be expected considering the hard times and short notice on which the fair was gotten up. As a whole the fair is a credit to the energy and push of Tacoma and will be a big advertisement for the whole Sound country.

A NEW DRY GOODS STORE.—W. B. Shively has moved his family from Portland to Oregon City and will hereafter make this city his home. He will move his dry goods to this city in about a month and open up in his opera house block. Mr. Shively has been doing a large dry goods trade in Portland, but realizes there is an opportunity for a greater development in his business in Oregon City than the great competition in Portland will allow. He will open up with a stock of goods that will be a credit to Oregon City and such as will insure the success of his venture.

TEACHER'S ASSOCIATION.—The next meeting of the teacher's association will be held at district No. 50, near Eagle Creek. The people of that community are widely known for their hospitality, and are making every preparation to insure a successful meeting and a pleasant time for all who attend. Teachers from and near Oregon City can readily reach the place of meeting in a three hours drive over the excellent roads between here and Eagle Creek. All teachers going from Oregon City should be ready to start not later than 7:30 next Saturday morning.

M. E. CHURCH SOUTH CONFERENCE.—Rev. W. L. Molloy, pastor of the M. E. Church South in this city desires it announced that the public will be made welcome at the sessions of the annual conference of the M. E. Church South which will be held in the M. E. church in this city beginning on Wednesday and continuing until the following Monday. The delegates and visitors are expected to begin to arrive by Tuesday when they will be assigned to the various families who are to entertain them.

Deafness Cannot be Cured.
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Chautauquans at Work.
The second meeting of the Oregon City Chautauqua Circle met on Monday evening for the purpose of electing officers for the ensuing year. As there was a larger number than was anticipated and a diversity of opinion as to how the work should be pursued, it was deemed advisable to have two circles. The one following the line of work as prescribed by the Chautauquan, elected Mrs. C. H. Dye president, Dr. H. E. Ferrin vice-president, and Mary E. Conyers secretary and treasurer, and chose for its name the McLaughlin Circle. They have limited their membership to twenty-five and have already enrolled eighteen. The circle will meet every Monday evening at C. H. Dye's except when invited to meet at other places.

The other class who intend to take beside the required study a higher class of literature, elected A. S. Dresser, president; Mrs. L. C. Driggs, vice-president and Miss Erma Lawrence secretary and treasurer, with a membership of nine. This circle has not yet chosen a name but it will do so at their next meeting which will be held at the home of T. S. Lawrence on Monday evening. It is expected that the membership will number the same in both classes as quite a number of new names came in last week which were not placed on either roll.

The members have just received the books embraced in the course for this year. There are five in the series. The first book treats of the history of Modern Europe from the time of Napoleon to the present. Is a comprehensive work and will give the student a good insight into the history of the nations of Europe. The other books treat of English literature from its inception to Tennyson; of geology and its wonders; of the history and growth of modern art and a history of England. The Chautauqua course embraces a period of four years and covers a complete course of study. It is the best and in fact the only way in which busy people, or those of limited means can secure a finished education and its graduates are numbered by the thousands all over the country. The cost of the course is very light, the books costing \$1.00 apiece.

October Weather.
With an average temperature of 50 degrees, October of last year with the coldest ninth month of the 22 whose meteorological conditions are on official record in Portland. The mean or normal temperature of those 22 Octobers was 54 degrees, and the warmest month was that of 1875, with an average of 58 degrees. The highest temperature was 83 degrees on October 7, 1891, and the lowest was 31 degrees on the 31st, 1877. The average date on which first "killing" frost occurred in autumn was on November 26.

The average precipitation for the month was 4.30 inches, and the average number of days with .01 of an inch or more was 12. The greatest monthly precipitation was 11.58 in 1882, and the least monthly precipitation was 0.36 inch, in 1884. The greatest amount of precipitation recorded in 24 consecutive hours was 2.93 inches on the 10, 1882. The average number of cloudy days was 7; partly cloudy days 10; clear days, 14. The prevailing winds have been from the south, and the highest velocity of the wind was 37 miles, from the south, on the 9th, 1892.

BOOKS AND STATIONERY
OUR ARTIST
Is about to inform you that Books and Stationery were never in the history of the business sold as cheaply as now. Twenty-five cent novels are selling for ten cents. Bound books worth seventy-five cents for forty cents. Quarter ream of good writing paper for twenty-five cents, and a box of stationery that sold last year for fifty cents we will sell you now for twenty-five cents. School books are of course the same—this year—last year—next year. Panics don't affect school book trade.

But in school supplies we are giving surprisingly big values and we have everything needed in a school room from a slate pencil to a Webster's Dictionary.

Sheriff's Notice of Sale on Execution.
In the Circuit of the State of Oregon for the County of Clackamas.
E. T. Holgate, plaintiff vs. I. S. Mullan and Amelia Mullan, defendants.
State of Oregon, County of Clackamas, ss. Notice is hereby given, that by virtue of an execution and order of sale issued out of the Circuit Court of the State of Oregon for the county of Clackamas, bearing date the 27th day of August, 1894, in a suit wherein E. T. Holgate is plaintiff and I. S. Mullan and Amelia Mullan are defendants, commanding me, in the name of the State of Oregon, that out of the real estate hereinafter described, to realize a sum sufficient to satisfy the demands of said decree, to wit: \$62.91, together with interest on the same from the 2nd day of March, 1893, at the rate of 10 per cent, per annum, and the further sum of \$2.75 costs, and the further sum of \$25.00 attorney's fees, and also the costs of and attending this sale.

Now, therefore, in obedience to such decree, I did duly levy upon, and will, on Saturday the 29th day of September, 1894, at the hour of one o'clock p. m. of said day, at the front door of the court house in said county, offer for sale at public auction, and sell to the highest and best bidder, for cash in hand, all the right, title and interest the said defendant Amelia C. Mullan has in and to the following described real property, to wit:
Being part of the Hector Campbell D. L. C. in said county of Clackamas, and commencing at a point on north boundary line of said claim No. 41 in T. 1 S. R. 2 E. of W. M. 47.79 chains from N. E. corner of said claim; running thence south 16 chains to middle of Johnson Creek; thence westerly following the meanders of said creek to east line of land formerly owned by J. K. Wait; thence north along said west line 15.25 chains to north boundary of said claim; thence east 14.25 chains to the piece of beginning, containing 22 acres, more or less.

Dated this 27th day of August, A. D. 1894.
E. C. MADDOCK, Sheriff of Clackamas county, state of Oregon.

IT GIVES YOU HEALTH.
Moore's Revealed Remedy.
Astounding in its Effects in the cure of Rheumatism, Asthma, Malaria, Biliousness or any other disease arising from deranged Liver, Stomach or Kidneys—It drives all impurities from the Blood.
Mrs. Chas. A. Russel, who is favorably known throughout the Northwest says:
"For fifteen years I was a constant sufferer with asthma without any relief, except that obtained by constant change of locality. Two years ago I tried MOORE'S REVEALED REMEDY and the benefits received from it were the most gratifying. I gave me relief from the first and prevented the terrible distress peculiar to the disease that made life almost unbearable. Any one who has ever had asthma, can understand the gratitude I feel toward this remedy. Believing it has added pleasant years to my life I have not hesitated to recommend it to all like sufferers, and always with the same happy results."
