Henry Waldron, Charles Foster and wife, Wm. Rider and Frank McCormick have returned from Independence where they have been during the last month.

### STAFFORD SHOTS.

#### House Burglarized—Runaways Galore—New Buildings.

STAFFORD, Sept. 25.—Mr. Reichle's house was entered and plundered last Sunday while the family were attending services at the church. Three dollars and ten cents in cash and a razor were about all that was carried away. The unwelcome visitors nosed around in the pantry and devoured a considerable quantity of food.

Jacob Schatz had a runaway Monday; not much damage done.

F. P. Larson had a runaway last week in which he got badly jammed up, had his wagon wrecked and lost a horse.

Wm. Jaster had a runaway and got one of his thumbs put out of place, a harness broken, and a horse crippled so badly that its recovery is doubtful.

Conrad Schroeder also had a runaway, the horses spreading a load of manure up the road for a mile or more.

Polifka vice president, Oscar Larson secretary, and Marcus Baker marshal. The next meeting will be held next Saturday evening at 7:30 o'clock. Meetings will be held every two weeks thereafter throughout the fall and winter months.

Oct. 2.—It is wet and still getting wetter. Send along your rain; we need about a foot more ere it will be good plowing.

Spuds that are still green are going to be worth the digging before long.

Geo. Saum raised his barn last Friday. The frame is 26x44x18. Mr. Saum will enclose it with rustic; then it will be a very imposing structure. Thirty-five persons were present at the raising.

A novel scheme has been adopted by Mr. Beattie in school district No. 41. A literary society has been organized in school. Meetings are held on Friday afternoons. The scholars are taking great interest, and having something "special" for Fridays is one of the easiest things imaginable.

### PHOENIX.

#### Mr. Pleasant Views.

MR. PLEASANT, Oct.—George McCord got home from Independence Sunday morning. Arthur Warner has already begun his fall plowing.

Mrs. Anton Bypynski is able to be about again.

W. B. Stafford and Archie McCord are on the Upper Molalla hunting deer.

Miss Anna Hicenbotham, of Redland, has been visiting Miss Blanche B. McCord.

Dr. Ross, of Portland, has been visiting at the home of Mr. and Mrs. Stafford.

Mr. Tabor has been making some improvements about his house which are neat and commodious.

Paul Leng has been visiting Mrs. Edna-

bel's Warner at Locust farm. Mr. Leng was tutor in his family several years ago, but his friends had lost sight of him and were all very much surprised at his return. He has not been to the Fatherland, we understand.

We made a mistake last week in our statement about John Howland's baling. He had twenty-one tons of hay and three tons of straw. John is a successful farmer.

Mr. Molar and family have returned from the mountains.

Our old friend, Miss Emma Hedges, has returned to Locust farm and White hall. It almost appears that history does repeat itself when all the actors of a household such as Locust farm again come on the scene. We sometimes feel, and this is one of the times, that we can say with Wendell Holmes:

"O for one hour of youthful joy!  
Give back my twentieth spring!  
I'd rather laugh a bright-haired boy  
Than reign a gray-beard king."

From all accounts the school is progressing unusually well under the direction of Miss Chase, who appears to make manners a special object in her methods of training, which is indeed beneficial.

Ernest Riggs at the present time is staying at Mrs. Warner's visiting his sister Helen. It is very nice for Helen to have her brother with her, for almost all their lives they have been separated.

Mr. Dundas and family, of Central Point, and Miss Alice McArthur, of New Era, were guests at Will McCord's last Sunday week.

Mr. Jhoenke has added two cows to his dairy. Mrs. Jhoenke understands full well how to make both dairy and poultry remunerative. They find Portland a very desirable market and go there quite often to dispose of their products.

F. R. Andrews of Maple Wood farm, possesses some very fine full blood Plymouth Rock and Brown Leghorn chickens and Pekin ducks. E. E. Kellogg of White hall has turkeys and ducks, George Lazelle turkeys and ducks, George Perry ducks, Art. Warner geese, Benj. Hendrickson Black Spanish chickens, and Melvin McCord full blood White Leghorn chickens. Miss Mollie Holmes of Rose farm, generally makes a specialty of turkeys, that fine bird that found favor in Benj. Franklin's sight. We are informed by Palmer Cox that the fowl has not wholly escaped the Brownies' notice. Now that Thanksgiving Day is drawing nigh, naturally every epicure allows their fancy to stray unrestricted towards the viands that grace the table at such fetes. We hope that Gov. Pennoyer will appoint but one day this year so that we may have every good thing at once and not prepare for the morrow.

Dan O'Neil may possibly return to Redondo Beach, California, again, for his services prove almost indispensable. As much as Mrs. O'Neil desires to spend the winter with her sister, Miss Mollie Holmes at Rose farm, she will in all probability accompany Mr. O'Neil to California, as she has done all previous winters. No wonder that Rose farm seems a hallowed nook to every citizen of the family who have always held possession there. From the kennel to the roses that lift their queenly heads in loveliness to receive the butterfly kisses of the slanting, glinting, checked sunbeams and drink the wine of the winds while their myriad rootlets all oblivious to the golden sunlight delve in underground gloom, we find everything interesting and artistically beautiful.

### VOX HUMANIA.

#### HARMONY HELLOS.

##### A Successful Revival Meeting—Severe Accident—Neighborhood News.

HARMONY, Sept. 29.—John Davis was burning his slashing last Sunday. A heavy northwest wind was blowing so that the fire spread rapidly, and it was feared for a time it would burn adjacent property. Mr. Danna discovered fire near his new barn in time to prevent it from catching. The fire had run across Mr. Freedenthal's land within several feet of Mr. Carr's barn.

Much has been said of our good roads. Last week an editorial appeared in the ENTERPRISE upon their condition, etc. Now, what puzzles us is how these roads that have not been graded—only graded—are going to stand it through the coming winter. Such roads where there is much travel will probably prove by spring that the money has been wasted. It is the opinion of many here that these roads will cut up and after a year or so be as bad as before. Many think the cash system much better than the old way.

Hiram Danna met with a painful accident Monday. He had delivered a load of wood to Selwood, and was returning home when some part of the seat broke, throwing him out on his head and shoulder, wrenching the latter so that he is disabled for work.

Mr. Millard, who has been at work near the Columbia slough, was at home Sunday. He will return in about two weeks and resume his studies in the Harmony public school.

Rev. H. Bittner is having fair success with his meetings here. A large crowd thronged the church Sunday evening to listen to one of his able sermons. There were three conversions. Mr. Steward, Geo. Mooney and Mrs. Morey. There were several more during the week.

Mr. Millard made an improvement on his house this week by raising it about three feet from the ground. Geo. Otty, Mr. Stevens and Mr. Forner helped him raise it.

Miss Nora Thompson, of Damascus, was visiting with friends here this week.

Herbert, Mr. Tyler's youngest son, is on the sick list.

Mrs. F. Jones, of La Center, Wash., is staying with her mother, Mrs. Danna.

L. Battin returned from a week's visit with relatives and friends near La Center, Wash. He reports having enjoyed a six-mile tramp through darkness and a heavy rain and water six or seven inches deep in the road.

Mrs. Elva Hunter and daughter, of Sunny-side, and Mrs. Geo. Johnson, of Rock creek, were visiting the latter's mother Saturday.

### Logan Locals.

LOGAN, Oct. 1.—Andrew Johnson and Miss Annie Babler, two of Logan's most musical young people, were married September 22. "The boys" found it out by the following Monday night, and there was a concert of horns, cow bells, etc., the gleam of a re-

A few doses of Moore's Revealed Remedy will give tone to every function and make you enjoy your friends and your work.

Ladies, do you know Dr. Mary H. Stanton's Female, the Famous Female Specific, will cure all those aches and pains peculiar to you, and will cost you only \$1 for one month's treatment? I will send you a trial box, free, who will send me the names and addresses of ten ladies who are in delicate health. Agents wanted everywhere. Write for full particulars to Mrs. L. M.
