**A Man Drowned.**  
Gus Snider, a deckhand on the Ramona fell overboard as the boat was making a landing, Tuesday morning at the company's dock, and was drowned. As to exactly how the accident occurred no one knows as he was not seen at the time he fell. It was his duty to put out the stern line and it appeared that he took the coil of line and threw it on his shoulder and climbed over the gate at the after gangway, instead of removing it as he should have done, and in some way slipped, and in falling the line fell over his head binding his arms so that he could not swim, and as the boat was swinging in she must have passed over him before he had time to cry out. He was missed and a search was made when his cap was found floating in the river. The river was immediately dragged and the body brought up and a physician summoned but life was extinct. The body was removed to Coroner Holman's undertaking rooms, who held an inquest the verdict being death by accidental drowning. He was buried Thursday in the city cemetery. His home was at Kalama, Wash., where he had a sister, Mrs. Fredrick Schultz. His brother-in-law came and attended the funeral services. He was a steady, industrious man and well liked by the boat hands.

Cupid's darts have been falling around Macksburg of late, and Geo. Scramlin, the popular merchant of that place, and Miss Laura B. Hepler, one of the most estimable ladies of that vicinity, were the fortunate targets, and on Thursday of this week they appeared before Judge Hayes who, in his usual brief but thorough style, made them husband and wife. They were accompanied by Miss Mand Hepler and Mr. Geo. F. Sutherland, who acted as bridesmaid and best man. The happy couple have many friends in this county who wish them well in their journey through life.

**Gladstone Gleanings.**  
GLADSTONE, Sept. 20.—Mrs. Espey, of Oysterville, Wash., a niece of Capt. J. T. Apperson, has been a guest at the home of Rev. Gilman Parker during the week.

Karl Johnson, who has purchased a two-acre tract on the line of the S. P. R. R. came up from Portland last Saturday to see about the completion of his new house.

Henry Jewell of Clarkon, has bought two lots in Gladstone and will soon build himself a permanent home. He will certainly be an acquisition to our new town.

Jack Frost has come to make his home in Gladstone, but it doesn't necessarily follow that there is any colder weather in our city than elsewhere.

Old Clackamas George a remnant of the once populous Clackamas tribe of In-

dians paid his respects to the old camping ground this week. The old man is all alone in the world, his wife and ten children have long ago passed over to the happy hunting ground. Speak a kind word to him as he has always been a warm friend to the whites.

C. B. Johnson has the roof on his elegant two-story cottage and it begins to make a great show over in his direction.

Mack Howell, the popular railroad man has made an exchange with John Gibson and now runs the Gladstone car. We expect to get all the Oregon City dads down here after while. Mack will move temporarily into Mr. Gibson's house, and then he can run down and see his wife and baby between trips.

The special sale of Gladstone lots bring many people to look over our beautiful town and sales are being made all the time, mostly to those who intend to make permanent homes.

C. A. Williams dug a well at his new house and struck such a big stream of water at 16 feet that he had to hurry out to keep from getting drowned. He says the well adds \$100 to the value of his property.

The fishermen say that hardly a spawning salmon has come into the Clackamas this fall. If the hatchery was running this would as usual be laid to the mill dam. The fact is the fall salmon are getting scarcer every year and unless the government hatchery is removed to the headquarters of the Clackamas as has been so often recommended among others by Governor Penoyer, the present site may be as well abandoned. There are thousands of salmon at their natural spawning ground now and a hatchery established up there would always have an abundance of eggs.

**Smyrna Snacks.**  
SMYRNA, Oct. 2.—Mr. Moore commenced the winter term of school in the Samson district yesterday morning.

T. C. Ackerson carries his hand in a sling at present. He sliced the palm of it with an apple parer.

Our threshing crew will finish their season's work today, the weather permitting. They report a light run.

A. L. Yoder made a trip to Oregon City, Portland and Vancouver last week.

A Sunday school was organized at the Samson school house last Sunday with I. J. Biglow superintendent. It meets at 3 P. M.

JONA.

**Viola Voleings.**  
VIOLA, Oct. 1.—The Pleasant showers we are having are fine for the farmers who have fall plowing to do, and it will also be pleasant if we can have more nice weather before the rainy season sets in.

T. C. Jeolb is in Portland working at his trade.  
J. M. Hayden and wife have been

visiting their daughter, Mrs. Minnie Wood, living at Butteville the past week. Mrs. John Shattuck and brother, Will Allan, from Gresham, were visiting Mrs. B. C. Lewis and family last Saturday and Sunday.

A pleasant party was given Frank Mattoon last Friday evening at the home of his brother, A. Mattoon. The evening was most pleasantly spent with dancing till two o'clock when refreshments being served all retired to their respective homes wishing Frank a pleasant journey back over the mountains. Busy Ban.

**Garfield Gleanings.**

GARFIELD, Sept. 28.—Threshing is all done. The crops yielded about an average. Win. Pinkley had the largest crop of grain; at least he was the only man that had more than he counted on before it was threshed.

Parties after parties are still going for the blue huckleberries in the mountains. A thousand gallons or more have passed through this settlement. John Tracey lost his horses on the patch and had to hunt four days for them. Another party, name not learned, from near Oregon City, lost a team and had to go home without finding them. John Palmateer, A. Shaver, Lee Willis, W. Shufkins, and several others from Garfield are in the patch this week.

Emerson Surface has begun the fall term of school at Irvan's school house. It is his first term, and we wish him success as he is an energetic young man.

John Palmateer is some better. He has been ill ever since last term of court when he took cold from exposure to an open window while on jury duty.

Several parties have been looking for farms to rent in this neighborhood.

Miss Ethel Jones was given a pleasant surprise by her young associates last week, it being her eighteenth birthday. There were some thirty present. All report a good time.

**Damascus Doings.**

DAMASCUS, Oct. 1.—The rains of the last few days are very acceptable to the farmers as the ground is now in fine condition for plowing and getting in small grain.

Henry Troge is putting up a fine rock cellar, 12x14 feet.

John Hilleary is giving his house a thorough renovating, putting on rustic, laying new floors, etc. A sound of wedding bells seems to be floating through the air.

Miss Annie Hicinbotham, of Redlands, was calling on old friends here one day last week.

Mrs. H. C. Stevens, of Oregon City, was staying with Mrs. J. R. Morton a few days last week.

**Boring Breezes.**

BORING, Oct. 2.—There seems to be plenty of rain the past few days. Farmers can do but little toward getting their fall work done, such as digging potatoes and plowing for wheat.

Orville Boring and W. L. Rogers are attending school at University Park again this year. Their many friends wish them success.

The Christian church at Damascus was burned down last week.  
Miss Gertrude Forbes is teaching at Union.

**Sheriff's Notice of Sale on Execution.**  
In the Circuit of the State of Oregon for the County of Clackamas.

Mary A. Hatch, Plaintiff, vs. Henry Swift Jr., Carrie Swift, E. E. Miller, Frank Jones and John Sirey, Defendants.

State of Oregon, County of Clackamas, ss.  
Notice is hereby given, that by virtue of an execution and order of sale issued out of the Circuit Court of the State of Oregon for the county of Clackamas, bearing date the 3d day of October, 1894, in a suit wherein Mary A. Hatch was plaintiff, and Henry Swift Jr., Carrie Swift, E. E. Miller, Frank Jones and John Sirey were defendants, commanding me, in the name of the State of Oregon, that out of the real estate hereinafter described, to realize a sum sufficient to satisfy the demands of said decree, to wit: \$217.00, and the further sum of \$46.32 costs, and the further sum of \$250.00 as attorneys fees, together with interest on the same since said decree was entered at 10 per cent. per annum and also the costs of and attending this sale.

Now, therefore, in obedience to such decree, I did duly levy upon, and will, on Saturday the 3d day of November, 1894, at the hour of one o'clock p. m. of said day, at the front door of the court house in said county, offer for sale at public auction, and sell to the highest and best bidder, for cash in hand, all the right, title and interest the said defendants have in and to the following described real property, to-wit:  
All of Block Number 17 in the Oregon Iron and Steel Company's first addition to the Town of Oswego as the same appears of record in the Recorder's office of Clackamas county, Oregon. Also the south one-half of section sixteen (16) in township four (4) south of range six (6) east of the Willamette Meridian, containing 320 acres, in Clackamas county, Oregon.  
Dated this 4th day of October, A. D. 1894.  
E. C. MADDOCK, Sheriff of Clackamas county, State of Oregon.  
By N. M. Mooby, Deputy. 10-5-11-2.

The troops with the Krag-Jorgenson small-calibre repeating rifle, it was predicted by the adherents of the old arm that the new weapon would dissipate its friends in its lack of destructive power. This prediction has been disproved by experiments, made by the medical staff of the German army, and repeated by our bureau of military information. The terrible effects of the new weapon appear strikingly set out in the bureau's report. 'It is said the wounds inflicted by the small bore bullet, notwithstanding its small size, are highly destructive, owing to its enormous speed of rotation, which causes the tissues struck to be torn within a radius of four inches. The report further says:

"Up to 600 yards, a bullet striking the neck or abdomen, means certain death. From 600 to 1000 yards, most serious, and in many cases fatal results are certain to be inflicted. Beyond 1000 yards the injuries caused resemble those inflicted by the round bullets, which were used before 1860."

Our army officers feel they had progressed to the line of safe practice when they adopted a calibre of 7.2 millimeters, or .3 of an inch for their rifle, in 1892, and they were disposed to criticise the navy department when it went beyond them, and still further reduced the calibre of their rifles to six millimeters, or .236 inches, only a trifle larger than a 22 pocket pistol. But now in the last report they concede that the tendency of the best authorities seem to be toward a still smaller calibre, some professional men asserting that the calibre should never be larger than 6.5 millimeters. One point of the reduction of calibre is shown by the new navy rifle, which will shoot point blank up to 750 yards. This means that at any distance within two-fifths of a mile, a man can shoot accurately, with an allowance for the dropping of the bullet, and are thus relieved from the necessity of adjusting sights for each range."

NOTHING MORE CAN BE SAID AS TO THE MERITS OF GLADSTONE AS A "HOME SITE." THOUSANDS UPON THOUSANDS HAVE VISITED IT and have been delighted with its environments. Its magnificent park; its swiftly flowing mountain stream, affording the purest water in the world; its level, dry accessibility, mark it as a most favored spot for an ideal home.

**Thirty-six Cars a Day to Oregon City. Twenty-three Cars a Day**

**Trip to Oregon City made in six minutes at the lowest rate in Oregon--2½ cts.**

The new city has its own saw mill and will soon have its own system of water works, supplying cold, pure mountain water direct to the homes in Gladstone. Electric light made and maintained as a modern city in every respect, and all safeguards have been adopted in the dedication to make it a clean, wholesome place to live. Gladstone there is in the county. No man with knowledge has any doubt as to the future of Oregon City, the great manufacturing city of the Northwest. Millions are now being brought to the city, and the month enterprises, that will employ thousands of operatives. There never will be a better time to secure a home or make an investment in Gladstone.

**What Prominent People Say of Gladstone.**  
The proprietor of the ENTERPRISE, Mr. Chas. Meserve, says: "I have purchased property in Gladstone and consider the investment a good one. It is the most attractive residence property in Oregon City. Gladstone Park is certain to grow in public favor. His Honor Mayor Straight of Oregon City says: "Gladstone can't be beat for a superb residence location. The location is extremely healthy and easy of access. Rev. Gilman Parker, pastor of the First Baptist church of Oregon City says: "After eighteen months residence in Gladstone I am thoroughly convinced of its desirableness as a place for a home. Its many points of excellence make it highly preferable to any place between Oregon City and Portland. It has natural fitness with its contour of hills, magnificent park, its crystal river, its healthfulness its good water and fresh air, its freedom from city noise, its electric cars and cheap fare, are all points of very great advantage and pleasure."
