To Meet the Times.

The subscription price for the Enterprise has been reduced to \$1.50 per year; seventy-five cents for six months. This low price is made in order to get the list on a cash basis and induce all subscribers to pay up, and especially to prevent dead beats from taking the paper and not paying for it by reason of their being in law suit. This discount is made only to those paying in advance. Those paying before the close of their year will be entitled to the discount for the time paid in advance.

This makes the Enterprise the cheapest paper in Clackamas county—eight pages all home print and full of live local news.

E. H. COOPER, Secretary. H. THURSTON, President. Intelligent Newspaper Reading. A recent graduate of the Chautauqua Reading Circle made a very true statement when he said: "so much of our reading nowadays is confined to our many-paged newspapers, that unless one makes a determined effort, the year will pass without his having read or opened a book." This is just where the Chautauqua Reading Circle comes to the rescue of busy young men who would get a great deal more out of their newspaper reading if they kept up also some other form of literary work. One of the new C. S. L. C. books for this year on Europe in the XIX century ought to be read by every thinking young man, who would take an intelligent interest in the political movements of the present day. Card of Thanks.
