President Cleveland has issued his proclamation fixing Thursday, November 29, as Thanksgiving Day. Gov. Pennoyer is evidently not himself any more or he would have been out with a proclamation fixing a day of his own and not have allowed the president to get a scoop on him in naming the day.

Senator John H. Mitchell spent last Saturday in Oregon City looking up old friends and gathering data for use in his work at the next session of congress in securing appropriations for the Willamette river. The Senator was looking hearty and hale and is arranging his affairs so as to start East in a short time so as to be on hand at the opening of congress. As a worker Senator Mitchell has but a few equals in congress and to his untiring efforts is much of the credit due for the liberal appropriations secured by Oregon.

## Oregon City Ministers in Demand.

Oregon City appears to be capable of giving very desirable promotions to her ministers. The latest to gain a larger field of work is Rev. Gilman Parker, who has been appointed by the Oregon State Baptist convention and the American Baptist Home Missionary society of New York to the position of general superintendent of missions for the state. Under his supervision will come the young people's unions, Chinese and state missions of the Baptist church. Rev. Parker will continue his residence in this city, but will have an office in Portland. The position to which he has been appointed has been vacant for some time past by the state board in their efforts to secure just the right man for the place and it was offered to Mr. Parker some months ago, but he felt that he could not leave his church in this city, but after repeated requests, he decided to accept, the board feeling that he was the man best fitted for the difficult and laborious work to be performed. While pastor of the Baptist church in this city, he has nearly doubled its membership and has kept the church in such a prosperous condition that they were able to practically rebuild the church building this fall and make it one of the largest and finest places of worship in the city. To Rev. Parker and his wife, who is a worker of unusual worth, belongs the honor of organizing and sustaining the largest Junior Society of Christian Endeavor in the United States. At a meeting of the church Wednesday Mr. Parker's resignation was accepted, though with an expression of the deepest regret at losing his services, for the best of relations have always prevailed between Rev. Parker and his congregation. As yet no successor has been chosen, the trustees wishing to take time to secure a man fully capable of filling the position.

## Union Church Service.

The Junior Endeavor Societies of the Baptist and Congregational churches will hold a joint rally at the Congregational church next Sunday afternoon, at five o'clock. At 6:30 the Y. P. S. C. E. of two churches will hold a union prayer meeting at the same place, and at 7:30 by invitation of the Congregational church the Baptists will take entire possession and will hold their regular evening service, with their pastor in the pulpit.

One of the most difficult operations that has been performed at the Oregon City hospital took place last Saturday when a cancer of long standing was removed from the breast of Mrs. Richard Morton of Damascus. Hickman, of Clackamas, and Dr. Emil Schubert, of Portland were present and witnessed the operation. Henry Wilson, the postmaster at Welishton, Florida, says he cured a case of diarrhoea of long standing in six hours with one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It can always be depended upon. When reduced with water it is pleasant to take. For sale by G. A. Harding, Druggist.

To the public spirit of Mr. R. ## RICHARD E. FRENCH AND COMPANY

In the New Dr. Jekyll and Mr. Hyde.

Manager of Shively's opera house has arranged with Mr. French and his excellent company to appear here Tuesday evening Nov. 6 in the subtle psychological play of Dr. Jekyll and Mr. Hyde. The play is a dramatisation of Robert Louis Stevenson's novel of the same name, a work that has caused widespread comment for the weirdness of the plot and extraordinary personification of the two prevailing sides to every human character. The work was such a departure from the common path that it brought the author at once into literary prominence, and the production based on the novel has always excited great interest throughout the civilized world. The play has a rich vein of comedy through it, and in the third act several neat and refined specialties are introduced that relieve it much of its seemingly somber character, while the moral of the story is so plain and potent that it will always succeed in sending an audience home deeply impressed with the lesson taught. The company carries its own scenery and calcium lights which is always necessary for a complete production. The regular prices will prevail during the engagement.

Of prizes and medals won in races he possesses nearly a score and has his breast decorated equal to a German prince with his trophies. His fastest time was made in the state fair races when he made a quarter of a mile in thirty seconds, the North Pacific coast record being twenty-seven seconds. In the eighteen hour race at the Portland exposition building he made a mile in the third hour of the race in 2:23. Mr. Lee is but a boy in years and trains to 119 pounds in weight. He is an athletic fellow now, though he took to the bicycle to strengthen his lungs which were bothering him, and this being his first year on the track is destined to do some record breaking.

W. A. McGuire, a well known citizen of McKay, Ohio, is of the opinion that there is nothing as good for children troubled with colds or croup as Chamberlain's Cough Remedy. He has used it in his family for several years with the best results and always keeps a bottle of it in the house. After having lagrippe he was himself troubled with a severe cough. He used other remedies without benefit and then concluded to try the children's medicine and to his delight it soon effected a permanent cure. 50-cent bottles for sale by G. A. Harding, Druggist.
