FOR MUNICIPAL HONORS.

Work of the Republican Convention—What the Democrats Have Done.

Monday evening the republican city convention was held at Pope's hall for the purpose of getting out a ticket for the forthcoming city election. The hall was about half filled, and the proceedings were not marked with any great degree of enthusiasm.

The meeting was called to order by J. W. O'Connell, chairman of the city central committee. Mr. O'Connell was then made chairman and T. W. Fouts secretary of the meeting. D. W. Kinnard, T. P. Randall, E. E. Williams and C. C. Babcock, sr., were appointed tellers.

The first order of business was to elect a city assessor and collector. E. S. Califf was placed in nomination and there being no opposition his election was made unanimous. Nominations for city treasurer were then made, W. B. Wiggins and R. L. Holman being placed before the convention. On a ballot being taken Wiggins received 46 votes and Holman 57, making the latter the nominee of the convention. On motion the chair appointed as central committee for the ensuing year, H. C. Stevens, E. E. Chairman and T. P. Randall. This closing the business of the convention as a whole an adjournment was taken and the voters resolved themselves into two conventions, one for each ward, for the purpose of nominating candidates for councilmen.

For the first ward D. W. Kinnard was chosen chairman and T. W. Fouts secretary. W. M. Howell and R. L. Holman were appointed tellers. Nominations being made for councilmen and a vote taken the result was as follows, Dr. Powell, 28 votes, John Bittner, 34, E. W. Scott, 13, J. A. Moffat, 37, C. W. Feridricks, 12, and Rudolph Koerner 17. John Bittner, and J. A. Moffat being the highest were declared duly nominated.

For the second ward Henry Meldrum was made chairman and Geo. Califf secretary. Chas. Albright and John Bradley were appointed tellers. After nominations were made a vote was taken with the following result: Chas. Albright 12 votes, C. N. Greenman 13, J. N. Harrington 15, L. L. Porter 29, A. B. Graham 17, Henry Meldrum 19. L. L. Porter and Henry Meldrum receiving the highest number of votes were declared the nominees. There being no further business the convention adjourned.

Tuesday evening's meeting was held by the democratic city central committee to which a number of prominent democrats were invited, to consider the advisability of putting out a democratic city ticket for the city election next Monday. After some discussion it was decided not to put out a ticket. After considering the merits and demerits of the various candidates on the republican ticket it was decided to endorse them all except John Bittner, councilman for the first ward, and L. L. Porter for the second ward. For the first ward John Cooke was made the nominee and J. W. Grout for the second. As to what occult power influenced their actions it is hard to tell for it could not have been for the lack of qualifications that the two republican candidates for councilmen were displaced for they stand as high and in ability are equal to their fellow-candidates, and as an evidence of their fitness they will be elected by a handsome majority.
