**CAN'T WAKE HIM UP.**  
If you can't sleep soundly in one of our spring beds you must be affected with chronic insomnia. The bed-room suits of which they form a part are having an amazingly large sale. You can see in a moment how completely they will revolutionize the appearance of a room. This is our experience with purchasers: They make up their minds almost instantly. They don't hesitate; they show no indecision. There can be no surer test than this. They act promptly because these suits not only promptly appeal to the eye and to the judgment but to the pocket-book whether it be well filled or not.

mumps, whooping-cough and typhoid-pneumonia.  
Miss Ada Bich, daughter of Elder G. P. Rich, is seriously ill with typhoid pneumonia, but is slowly improving.  
Miss Hurshell has again commenced school after spending a week's vacation with her parents at Troutdale.  
Orville Boring, who is attending the Portland University, is home spending the holidays. He will return to school soon.  
Edward Boring seems to find great attractions at Hubbard. Look out, Ed? What Hubbard will loose Damascus will gain.  
Since we last wrote we have noticed many communications on the road question. Still we have plenty of kickers and they seem to be on top. Every one has a different idea. We think the present road system is far preferable to the old system of road work. We noticed one communication in the last ENTERPRISE speaking in favor of putting the road work under a competent engineer. We think it far better than the present system. We are in favor of levying a 5-mill road tax if the road work is put in charge of a competent engineer. There is plenty of timber in this part of Clackamas county, and the roads could be planked cheaper than graveled. Gravel would have to be hauled from one to five miles while timber can be had in the vicinity of the road limits.  
We think we have a competent county court, and whatever course they see fit to adopt we will roll up our sleeves, do no kicking and go to work. ASKIM.

**Logan locals.**  
Dec. 31.—Mr. Tuhn has built a new porch on his house.  
Several of our farmers are busy clearing land.  
Clem Clark is still building fence.  
Lewis Hampton has returned to Willsburg to attend school.  
Mr. and Mrs. Fisher of Salem have ended their vacation with us.  
Ollie Fisher, was given a surprise Friday evening by her old friends. The time was passed merrily with dancing.  
The debate was well attended. The literary program consisted of one recitation and the paper ably edited by A. M. Kirchem. The society extended a vote of thanks to Mr. Cahl for the loan of lamps. The question chosen for next meeting, "Resolved, That intellectual culture promotes morality." Miss Lizzie Wilson leader on the affirmative and Miron Babler on the negative. O. D. Robbins was appointed editor.  
Rev. Rogers preached in the Logan church Sunday morning and evening.  
Quite a number of people were visiting on Sunday.  
Mr. Sohn Schuttel entertained a crowd of both sexes. PEARL.

**Our Candid Advice.**  
It is seldom that we appear in the roll of spiritual adviser or family physician but there are times when we feel justified in calling the attention of our many subscribers to an article of true merit. We feel justified in saying that Moore's Revealed Remedy contains more actual merit than any medicine it has ever been our good fortune to test. One trial will make you as enthusiastic as the writer.  
**Are You Interested in Electricity?**  
At last we are to have an electrical magazine. The science of electricity has developed so rapidly that the publishers of Electric Power have decided to change their journal into the form of a monthly magazine after January 1st, 1895. This is an important move and will give the public the opportunity of keeping abreast of the times in matters electrical. They have already secured for the coming year a number of the best known writers in electrical literature and propose to be in the front rank on all points connected with electricity. There are numerous trade paper, and journals devoted to electricity, but as yet no one has had the courage to publish a magazine devoted to that science, and Electric Power will have the field to itself, and undoubtedly is making a wise move. The subscription price will remain the same, \$2 00 per year, 20 cents per copy.  
The November issue is devoted to the papers, reports and general news of the Street Railway Convention in Atlanta, and contains quite a number of excellent portraits.  
Home-made bread is recognized as the very best at all times and the customers of J. Egle the Shively building baker assert that they can not tell the difference between his bread and that made at home unless it be that his is just a little the better. But don't tell your wife that.  
A dollar saved is equal to two dollars earned. Pay up your subscription to the ENTERPRISE and get the benefit of the reduction in price.  
Justice blanks, real estate blanks, and all other blanks at the ENTERPRISE office. Portland prices.

**BORINGS BREEZES.**  
A Correspondent That Favors a Five-Mill Road Tax and Road Engineer.  
BORINGS, Jan. 1.—We have been having some cool, windy weather the past week, but not very disagreeable.  
About an inch of snow fell here on the night of Dec. 30.  
The prevailing diseases of Borings are
