ROCKS AS FERTILIZERS.—A German agricultural chemist has come out with the statement that pulverized rocks or stone dust is a valuable fertilizer. He has been making experiments covering a number of years on land that has been in cultivation for nearly 2000 years, and which can only be made productive by the application of fertilizers.

ASTORIA WATER WORKS CONTRACTS.—Hanshaw & Behm of the Pacific Paving Co., have been awarded the contract at Astoria, on their new water works, of clearing the right of way, grading road, constructing bridges, culverts and telephone lines excavating and re-filling pipe-trenches on the conduits, and excavating reservoir, for \$19,740; diverting the water and settling basin for \$1,943; lining of reservoir, erection of gate and power-house, and all appliances therefor, for \$16,207; and the tunnel at \$4,096, making in all about \$42,585.

BLANKETS FOR JAPAN.—The Bandon woolen mills, in which several of our Oregon City people are interested, has recently finished a large order of blankets for the Japanese government to supply their soldiers, now fighting China. Since their first order of goods went out the Bandon mills has been rushed with orders. They not using neither shoddy nor cotton to mix with their wool, their goods immediately took a high stand in the markets, for the dealers found their orders always filled up to the standard of the samples submitted to them.

UNION MEETING.—The interest manifested during the week of prayer was such that the various churches decided to hold a series of union meetings which are being held this week in the Methodist church. Great interest is manifested and the attendance is such that the church is crowded to its utmost capacity each evening. They are accomplishing much good.

NEBRASKA RELIEF.—Meade Post, G. A. R., and the Ladies Relief Corps, have,

in response to a request from the department headquarters, appointed each a committee to solicit aid for the distressed in Nebraska. The committee for Meade Post is David McArthur, E. T. Grider, C. H. Dauby, W. H. Boring. The committees ask contributions of food and clothing, or cash, which will be used to purchase food and clothing here and be sent on with the other contributions.

GRAVEYARD VANDALS.—Complaint is made that Oregon City and Portland parties have been again rifling the Indian graves in their burial grounds on the Clackamas at Gladstone. It is a penitentiary offense to disturb a grave, and it would be well for these ghoulish persons to desist, else they may get into trouble.

ABSOLUTELY FREE.—Any reader of this paper can get the St. Louis Globe Democrat absolutely free for three months. Read the offer in this issue and take advantage of it at once. The Weekly Globe Democrat is issued in semi-weekly sections, eight pages each Tuesday and Friday, and sixteen every week, making it practically a semi-weekly paper, yet the price is only one dollar per year.

SCHOOL FUND EXHAUSTED.—Superintendent Gibson has been notified by State Treasurer Metschan that there will be no further apportionment of state school money to the various counties for the present. The reason assigned is that there has been but very little of the semi-annual interest due January 1st on the state school fund now loaned out, paid in, and, owing to the hard times, the state does not feel disposed to push its collections, as the accounts are all good, and going would not hurry matters, but produce a lot of foreclosures with no one to bid on the land.

HINT TO OUR FARMERS.—It may be a surprise to some to know that Eastern eggs and butter constitute a part of the commodities from that section that compete in our markets against the local products. There surely is a living profit in these articles to our farmers if the price realized is such that they can be produced in the East on high-priced land and pay several different dealers a profit and a high freight and then successfully compete in our local markets with the home product.

OFFICERS INSTALLED.—The following officers of Rebecca degree lodge, I. O. O. F., were installed last Friday evening: N. G., Lizzie C. Howell; V. G., Minnie G. Charman; secretary, Lenore Cook; treasurer, Edith Scott; conductor, Nora Califf; warden, N. L. Munsey; R. S. N. G., J. W. Moffatt; L. S. N. G., Mary L. Bradley; R. S. V. G., George Meldrum; L. S. V. G., Nellie Glass; I. G., Sylvia Stevens; O. G., Charles Midlam. The installation ceremonies were conducted by Mrs. Mary Charman, district deputy. A number of visiting members from Portland were present and assisted in the work.

CITY CHARTER REVISION.—Chairman J. J. Cooke of the council committee on revising the Oregon City charter and Chairman G. A. Harding of the board of trade committee, have arranged for a joint meeting of their committees and will go over the proposed changes in the city charter and make such changes as they think best. Before the charter is sent to the legislature for final action it will be submitted to the city council and board of trade for their approval.

Indian War Pension Case.

A petition has been generally circulated among the Indian war veterans of the state asking for a special enactment by congress, granting a pension to Mrs. Margaret C. McKay, widow of the late Dr. Wm. C. McKay, of Pendleton. Mrs. McKay put the matter in the hands of Attorney C. H. Dye, of this city, and for some time he has been securing evidence of the Doctor's great service to this government as a scout in the Indian wars of 1855-56 and 1866-67. Born at old Astoria in 1824, brought up by his step-grandfather, Dr. McLoughlin, educated in New York by the advice of Dr. Witman, for forty years Dr. McKay was one of the most interesting historic characters in Oregon. When the Witman murderers were hung at Oregon City in 1851 the chiefs present invited Dr. McKay to establish a trading post in their country which he did near the site of the present city of Pendleton. Here he was the "hyas tyee" the big chief to whom the Indians came for advice and trade. The Indians came for the halting place for immigrants, traders, trappers and travelers. In behalf of the United States McKay assisted as secretary and interpreter in the Walla Walla Council of 1855. When war broke out the Indians wreaked their vengeance on McKay for assisting the Government by totally destroying his post and property for which he was never recompensed. In this war his services were invaluable to the commanding general. Again in the Snake war of 1866-67 the state legislature asked Dr. McKay to organize a company of Indian scouts, which he did and they were regularly mustered into the service. McKay and his scouts gave their red cousins no rest, and when the Snakes sued for peace they openly gave the credit to McKay and his "salmon catchers."

A petition three yards long containing several hundred names accompanied the papers this week sent to congress. A memorial to congress in aid of the petition will be presented to the legislature by Senator Brownell next week. Dolph, Mitchell and Hermann are interested in the case as the Doctor's services were well known and he was universally popular.
